Calhoun Community College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate's degrees and certificates. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Calhoun Community College. Specific questions regarding Calhoun's educational programs, admissions and other matters related specifically to the College should be forwarded directly to the College.

Calhoun is a member of the
American Association of Community Colleges
Alabama Community College System

It is the intent of the compilers of this catalog that it contain policies, procedures, and guidelines adopted or approved by The State Board of Education of Alabama. Users are cautioned that changes in policies, procedures, and guidelines may occur. Therefore, the information provided in the catalog is not the basis of a contract between the College and the student. The College will make every effort to maintain the integrity of the catalog and notify students of any changes that may occur. However, the College withholds the right to change any provision in this publication without notifying a student individually. In the event of any such change, the current statement of State Board policy shall prevail.
**EQUAL OPPORTUNITY IN EDUCATION AND EMPLOYMENT**

Calhoun Community College is committed to equal opportunity in employment and education. The College does not discriminate in any program or activity on the basis of race, color, religion, sex, age, or national origin, or against qualified disabled persons, and it maintains an affirmative action program for protected minorities and women.

**NONDISCRIMINATION STATEMENT**

Calhoun Community College has filed with the Federal Government an Assurance of Compliance with all requirements imposed by or pursuant to Title VI of the Civil Rights Act of 1964 and the Regulation issued thereunder, to the end that no person in the United States shall, on the basis of race, color or national origin, be excluded from participation in, be denied the benefits thereof, or be otherwise subjected to discrimination under any program or activity sponsored by this institution. It is also the policy of Calhoun to be in accordance that “no person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any educational program or activity receiving Federal financial assistance.” The Title IX Coordinator for administrators, faculty, and staff is Ms. Kim Gaines, Office of Human Resources, P.O. Box 2216, Decatur, Alabama 35609-2216; telephone (256) 306-2592. The Title IX Coordinator for students is Dr. Kermit Carter, Dean for Student Affairs, P.O. Box 2216, Decatur, Alabama 35609-2216; telephone (256) 306-2613.

In addition, the College does not discriminate on the basis of disability in its educational programs and activities, pursuant to the requirements of Section 504 of the Rehabilitation Act of 1973, Public Law 93-112, and the Americans with Disabilities Act of 1990 (ADA), Public Law 101-336. This policy extends to employment by and admission to the College. The Section 504 Coordinator for administrators, faculty and staff is Ms. Kim Gaines, Office of Human Resources, P.O. Box 2216, Decatur, AL 35609-2216; telephone (256) 306-2592. The Section 504 Coordinator for students is Dr. Kermit Carter, Dean for Student Affairs, P.O. Box 2216, Decatur, AL 35609-2216; telephone (256) 306-2613 or 890-4700. The Dean for Student Affairs is the ADA Coordinator for the College.

Persons or any specific class of individuals who believe they have been subjected to discrimination prohibited by Titles VI, IX, Section 504, ADA, or an Act or Regulation issued thereunder may, alone or with a representative, file with the United States Commissioner of Education or with this institution, or with both, a written complaint.

Calhoun Community College engages in continual study on our effectiveness. Students may be required to participate in tests/surveys or other activities as part of this process.

*Calhoun Community College owns all photographs of students and participants taken at Calhoun events and reserves the right to use these photographs for college promotional materials, both digital and print. Students who do not wish to have their photographs used must have a “Do Not Use Photograph” form completed and on file in the Calhoun Public Relations Office.*
HISTORY OF CALHOUN COMMUNITY COLLEGE

Calhoun Community College is the result of the consolidation of the Tennessee Valley State Technical School and John C. Calhoun State Technical Junior College. The Tennessee Valley State Technical School was instituted by the Wallace-Patterson Trade School Act of 1947. John C. Calhoun State Technical Junior College was established under the Alabama Trade School Authority Act of 1963. The two schools were merged into a comprehensive institution to become the John C. Calhoun State Technical Junior College and Technical School in September 1965. Both the Technical School and the Junior College are under the supervision of the Alabama State Board of Education. The president is directly responsible to the State Board through the Chancellor of the Department of Postsecondary Education. The present designation as a community college was formalized by a State Board of Education resolution of September 23, 1973.

Dr. Mark A. Heinrich
Chancellor
The Alabama Community College System
MESSAGE FROM THE PRESIDENT

On behalf of our students, faculty, and staff, I welcome you to Calhoun Community College! We are pleased that you are interested in Calhoun and the programs, services, and people that make up this excellent college.

As one of the leading institutions of higher education for Alabama and the region, we are committed to student success. By providing quality, accessible educational opportunities, encouraging community involvement, and promoting economic development, we seek to improve the quality of life for our students and the communities we serve.

In this catalog, you will find information on such topics as admissions policies and procedures, financial aid, academic programs, student support services, and business and industry training programs. We encourage you to contact us at any time you may have questions or need additional information about Calhoun.

Thank you for your interest in Calhoun Community College. We are truly “your” community College.

MISSION

Calhoun Community College is an institution of excellence providing quality, innovative instruction through a responsive environment while promoting cultural enrichment and community development.

CORE VALUES

INTEGRITY

ACCOUNTABILITY

DIVERSITY

TEAMWORK

CREATIVITY

VISION STATEMENT

Success for every student.
### 2015-2016 Calendar

#### Fall Semester

- **Professional Development/Duty Day**: W Aug 12
- **Registration/Duty Day**: R Aug 13
- **Registration/Duty Day**: F Aug 14
- **Classes Begin**: M Aug 17
- **Holiday – Labor Day**: M Sept 7
- **Holiday – Veterans’ Day**: W Nov 11
- **State Professional Development/Local Professional Development/Faculty Duty Day**: M – T Nov 23-24
- **Faculty Duty Day**: W Nov 25
- **Holiday – Thanksgiving**: R-F Nov 26-27
- **Last Class Day Before Finals**: T Dec 8
- **Finals**: W-T Dec 9-15
- **Grade Reporting/Duty Day**: W Dec 16

#### Spring Semester

- **Professional Development/Duty Day**: M Jan 4
- **Registration/Duty Day**: T Jan 5
- **Registration/Duty Day**: W Jan 6
- **Registration/Duty Day**: R Jan 7
- **Registration/Duty Day**: F Jan 8
- **Huntsville Weekend Classes Begin**: F Jan 8
- **Classes Begin**: M Jan 11
- **Holiday – King/Lee**: M Jan 18
- **Local Professional Development**: T Feb 16
- *****Spring Break**: M-F Mar 21-25
- **Classes Resume**: M Mar 28
- **Last Class Day Before Finals**: W May 4
- **Final Exams**: R-W May 5-11
- **Grading/Duty Day**: R May 12
- **Graduation/Duty Day**: F May 13

#### Summer Semester

- **Duty Day/Registration**: R May 19
- **Duty Day**: F May 20
- **Classes Begin**: M May 23
- **Holiday/Memorial Day**: M May 30
- **Holiday/Independence Day**: M July 4
- **Last Class Day Before Finals**: W July 27
- **Final Exams**: R-W July 28-Aug 3
- **Grade Reporting/Duty Day**: R Aug 4

The College will be closed the following ten holidays:

- **Monday September 7, 2015**: Labor Day
- **Wednesday November 11, 2015**: Veterans’ Day
- **Thursday November 26, 2015**: Thanksgiving Day
- **Friday November 27, 2015**: Day after Thanksgiving
- **Thursday December 24, 2015**: Christmas Eve
- **Friday December 25, 2015**: Christmas Day
- **Friday January 1, 2016**: New Years’ Day
- **Monday January 18, 2016**: Martin Luther King/Robert E. Lee
- **Monday May 30, 2016**: Memorial Day
- **Monday July 4, 2016**: Independence Day

In addition, the College will be closed the following days:

- **Wednesday December 23, 2015**:
- **Monday December 28, 2015**:
- **Tuesday December 29, 2015**:
- **Wednesday December 30, 2015**:
- **Thursday December 31, 2015**:
- **Thursday March 24, 2016**:
- **Friday March 25, 2016**:

---

Alabama Community College System ...................... 194
Calhoun Community College does not discriminate on the basis of disability in admitting students to, providing access to, or in the operations of its programs, services, or activities, or in its hiring or employment practices.

Questions, concerns, complaints, requests for information, or requests for the provision of reasonable accommodations to persons with disabilities should be directed to Calhoun Community College's ADA Compliance Coordinator, whose name, address, e-mail, and phone number are shown below:

Dr. Kermit Carter
Dean for Student Affairs
Chasteen Student Center, Room 205
P.O. Box 2216
Decatur, Alabama 35609-2216 klc@calhoun.edu
Phone: 256-306-2613
Fax Number: 256-306-2948
Office Hours: 7:45 a.m. - 5:15 p.m., Monday-Thursday
7:45 a.m. - 11:45 a.m. - Friday

Students who need auxiliary aids for effective communication in participating in the programs and services of Calhoun Community College should make these needs known to the ADA Compliance Coordinator or designee.

This notice is provided pursuant to the requirements of the Americans with Disabilities Act of 1990. It is also available in larger print, on audio tape, and in braille from the ADA Compliance Coordinator.

TOBACCO-FREE POLICY

Calhoun Community College is committed to providing a safe and healthy environment for its employees, students and visitors. The College recognizes the right of persons to make their own decisions about their personal use of tobacco products away from the College. However, in light of findings of the U.S. Surgeon General that exposure to secondhand tobacco smoke and the use of tobacco products are significant health hazards, it is the intent of the College to establish a tobacco-free environment on its campuses and in its vehicles. Consequently, the use, distribution, or sale of tobacco products, including the carrying of any lighted smoking instrument, in College buildings or in or upon other College premises or inside College-owned, rented or leased vehicles is prohibited.

For the purposes of this policy, a “tobacco product” is defined to include any lighted or unlighted cigarette (including electronic cigarettes), cigar, pipe, bidi, clove cigarette, and any other smoking product, as well as smokeless or spit tobacco, also known as dip, chew, snuff, snus, in any form.

All College employees, students, visitors and contractors are required to comply with this policy, which shall remain in force at all times. Any College employee or student found to be in violation of the tobacco-free policy will be subject to a monetary fine. Tickets will be issued by campus police officers for violations of Calhoun’s tobacco-free policy. Monetary fines will be imposed as listed below, depending on whether the offender is an employee or student.

STUDENT FINES

Any Calhoun student found to have violated this policy shall be subject to the following fines:

- 1st Ticket $25.00 Fine
- 2nd Ticket $25.00 Fine

All fines must be paid within seven (7) days of ticketing. Fines that are not paid within the seven (7) days shall automatically double in amount.

A student who has pending fine or fines may not register for classes nor have transcripts released until all fines are paid in full.

Any student wishing to appeal a fine arising from the finding of a tobacco-free violation under this policy may do so with the Dean for Student Affairs, Dr. Kermit Carter.

EMPLOYEE FINES

Any Calhoun employee found to have violated this policy shall be subject to the following fines:

- 1st Ticket $25.00 Fine
- 2nd Ticket $25.00 Fine

All fines must be paid within seven (7) days of ticketing. Fines that are not paid within the seven (7) days shall automatically double in amount.

Any employee wishing to appeal a fine arising from the finding of a violation of this policy may do so with the Vice-President for Instruction and Student Success.

With the exception of advertising in a newspaper, magazine, or similar publication that is not produced by Calhoun Community College, no tobacco-related advertising or sponsorship shall be permitted on Calhoun Community College property or at college-sponsored events. No tobacco-related advertising or sponsorship shall appear in any publications produced by the College or by any club or association authorized by Calhoun Community College. For the purposes of this policy, the term “tobacco-related” applies to the use of a tobacco brand or corporate name, trademark, logo, symbol or motto, selling message, recognizable pattern of colors or any other indicia of product identification identical to or identifiable with, those used for any brand of tobacco products or company which manufactures tobacco products.

The College President will develop administrative regulations and procedures as necessary to implement this policy, including provisions for notification, signage, disciplinary consequences, complaint procedures and enforcement.

Procedures will be developed to offer, promote prevention and education initiatives that actively support non-use and address the risks of all forms of tobacco use. The College will also endeavor to have information available for its students and employees on community programs or services related to helping persons stop the use of tobacco products.
SECURITY/POLICE

We take your safety seriously. To ensure the continued health and safety of Calhoun students and employees, we must all consider our own security, as well as the security of others, a priority when on campus. Should a crime occur on campus, Calhoun strongly encourages you to report this crime immediately to the College's Campus Security/Police Department by calling 256-306-2575. For emergencies only call 256-306-2911 on the Decatur campus or 256-890-4711 on the Huntsville campus. The office of the Director of Calhoun Police is located in building #6 across from the Machine Tool building on the Decatur campus.

Huntsville Police Department officers are located in the Administrative Office at the Huntsville campus.

Calhoun Community College is proud of its historically safe campus. In an effort to promote awareness and enhance safety, we would like to inform you of our campus crime disclosure report. Should you have any questions or suggestions regarding campus safety, please contact the campus police at 256-306-2574. If an emergency, call 256-306-2911.

STUDENT IDENTIFICATION CARDS

All students enrolled at Calhoun Community College are required to have in their possession a valid Student ID card for general identification purposes and to present it upon demand when requested by a school official. The Student ID card is valid for each semester of the student’s attendance. Students ID cards are issued during the first two weeks of each semester for new and transferring students. Replacement ID cards for returning students can be made at a cost of $20.00. Replacement cost cannot be charged to student accounts and must be paid in cash. The ID card can be used for (1) book buying (campus bookstore only), (2) library book checkout when accompanied by a completed Library Borrower Application, (3) access to learning labs, (4) entrance into college-sponsored activities, (4) check cashing, and (5) student discounts. Student ID pictures are taken in room 201 of the Chasteen Student Center, and also the Huntsville campus. Check the Calhoun website for specific schedules each semester.

MOTOR VEHICLE REGISTRATION

All students driving any type of motor vehicle on campus must secure and properly affix an official college parking decals to the vehicle regardless of the location of classes. Parking decals are available at the switchboard at the Decatur campus or the Security Office at the Huntsville/Research Park campus. For students who have received disability access license plates or disability access placards for Disability Access Parking Privileges under Alabama law and who wish to use College disability access parking spaces, special disability access parking on the second floor of the Chasteen Student Center, Room 2206 upon appropriate documentation by the respective student of having received Disability Access Parking Privileges. Decals may also be obtained at the Huntsville Campus Security Desk. In the interest of safeguarding designated disability access parking spaces from misuse by persons who are not properly entitled to use those spaces, the use of disability access parking spaces will be only permitted for those cards that display both a College disability access decals and either a disability access license plate or a disability access placard.

HANDICAP PARKING POLICY

Eligibility to access available handicap parking on campus requires that a student, faculty or staff member show proof that they are the legally registered recipient of the state issued handicap parking placard. A valid Calhoun ID along with a receipt, similar to a tag receipt from the Department of Motor Vehicles will be required to verify that the faculty, staff, or student is the registered user of the handicap placard or handicap tag and must be presented to the Disability Services Office. Students must also show a current (paid) schedule. The Calhoun handicap parking placard must be displayed in the rear view mirror of the vehicle when parked on campus. The handicap parking areas will be monitored. Fines for handicap parking violations are $50.00.

ABANDONED VEHICLES

If a vehicle is left unattended or is left in the same place for more than ten (10) days, the vehicle will be considered abandoned and will be towed at the owner’s expense. If a vehicle is illegally parked (for example, blocking another vehicle that is legally parked), the illegally-parked vehicle will be towed at the owner’s expense.
PARKING/TRAFFIC CITATION APPEALS COMMITTEE

This is a three-member committee made up of students appointed by the Student Government Association. It is charged with the responsibility of hearing and ruling on each case in which a student appeals having received a parking ticket. The committee meets each Friday at 11:00 a.m. in the Student Activities Office, Decatur campus. Parking appeals at the Huntsville campus should be made to the Dean of that campus.

SEX OFFENDER REGISTRATION

If you are a student at Calhoun Community College and are a convicted sex offender, you are required under Alabama State Statute 15-20-25.2 to register with the appropriate law enforcement agency. Students attending the Decatur Campus should register with the Limestone County Sheriff’s Office. Students attending the Huntsville Campus should register with the Madison County Sheriff’s Office AND the Huntsville Police Department.

RESTROOM POLICY

Restrooms are designated separately for men and women. Any individual found in the opposite gender’s restroom will be subject to disciplinary action and criminal trespassing. There will be no loitering in restrooms on Calhoun’s campuses.

