Welcome to Your Calhoun SPACE!

All Calhoun students now have SPACE e-mail accounts. All Calhoun lab computers have access to SPACE.

User ID and Password:

Your User ID is your first initial and last name plus the last four digits of your Calhoun ID (Example: jsmith1234). The initial Password is cal and the last 4 digits of your Calhoun ID number (Example cal1234). You will be prompted to change your password later. REMEMBER YOUR PASSWORD. If you forget your password, the only way to retrieve or reset it, is to contact the Calhoun IT Help Desk (306-2700).

NOTE: Your password has to be at least 6 characters to be accepted.

SPACE Manual:

Take advantage of the SPACE Manual. It will answer almost any question you will have about SPACE. You get step-by-step instructions for setting up the Home Version and logging in for the first time. You will also find instructions on how to send attachments to your emails and posting your profile ([resume] i.e. photos, hobbies, birthday, links to other websites, notes, etc.) to share with other SPACE users.

What You can Access with SPACE:

SPACE is where you go to access your own Calhoun e-mail and Student Announcements. Also, find important announcements about inclement weather, job announcements, send e-mail to any Calhoun student, faculty or staff member without even knowing their e-mail address or send messages to friends not at Calhoun. Find out who's online and start chatting. There are icons to student clubs and organizations where you can see announcements about club activities and more. You will also have access to Web Advisor and WebCT.

If you have problems or questions, contact the Help Desk at 306-2700. If you call after standard business hours, be sure to leave a message so someone can return your call. Or, email questions to helpdesk@calhoun.edu.
