Calhoun’s Huntsville/Cummings Research Park campus is the only two-year college campus in the nation located in a major research park. A $34M construction/renovation project is currently underway at the campus that will provide increased access and a more collegiate environment for students.

A partnership with Athens State University, the Alabama Center for the Arts in Downtown Decatur is the home of high-quality instruction in arts programs like graphic design, drawing, painting, ceramics, and photography, among others. Phase II will open in 2016 and house the performing arts.

Is Calhoun the place for you? We think so, but find out for yourself by arranging a tour! Calhoun offers student-guided, staff-guided, and group tours. Campus tours must be arranged at least 24 hours in advance. To arrange a tour, please visit calhoun.edu/tours.

Group tours from high schools in our service area should be arranged through your Calhoun recruiter or by calling 256-260-2492.
Deciding to attend Calhoun is one of the best decisions I have ever made. I am able to be involved with student organizations, work on campus, and create lifelong friendships all while taking classes that help me pursue my nursing career.

* Certificate-Only Programs
Financial Aid

Even with our affordable tuition, we realize that many students need additional help with the costs of going to college. Our Office of Student Financial Services can assist with many types of federal, state and institutional financial aid. A large number of opportunities are available. To ensure consideration for all types of financial assistance, contact the Office of Student Financial Services at 256-306-2628 or visit calhoun.edu/financialaid.

Scholarships

Calhoun offers a wide variety of institutional and foundation scholarships recognizing academic excellence, and a single application allows you to be considered for all of these awards. The scholarship deadline is March 1 of each year. Please note scholarship applications require students to complete a Free Application for Federal Student Aid at www.fafsa.gov. Detailed information and our online application can be found at calhoun.edu/scholarships.

Transferability

Calhoun students who complete an Associate of Science in General Studies and transfer to a public university in Alabama have guaranteed transferability of their courses by following a STARS guide from the Statewide Transfer and Articulation Reporting System at stars.troy.edu. A student who follows the guide for their major at their transfer university can arrive at the university as a junior. Courses will also transfer to private colleges, universities, and out-of-state universities through articulation agreements. Be sure to ask your academic advisor at Calhoun for assistance with completing a STARS guide or an articulation agreement.

---

I am fortunate to work at Calhoun Community College. The students are intelligent, friendly, and polite. My colleagues are my best friends, and they make my days most enjoyable. In addition, I get to read and talk about great literature. What a life.

Dr. Randy Cross
Clubs and Activities

Calhoun’s wide array of clubs and organizations offer something for everyone, so get involved! Activities outside the classroom are an integral part of the total educational experience. Whether it is leadership, service, personal interest or just making more friends, getting involved in a club or organization is the best way to make connections on campus. For a full listing, check out calhoun.edu/clubs.

Athletics

Go Warhawks! Calhoun is proud to be the home of intercollegiate baseball and softball programs that compete at the highest level of community college athletics.

Come out for a beautiful day at the game!