WEAPONS POLICY

No person shall keep, use, possess, display, or carry any rifle, shotgun, handgun, knife, bow and arrow, or other lethal or dangerous weapons or devices capable of casting a projectile by air, gas or explosion, or mechanical means on any property or in any building owned or operated by Calhoun Community College or in any vehicle on campus. Realistic facsimiles of weapons are also not allowed.

If an instructor approves such items to be demonstrated for class purposes only, the instructor and student must obtain permission from Calhoun Police.

Any such person seen with or using such weapons on campus will be subject to disciplinary and criminal charges.

Pursuant to state board policy 511.01, Calhoun Community College adheres to the following:

Firearms are prohibited on campus or any other facility operated by the College. Exceptions to this policy are: Law enforcement officers legally authorized to carry such weapons who are officially enrolled in classes or are acting in the performance of their duties or an instructional program in which firearms are required equipment. If the off-duty officer is a student, he/she must notify campus police once a semester. A weapon is prohibited from any type of hearing for personal business.

ADMISSIONS INFORMATION

Calhoun Community College maintains an admissions policy that provides higher education for individuals who meet minimum admission requirements as set forth by the policies of the Alabama Community College System.

Admission to the College does not guarantee entrance into a particular course or program. Some programs have specific admission requirements. Requirements for admission to certain programs, such as Health programs, are found in the appropriate section of this catalog.

ADMISSION TO COURSES NOT CREDITABLE TOWARD AN ASSOCIATE DEGREE

Applicants to courses not creditable toward an associate degree and programs comprised exclusively of courses not creditable toward an associate degree may be admitted provided they meet the standard admission criteria. Limestone Correctional Facility programs may have different admission requirements based on program eligibility.

HOW TO APPLY FOR ADMISSIONS TO THE COLLEGE

Applications for admission must be submitted electronically via the myCalhoun portal (http://calhoun.edu/admissions/mycalhoun.aspx) and click on Apply for Admission.

Upon electronic submission, students must also submit the following documents to the Office of Admissions before an application can be processed:

1. A signature/residency form
2. A primary form of identification (see Admission Policies for examples of acceptable ID)

Documents may be presented in person, or a notarized copy may be mailed or submitted electronically.

Primary Forms of Identification

- Unexpired Alabama Driver's License or Instruction Permit
- Unexpired Alabama Identification Card
- Unexpired U.S. Passport
- Unexpired U.S. Permanent Resident Card
- Resident Alien Card – Pre – 1997
- Unexpired Driver’s License or instruction permit from another state or possession that verifies lawful presence, dated 2000 and beyond
- U.S. Alien Registration Receipt Card (Form I-151) prior to 1978
- BIA or tribal identification card with photo
- I-797 Form with expiration date
- Alabama Photo Voter Identification Card

Required Admission Documentation:

- Calhoun Community College application for admission
- One primary form of identification such as an (unexpired government issued photo ID)
- Signature/residency form
- Official high school/GED transcript documenting graduation
- Official college transcript if attended as a dual enrollment student prior to graduating high school
ADMISSION ELIGIBILITY

*Minimum credit requirements for an Alabama standard diploma

- Minimum of 24 credits to include:

  English Language 4 credits

  Mathematics 4 credits to include:
  - Algebra 1 credit
  - Geometry 1 credit

  Science 4 credits to include:
  - Biology 1 credit
  - Physical Science 1 credit

  Social Sciences 4 credits to include:
  - Social Studies 1 credit
  - World History 1 credit
  - U.S. History 1 credit
  - Government .5 credits
  - Economics .5 credits

  Physical Education, Health Education and/or Fine Arts 2 credits

  Computer Applications .5 credits (may be embedded)

  Electives 5.5 credits

NON-CITIZENS OF THE UNITED STATES

Applicants who possess permanent resident status or deferred action status for childhood arrivals will be admitted to the college after completing an admission application and submitting required documentation. Permanent residents should provide a primary form of identification along with a signature/residency form.

Applicants who have been granted deferred action status must present Form I-797 that specifically states that the applicant has been granted deferred action status, along with an unexpired state identification card along with a signature/residency form.

Calhoun Community College welcomes F1 Visa holders. For admissions information please see section titled International Students.

All male students between the ages of 18 and 26 must show proof of registration with the U.S. Selective Service System in accordance with §36-26-15.1 of the Code of Alabama of 1974 (as amended).

ADMISSION STATUS

First-Time College Students

A student who has not previously attended any college after graduation from high school/GED is considered a first-time freshman.

For Unconditional Admissions, applicants must meet the following requirements:

- Calhoun Community College application for admission
- One primary form of identification such as an (unexpired government issued photo ID)
- Signature/residency form
- Official high school/GED transcript documenting graduation
- Official college transcript if attended as a dual enrollment student at any other institutions prior to graduating high school

Transfer Students

A student who has previously attended any college after graduation from high school/GED is considered a transfer student.

For Unconditional Admissions, applicants must meet the following requirements:

- Calhoun Community College application for admission
- One primary form of Identification such as an (unexpired government issued photo ID)
- Signature/residency form
- Official high school/GED transcript documenting graduation
- Official college transcripts from all previously attended institutions of higher learning.

Note: Students who have achieved a minimum of a baccalaureate degree are only required to submit a transcript from the granting institution for admission to the college but may need to submit other transcripts for evaluation of transfer of credit.

Initial Academic Status of Transfer Students

1. An initial academic status cannot officially be determined until all official documents are received and reviewed. Once records are received, an initial status will be determined for the student’s first term of enrollment. Submission of incorrect or false information on the application for admission could result in immediate removal from the college and forfeiture of all tuition, fees, and other monies.

2. A transfer student whose cumulative grade point average at the transfer institution(s) is 2.0 or above on a 4.0 scale will be admitted with “Clear” academic status.

3. A transfer student whose cumulative grade point average at the transfer institution is less than a 2.0 on a 4.0 scale but is not on academic suspension/dismissal will be admitted on Academic Probation. The Calhoun transcript will be annotated to read ADMITTED ON ACADEMIC PROBATION.

4. A transfer student applicant who has been academically suspended (dismissed) from another regionally accredited postsecondary institution may be admitted only after following the appeal process established for “native” students. Calhoun Community College requires that the applicant submit a written appeal to the College Admissions
Committee along with all official transcripts. Written appeals, an application, and transcripts must be received by the Admissions Committee, at least two (2) weeks before the first official class day of the term of intended enrollment. No appeals will be considered on or after the first official class day for that term. If the transfer student is admitted upon appeal, the student will enter the college on Academic Probation. The Calhoun transcript will read ADMITTED UPON APPEAL — ACADEMIC PROBATION.

5. A transfer student admitted on academic probation retains that status until the student has attempted 12 credit hours at Calhoun Community College. If the student’s cumulative GPA at Calhoun is below a 1.5 after the semester in which 12 or more credit hours are attempted, the student will be placed on academic suspension for at least one semester. More stringent guidelines may be placed on students by the College Admissions Committee when written appeals are approved.

General Principles for Transfer of Credit

1. Transfer credit will be evaluated and recorded once when all official transcripts have been received. Students will be notified through communication from the Admissions and Records Office of the results of their evaluation. (A review of records by counselors, advisors, faculty, etc. for advising purposes does not constitute an official evaluation.)

2. Coursework transferred or accepted for credit toward an undergraduate program must represent collegiate coursework relevant to the formal award with course content and level of instruction resulting in student competencies at least equivalent to those of students enrolled in the institution’s own undergraduate formal award programs.

3. A course completed at other regionally accredited postsecondary institutions with a passing grade (C minimum required in Composition courses) will be accepted for transfer as potentially creditable toward graduation requirements.

4. A transfer student from a collegiate institution not accredited by the appropriate regional association may request an evaluation of transfer credits after completing 15 semester hours with a cumulative GPA of 2.0 or above.

5. A transfer grade of “D” will only be accepted when the transfer student’s cumulative transfer GPA is 2.0 or above. Regardless of the GPA, a “D” in English Composition courses will not be accepted in transfer. Please note that some programs/courses require minimum grades of “C”; thus a “D” will not transfer.

6. Transfer course grades are not calculated into a student’s grade point average. Transfer grades are only calculated into a grade point average for graduation and honors consideration.

7. Credit may be extended based on a comprehensive evaluation of demonstrated and documented competencies and previous formal training. Please refer to the section on Credit from Nontraditional Sources in this catalog.

8. The criteria for awarding credit for work completed in foreign colleges and universities will be the same as for other institutions within the United States. Students wishing to receive transfer credit for such foreign study must provide an English translation and a detailed report. Reports must outline recommendations for awarding specific credit for specific courses. We must have a “course-by-course” evaluation provided by Educational Credential Evaluators, Inc., eval@ece.org or World Education Services, info@wes.org or another National Association of Credential Evaluation Services (NACES) approved agency.

TRANSIENT STUDENTS

An applicant who is currently enrolled at another postsecondary college and seeks credit that will transfer back to his/her primary college will be classified as a transient student. Transient students are temporary students who generally only attend Calhoun Community College for one term.

For Unconditional Admissions, applicants must meet the following requirements:

- Calhoun Community College application for admission
- One primary form of identification such as an (unexpired government issued photo ID)
- Signature/residency form
- Transient letter from primary college listing approved courses

Note: Transient students are considered non-degree seeking and are not eligible for federal financial aid.

A Calhoun student who desires to attend another institution to take a course(s) needed for graduation at Calhoun must be in good standing with Calhoun. A student in good standing with the institution must hold a cumulative GPA of 2.0 or higher and have no outstanding obligations with Calhoun. Students will be responsible for requesting their transcripts be sent to Calhoun once the course(s) has been completed. Courses will only be accepted to Calhoun as transfer credit from accredited institutions and with a grade of “C” or better.

RETURNING CALHOUN STUDENT - READMISSION

A student who has previously attended Calhoun Community College as a degree seeking student and is returning to Calhoun after a break in continuous enrollment is considered a returning (readmit) student.

Students who have attended Calhoun within the past year do not need to reapply

Students who only attended Calhoun as a dual enrollment student should apply as a first-time freshman if he or she plans to attend Calhoun after high school graduation.

For Unconditional Admissions, applicants must meet the following requirements:

- Calhoun Community College application for admission
- One primary form of identification such as an (unexpired government issued photo ID)
- Signature/residency form
- Official high school/GED transcript documenting graduation
- Official college transcripts from all previously attended institutions after last attending Calhoun.

Note: Students who have achieved a minimum of a baccalaureate
degree are only required to submit a transcript from the granting institution for admission to the college but may need to submit other transcripts for evaluation of transfer of credit.

CONDITIONAL ADMITTANCE

First-time freshmen, transfer students, and returning (readmit) students may be conditionally admitted to Calhoun Community College for one semester if official high school and/or college transcripts are pending receipt. Conditional admission is strictly a temporary circumstance in which the student will be permitted to enroll and attend classes until such time as the necessary documents are received by the College. Failure to provide documentation by the end of the first semester of enrollment will prevent a student from future registration. Likewise, official Calhoun transcripts will not be released until all required admission documents have been received by the College.

NOTE: Students who are conditionally admitted to the College are ineligible to receive federal financial aid benefits.

INTERNATIONAL STUDENTS—(F-1 VISA HOLDERS)

Calhoun Community College accepts international students who have F-1 visas and who meet the academic, linguistic, and financial requirements outlined below:

First Time College Students

• An international student who holds an American high school diploma or a diploma from his/her country that is equivalent may be eligible for admission.
• Prospective international students must submit all of the following to be considered for admission:
  1) A completed paper application in English.
  2) Official transcripts/leaving certificate in English that document graduating from a secondary school that is equivalent to a U.S. high school diploma. The transcript/leaving certificate must be forwarded directly to Calhoun Community College from all institutions previously attended. Evaluation must be provided by Educational Credential Evaluators, Inc., eval@ece.org or World Education Services, infor@wes.org.
  3) A signed, notarized affidavit with bank statements declaring that student will have sufficient financial resources to support themselves (including tuition, fees, books, housing, and miscellaneous expenses).
  4) A signed, notarized affidavit with bank statements declaring that the international applicant will be fully responsible and that funds are available for financial obligations during an enrollment with Calhoun Community College. Financial obligations include but are not limited to: tuition and fees, books and supplies, living expenses, housing, and miscellaneous expenses.
  5) Documentation of insurance must declare adequate health and life insurance (which must include medical repatriation and medical evacuation expenses). It must be maintained during any and all terms of enrollment with Calhoun Community College.

All required documents should be forwarded directly to the International Student Advisor, Calhoun Community College.

Transfer Students – International

Any international student who has attended an accredited college or university may be considered for admission as a transfer student. Transfer students must comply with all items listed under First-Time Students — International. In addition to all items listed, an international student who wishes to apply to Calhoun Community College must

• Have official transcripts from all previously attended colleges and universities attended mailed directly to Calhoun Community College.
• Complete a transfer clearance form (obtain from school advisor to which he/she is transferring).
• Be in-status at the most recent college/university attended. Individuals who are out-of-status must apply for reinstatement through their former school.

All documents required for admission as a First Time college student or Transfer student must be on file before an admission decision will be made. I-20s will only be issued to applicants who meet all criteria and are, if transferring, in status with the Immigration and Naturalization Services. Calhoun is unable to issue an I-20 for any individual who is out-of-status.

Note: International students who have completed ENG 101/100 or its equivalent at an accredited college or university with a grade of C or better may be exempt from the TOEFL requirement.

HIGH SCHOOL HONORS PROGRAMS

Calhoun Community College, in conjunction with our area high schools, offers “honor” students the opportunity to enroll for college coursework. Two programs have been approved by the Alabama State Board of Education, the Accelerated High School Student Program and the Dual Enrollment/Dual Credit for High School Student program. Even though the basic criteria for enrollment are similar, each program is unique. Review the following and discuss with your counselor your eligibility and which program best meets your needs.

ACCELERATED HIGH SCHOOL PROGRAM

Calhoun Community College offers qualified high school students the opportunity to earn college credit while still in high school. Students who attend accredited high schools must meet the criteria listed here:

1. The student must have successfully completed the 10th grade;
2. The student must provide certification (form available online at www.calhoun.edu) from the local principal and/or his/her designee that the student has a minimum cumulative “B” average and recommends the student for enrollment. (The accelerated high school approval form can be found on the Dual Enrollment page at the Admissions link on our website.)
GENARAL INFORMATION

www.calhoun.edu)
3. In addition to the approval form, the student must provide a high school transcript – official or unofficial;
4. The student may enroll only in postsecondary courses for which the high school prerequisites have been completed (for example: a student may not take English Composition until all required high school English courses have been completed).

Exceptions may be granted by the Chancellor for a student documented as gifted and talented according to the standards included in the State Plan of Exceptional Children and Youth. Exceptions may only apply to items 1 and 2 noted above.

Students who attend a non-accredited high school must meet additional criteria as listed below:

1. Comply with items 1, 2, and 3 as noted above.
2. Provide ACT scores with a composite of at least 16 or total math and Critical Reading of 790 on the SAT.

DUAL ENROLLMENT/DUAL CREDIT FOR HIGH SCHOOL STUDENTS PROGRAM

The Dual Enrollment/Dual Credit for High School Students program allows qualified students the opportunity to receive both high school and college credit. The program is restricted to qualified students in Alabama high schools and home schools which have signed a working agreement with Calhoun Community College.

Criteria for student eligibility are developed by each individual school system and may be more restrictive than the minimum criteria that follows:

1. The student must have a “B” average in completed high school courses;
2. The student must have written approval (application and approval form available online at www.calhoun.edu) of his/her principal and the local superintendent of education. In addition to the approval form, the student must provide a high school transcript – official or unofficial; and
3. The student must be in grade 10, 11, or 12.

Determination of the equivalencies of Calhoun Community College coursework toward high school graduation requirements is at the discretion of the high school system. Typically, one 3-semester hour course equates to one-half unit.

Courses eligible for Dual Enrollment include any college-level courses in English, foreign languages, mathematics, science, or social science; any occupational/technical courses; or any other courses agreed upon by the school system and the College. Students must meet the course prerequisites prior to enrollment in any of these courses including completion of the Calhoun Placement Examination and/or minimum levels on the ACT or SAT in English and Mathematics. Students may not enroll in developmental courses, physical education courses, nor may they enroll in any course on an audit basis under the Dual Enrollment/Dual Credit program.

Students in the Dual Enrollment/Dual Credit program may take their coursework at any Calhoun campus or through Distance Learning. Students should consult the College’s current course offering schedule or contact the academic advising centers Dual Enrollment Office for information on the dates, times and locations of courses. E-mail gzb@calhoun.edu or hwd@calhoun.edu for more information. Calhoun also offers courses at selected high school campuses. Information is available through local high school counselors or from the Dual Enrollment Office: 256-306-2665 or 256-306-2671.

