All above events will occur at Priceville Junior High, in various marked areas on Saturday 14th. - Continental breakfast and lunch will be provided to all volunteers on competition day. A mandatory volunteer training/information session will occur prior to the competition for Referees and Judges (October 14th/8:00 am). Event t-shirts will be distributed at the registration desk for all volunteers.

We invite you to check the categories that you would be WILLING and available to help with. We thank you now for your willingness to volunteer to help with this program. We guarantee you’ll have a blast!

Volunteer Job Descriptions and Responsibilities

I. Referee:

The Robotics portion of the competition is similar to many sporting events in that it requires referees to oversee all head-to-head matches between robots. Four referees are needed during the matches, plus one “head referee” to determine point distribution at the end of each match. Approximately thirty 3-minute matches will be played throughout the day of the competition. Referees will be provided a black/white striped shirt and a whistle. Some training will be required the week prior to the competition.

II. Scorer:

The scorers are responsible for retrieving team scores from the referees following each match of the competition. Scorers will then enter and compile all scores into a scoring database (computers provided) and score updates will be provided to the audience periodically throughout the day. Scorers should have good computer skills and experience with Excel spreadsheets. Some training will be required the week prior to the competition.

III. Pit Crew:

The Pit Crew works with the Pit Boss to cover the following jobs:

- ⇒ Oversee the robot repair tables
- ⇒ Stage the teams prior to each match
- ⇒ “Police” the pit area of the floor to ensure that adults are not repairing broken machines
- ⇒ Guard the entrances onto the floor area
- ⇒ Help with set-up and break-down of pit area
- ⇒ Help with compliance check-in of robots prior to competition

The Pit is a very busy and important part of the competition. A well-organized and sufficiently manned pit will ensure smooth transitions of teams entering and leaving the playing field throughout the day.

IV. Judge:

The majority of the teams competing at Tennessee Valley BEST will also compete for the BEST Award, an optional, yet equally prestigious, portion of the BEST competition. The BEST Award competition includes the following 5 components:

- ⇒ **Project Engineering Notebook (Thursday October 12th) Building 1 on campus map**
- ⇒ **Marketing Presentations (Friday October 13th) Building 3 on campus map**
- ⇒ Exhibit Booths and Interviews (Saturday October 14th) at Priceville Junior High
- ⇒ Spirit and Sportsmanship (Saturday October 14th) at Priceville Junior High
- ⇒ Robot Performance (Saturday October 14th) at Priceville Junior High
- The **Project Engineering Notebooks** will be judged on Thursday night prior to the Game Day on Saturday (approx.10 judges needed).
- In addition, we will also need approximately 9 judges on the Friday prior to Game Day to cover the **Marketing Presentations**.
- 12 Judges will also be needed to evaluate on Saturday, the “**Special Awards**”, including robot specific awards (Most Robust, Most Photogenic, Most Elegant, Most Creative), and best T-shirt design.

If you are interested in judging, please complete the “**Tennessee Valley BEST Judging Sign-up**” Form.

V. Registration/ Information Desk:

All teams must register (check-in) upon arrival at the competition. In addition, the Registration/Information desk will be the main site for those in attendance to ask questions about the day’s events.

VI. “Strike” Crew:

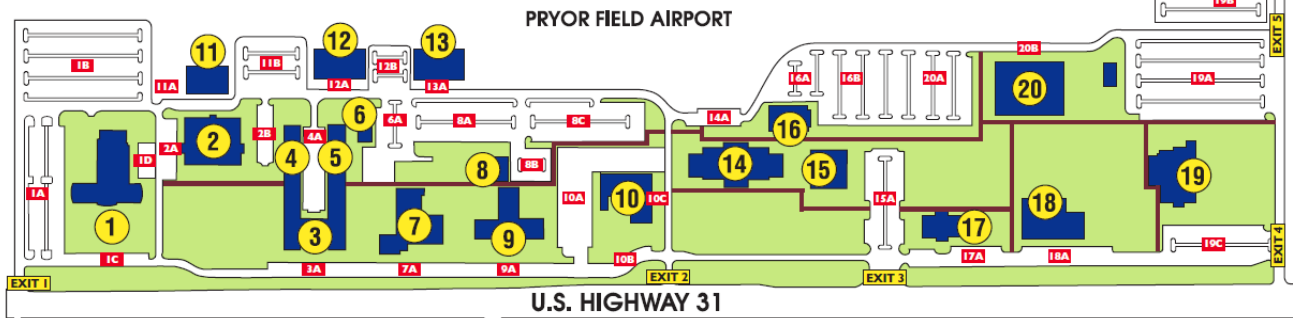

At the conclusion of the competition (approximately 5:00 pm), all BEST related items must be removed from the Gymnasium. Strike jobs include:

- ⇒ Dismantling the playing field and loading it onto a truck
- ⇒ Breaking down all tables and chairs associated with playing area, pit area, hospitality rooms, judges’ rooms, table displays, etc., and centralizing tables/chairs into one location for pick-up.
- ⇒ Loading all remaining registration and hospitality items.
- ⇒ Removing all BEST related signs and banners from the area.