AUDIT STUDENTS

Auditors are students who register for credit courses on a non-credit basis.

- Calhoun Community College application for admission
- One primary form of identification such as an (unexpired government issued photo ID)
- Signature/residency form
- Official high school/GED transcript documenting graduation
- Official college transcripts from all previously attended institutions.

Note: Students who have achieved a minimum of a baccalaureate degree are only required to submit a transcript from the granting institution for admission to the college but may need to submit other transcripts for evaluation of transfer of credit.

Students may not audit any health science classes Auditors will under no circumstances receive credits applicable to degree requirements. Tuition and fees for courses audited are the same as those for courses taken for credit. Students may not change from “Credit” to “Audit” or “Audit” to “Credit” after the Drop/Add period.

SENIOR CITIZENS ATTENDING UNDER THE SENIOR ADULT SCHOLARSHIP PROGRAM

Senior citizens sixty (60) years of age or older may be eligible for a tuition waiver if they qualify for the Senior Adults Scholarship Program. Applicants must meet the following conditions:

1. They must comply with the college admission standards as noted earlier in this catalog under Admission, First-Time Students, Admission of Transfer Students or Former Students Applying for Readmission. Please refer to the appropriate section for details of admission requirements.
2. Must be Alabama residents.
3. Must be sixty (60) years of age or older.
4. Students must enroll for credit; non-credit enrollment is not allowed.

The student is responsible for any fees or other charges applied to the general student body. Senior citizens granted a tuition waiver under the Senior Adult Scholarship Program may receive the tuition waiver only one time per course. Any time a senior citizen repeats a course the student is responsible not only for fees but also for tuition.

Questions regarding admission and eligibility should be directed to the Admissions and Records Office or the Financial Aid Office.

NOTE: Senior citizen course enrollment under the Senior Adult Scholarship Program is restricted to a space available basis. A course will not be expanded beyond the optimal number to accommodate the enrollment of a senior citizen attending under the Senior Adult Scholarship Program.

COLLEGE ADMISSIONS COMMITTEE

Students on academic suspension from another post-secondary institution must file a written appeal directly to the Director of Admissions/Records for submission to the College Admissions Committee. Appeals for admission should be submitted at least two (2) weeks before the first official class day.
of the term of intended enrollment. Decisions of the Admissions Committee are final.

STUDENT RECORDS AND TRANSCRIPTS

Family Educational Rights and Privacy Act of 1974

Calhoun Community College complies with the provisions of the Family Educational Rights and Privacy Act (FERPA) of 1974 as amended. FERPA sets forth the requirements pertaining to the privacy of student records. The law governs the release of educational records and access to the records.

Student Records and FERPA

Students are notified that when a student attains the age of 18 or is attending an institution of postsecondary education, the permission or consent required of and the rights accorded to the parents of the student shall thereafter only be required of and accorded to the student. Therefore, a person other than the student requesting information on a student must submit written authorization from the student if the request is beyond the scope of authorized exceptions to the Act.

Responsibility for protection of the privacy of educational records rests primarily with the Director of Admissions/Records of the College. FERPA defines educational records to include records, files, documents, and other materials that contain information directly related to students and are maintained by an educational agency or institution with exceptions under the Act.

Notification of Rights under FERPA

FERPA affords students certain rights with respect to their educational records. The rights provided to students are

1. The right to review their educational records with certain exceptions. Students and former students may present a valid photo identification card and complete a written request form to review their records. The college may delay a record review up to 45 days if circumstances so dictate. Record reviews are conducted in the Records Office, Chasteen Student Center, Decatur campus. Note: The College is not required to provide access to records of applicants for admission who are denied acceptance or, if accepted, do not attend.

2. The right to request the amendment of the student's educational records that the student believes is inaccurate or misleading. The student should submit to the Director of Admissions/Records a written statement which identifies the part of the record they want changed, why it should be changed, and any documentation to support the request. The student will be notified in writing of the decision to amend or not to amend. A student will be notified of a hearing procedure process they may initiate if the result of the student's request is not to amend their record.

3. The right to consent to disclosure of personally identifiable information contained in the student's educational records, except to the extent that FERPA authorizes disclosure.

Calhoun Community College considers the following to be directory information and may be released to individuals and/or agencies, institutions, etc., unless the student signs a Do Not Release form.

Directory Information

Name
Address
Telephone listing
E-mail address
Date and place of birth
Major field of study
Dates of attendance
Enrollment status
Class standing
Degrees, honors, and awards received
Most recent educational agency or institution attended

It should be noted that directory information is used to verify a student's enrollment with insurance agencies, banks, employers, etc., unless prohibited in writing by the Do Not Release Information form. Calhoun does not provide mailing lists unless required to do so by federal legislation (Solomon Amendment), a court directive, or as deemed appropriate by the President of the college or his/her agent.

FERPA has established rules that allow some personnel and agencies to have access to student's records without their written consent. The exception to the requirement of written consent follows:

Authorized representatives of the following for audit and evaluation of federal and/or state supported programs or for enforcement of a compliance with federal legal requirements which relate to these programs:

- Comptroller General of the United States
- Attorney General of the United States
- Secretary of the Department of Education
- State and local educational authorities
- State and local officials to whom disclosure is specifically required by state statute adopted prior to November 19, 1974.
- Veterans Administration officials
- Other school officials with the institution determined by the institution to have a legitimate educational interest
- Officials of other institutions at which the student seeks or intends to enroll, provided the institution makes a reasonable attempt to inform the student of the disclosure, unless the student initiates the transfer or the annual notification of the institution includes a notice that the institution forwards education records to other institutions at which the student seeks or intends to enroll have requested the records. (Students are so notified.)
- Persons or organizations providing financial aid to students or determining financial aid decisions on the condition that the information is necessary to: 1) determine eligibility for aid, 2) determine the amount of aid, 3) determine the conditions for the aid, or 4) enforce the terms and conditions of the aid.
- Organizations conducting studies for or on behalf of education agencies or institutions to develop, validate, and administer predictive tests, to administer student aid programs, or to improve instruction. Conditioned on organizations not to disclose personally identifiable information on students, information must be destroyed when no longer needed for project.
- Accrediting organizations carrying out their accreditation functions.
- Parents of a student who have established a student's status as a dependent according to IRS Code of 1986, Section 152.
- Persons in compliance with a judicial order or lawfully issued subpoena
provided that the institution makes a reasonable attempt to notify the student in advance of compliance. An institution may not provide advance notice of subpoena compliance if the subpoena is issued by a federal grand jury or for law enforcement purposes provided the subpoena orders the institution not to disclose the existence or contents of the subpoena.

Our institution is not required to obtain a subpoena to produce education records of a student if the institution is sued by the student or takes legal action against a student. The records produced must be needed by the institution to proceed with legal action as plaintiff or to defend itself.

- Persons in an emergency if the knowledge of information, in fact, is necessary to protect the health or safety of students or other persons.
- Additional instances may occur where the college is required by law to release information. Contact the Registrar for the answers to specific questions.

In the event a student believes that his/her FERPA rights were not met, he or she has the right to file a written complaint with The Family Policy Compliance Office, U.S. Department of Education, 600 Independence Avenue SE, Washington, DC 20202-4605.

### Transcript Policy

The transcript policy of Calhoun Community College includes the following items:

A. In compliance with the Family Educational Rights and Privacy Act, Calhoun Community College does not release transcripts of a student’s academic work, except upon the student’s request;

B. Official transcripts are sent to institutions, companies, agencies, etc., upon the student’s request;

C. Transcript Request Forms can be downloaded at https://www.calhoun.edu under Admissions, Applications and Forms, or on MyCalhoun. Transcript requests are processed as they are received. REQUESTS SHOULD BE MADE AT LEAST TWO WEEKS BEFORE THE TRANSCRIPTS ARE NEEDED;

D. Transcripts will not be issued for persons who have financial, academic, or administrative obligations to the college;

E. Written transcript requests should be sent to:
   Calhoun Community College
   Admissions and Records Office, Transcripts
   P.O. Box 2216, Decatur, AL 35609-2216 or fax to 256-306-2941

F. Include name, signature, dates of attendance, social security number and address to which transcript should be forwarded. (NOTE: Students with name changes should include all former names.)

The Office of Admissions and Records does not release official transcripts from other institutions. Requests for official transcripts from other institutions must be directed to the institution concerned.

Students who register after classes begin will be charged a $25 late registration fee. NOTE: Tuition and fees are subject to change without prior notice.

### PAYMENTS

Calhoun Community College accepts cash, check, debit and credit cards for payment of tuition and fees. Out-of-state and starter checks cannot be accepted.

A student can make online student account payments with a credit or debit card. Calhoun accepts Visa, Mastercard, Discover and American Express. The option to pay by credit or debit card is available online or in person only. Calhoun does not accept payments by phone. Once logged in, select the following:

- Student
- Student Account
- Account Details for Term
- Select the applicable term and click “Submit” Click “Pay Now” button
- Enter the payment amount and click “Submit”
- Complete the process by entering the requested card information

The payment confirmation will be emailed to the email address entered or it can be printed once displayed on the screen. If you do not receive a confirmation, the payment has failed and payment must be resubmitted.

Any future refunds will be refunded to the debit or credit card up to the total amount paid.

Calhoun offers an interest-free, automatic payment plan through Nelnet Business Solutions. A non-refundable enrollment fee, depending on the number of payments, applies. The payment methods available are automatic bank payment (ACH) or credit/debit card. All down payments
and enrollment fees are processed immediately. Regularly scheduled payments will process on the 5th of each month. For more information about the payment plan, you may access the payment plan details at www.MyCollegePaymentPlan.com/calhoun.

TUITION AND FEES REFUND POLICY

The tuition refund policy used by Calhoun Community College is mandated by the Alabama State Board of Education. We are obligated to abide by the policy. The following are the basic guidelines:

Students wishing to withdraw from some or all of their classes must do so through MyCalhoun. Amounts that may be due students by the College as a result of dropping classes will be refunded as applicable after the 2nd week of the term as long as the student account balance is zero.

Withdrawal Prior to Classes
A student who withdraws from classes prior to the first day of class will be refunded the total tuition and other institutional charges. The first class day is not the first day of the student's class, it is the first day of the semester.

Partial Withdrawals during Drop/Add Period
Students who do not completely withdraw from the institution but drop a class during the regular drop/add period will be refunded the difference in tuition paid and the tuition rate applicable to the reduced number of hours, including fees appropriate to the classes dropped.

Partial Withdrawals After Drop/Add Period
There is no refund due to a student who partially withdraws after the official drop/add period.

Complete Withdrawal
A student who officially or unofficially withdraws completely on or after the first day of class but prior to the end of the third week of class will be refunded according to the withdrawal date.

Administrative Fee
An administrative fee not to exceed 5% of tuition and other institutional charges shall be assessed for each withdrawal within the period beginning the first day of class and ending at the end of the third week of class.

Pass Through Fees
Pass through fees such as e-book fees, music fees, and allied health and nursing fees will not be refunded after the official drop/add period.

Before Classes Begin.......................................................... 100% Refund

During Drop/Add
Drops a class or classes but less than total...........................................100%
Drops ALL classes during drop/add .................................................. 75% of net

After Drop/Add (Withdrawal Refund Period)
Drops a class or classes but less than total........................................... No refund
Total withdrawal during first week of classes..................................... 75% of net
Total withdrawal during second week of classes.............................. 50% of net
Total withdrawal during third week of classes................................. 25% of net

Total withdrawal after third week of classes ...................................... No refund

NET AMOUNT IS TUITION AND FEES LESS 5% ADMINISTRATIVE FEE.

Please refer to the Class Schedule of the applicable term on the Calhoun website for any updates to the refund schedule. The Tuition Refund Information and Schedule link provides specific refund dates.

REFUND METHODS

When a refund is due to a student from any payment made on MyCalhoun, that refund will be credited back to the original method of payment (i.e. debit or credit card). If the refund is more than the original payment amount, the remaining balance will be issued through Higher One using the reimbursement method selected by the student.

Calhoun uses Higher One for all refunds in an effort to get the money into the hands of students quickly and easily. All students are required to register with Higher One. During registration, students will select one of the following reimbursement methods:

- Direct deposit to an existing checking or savings account, or
- Calhoun One Card or
- Paper Check

The address information used by Higher One is sent by Calhoun. If a student’s address is incorrect, the information needs to be updated through MyCalhoun. Address changes are submitted by the College to Higher One. Calhoun no longer prints refund checks, therefore the Business Office cannot hold checks for pick up.

Timeframe for each Reimbursement Method

Higher One Card – Same day funds released by Calhoun
Direct Deposit to Checking or Savings Account - 2 - 3 Business Days
Paper Check - 5-7 business days

Steps to Register with Higher One

First, look for the green envelope in the mail. Visit CalhounOneCard.com Enter your card number to get started. Select the option that best fits you.

ADDITIONAL FEES (SUBJECT TO CHANGE WITHOUT NOTICE)

Additional charges by the institution and not mentioned above include the following:

1. Returned check fee (by Alabama law) $25*
2. Parking traffic citations (variable, depending on type of citation); check student handbook
3. Tobacco use violation citation (see page 8)
4. Replacement costs for Library books checked out and not returned (variable).
5. Audit fees (auditing a course costs the same as taking the course for credit)
GENERAL INFORMATION

*Negotiating a worthless negotiable instrument is a Class A misdemeanor. Pursuant to Alabama law (Act No. 80-200, S. 317), a person will be given 10 days to tender payment of the full amount of such instrument plus a service charge of not more than $25. Unless this amount is paid in full within the specified time, the individual may assume that this instrument will be turned over to the proper authorities for criminal prosecution. FINANCIAL HOLDS

FINANCIAL HOLDS

A financial hold will be placed on a student’s account when there is any past due financial obligation to the College. These financial obligations can result from unpaid tuition, fees, books, library charges, parking fines, returned checks, or financial aid that must be returned by Department of Education policy. When there is a financial hold, the student will not be permitted to register for classes, receive transcripts, nor any other service from the college until the balance is paid in full or otherwise resolved.

GENERAL EDUCATION DEVELOPMENT (GED) TEST FEE

Effective 1/1/14, those desiring to take the General Education Test at Calhoun Community College will be required to pay a $120 fee. Call 256-306-2830 or 256-306-2610 for more information.

RESIDENCY/OUT-OF-STATE AND INTERNATIONAL STUDENTS

Guidelines for determining “In-State” Tuition Rates

I. ELIGIBLE FOR “IN-STATE” TUITION

A student or prospective student described in either part A or part B below may be eligible for “In-State” tuition rates. Non-resident students described in Part B must submit a written appeal with documentation to the College Registrar to obtain “in-state” tuition rates. The College Registrar will determine whether or not a student meets the criteria and the decision is final.

Resident Student

A Resident Student shall be charged the in-state tuition rate established by the State Board of Education.

A Resident Student is an applicant for admission who is a citizen of the United States or a duly registered resident in the State of Alabama for at least 12 months immediately preceding application for admission, or whose non-estranged spouse has resided and had habitation, home, and permanent abode in the State of Alabama for at least 12 months immediately preceding application for admission.

In the case of minor dependents seeking admission, the parents, parent, or legal guardian of such minor dependent must have resided in the State of Alabama for at least 12 months immediately preceding application for admission. If the parents are divorced, residence will be determined by the residency of the parent to whom the court has granted custody.

MINOR: An individual who because of age lacks the capacity to contract under Alabama law. Under current law, this means a single individual under 19 years of age and a married individual under 18 years of age, but excludes an individual whose disabilities of non-age have been removed by a court of competent jurisdiction for a reason other than establishing a legal residence in Alabama. If current law changes, this definition shall change accordingly.

SUPPORTING PERSON: Either or both of the parents of the student, if the parents are living together or if the parents are divorced or living separately, then either the parent having legal custody or, if different, the parent providing the greater amount of financial support. If both parents are deceased or if neither has legal custody, support person shall mean, in the following order: the legal custodian of the student, the guardian, and the conservator.

In determining Resident Student status for the purpose of charging tuition, the burden of proof lies with the applicant for admission.

A. Students participating in the Southern Regional Electronic Campus (or any successor organization) shall be considered Resident Students for tuition purposes.

B. An individual claiming to be a resident shall certify by a signed statement each of the following:
1. A specific address or location within the State of Alabama as his or her residence.
2. An intention to remain at this address indefinitely.
3. Possession of more substantial connections with the State of Alabama than with any other state.

C. Though certification of an address and an intent to remain in the state indefinitely shall be prerequisites to establishing status as a resident, ultimate determination of that status shall be made by the institution by evaluating the presence or absence of connections with the State of Alabama. This evaluation shall include the consideration of all of the following connections:

1. Consideration of the location of high school graduation or GED with three years of application for admission.
2. Payment of Alabama state income taxes as a resident.
3. Ownership of a residence or other real property in the state and payment of state ad valorem taxes on the residence or property.
4. Full-time employment in the state.
5. Residence in the state of a spouse, parents, or children.
6. Previous periods of residency in the state continuing for one year or more.
7. Voter registration and voting in the state; more significantly, continuing voter registration in the state that initially occurred at least one year prior to the initial registration of the student in Alabama at a public institution of higher education.
8. Possession of state or local licenses to do business or practice a profession in the state.
9. Ownership of personal property in the state, payment of state taxes on the property, and possession of state license plates.
10. Continuous physical presence in the state for a purpose other than attending school, except for temporary absences for travel, military service, and temporary employment.
11. Membership in religious, professional, business, civic, or social organizations in the state.
12. Maintenance in the state of checking and savings accounts, safe deposit boxes, or investment accounts.
13. In-state address shown on selective service registration, driver's license, automobile title registration, hunting and fishing licenses, insurance policies, stock and bond registrations, last will and testament, annuities, or retirement plans.

Students determined to be eligible for resident tuition will maintain that eligibility upon re-enrollment within one full academic year of their most previous enrollment unless there is evidence that the student subsequently has abandoned resident status, for example, registering to vote in another state. Students failing to re-enroll within one full academic year must establish eligibility upon re-enrollment.

Non-Resident Student (additional persons for resident tuition)

A Non-Resident Student, one who does not meet the standard of having resided in the State of Alabama for at least 12 months immediately preceding application for admission, shall be charged the in-state tuition rate established by the State Board of Education under the following circumstances provided such student is a citizen of the United States.

The dependent student (as defined by Internal Revenue Codes)

a. whose supporting person is a full-time permanent employee of the institution at which the student is registering; or
b. whose supporting person can verify full-time permanent employment in Alabama and will commence said employment within 90 days of registration; or

c. whose supporting person is a member of the United States military on full-time active duty stationed in Alabama under orders for duties other than attending school; or
d. is an accredited member of or the spouse of an accredited member of a consular staff assigned to duties in Alabama.

In determining Non-Resident Student status for the purpose of charging tuition, the burden of proof lies with the applicant for admission. The college may request proof that the applicant meets the stipulations noted above prior to admission.

Students who reside in Bedford, Franklin, Marshall, Maury, Moore, Lawrence, Lincoln, Wayne, or Giles counties in Tennessee will be assessed tuition at the “in-state” rate upon submission of documentation verifying residency.

II. OUT OF STATE STUDENT

Any applicant for admission who does not fall into one of the categories noted above shall be charged a minimum tuition of two times the resident tuition rate charged by that institution. All international students are assessed at the out-of-state rate and are not eligible for in-state rates.

Students initially classified as ineligible for resident tuition will retain that classification for tuition purposes until they provide documentation that they have qualified for resident tuition. Upon approval, they will receive in-state tuition from that point forward. Tuition will be refunded retroactively for one semester only.

FINANCIAL AID

Financial aid is available at Calhoun Community College in a variety of forms. Students needing assistance with college expenses should communicate with personnel in the Office of Student Financial Services at the following address:

Office of Student Financial Services
Calhoun Community College
P.O. Box 2216
Decatur, AL 35609-2216

or

Office of Student Financial Services - Huntsville Campus
102-B Wynn Drive
Huntsville, AL 35805
256-306-2628

FINANCIAL AID PROGRAMS AVAILABLE at Calhoun Community College include the following:

1. Alabama Student Assistance Grants
2. Federal Work-Study
3. Federal Pell Grants
4. Federal Direct Student Loan
5. Dorothy B. Johnson Loan Fund
6. Federal Supplemental Educational Opportunity Grants
GENERAL INFORMATION

7. Veterans’ Service Members’ and their Dependents’ Benefits
8. Workforce Investment Act (WIA)
9. Scholarships
   a. Academic
   b. Calhoun Foundation
   c. Performing Arts
   d. Senior Adult Program
   e. Scholarships for Disadvantaged Nursing Students (SDS)

WHO MAY APPLY FOR FEDERAL FINANCIAL AID PROGRAMS?

Federal Student Financial Aid Programs are Federal Pell Grants, Federal Direct Student Loan (DSL), Federal Supplemental Educational Opportunity Grants (FSEOG), Federal Work-Study (FWS), Alabama Student Assistance Grants (ASAG), and Workforce Investment Act (WIA).

To qualify for financial aid from one of these five programs, one must:
- demonstrate financial need, except for some loan programs;
- have a high school diploma or a GED certificate;
- be enrolled as a regular degree seeking student working toward a AA, AS, AAS or certificate in an eligible program;
- be a U.S. citizen or eligible non-citizen;
- maintain satisfactory academic progress according to the institutional policy;
- not be in default on a Direct Stafford Loan or Federal Family Education Loan (FFEL); and
- not owe a repayment on any federal financial aid program.

NO EXCEPTIONS WILL BE MADE TO THE ABOVE REGULATIONS.

TRANSIENT STUDENTS

Students from other colleges and universities enrolling only for a few courses and/or during the summer are not eligible to receive Title IV funds.

FEDERAL FINANCIAL AID APPLICATION PROCEDURES

Expenses for tuition, books, supplies, at-home maintenance, transportation, and miscellaneous personal costs are used in preparing an annual budget to help determine the applicant’s financial need. Therefore, those who qualify must apply for financial aid each year.

Students who qualify may apply for financial aid at any time. However, processing time is generally four to six weeks; therefore, begin the application process as early as possible. All financial aid application forms and instructions are available in the Office of Student Financial Services. All students should file the Free Application for Federal Student Aid (FAFSA) application to determine their eligibility for Pell Grant and other grants, loans, offered by the Federal and State governments. This is an online application and can be found at www.fafsa.gov. For assistance with the FAFSA, complete instructions can be found at http://studentaid.ed.gov/resources#complete. Look under the Booklets and Brochures link for the “Completing the FAFSA” instruction booklet for the academic year you are filing for (ex. “2015-16 Completing the FAFSA). Calhoun Community College’s Title IV federal school code is 001013.

Priority in making awards for FSEOG and Federal Work-Study shall be given to students completing the application process prior to April 1 each year. Awards for applications submitted after the deadline will be based on availability of funds.

Dependent/Independent Policy

The Federal Government has identified for student financial assistance programs certain categories of students who must be considered independent financial aid applicants. As a result, a student is considered an independent financial aid applicant if he or she meets one of the following criteria.
- Student was born before January 1, 1991 1992.
- Student is a veteran or currently serving on active duty in US Armed Forces for purposes other than training
- Student is a ward of the court, was a ward of the court until age of 18, is an emancipated minor or in legal guardianship as determined by court in student’s state of legal residence, or unaccompanied youth who was homeless since July 2014 as determined by entities listed on the FAFSA.
- Student has a child who receives more than half support from student.
- Student has a dependent (other than child or spouse) that lives with and will receive more than half support from student through June 30, of the academic year.
- Student is a married student.
- Student is working on a master’s or doctorate degree.

An independent financial aid applicant is not required to submit parental information in the application process. However, if the independent applicant is married, spousal information must be reported. A student who cannot meet at least one of the above criteria is considered a dependent applicant and must provide parental information in the application process.

STUDENT RESPONSIBILITIES

- Login to your MyCalhoun and check your information/account.
- Review and consider all information about Calhoun’s programs before you enroll.
- Pay special attention to your application for student financial aid, complete it accurately and submit on time to the right place. Errors can delay receiving your financial aid. Intentional misreporting of information on application forms for Federal financial aid is a violation of the law and is considered a criminal offense subject to penalties under the U.S. Criminal Code.
- Login to your MyCalhoun account regularly to check for unsatisfied requirements, eligibility status changes, financial aid awards, and student account status.
- Provide all additional documentation, verification, corrections and/or new information requested by either the Office of Student Financial Services or the processing center where you submitted your application.
- Unsatisfied requirements are listed on MyCalhoun.
- Read and understand all forms that you are asked to sign, and keep copies of them.
- Accept responsibility for all agreements you sign.
- Understand that in order to be eligible for financial aid, attendance is required during the first week of class.
- Perform, in a satisfactory manner, the work that is agreed upon in a Federal Work-Study job.
- Know and comply with the deadlines for application or reapplication for aid.
• Understand the school’s refund policy.
• Maintain satisfactory academic progress for continued financial aid eligibility.
• Notify the Office of Student Financial Services if you are planning to attend another institution.
• Pay any tuition, fees or other expenses not paid by financial aid or scholarships by the deadlines to prevent your classes from being deleted.

REFUND POLICY

A Student Financial Aid (SFA) refund applies when your payments and financial aid credits exceed your charges. The institution must calculate a refund using the refund policies in accordance with state and federal laws and regulations.

FINANCIAL AID ENROLLMENT AND ATTENDANCE POLICIES

Enrollment Status

The Federal Pell Grant will be reduced proportionally for a student enrolling less than full-time (less than 12 semester hours). If a student withdraws from a class or classes, less than full-time, he or she will likely have to repay some or all of their financial aid. If a student withdraws before 60% of the semester has been completed, a percentage of aid will be returned to the Federal program based on the length of time the student is enrolled prior to withdrawing. For example, if a student withdraws when 50% of the semester has elapsed, then 50% of the funds received by the student will be returned to the Federal program. After 60% of the semester has passed, a student is considered to have earned all aid received for that semester.

In order to receive a student loan, a student must enroll and have attendance confirmed in at least half-time (6 or more semester hours).

Attendance

Title IV funds (Federal Pell Grants, Direct Student Loans and SEOG) are awarded to a student based on the assumption that the student will attend school for the entire period that the funding was allocated. A student begins earning Title IV funding (Federal Pell Grant) on his or her first day of attendance. Calhoun Community College instructors are required to verify attendance the first day of class. Students enrolled who do not attend the first class day after registration will not be eligible to receive Federal Pell Grant, SEOG and/or Federal Student Loan funding.

Attendance is important. If a student registers and begins class after the first class date, it is the student’s responsibility to complete all coursework assigned from the first day of class. The individual course syllabus states the specific policies and guidelines of the course and the student will be held accountable to the individual course syllabus.

If a student fails to officially withdraw from a course, a grade of “F” will be assigned and this can adversely affect a student’s financial aid. Withdrawing from a course is the student’s responsibility. If a student fails to withdraw and receives an “F”, the grade will not be changed without the written approval of the Vice-President for Academic Affairs.

Return of Title IV Policy

Calhoun Community College conforms to the Federal Return of Title IV funds regulations of the 1998 changes to the Higher Education Amendments. Title IV funds refer to the following federal financial aid programs (subsidized and unsubsidized Direct Stafford Loans, Federal Direct PLUS loans, Federal Pell Grants, Federal SEOG and TEACH Grants). Federal Work Study funds are excluded from the refund calculations.

Official Withdrawal: A student who received Title IV funding (ex: Pell grant, FSEOG, student loans, or federal work-study) and withdraws from all classes prior to the 60% point of the semester will owe funds back to the U.S. Department of Education and to Calhoun Community College.

Unofficial Withdrawal: A student who received Title IV funding (ex: Pell grant, FSEOG, student loans, or federal work-study) and unofficially withdraws (stops attending) from all classes may owe funds back to the U.S. Department of Education and to Calhoun Community College. This amount is calculated at the 50% point of the term.

The concept behind the policy is that the college and the student are allowed to retain only the amount of Title IV funding (federal aid) that is earned. If a student withdraws or stops attending classes, whether any credits are earned for the class or not, a portion of the aid received is considered to be unearned and must be returned to the Title IV program from which it was received. For Title IV purposes, the withdrawal date is the last date of attendance as determined by attendance records or withdrawal form.

Steps: Return to Title IV:

The first step is a series of formulas to determine the amount of aid which must be returned. Following the determination of the last date of attendance, the school must calculate the number of days attended and the total number of days the student was scheduled to complete within the term; weekends and any periods of no classes which are five days in length or greater are excluded. Days attended are then divided by the days in the term the student was scheduled to complete. The percentage is multiplied by total aid for which the student is eligible to determine the amount of aid earned (% completed x total aid = earned aid). Total aid – earned aid = unearned aid (aid to be returned).

The next step is for the school to determine total institutional charges and multiply that figure by the percentage of unearned aid (100% - % completed = % unearned). It makes no difference which type of resources actually paid the school bill; the law assumes that Title IV aid goes first to pay the institutional charges. Institutional charges x % unearned = amount returned by school. The school must then return the amount of unearned aid, up to the maximum received, to each of the Title IV programs in the following order:

• Unsubsidized Direct Stafford Loan
• Subsidized Direct Stafford Loan

GENERAL INFORMATION
GENERAL INFORMATION

- Federal Perkins Loan (Calhoun does not participate)
- Direct Plus Loan
- Federal Pell Grant
- Federal Supplement Education Opportunity Grant (FSEOG)

The school then calculates the amount for which the student is responsible by subtracting the amount returned by the school from the total amount which is unearned. That remaining amount is the student's share and is allocated in the same order as above. Total amount unearned – amount returned by school = $ amount the student is required to return to Title IV funds. Once the school determines the dollar amounts owed to the student to the US Department of Education, the student will be notified of what he or she owes. Funds that must be returned by the student to the loan programs can be paid in accordance with normal loan repayment terms. If the student’s portion of unearned Title IV funds includes a federal grant, the student has to pay no more than 50% of the initial Pell award that the student is responsible for returning. A student has 45 days to make repayment and does not have to repay a grant overpayment of $50.00 or less. Unpaid balances will be reported to NSLDS, the National Student Loan Database system, and turned over to the U.S. Department of Education for collection. Until overpayments are repaid or satisfactory repayment arrangements have been made, student will be ineligible for further Title IV awards at any institution.

Once the school determines the amount Calhoun Community College is required to repay the U.S. Department of Education, the school returns the funds and bills the student for the amount of money the school had to repay. This policy is separate from the school’s institutional refund policy. Unpaid balances due to Calhoun Community College that result from amounts returned to Title IV programs and other sources of aid will be charged back to the student. The student is also responsible for paying all outstanding tuition balances to the college. The student's account will be placed on HOLD for registration and transcripts until the balance is paid in full. If a student does not attend any classes or ceases attendance during the 100% refund period, aid may have to be reduced to reflect appropriate enrollment status prior to recalculation. Return to Title IV funds. The Financial Aid Office processes the Return of Title IV Funds calculation. A student who has questions regarding the calculation should contact the Financial Aid Office at 256-306-2628. Forms, worksheets, and examples of calculations are available in the Financial Aid Office.

REPAYMENT POLICIES

Recalculation Policy
Changes in a student’s original enrollment may result in a recalculation of Title IV benefits; therefore students will be paid based on their enrollment status at the time of payment.

FWS funds are not considered in the refund process.

Repayment Policy

This policy applies to students who have withdrawn from 100% of their classes. It does not apply to students who have withdrawn from selected courses.

Treatment of Financial Aid for Complete Withdrawal

A Return of Title IV Funds calculation is processed for a student who meets the following conditions: receives Title IV funds (or who meets the conditions that may entitle the student to a late disbursement), begins attending classes, and completely withdraws from the term. The Return of Title IV Funds calculation is a policy of the United States Department of Education that determines the amount of the Title IV funds Calhoun Community College and/or the student are to return to a Title IV program. The term “Title IV Funds” refers to the Federal Financial Aid Programs authorized under the Higher Education Act of 1965 (as amended) and at Calhoun Community College includes Federal Direct Subsidized and Unsubsidized Loans, Direct Parent Loans to Undergraduate Students (PLUS), Federal Pell Grants and Federal Supplemental Education Opportunity Grants (FSEOG).

The student’s recalculated award amount is used in the Return of the Title IV Funds calculation. The percentage of Title IV aid earned is found by dividing the number of calendar days completed by the time of withdrawal date by the number of calendar days in the term. If the student has completed more than 60% of the term, the student is considered to have earned 100% of the Title IV aid. The amount of the Title IV aid earned is found by multiplying the amount of aid disbursed for the term plus what could have been disbursed by the percentage of Title IV aid earned. If the amount earned is less than the amount of aid disbursed, a late disbursement may be due. If the amount earned equals the amount disbursed, no return and no disbursement are to be made.

Calhoun Community College returns the lesser of (a) the total amount of unearned aid or (b) an amount equal to the student’s institutional charges multiplied by the percentage of aid unearned. The amount of aid Calhoun Community College is to return is then subtracted from the amount of the Title IV aid to be returned to find the initial amount of unearned Title IV aid for the student to return. The total of Title IV grant that was disbursed and could have been disbursed for the payment period is multiplied by 50% to find the amount of Title IV grant protected. The amount of Title IV grant protected is subtracted from the initial amount of unearned Title IV aid for the student to return. This is termed an overpayment. The student is billed for funds returned by Calhoun Community College.

In the event of an overpayment, Calhoun Community College notifies the student, and the student may be allowed 30 days to pay the amount in full to Calhoun Community College Business Office. If full payment is not made to Calhoun Community College within 30 days, the student’s account will be turned over to a collection agency. While the overpayment is due, the student remains eligible for financial aid generally for 30 days from the date of the overpayment.

The amounts returned by Calhoun Community College or by the student are returned in the following order: (1) Unsubsidized Direct Loan; (2) Subsidized Direct Loan; (3) Direct Parent Loans to Undergraduate Students (PLUS); (4) Federal Pell Grant and (5) Federal Supplemental Education Opportunity Grants (FSEOG).

The Financial Aid Office processes the Return of Title IV Funds calculation. A student who has questions regarding the calculation should contact the Financial Aid Office at 256-306-2628. Forms, worksheets, and examples of calculations are available in the Financial Aid Office.

TREATMENT OF FINANCIAL AID IF A STUDENT STOPS ATTENDING CLASSES OR EARN NO PASSING GRADES IN A TERM
A Return of Title IV Funds calculation is processed for a student who meets the following conditions: receives Title IV funds (or who meets the conditions that may entitle the student to a late disbursement), begins attending classes, and stops attending classes. The Return of Title IV Funds calculation is described in the previous section “Treatment of Financial Aid for Complete Withdrawal.”

**SATISFACTORY ACADEMIC PROGRESS (SAP)**

**Policy**

Federal regulations, HEA Sec. 484(c), §668.16, 668.34, require all schools participating in Title IV Federal Financial Aid programs to have a Satisfactory Academic Progress (SAP) policy that conforms to the requirements detailed below. These requirements apply to all students as one determinant of eligibility for financial aid.

- Your SAP status is based on your entire academic record, at all schools attended (includes all transferable hours), regardless of whether you received financial aid.
- SAP is calculated each semester after grades have been posted to academic history by the Registrar’s Office.
- If after the first term of attendance you are not making SAP, you will be put on a Warning status and allowed to keep aid for one term. Your continued eligibility will be determined after the next term check point.
- If your SAP status is Failure after the check is performed, you will not qualify for financial aid for the following term.
- If your SAP status is Failure and you cannot mathematically attain SAP requirements following the next term, an appeal will not be permissible. Documented mitigating circumstances may allow continued eligibility on a case-by-case basis and will require an academic plan.
- A student may appeal their SAP Failure status only twice during their academic career at Calhoun Community College.

**GPA and Completion Rate Requirements**

**GPA**

- If the student has attempted 1-21 hours they must maintain a 1.5 GPA.
- If the student has attempted 22-32 hours they must maintain a 1.75 GPA.
- If the student has attempted 33 or more hours they must maintain a 2.0 GPA.

**Completion Rate**

- If the student has attempted 1-21 hours they must maintain a 58% completion rate.
- If the student has attempted 22-32 hours they must maintain a 62% completion rate.
- If the student has attempted 33 or more hours they must maintain a 67% completion rate.

**Additional Regulations**

- Students are only allowed 150% of the programs length to complete the degree or certificate.
  - Example: General Studies is 64 credits. You are allowed 150% or 96 attempted credits to complete the program successfully. If you do not complete your program in the allotted timeframe your financial aid funds will be suspended.

- Title IV funds (grants and loans) will only pay for courses in the student’s declared major.
- If you do not meet any of the requirements listed you will be given one warning semester in which you will be eligible to receive aid.
- After the warning semester you must have the required GPA or completion rate to continue to receive financial aid assistance.
- If your funds are suspended you are able to appeal based on any mitigating circumstances that caused you to be unsuccessful in your coursework.
- Additional information as to the treatment of repeat, incompletes, withdrawals, transfer credit, bankrupted, and remedial classes is as follows:
  1. Repeat classes will be factored into the GPA, completion rate, and maximum timeframe calculations. In addition, a student can only repeat a successfully-passed class using federal aid once.
  2. Incompletes will be factored into the GPA, completion rate, and maximum timeframe calculations.
  3. Withdrawals will not be factored into the GPA calculation but will be included in the completion rate and maximum timeframe calculations.
  4. Transfer credits will not be factored into the GPA calculation but will be included in the completion rate and maximum timeframe calculations.
  5. Bankrupted classes will be factored into the completion rate and maximum timeframe calculations.
  6. Remedial classes will be factored into the GPA, completion rate, and maximum timeframe calculations.
- Courses attempted include any course in which grades of A, B, C, D, F, W, I, S, U or IP are given. Only courses with grades of A, B, C, or D count as earned credits.
- Students on financial aid warning status must not withdraw or receive any grades below a “C” in order to maintain financial aid eligibility.
- If you have any questions about your financial aid file, please contact the Financial Aid Office.
- Students can check their Satisfactory Academic Progress (SAP) by going to MyCalhoun.

**Financial Aid Appeal**

- Students may submit a Financial Aid Appeal if they can provide documented proof of mitigating circumstances. Mitigating Circumstances are those that are beyond the student’s control.
- Students must submit the appeal and all documentation pertaining to the appeal, by the published appeal deadline. Submitting a Financial Aid Appeal is **NOT** an automatic approval.
- The Financial Aid Committee will meet every 30 days to consider completed appeals. The decision of the appeals committee is final.
- Students will be notified of the decision made by the committee by e-mail.
- Students must follow the terms of their appeal if approved or their Financial Aid will be suspended.

**POLICY DETAILS**

What happens when you do not meet the requirements?
You are no longer eligible for financial aid – including work, loans, grants or scholarships. If on a Warning Status – eligibility may continue (note below).

Because you do not qualify for financial aid, you must pay your tuition and fees by the payment deadline or your registration will be canceled by the Business Office.

**Maximum Time Frame (maximum attempted credit hours)** – When you have attempted the maximum credit hours, you are no longer eligible to receive financial aid.

**Is there extended eligibility for a 2nd degree?** – Yes, you may attempt a total of 150% of the hours needed to complete your first degree plus 33 additional hours. The standard is $64 \times 150\% = 96 + 33 = 129$ attempted hours.

**Low Completion Ratio** – There are three statuses for low completion ratio before your eligibility for financial aid is canceled.

- **Warning Status** – The first time you fall short of meeting the required completion ratio, your status is Warning. You remain eligible to receive financial aid while in warning status.
- **Failure Status (Loss of Eligibility)** – After attending one semester on Warning status, if you do not meet the required completion ratio, your status becomes Failure Status. You are no longer eligible to receive financial aid until the required standards are met. You must successfully appeal to regain eligibility.
- **Probation Status** – After being placed on a Failure Status, AND a student has successfully appealed and financial aid has been reinstated, the student is eligible to receive financial aid. This status is only for one term and quite often will carry conditions and/or stipulations for continued eligibility.

Students who are receiving financial aid and are on warning or probation status must not withdraw or receive any grades below a “C” in order to maintain financial aid eligibility.

**Appeal Requirements:**

1. A typewritten explanation of extenuating circumstances associated with Failure Status. Indicate how these circumstances have changed so that you can comply with regulations in the future. Attach supporting documents to support the extenuating circumstances mentioned in the letter.

2. Include a “student plan of action” for academic improvement. This requires that you meet with an Academic Advisor or access MyCalhoun and get an Academic Evaluation Report.

3. Attach at least one letter of support from someone that can substantiate the extenuating circumstances. This individual should not be a family member. Examples would include a medical doctor, clergy, professional, etc.

4. Attach the SAP Appeal form and the SAP Evaluation Form.

5. The appeals forms must be provided to the Office of the Student Financial Services within the prescribed dates as noted on the SAP Appeal Form. Failure to provide these within the prescribed dates will result in a delayed determination.

6. An objective committee, composed of selected individuals outside the Office of Student Financial Services, determines whether the appeal is approved. The decision of the Appeals Committee is final and cannot be appealed further.

7. Appeal Denials or Non-appeals – If you are denied an appeal or you decide not to appeal, you must complete the necessary hours and earn the appropriate grades. Once you have reached the prescribed standards you become eligible to receive financial aid.

**No Progress (receiving all Fs or all Ws)**

In addition, any student that fails to make progress by receiving all Fs in any given semester will be placed on SAP Failure and will immediately lose eligibility for financial aid beginning the next semester.

Students receiving all Ws will be placed on SAP Warning beginning the following semester regardless of the students’ cumulative GPA, and their continued financial aid eligibility will be checked consistent with policy (the following term).

**INFORMATION ON SPECIFIC FINANCIAL AID PROGRAMS**

1. **ALABAMA STUDENT ASSISTANCE GRANT**
   The Alabama State Grant Program provides additional assistance to undergraduates who demonstrate exceptional financial need. Students who receive Pell Grants with the lowest family contribution figure (FC) are eligible. The Alabama State Grant is not a loan; therefore, the funds do not have to be paid back.

2. **FEDERAL WORK-STUDY**
   The College Work-Study Program provides employment for Calhoun students who need financial assistance. Students work part-time for the college while attending classes.

3. **DOROTHY B. JOHNSON LOAN FUND**
   This fund is available to students with an immediate cash flow problem and may be used to cover the cost of tuition and books. It must be repaid from grant or individual accounts within the semester borrowed.

4. **FEDERAL PELL GRANT**
   The Pell Grant Program provides financial assistance for students who qualify for funds in order to attend a postsecondary educational institution. A Pell Grant is not a loan; therefore, the funds do not have to be paid back. Students can receive a Pell Grant for a maximum of twelve semesters.

5. **FEDERAL PLUS LOAN PROGRAM**
   The Federal PLUS Loan Program provides loans to parents of eligible dependent students who need additional financial assistance in meeting postsecondary educational expenses. Eligibility is not based on income. This program is intended to supplement the Federal Stafford Loan Program.

   A parent may receive an amount not to exceed the student’s estimated cost of attendance minus any financial aid the student has been or will be awarded during the period of enrollment. There are no aggregate
6. FEDERAL DIRECT STUDENT LOAN

The Direct Student Loan (DSL) program is a loan program where a student may borrow funds to cover his/her educational expenses. Students may borrow either a subsidized or unsubsidized loan.

A subsidized loan is awarded on the basis of financial need. You will not be charged any interest before you begin repayment or during authorized periods of deferment. The federal government “subsidizes” the interest during these periods.

An unsubsidized loan is not awarded on the basis of need. You’ll be charged interest from the time the loan is disbursed until it is paid in full. If you allow the interest to accumulate, it will be capitalized; that is, the interest will be added to the principal amount of your loan and additional interest will be based upon the higher amount. This will increase the amount you have to repay. If you choose to pay the interest as it accumulates, you’ll repay less in the long run.

a. If you are a first-time borrower, your first payment will not be disbursed until 30 days after the first day of classes.

b. Loan Entrance Counseling is mandatory for all borrowers.

c. Students placed on financial aid probation are not eligible for the student loan program(s).

7. FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT

The FSEOG Program provides additional assistance to undergraduates who demonstrate exceptional financial need. Students who receive Pell Grants are eligible. The Supplemental Educational Opportunity Grant is not a loan; therefore, the funds do not have to be repaid.

8. VETERANS, SERVICE MEMBERS, AND THEIR DEPENDENTS’ BENEFITS

The Veterans Affairs Certifying Official’s Office is located in Room 101R at the Huntsville Campus. Qualified students may also submit paperwork through the Financial Aid Office in the Chasteen Student Center on the Decatur campus. Appointments for area students may be arranged if the veteran has questions or concerns by calling 256-890-4790. The VA Office is the certifying authority for veterans, active duty service members, reservists and National Guard, and dependents that qualify for the federal program. The VA Office serves as the link between the Regional Veterans Affairs Office and the VA benefit recipient who is enrolled at Calhoun Community College.

Calhoun Community College does not participate in the VA Advanced Pay Program. Veteran students (except Chapter 31 – Rehabilitation and Employment, and Chapter 33 Post 9/11) are required to pay all tuition and fees. After certification has been sent to the Regional Office, the education benefits will be sent directly to the veteran.

Calhoun Community College is in compliance with 8 USC 3679(c) and the following individuals shall be charged the in-state/in-district rate, or otherwise considered a resident, for tuition purposes:

- A Veteran using educational assistance under either Chapter 30 (Montgomery GI Bill – Active Duty Program) or Chapter 33 (Post-9/11 GI Bill) of Title 38, United States Code, who lives in the State of Alabama (regardless of his/her formal State of residence) and enrolls in the school within three years of discharge from a period of active duty service of 90 days or more.
- Anyone using transferred Post-9/11 GI Bill benefits (38 U.S.C. § 3319) who lives in the State of Alabama while attending a school located in the State of Alabama (regardless of his/her formal State of residence) and enrolls in the school within three years of the transferor’s discharge from a period of active duty service of 90 days or more.
- A spouse or child using benefits under the Marine Gunnery Sergeant John David Fry Scholarship (38 U.S.C. § 3311 (b)(9)) who lives in the State of Alabama (regardless of his/her formal State of residence) and enrolls in the school within three years of the Service member’s death in the line of duty following a period of active duty service of 90 days or more.
- Anyone described above while he or she remains continuously enrolled (other than during regularly scheduled breaks between courses, semesters, or terms) at the same school. The person do described must have enrolled in the school prior to the expiration of the three year period following discharge or death described above and must be using educational benefits under either Chapter 30 or Chapter 33 of Title 38, United States Code.

9. WORKFORCE INVESTMENT ACT (WIA)

A spouse or child using benefits under the Marine Gunnery Sergeant John David Fry Scholarship (38 U.S.C. § 3311 (b)(9)) who lives in the State of Alabama (regardless of his/her formal State of residence) and enrolls in the school within three years of the transferor’s discharge from a period of active duty service of 90 days or more.

Courses under Course Number 100 will not be approved for students under this program. Benefits include tuition, technology fee and books only. Facility fees must be paid by the student each semester.

(1) Apply for certificate at your local county Veterans Affairs Office.

(2) When student receives certificate from the Alabama Department of Veterans Affairs in Montgomery, Alabama, contact the Business Office, Calhoun Community College at 256-306-2541 or 256-890-4700 or 1-800-626-3628.

Courses under Course Number 100 will not be approved for students under this program. Benefits include tuition, technology fee and books only. Facility fees must be paid by the student each semester.

9. WORKFORCE INVESTMENT ACT (WIA) is a federally funded program to provide training assistance to dislocated individuals. Students may qualify for tuition assistance, book allowances and tool assistance. Interested dislocated workers should apply at their local Alabama State Employment Service.
10. SCHOLARSHIPS AND GRANTS-IN-AID

a. ACADEMIC SCHOLARSHIPS
March 1st is the date on which applications for academic scholarships are due. Scholarship applications are available online at Calhoun’s website at www.calhoun.edu. Each application is reviewed by the Calhoun Scholarship Committee, and each award is based upon academic achievement.

b. CALHOUN FOUNDATION SCHOLARSHIPS
The Calhoun Community College Foundation provides tuition scholarships based upon a variety of qualifying criteria. Recipients must have at least a “B” average for high school grades and/or maintain the average for courses taken at Calhoun. Scholarships are renewable for four semesters unless otherwise specified in the scholarship guidelines.

c. FINE ARTS SCHOLARSHIPS
Fine Arts Scholarships are available for students in art, graphic design, photography, voice, instruments, drama, and music industry. Additional information is available from a faculty member in the Fine Arts Department.

d. SENIOR ADULT PROGRAM SCHOLARSHIPS
This program provides tuition free admission for those who are 60 years of age or older. Students must enroll for credit courses and meet college and program of study admission standards. The award is based upon space availability in each course. Fees and other costs, other than tuition, are paid by the senior adult student.

e. STUDENT ACTIVITY AND LEADERSHIP SCHOLARSHIPS
These scholarships are received by:
1. President, Vice-President, and Secretary/ Treasurer of the Student Government Association;
2. Editor and assistant editor or photographer of the college literary magazine, The Muse;
3. Members of the College’s official student ambassadors, the Warhawks; and
4. President of Phi Theta Kappa

If a student leaves the position for which the scholarship was awarded, the scholarship may be passed to a successor. In addition, the student leaving the leadership position will reimburse the College a prorated amount of the tuition scholarship based upon the amount of time remaining in the college term.

f. SCHOLARSHIPS FOR DISADVANTAGED NURSING STUDENTS
These scholarships are awarded through a grant funded by the U.S. Department of Health and Human Services. These scholarships are awarded to full-time, financially needy students from disadvantaged backgrounds enrolled in the Associate Degree Nursing (ADN) Program. For purposes of SDS eligibility, full-time status is based on a combination of traditional contact hours and clinical hours in the Associate Degree Nursing Program.

Disadvantaged backgrounds as defined by HRSA (Health Resources and Services Administration) include: (a) comes from an environment that has inhibited the individual from obtaining the knowledge, skill, and abilities required to enroll in and graduate from a school (environmentally disadvantaged); or (b) comes from a family with an annual income below a level which is based on low-income thresholds according to family size published by the U.S. Bureau of the Census, adjusted annually for changes in the Consumer Price Index, and adjusted by the Secretary of Health and Human Services (HHS) for adaptation to this program (economically disadvantaged).

For more information, contact the SDS Grants Office or Dr. Debi Hendershot at 256-306-2581.

PLEASE NOTE: LPN students do not qualify for SDS Scholarships.

Additional financial aid information can be obtained from the Office of Student Financial Services.

BOOKSTORE
The College Bookstore is an auxiliary service owned and operated by Follett. The purpose of the Bookstore is to provide the college community with the widest possible selection of goods and services of high quality at equitable prices, with particular attention paid to academic requirements. For your convenience, the bookstore is located at both the Decatur and Huntsville campuses.

BUSINESS HOURS

DECATURE CAMPUS
Monday-Thursday
8:00 a.m.-5:00 p.m.
Friday
8:00 a.m.-12:00 noon
Special Hours
First week of class, special hours will be posted. Hours may vary when classes are not in session.

HUNTSVILLE CAMPUS
Monday-Thursday
9:00 a.m. - 6:00 p.m.
Friday
9:00 a.m. - 11:45 a.m.
(Bookstore hours are subject to change without notice.) Hours may vary when classes are not in session.

Special seasonal hours will be posted on the bookstore website:
www.calhousedecatur bkstr.com

METHOD OF PAYMENT
Payment may be made by cash, personal check or credit card. The following policy governs payment by check:
1. Checks are accepted for the amount of purchase only.
2. Checks must be made payable to the Calhoun College Bookstore.
3. Phone number, student number or driver’s license number and address must be recorded on face of check.

REFUND POLICY

Refunds will be granted up to seven (7) days after the first day of class with receipt. After the first week of classes, customers will have two days with receipt. There will be no refunds during the week of finals.

BOOK BUY BACK POLICY

Textbooks may be sold to the Bookstore any day that the bookstore is open. General buy back policy is as follows:

1. You must present a photo ID.
2. All titles will be considered for buy back regardless of where you purchased them. Price will be determined by market demand and may be purchased for as much as 50% of original purchase price.
3. Normal markings and underlining expected; however, books with excessive markings, water stains, broken bindings, loose pages, heavily soiled, etc. will not be purchased.

SECURITY/POLICE

The office of the Director of Calhoun Police is located in building #6 across from the Machine Tool building on the Decatur campus.

The campus police at the Huntsville/Cummings Research Park location can be contacted in the Administrative office at that location. Officers are available whenever classes are in session. Calhoun police have the responsibility for the following:

1. Assisting students
2. Enforcing traffic and parking regulations and state laws
3. Providing for parking and traffic flow for special events (Students, faculty, and staff must notify security when special events are scheduled on campus)
4. Issuing decals
5. Maintaining building security
6. Responding to any emergency situation

Phone: 256-306-2575, Decatur
256-890-4741, Huntsville

Emergency: 256-306-2911

NOTE: In case of a medical emergency, security will, at the individual’s expense, call an ambulance for transporting to a nearby emergency room for treatment.

INSTRUCTIONAL INFORMATION AND REGULATIONS

BEGINNING FALL 2012

All first-time freshmen are required to enroll in ORI 110, Freshman Seminar, during their first semester at Calhoun Community College.

CLASSIFICATION OF STUDENTS

University Parallel

Students who plan to enroll for coursework which will transfer to a four-year institution are considered to be university parallel students. Enrollment may be for a minimum of one term or through completion of a two-year degree. Students should meet with an academic advisor to discuss programs of study and transfer requirements.

Transient

Students who have previously attended another college and who will be enrolled for only one semester and then return to the college of original enrollment are considered to be transient students. Students must submit an official letter from the parent institution they have been attending which specifies the course(s) to be taken and certifies that the credits earned will be accepted by transfer.

Career and Technical

Students follow one of the career, technical, or allied health programs which lead to a certificate or degree.

Course Load

Students are classified according to the course load based on the credit hours for which they are enrolled on a semester basis.

<table>
<thead>
<tr>
<th>Credit Hour Loads</th>
<th>Credit Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Full-Time</td>
<td>12 or more</td>
</tr>
<tr>
<td>3/4 Time</td>
<td>9 - 11</td>
</tr>
<tr>
<td>Half-Time</td>
<td>6 - 8</td>
</tr>
<tr>
<td>Less than Half-Time</td>
<td>1 - 5</td>
</tr>
</tbody>
</table>

NOTE: To be eligible for financial assistance a student typically must be enrolled for at least 6 credit hours.

Drop-and-Add Period

The drop and add period for fall and spring will be the first two days of each semester and the first two days of each summer semester. No grade will be assigned if a course is dropped during the drop/add period. See the section of this catalog on refund policy for refund information.

GRADING POLICIES

Withdrawals

Students may withdraw from class, or the College, prior to the last day of the withdrawal period for the semester or term, as published in the College Class Schedule. To withdraw from class or the College, students must withdraw using their MyCalhoun account. Students who withdraw prior to the deadline will be assigned a grade of “W”. However, a grade of “F” will be assigned to students who fail to satisfactorily complete the requirements of a course or who voluntarily discontinue class attendance and fail to follow the College’s official withdrawal procedure.
GENERAL INFORMATION

Grades
The following letter symbols are used to indicate the student's level of achievement in courses taken:

A - Excellent (90-100)
B - Good (80-89)
C - Average (70-79)
D - Poor (60-69)
F - Failure (Below 60)

S - Successful
U - Unsuccessful

AU - Audit
I - Incomplete
IP - In Progress
W - Withdrawal

NOTE: Some programs and/or courses may require a higher numeric range than the standard noted above.

A, B, C are letter grades which represent levels of accomplishment sufficient to allow students to progress satisfactorily toward graduation and/or prerequisite requirements.

D is a letter grade which indicates minimum level accomplishment. Some courses/programs require a minimum of a "C" grade to progress to the next course or to remain eligible for continuation in a program of study.

F is the letter grade assigned to students who fail to meet minimum course requirements.

W is the letter grade assigned when a student withdraws from a course/courses after the drop/add period until the withdrawal deadline; the specific date can be found in the Class Schedule for each term.

I as a letter grade indicates incompletion of course requirements; thus an "I" is not a satisfactory completion and will not allow a student to progress to the next course level. An "I" is awarded only under extenuating circumstances. An "I" typically is used to signify that an instructor has granted permission to a student to complete work or that the Dean or designee has approved the student to take his/her final examination late. Other circumstances as approved by the instructor and/or Dean or designee may be granted. The student must be aware that he is not to sign up for the course again, but to see the instructor promptly and complete the course requirements.

Regardless of the circumstances, a grade of I must be changed by the end of the following term or it will be converted to an F.

IP as a letter grade indicates IN PROGRESS and may only be assigned to developmental credit courses, practicums, and internships. The awarding of an IP is the option of the instructor, provided the student has been in regular attendance and has demonstrated conscientious effort yet has not achieved course mastery. Students who receive an IP must repeat the course; it is not satisfactory completion. An IP may be used only once for a class.

S – Co-op, practicums, and training for Business and Industry.

U – Co-op, practicums, and training for Business and Industry.

Grade Points
A student's academic standing or Grade Point Average (GPA) is a means to evaluate the overall quality of work being done. In order to perform this measure, the following grade points are assigned.

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade Points per Hour</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4</td>
</tr>
<tr>
<td>B</td>
<td>3</td>
</tr>
<tr>
<td>C</td>
<td>2</td>
</tr>
<tr>
<td>D</td>
<td>1</td>
</tr>
<tr>
<td>F</td>
<td>0</td>
</tr>
<tr>
<td>S</td>
<td>0</td>
</tr>
<tr>
<td>U</td>
<td>0</td>
</tr>
</tbody>
</table>

The student's grade point average is obtained by dividing the total grade points earned by the total number of semester hours for which the grades of A, B, C, D, or F are assigned. Grades of W, IP, and AU do not affect the grade point average. A student must have a total overall grade point average of 2.0 (C) on all courses used for graduation in order to be eligible for graduation from Calhoun. (Developmental courses will not apply to the graduation audit).

Grade Appeal Procedure
Student grade appeals may be expected to occur in a large and complex institution. The prevailing philosophy of the institution is that such appeals be handled informally if possible. Only after full and comprehensive attempts made by students and faculty to resolve grade appeals have failed should a formal procedure be initiated.

There is no appeal procedure if six months of calendar time have elapsed; therefore, the grade appeal procedure must be initiated by the student within six months from the time the grade is received. There are two procedures for appealing a final grade. The first applies if the appeal is within the first eight weeks of the semester immediately following the one for which the grade was received. The second final grade appeal procedure applies if the appeal is after the first eight weeks of the succeeding term.

A. Procedure for appealing a final grade during the first eight weeks of the following semester:

A student may appeal the final grade received for a course by following the procedures outlined here. Grades received during the academic term for performance, tests, or other activities are private and confidential material between the student and the instructor and are not intended to be covered by the procedures. Daily grades may be considered only as evidence in the formal part of the appeal process, viewed solely on the basis of "a need to know," and handled in such manner so as to continue confidentiality.

1. The student should consult with the instructor promptly after receiving a final grade which he or she feels is unwarranted. If the appeal is not satisfied at this level, the Dean of the Division should meet with either or both in an informal attempt to reach closure. The burden of proof in the grade appeal lies with the student. If the appeal is resolved at this point, a “memorandum of record” should be prepared by the Dean of the Division.
Each division shall maintain a divisional grade appeal committee. Divisions may elect members or members may be appointed by the Dean of the Division. The divisional grade appeal committee should contain no fewer than three full-time faculty members. Members should rotate off the committee on a yearly basis. If a committee member is unable to serve due to involvement in the specific case being heard, the division chair will appoint a substitute for that particular case. The chairperson of the Divisional Grade Appeal Committee will be elected by the membership and will have the following duties: arrange times and places for the committee meetings and hearings; inform in writing all parties of the committee’s activities; ensure that proper records are prepared, maintained, and safeguarded; and chair all meetings and hearings.

The Chair of the committee shall ensure that hearings are reasonable and fair; that only matters properly before the committee are discussed; that meetings and hearings are conducted in a professional atmosphere; and that every attempt is made to protect the integrity of the parties involved.

Committee members must be present at all hearings in order to vote following deliberations. (If, in the committee's opinion, special experience or expertise is necessary for sufficient information to be available or if the appeal is of such sensitivity that the committee should not hear the appeal, the Chairperson shall so advise the Vice President for Instruction and Student Success or designee. The Dean will then appoint a special appeals committee of institution-wide membership to hear the specific case.)

2. If closure is not reached by using the informal approach, the student may file a formal grade appeal with the appropriate Dean of the Division. This writing must be dated and filed with the appropriate person prior to the midpoint of the succeeding semester. The formal grade appeal must state the reasons for the request, include the dates involved, name the instructor who assigned the grade, and include the previous attempts at resolving the situation informally. The burden of proof in the grade appeal lies with the student.

3. Prompted by the Dean of the Division, a divisional grade appeal committee is limited to two calendar weeks from the date of the appeal to convene, gather evidence, and conduct a hearing. Appropriate evidence in support of the appeal must be provided by the student. However, the committee may request the student's materials from the instructor in cases where the instructor possesses the evidence. Grade and attendance records may be requested of the instructor. However, neither tangential issues nor individual personalities will be considered by the committee. To maintain the confidentiality of the hearing, only committee members, the instructor, and the student may be present at the proceedings.

Each division shall maintain a divisional grade appeal committee. Divisions may elect members or members may be appointed by the Dean of the Division. The divisional grade appeal committee should contain no fewer than three full-time faculty members. Members should rotate off the committee on a yearly basis. If a committee member is unable to serve due to involvement in the specific case being heard, the division chair will appoint a substitute for that particular case. The chairperson of the Divisional Grade Appeal Committee will be elected by the membership and will have the following duties: arrange times and places for the committee meetings and hearings; inform in writing all parties of the committee’s activities; ensure that proper records are prepared, maintained, and safeguarded; and chair all meetings and hearings.

The Chair of the committee shall ensure that hearings are reasonable and fair; that only matters properly before the committee are discussed; that meetings and hearings are conducted in a professional atmosphere; and that every attempt is made to protect the integrity of the parties involved.

Committee members must be present at all hearings in order to vote following deliberations. (If, in the committee's opinion, special experience or expertise is necessary for sufficient information to be available or if the appeal is of such sensitivity that the committee should not hear the appeal, the Chairperson shall so advise the Vice President for Instruction and Student Success or designee. The Dean will then appoint a special appeals committee of institution-wide membership to hear the specific case.)

4. Following the conclusion of the hearing, the committee will deliberate privately as appropriate and prepare a written recommendation for the Vice President of Instruction and Student Success or designee to be submitted not later than seven calendar days after the date of the hearing. Their recommendation will be either to retain the grade or to alter it. If the recommendation is to alter, the specific grade after alteration will be indicated. The recommendation should include a brief summary of the facts of the hearing and the reasons for the committee’s decision. The deliberations and recommendation of the committee are confidential. The committee may meet with the Vice President of Instruction and Student Success or designee at the Vice President’s discretion to discuss actions, deliberations, and recommendations.

5. The Vice President of Instruction and Student Success or designee will provide a statement of the decision to the student within one calendar week following the committee’s recommendation. Copies of the statement of decision will be provided to the appeal committee, the Division Chairperson, and the faculty member involved. The decision of the Vice President of Instruction and Student Success or designee is final. (CCC)

B. Procedure for appealing a final grade after the first eight weeks of the following semester:

Within six months from the time the student received the grade being appealed, the student must initiate the process with the instructor of the course for which the grade was received. This appeal process is strictly informal in nature and must remain a discussion between the student and the instructor of the course. The instructor’s decision is final. There is no appeal procedure for final grades if six months of calendar time has elapsed.

Course Forgiveness Policy
Courses completed at Calhoun may be repeated at Calhoun. The last grade earned excluding W, and AU will be the grade used for graduation audits. Courses may not be repeated at another institution and used as a component of Calhoun's Course Forgiveness Policy.

1. If a student repeats a course once, the second grade (excluding grades of W, IP or AU) replaces the first grade in his/her cumulative grade point average if the student files a written request with the Admissions and Records Office.

2. When a course is repeated more than once, all grades for the course, excluding the first grade, will be employed in computation of the cumulative grade point average provided the student has requested course repeat as noted in item 1.

3. Transcripts will list all courses and the grades earned. A repeat symbol, 'R', may denote a course repeat. Zero credit hours can also indicate a course repeat. A transfer institution may choose to average all coursework regardless of Calhoun's institutional policy.

4. A student must request, by submission of the appropriate form, that the Registrar implement the “Course Forgiveness” policy for a course has been repeated.
GENERAL INFORMATION

Auditing a Course

Instructions for auditing a course at Calhoun are as follows:

A. A student who desires to audit a course must be admitted to the College;
B. The student's intent to audit a course must be made by the end of the registration/drop/add period and may not be changed thereafter. Students may not change from "Credit" to "Audit" or "Audit" to "Credit" after the drop/add period. The Registrar will designate the student's audit status on the class roll.
C. The student who audits a course will complete the same assignments as students who register for credit. In addition, the instructor may require the student who audits to take examinations.
D. Students may not audit any health science courses.
E. The cost of auditing a course is the same as for taking a course for credit.

ACADEMIC PROGRAM CHANGING

Request for a change of academic program should be submitted in writing to the Office of Admissions and Records.

Students should be aware of the possible consequences resulting from a change of academic program — transferability of courses completed, new requirements for graduation, job potential, limit on total number of courses for financial aid eligibility, etc. Students should confer with an advisor prior to initiating a change of academic program.

Students affected by VA regulations should consult Veterans Services staff in the Financial Aid Office prior to initiating a change of major.

ACADEMIC BANKRUPTCY

A. A student may request in writing to the Registrar a declaration of academic bankruptcy under the following conditions for coursework attempted with Calhoun:

1. If fewer than three (3) calendar years have elapsed since the semester for which the student wishes to declare bankruptcy, he/she may declare academic bankruptcy on all coursework taken during that one semester provided the student has completed a minimum of 18 semester hours of coursework at Calhoun since that semester. All coursework taken during the semester for which academic bankruptcy is declared, including hours completed satisfactorily, will be disregarded in the cumulative grade point average.

2. If three (3) or more calendar years have elapsed since the most recent semester for which the student wishes to declare bankruptcy, the student may declare academic bankruptcy on all coursework taken during 1-3 semesters/terms provided the student has completed a minimum of 18 semester hours of coursework at Calhoun since the bankruptcy semester occurred. All coursework taken, during semester(s) for which academic bankruptcy is declared, including hours completed satisfactorily, will be disregarded in the cumulative grade point average.

B. When academic bankruptcy is declared, the transcript will reflect the semester of its implementation and the transcript will indicate "ACADEMIC BANKRUPTCY IMPLEMENTED."
C. A student may declare academic bankruptcy only once.
D. Implementation of academic bankruptcy at Calhoun does not guarantee that other institutions will approve such action. This determination will be made by the respective transfer institution(s).

Student Course Overloads

A full-time student must be enrolled for 12 semester credit hours or more each term. Students may register for more than 19 semester credit hours only with the written permission of the Vice President of Instruction and Student Success or designee. No student will be approved for more than 24 semester credit hours in any one term for any reason. "Miniterms/minimesters" are only a part of a full term/semester and are not considered as stand-alone/individual terms. No more than two (2) laboratory courses will be approved as part of any overload request. To be considered for an overload, the student must meet the following criteria:

1. Have successfully completed a minimum of 18 semester credit hours with Calhoun; and
2. have a minimum of a 3.0 GPA for all coursework completed at Calhoun.

ADVANCED STANDING CREDIT

Credit by Transfer

Refer to General Principles for Transfer of Credit on page 12.

Credit from Nontraditional Sources

Calhoun Community College provides an opportunity for students to earn a reasonable amount of credit toward the Associate Degree or Certificate through methods other than formal classroom instruction. While nontraditional credit may apply toward degree and certificate programs granted by the college, it should not be assumed that such credit will automatically be accepted by other colleges.

Not more than 25% of total credit required for any program may be awarded through nontraditional means towards a degree from Calhoun. Students may not earn credit through nontraditional sources for any course in which a grade has been previously received. The types of nontraditional credit and procedures to follow are listed below:

COLLEGE LEVEL EXAMINATION PROGRAM-CLEP

Calhoun Community College honors credit earned through CLEP examinations provided appropriate scores are achieved and certain conditions are met. A minimum score at or above the 50th percentile is required for specific course credit.

Any elective credit earned by nontraditional means may apply toward
the total number of hours required for graduation but may not apply toward specific requirements in a particular subject area. For example, elective credit in English will not meet degree requirements of six hours of composition.

Credit for SUBJECT EXAMINATIONS may be granted provided the student has not been enrolled for more than one week in the course for which credit is to be earned. CLEP credit is not granted for college level courses previously failed, for courses in which credit for higher level course work has been earned, or for both subject examination and its course equivalent. The CLEP Subject Exam will supersede the CLEP General Exam; credits will not be awarded for the Subject and General Exam in the same discipline. Only elective credit will be given for general exams.

</table>

The scores listed above are reflective of the computerized CLEP examination.

Students who have CLEP scores from a paper and pen examination should contact the Admissions and Records Office for minimum scores to determine credit awards. Scores are estimates and subject to change without notice.

The policy of granting credit through CLEP at Calhoun Community College may differ from policies at other colleges. Check with other colleges to obtain additional information. Area colleges offering the CLEP are Alabama A&M, Athens State University, and UA Huntsville.

### POLICE ACADEMY WORK

Credit may be available for completion of approved Peace Officer Training Courses/Programs. Consult the Dean for Social Sciences and Humanities for information.

### SPECIALIZED MILITARY TRAINING

Calhoun adheres to policies prescribed by the Guide to the Evaluation of Educational Experiences in the Armed Services published by the American Council on Education, in granting credit for military course work.

### CREDIT FOR PRIOR EXPERIENCE

Credit may be granted through the following methods only:

1. Comprehensive Departmental Challenge Examinations;
2. CLEP General or Subject Examinations;
3. An evaluation of training as detailed in the National Guide to Educational Credit for Training Programs;
4. Professional Secretary Certification (CPS);
5. Other experiences which have been received by the American Council on Education and credit recommendations published.

### ADVANCED PLACEMENT TEST (AP)

Credit for the Advanced Placement Test will be awarded for a minimum score of three on subject tests. Not more than 25% of total credit required for any program may be awarded through non-traditional means towards a degree from Calhoun.

### INTERNATIONAL BACCALAUREATE (IB)

Credit may be awarded for IB courses provided:

- Calhoun Community College recognizes International Baccalaureate (IB) credit with a score of 4 on the higher level examinations.
- Reports of IB scores should be sent to the Calhoun Office of Admissions for evaluation.
- Additional credit may be awarded on a course-by-course basis as approved by the department associated with the student’s program. The department will determine the application of credits toward degree requirements.
- Any credit awarded will be recorded without grades or quality points and will not be included in the calculation of grade point average.

### SPECIALIZED TRAINING WITH INDUSTRY

Credit may be awarded for industry training provided:
1. A specific contractual agreement is in effect.
2. Industry training has been reviewed by the appropriate faculty in the
A student's status is clear when the cumulative GPA is at or above 2.00.  

3. Must have been admitted to Calhoun,  
4. Will be awarded credit only for courses in their program of study at the college, and  
5. The student must request articulated credit no later than 16 months following high school graduation.

To qualify for possible credit, a student must:  

1. Must have earned a "B" or higher in courses to be articulated,  
2. Must be admitted to Calhoun,  
3. Will be awarded credit only for courses in their program of study at the college, and  
4. The student must request articulated credit no later than 16 months following high school graduation.

For specific information on programs, what credit may be awarded, and any other limitations, please contact the Dual Enrollment office at 256-306-2665 or 256-306-2671.

Calhoun also works with Career/Technical administrators and faculty in the high schools to develop local articulation agreements, which award college credit for identified high school coursework. Local agreements have been established in the areas of technology, business, computer information systems, graphic arts, child development and medical terminology. The articulated high school courses contain the same course content as an equivalent college course and Calhoun has agreed to award college credit to those students who meet the requirements outlined in the course articulation agreement. In order to receive articulated credit, through local agreements, a student must meet the same criteria outlined above.

**STATEWIDE AND LOCAL CAREER TECHNICAL ARTICULATION AGREEMENTS**

Effective January 2006, students who have completed technical coursework in high school and enroll in the same program with Calhoun Community College may be eligible to receive credit for the work completed in high school. Programs that are involved include, but are not limited to, Industrial Maintenance, Machine Tool Technology, Air Conditioning and Refrigeration, Electrical Technology, Design Drafting Technology, Health Science, Aerospace- Welding, Computer Science, Cosmetology, Business, Early Childhood Education, Cooperative Education, Graphic Design, and Photography.

To qualify for possible credit, a student must:

1. Must have earned a "B" or higher in courses to be articulated,  
2. Must be admitted to Calhoun,  
3. Will be awarded credit only for courses in their program of study at the college, and  
4. The student must request articulated credit no later than 16 months following high school graduation.

For specific information on programs, what credit may be awarded, and any other limitations, please contact the Dual Enrollment office at 256-306-2665 or 256-306-2671.

Calhoun also works with Career/Technical administrators and faculty in the high schools to develop local articulation agreements, which award college credit for identified high school coursework. Local agreements have been established in the areas of technology, business, computer information systems, graphic arts, child development and medical terminology. The articulated high school courses contain the same course content as an equivalent college course and Calhoun has agreed to award college credit to those students who meet the requirements outlined in the course articulation agreement. In order to receive articulated credit, through local agreements, a student must meet the same criteria outlined above.

**PROBATION AND SUSPENSION**

**A. Academic Standards of Progress**

According to the number of hours a student has attempted with Calhoun, the following GPA levels must be met to remain in good academic standing:

1. 12-21 credit hours attempted at Calhoun, minimum cumulative GPA of 1.50;  
2. 22-32 credit hours attempted at Calhoun, minimum cumulative GPA of 1.75;  
3. 33 credit hours or more attempted at Calhoun, minimum cumulative GPA of 2.00.

**B. Clear Academic Status**

A student's status is clear when the cumulative GPA is at or above the GPA required for the total number of credit hours attempted at Calhoun.

**C. Academic Probation**

1. When a student's cumulative GPA is below the GPA required for the number of hours attempted at Calhoun, the student is placed on Academic Probation.  
2. When a student on Academic Probation has a cumulative GPA below the requirement based on hours attempted at Calhoun, but the semester GPA is 2.00 or above, the student remains on Academic Probation.

**D. Suspension - One Semester**

When the cumulative GPA of a student on Academic Probation remains below the GPA required for the total number of hours attempted at Calhoun and the semester GPA is below 2.00, the student is suspended for one semester. The transcript will read SUSPENDED - ONE SEMESTER.

**E. Suspension - One Year**

A student readmitted after serving a suspension or upon appeal re-enters on Academic Probation. If the cumulative GPA remains below the level required for the total number of hours attempted at Calhoun and the semester GPA is below 2.00, the student will be suspended for one calendar year. The student's transcript will read SUSPENDED - ONE YEAR.

**F. Appeal of Suspension**

A student who wishes a reconsideration of his/her suspension, whether it is for one semester or for one year, must do so in writing to the College Admissions Committee. The student may present a rationale and/or mitigating circumstances in support of his/her request for readmission. The decision of the Admissions Committee for an appeal is final.

**ATTENDANCE POLICY**

**FOR CLASSES OTHER THAN DISTANCE LEARNING/HYBRID CLASSES:**

Attendance is taken for each class meeting. Absences are counted beginning with the first class meeting after the student registers; however, students are responsible for all coursework and assignments made or due from the first day of class. In general, students should have no more than 4 absences for a 15-week term, no more than 3 absences for a 10-week term, no more than 2 absences for an 8-week term, and no more than 1 absence for a 5-week term. Each course syllabus will clearly state the number of absences considered as the acceptable maximum for the class as well as how late arrivals and early departures will be handled. Each course syllabus will also state policies regarding make-up work, if allowed. The policies stated in the course syllabus for a student's specific class will be the policies for which the student will be held accountable. Communication with the instructor concerning absences is essential. If a student has excessive absences, s/he is encouraged to withdraw from the course after consulting with the instructor. Instructors will not withdraw students for any reason. If a student fails to officially withdraw from a course, this could result in a grade of F and adversely impact financial aid. Withdrawing from a course is the responsibility of the student. Therefore, a grade of F will not be changed without written approval from the Vice President of Instruction and Student Success. Military personnel who are involuntarily called to active duty for unscheduled and/or emergency situations and those individuals called for jury duty will be excused with official documentation.
College related events which the student is required to attend by the club sponsor and which have been approved by the appropriate Dean will also be excused. Official documentation will be required. Make-up work will be accepted under these excused circumstances as outlined in the individual course syllabus.

FOR DISTANCE LEARNING/HYBRID CLASSES:
The U.S. Department of Education has indicated that documenting a student's attendance in a distance education class by confirming that they have logged in or requiring simple communication with the instructor is not adequate. Instead, an instructor must record attendance within the first week of class by demonstrating that students have participated in a face-to-face class activity or were otherwise engaged in an academically-related online activity.

Based on this Federal requirement, attendance in a Distance Learning or Hybrid course will be recorded within the FIRST WEEK of the course by one or more of the following:
- Physically attending a class where there is an opportunity for direct interaction between the instructor and students.
- Submitting an academic assignment.
- Taking an exam, an interactive tutorial, or computer-assisted instruction.
- Attending a study group that is assigned by the institution.
- Participating in an online discussion about academic matters.

Activities that cannot be used for attendance:
- Logging into an online class without active participation.
- Sending an email or posting an introduction to a discussion forum.
- Participating in academic counseling or advisement.

After the first week, the student's “attendance record” will be based on the student's meeting course requirements such as submitting assignments or communicating with the instructor as outlined in the course syllabus. It is expected that a student will receive a weekly attendance record based on requirements stated in the course syllabus. If a student does not meet attendance requirements as stated in the course syllabus, the student is encouraged to officially withdraw from the course. Failure to officially withdraw from the course could result in a grade of F and adversely impact financial aid.

Final Examination Attendance
Attendance at final examinations is mandatory. Such examinations are administered in all academic subjects at the end of each semester in accordance with an examination schedule issued by the Dean or designee. Any student who must miss a final examination has the responsibility of notifying his/her instructor to make arrangements to take the final examination on an alternate date, if possible. This is accomplished by filling out a form entitled “Permission to Alter Final Examination Schedule” which may be obtained in divisional/departmental offices. One copy of the form is retained by the faculty member and one copy is retained by the student. Faculty members should not change the published class examination schedule without prior approval from the Dean or designee.

RECOGNITION OF ACADEMIC EXCELLENCE

President’s List
Calhoun publishes a President’s List at the end of each semester. The President’s List contains the names of all students carrying 12 or more semester hours who have earned a grade point average of 4.00. Developmental courses will not count toward minimum course load requirement for academic recognition.

Dean’s List
Calhoun publishes a Dean’s List at the end of each semester. The Dean’s List contains the names of all students carrying 12 or more semester hours who have earned a grade point average of 3.50 through 3.99 and who have made no grade below a “C.” Developmental courses will not count toward minimum course load requirement for academic recognition. The GPA is figured by semester, and the Dean’s List is not based on the student’s cumulative GPA.

Phi Theta Kappa
Calhoun students who are enrolled in at least one course after the drop/add period ends each semester and who have at least a 3.5 cumulative GPA and have completed at least 12 semester hours creditable toward a two-year degree are invited to join the Sigma Lambda Chapter of Phi Theta Kappa, the International Honor Society of two-year colleges. Members must maintain at least a 3.0 cumulative GPA to retain membership. Phi Theta Kappa members may qualify for numerous scholarships to four-year colleges and universities throughout the United States. Phi Theta Kappa members are authorized to wear the prestigious gold membership pin after induction, and the distinctive gold tassel, honors stole and double honor cords at the Calhoun graduation ceremony. A graduating member will have the Phi Theta Kappa gold seal affixed to the awarded degree. The academic transcript of a member displays the Phi Theta Kappa designation. Membership in the organization is considered to be an asset on an employment resume.

Sigma Kappa Delta
Sigma Kappa Delta is the English Honor Society for two-year colleges. Sigma Kappa Delta national headquarters is located at Calhoun Community College. The society strives to:
- Confer distinction for high achievement in English Language and Literature in undergraduate studies;
- Provide, through its local chapters, cultural stimulation on college campuses and promote interest in literature and the English language in surrounding communities;
- Foster all aspects of the discipline of English, including literature, language, and writing;
- Promote exemplary character and good fellowship among its members; and
- Exhibit high standards of academic excellence and serve society by fostering literacy.

Sigma Kappa Delta’s central purpose is to confer distinction upon students of the English language and literature in undergraduate studies. Our parent organization, Sigma Tau Delta, the International English Honor Society, is the proud sponsor of the National English Honor Society (NEHS). NEHS, a program of Sigma Tau Delta, serves students and faculty who share a commitment to excellence in English Language Arts.
GENERAL INFORMATION

Calhoun students must meet the following criteria for membership:

- Have completed a minimum of one college-level English Language (composition) or literature course at 100 level or above with a “B” average or better;
- Have completed at least 12 semester hours or the equivalent quarter hours of college credit; and
- Have a minimum 3.0 GPA on a 4.0 scale.

GRADUATION

Calhoun Community College awards:

- the Associate of Science degree,
- the Associate of Applied Science degree, and
- Certificates.

Even if you plan on transferring to pursue another degree, receiving your Associate's degree from Calhoun Community College is valuable and a great start to your academic career.

Applying for graduation at Calhoun is easy. Simply go to www.calhoun.edu, click on Admissions, choose Applications and Forms, complete the online survey, then print and complete the graduation application and return to the Admissions and Records Office. NOTE: There is no cost to apply.

DEGREES

The Associate of Science Degrees are designed for those students who plan to transfer to a four-year institution. The associate of science degrees are comprised of at least 60 semester credit hours, but no more than 64 semester credit hours.

The Associate of Applied Science Degrees are designed for those students who plan to seek employment based upon the competencies and skills attained through these programs. While not designed to meet the needs of students who transfer to a four-year institution, portions of these programs may do so. The associate of applied science degrees are comprised of at least 60 semester credit hours, but no more than 76 semester credit hours. Specific requirements are outlined in this catalog.

The Certificate programs are below the degree level and are designed for students who plan to seek employment. There are two types of certificates, long-term and short-term. The long-term certificates are comprised of at least 30 semester credit hours, but no more than 60 semester credit hours. The short-term certificates are comprised of at least 9 semester credit hours, but no more than 29 semester credit hours. Specific requirements are outlined in this catalog.

Degree Requirements

1. Any applicant for graduation who has coursework more than seven years old may be required to repeat that coursework before a degree/certificate is awarded to ensure that their skills and knowledge meet today's standards. The coursework limit only applies to certain fields (i.e. computer science, applied technology, allied health, etc.). Students who are unsure about their coursework should consult the appropriate division dean.

2. Applicants may elect to graduate using the course requirements under the catalog in effect at the time of initial enrollment or the catalog in effect at the time they apply for graduation provided the student has maintained continuous enrollment or lacks only one semester to graduate. Any student who fails to register for classes for two or more consecutive semesters, excluding summer, has not maintained continuous enrollment. Students who do not maintain continuous enrollment will fall under the catalog in effect at the time of readmission or may elect to use the catalog in effect at the time they apply for graduation. Students who change their major will fall under the catalog in effect at the time the major is changed or the one in effect at the time they apply for graduation to determine graduation requirements.

3. Applicants must complete 60 - 76 semester hours of college credit work in a planned program of study. (Courses considered as developmental will not apply toward degree requirements.)

4. Applicants must earn a minimum overall grade point average of 2.00 for all courses attempted at the institution. A course may be counted only once for purposes of meeting graduation requirements.

5. Applicants must complete at least 25% of the total semester hours of degree requirements at Calhoun Community College to earn residency.

6. Generally applicants are expected to be enrolled during the semester the degree is earned. However, those students who are within five calendar years from the last semester of attendance at Calhoun and have transferred to another college or university are encouraged to transfer credits back to Calhoun to complete the requirements for a degree. Generally, a minimum grade of “C” is required in the courses transferred.

7. An application for graduation must be submitted to the Office of Admissions and Records once the appropriate graduate fee has been paid to the Business Office. NOTE: There is no cost to have your degree posted on your academic transcript. However, to receive a copy of your diploma, the cost is $20 per degree. The application for graduation should be submitted at least one term prior to your planned term of graduation. Completing your application at least one term prior to graduation will allow the Admissions and Records Office time to perform a graduation audit to ensure all requirements have been met. This process also allows time for adjustments to a student's academic plan, as needed.

8. Applicants must clear all procedural, operational, and financial obligations to the College.

HONOR GRADUATES

To graduate with honor, a student must maintain the following grade point average on all college level course work (developmental courses not included) considered for degree requirements. Also, in order to be eligible for a graduation honor, the student must have completed a minimum of 24 semester hours at Calhoun Community College. NOTE: Please remember, courses transferred in from other institutions are not calculated into a student's grade point average.

A.S. and A.A.S. Degrees:
Cum Laude 3.50 to 3.69 GPA
Magna Cum Laude 3.70 to 3.89 GPA
Summa Cum Laude 3.90 to 4.00 GPA

Certificates:
With Distinction 3.50 to 4.00 GPA

VISITING STUDENT PROGRAM

A cooperative arrangement exists with Alabama A & M University, Athens State University, Oakwood University, the University of Alabama in Huntsville, and Calhoun Community College. Under this arrangement, a student at any of the participating institutions may request permission to attend a class at one of the other schools. Conditions governing the granting of permission include the following:
1. The student must be a full-time student.
2. The student must have an overall “C” average.
3. The course desired must be unavailable at the student’s home institution but be included in the student’s home institution catalog.
4. The student’s request must be approved by the student’s advisor and other appropriate personnel.
5. Permission of the institution teaching the course is after its own students are accommodated.
6. Distance Education and CIS courses are restricted enrollment and are not normally available to visiting students.
7. Enrollment in courses is subject to appropriate prerequisite and/or placement testing.

Any student interested in participating in the Visiting Student Program should contact the Office of Admissions at the parent institution for additional information.

LIBRARY SERVICES

http://www.calhoun.edu/library.aspx

Mission:
We offer access to information and promote lifelong learning.

Brewer Library, Decatur Campus
The Albert P. Brewer Library is located on the Decatur campus. Print books, eBooks, online books, online databases, magazines and journals, newspapers, books-on-tape, books-on-CD, and Reserve materials are included in the holdings.

Computer workstations provide access to print materials as well as 46,500 full text EBSCOhost electronic books (eBooks) through the Library Catalog found on the Library Web site.

Calhoun students (including Dual Enrollment) and employees have access to licensed, online databases offered through the Alabama Virtual Library plus databases licensed by the college. Thousands of magazines, journals, newspapers, and trade publications offer full-text articles. Off Campus access requires a Username (C Number) and Password (last name).

Workstations offer access to Microsoft Office 2013 application software (Word, Excel, Access, and PowerPoint). In addition, students can access MyCalhoun, Blackboard, Tegrity, SPACE and STARS from workstations.

Reciprocal borrowing privileges are in place for all Calhoun students and faculty to borrow books at the libraries of Athens State University, Drake State Community and Technical College, and Alabama A&M University without a charge. The UAH Library charges a $25 annual fee for the checkout of materials. All cooperating libraries require verification that the student is registered at Calhoun for the current semester. Community patrons are also invited and encouraged to register for a Calhoun Library Card. A driver’s license and social security number are required for registration as a Borrower.

One-on-one assistance in conducting library research and traditional reference services are offered by a librarian. Library instruction for classes (day and evening) can be scheduled by communicating with the Reference Librarian at 256-306-2777 or email reference@calhoun.edu.

The VIP Room is equipped with student workstations for hands-on use and may be scheduled by instructors and other groups by calling the circulation staff at 256-306-2774. Learning space is available with technology for groups of students for collaborative study. Study rooms are also available. Inquire at the Circulation Desk to reserve both.

TILT (The Information Literacy Tutorial), is offered in ORI 110 and is customized by librarians to teach information literacy skills by introducing Library resources.

Personalized library instruction is offered to English 101 classes when instructors make the request. Online tutorials for searching selected databases and eReference guides are available through the Library Web site.

For more information, including hours, the Library blog, Twitter, and Facebook, please access the Library Web site.

Huntsville Campus Library
The online Library Catalog offers access to print collections held at the HCL and Brewer Library as well as eBooks and online book collections. More than 46,500 EBSCOhost eBooks offer online, full-text content that support the academic programs. Credo Reference offers full-text, online access to 550+ online reference books. When accessing an eBook off campus, you must enter a Username (C Number) and Password (last name).

Computers offer access to licensed, online databases provided by the Alabama Virtual Library plus databases licensed by the college. All licensed databases offer full-text articles and are accessible remotely to authorized users via a Username (C Number) and Password (last name).

A collection of print magazines, journals, and newspapers is available for casual reading.

A Virtual Reference Desk compiled by librarians is accessible from the Library Web site and offers Web based dictionaries, handbooks, encyclopedias, directories, and open source Web resources organized by academic departments.
Librarians offer one-on-one assistance in conducting library research. Inquire at the Reference Desk in person, by telephone, or make a request via email at reference@calhoun.edu.

TILT (The Information Literacy Tutorial), offered in ORI 110, teaches the basics of information literacy and library instruction—how to select, access, evaluate, and use information resources available to Calhoun students through the Brewer Library and Huntsville Campus Library.

Librarians offer personalized library instruction for English 101 classes upon request by the instructor—day, evening, and weekend. To schedule a class, call 256-890-4777 or email reference@calhoun.edu.

For more information, including hours, the Library blog, Twitter, and Facebook, please access the Library Web site.

SPECIAL PROGRAMS

ADULT EDUCATION

This program offers adults the opportunity to prepare for the WorkKeys, High School Equivalency test and the ASVAB. Alabama has chosen to award the GED® as the official High School Equivalency for the State. The Career Readiness Certificate (CRC) is also awarded to those Adult Education students who take the WorkKeys test in the areas of Applied Math, Reading for Information and Locating Information. A score of 3 will earn bronze, 4 silver and 5 a gold certificate.

Persons who speak a foreign language have the opportunity to learn to speak English through our English as a Second Language (ESL) program.

Distance Learning is offered for Adult Education students who qualify and meet the minimum technology requirements.

Each participant in any Adult Education program begins by taking an Assessment test to determine qualifications and his/her strengths and weaknesses. Instruction is on an individualized basis. Based upon the results of the Assessment test, the student and instructor design a program to help reach the student's goals. All Adult Education programs are free of charge.

Contact the Adult Education office at 256-306-2830 in Decatur or 256-890-4793 in Huntsville for additional information.

The Bridge Program is a series of fast-paced courses designed to prepare students for college level math and language classes. The program is open to all students with a GED or HS diploma who desire extra help before college. All classes are free. The Language Bridge program is a 7 week course, while the Math Bridge program is a 5 to 15 week course depending on need. You will need a photo ID and a copy of your COMPASS score to register.

For Decatur site information please call the Decatur office at 256-260-2475; for Huntsville site information please call the Huntsville Office at 256-713-4805. Adult Education students also have access to our counseling services to explore educational and career pathways. Assistance is offered with the steps and skills related to transitioning to both college and the workforce. Contact the Transition Counseling office at 256-890-4810.

High School Equivalency Options - GED® Test

Calhoun Community College's high school equivalency option is the GED® Test. Our primary mission is to provide a reliable process for certifying that adults possess the major and lasting outcomes of a traditional high school education. Calhoun Community College accepts the GED® diploma as well as other diploma options as a component for admission. To register for the GED:

- You must register online at ged.com and set up a Student account.
- Test fees are paid on-line at ged.com using a credit or debit card. Students enrolled in Adult Education classes may be eligible for a fee waiver of $100 of the $120 fee for the entire test through the use of vouchers. Each of the four (4) sections of the test may be taken individually or grouped together.
- Special accommodations are available upon approval. Go to: gedtestingservice.com/accommodations

The GED® test is administered at both the Decatur and Huntsville campuses.

COOPERATIVE EDUCATION

Calhoun Community College's Cooperative Education Program affords students the opportunity to acquire on-the-job experience before graduation by combining studies at Calhoun with a related work experience in business/industry. The program offers two work plans, the Parallel Plan and the Alternating Plan. The Parallel Plan allows the student to work on a part-time or full-time basis (a minimum of 20 hours per week) in a job directly related to his/her academic major while attending school. Under the Alternating Plan, students alternate semesters of study at Calhoun with semesters of full-time work in business/industry. Cooperative education is also available to students already working in a job that is related to their major.

Requirements

To be eligible for consideration for the program, an applicant must:

1. Complete and submit a program application packet (application, resume, transcript release, and Instructor recommendation).
2. Schedule an appointment and meet with the Co-op Coordinator.
3. Have and maintain an overall GPA of 2.5 (minimum).
4. Have declared a major in field for which student is applying for a co-op.
5. Technologies and Pre-engineering students have additional coursework pre-requisites. They are as follows:
   a) TECHNOLOGIES: a minimum of 12 credit hours to include successful completion of ADM 100 - Industrial Safety AND ADM 101 - Precision Measurement or ADM 106 - Quality Control Concepts with a "C" or better
   b) PRE-ENGINEERING: a minimum of 33 credit hours to include successful completion of MTH 126 AND PHY 213/216 with a "C" or better. Must also have taken or be taking EGR 101 in the semester that the student plans to co-op.

6. Be a minimum of 18 years of age.
8. Adhere to Calhoun’s attendance policy.
9. Adhere to company-specific personnel policies including those regarding time and attendance.

**Application Procedures**

Students who wish to be considered for the Cooperative Education Program should complete the following steps:

1. Check requirements and confirm that all pre-requisites are met.
2. Print and fill out all application forms. Forms can be at www.calhoun.edu/cooperation.
3. Secure a recommendation for the Co-op program from an instructor in the student’s major. This recommendation must be at: www.calhoun.edu/cooperation
4. Set up an appointment and meet with Calhoun’s Co-op Coordinator.
5. Contact the Co-Op Office at 256-306-2515 with any questions.

**DISTANCE LEARNING**

Distance Learning focuses on utilizing technology and teaching methods to provide instruction to students outside the regular classroom and thereby increase flexibility and scheduling options. There are two types of Distance Learning courses at Calhoun: hybrid and online.

- A hybrid course is one in which a majority of instruction is delivered in a structured alternative delivery format including, but not limited to, the Internet and/or other off-campus formats. Calhoun identifies a hybrid course with an “HC” in the course schedule.

- An online course is one in which instruction is delivered entirely online through Blackboard, a course management system that an online course with a “W” in the course schedule.

Both hybrid and online courses require a reliable and current computer and Internet access, preferably high-speed. Additionally, Distance Learning courses require computer literacy and reading comprehension skills, as well as self-discipline and motivation. Students register for Distance Learning courses in the same way they register for traditional courses. For additional Information, please visit our website, www.calhoun.edu.

**WEEKEND COLLEGE**

Weekend College is available at the Huntsville Campus location during Fall and Spring semesters. For more information regarding weekend classes in Huntsville, call 256-890-4701. The semester schedule includes all weekend course offerings.

**GENERAL INFORMATION**

**STATEWIDE TRANSFER AND ARTICULATION REPORTING SYSTEM (STARS)**

In order to assist Calhoun Community College students with the transferring of courses to other institutions of higher education in the state, Calhoun is a full member in the Statewide Transfer and Articulation Reporting System (STARS).

The STARS computerized advising system has been created to inform students of the courses that they can take and transfer among public institutions within the State of Alabama without losing credit. Go to the STARS website at http://stars.troy.edu.

**CALHOUN WORKFORCE SOLUTIONS (CWS)**

Our mission is to provide accessible, quality educational opportunities, promote community and economic development, and enhance the quality of life for those we serve. To achieve this mission, we partner with companies to support, extend and customize their training opportunities to meet increasingly complex job skill needs.

Our services are unique because they are low in cost, convenient, flexible and can be customized to meet the unique needs of business and industry.

**Professional Development:** CWS offers a variety of online and traditional facilitator-led professional development opportunities including WorkKeys Test Preparation, Call Center Training, Industrial Maintenance Online Theory Training, Ed2Go, and Leadership Training. For more information, call 256-306-2585.

**Industrial Technologies:** CWS offers learning opportunities in the following areas: pre-apprenticeship Lineworker Training, millwright maintenance mechanic, machining, instrumentation technicians, HVAC, plumbing, OSHA 10- and 30-hour, and welding for plate and pipe (construction and industrial) using NCCER, Contren curriculum.

Online Industrial Maintenance Training is available. For more information, call 256-306-2664.

**Professional Certifications/Computer Operations:** CWS provides local area companies and nontraditional students with timely training and preparation for the workforce. Companies have an option to take advantage of the regularly scheduled courses, or CWS can customize training to meet client requirements. Calhoun is a recognized Certiport Center for third-party testing. Opportunities include Microsoft Office Suite, Microsoft, CISCO, CompTIA, and customized computer network training. For more information, call 256-890-4734.

**Professional Certifications/Health:** CWS delivers certification preparation in areas such as Electronic Health Record Management, Medical Administrative Assistant, Medical Billing and Coding, Pharmacy Technician, and EKG Technician (Calhoun proctors the National EKG Technician Exam). For more information, call 256-306-2515.

**Professional Certifications/Quality Training:** In conjunction with local industry partners, CWS offers refresher courses for ASQ certification in the areas listed below. Facilitators are local working quality professionals. Companies have an option to take advantage of the regularly scheduled courses. In addition,
Calhoun can customize training to meet client requirements. Third-party testing is provided locally through the American Society of Quality (ASQ). For more information, call 256-890-4734.

Other Professional Certifications: In addition to the Commercial Driver’s License Program (see below), CWS offers certification preparation for American Design Drafting Association (ADDA), American Institute of Architects (AIA), Crane, National Center for Construction Education & Research (NCCER), National Institute of Metalworking Skills (NIMS), Robotics & Automation, SpaceTEC, Welding, and many others. For more information, call 256-306-2585.

Commercial Truck Driving Training (CDL): There is a federal requirement that each state have standards for the licensing of commercial drivers. This class provides driver license testing information and training for unskilled drivers who wish to have a commercial driver license (CDL) and endorsements. To get a CDL, you must pass knowledge and skill test; this class will help you prepare to pass the tests. For more information, call 256-260-2462 or 256-306-2928.

Workforce Testing and Assessments: Calhoun is a nationally recognized ACT Testing Center. CWS conducts ACT WorkKeys Job Profiling to local business and industry clients to determine the basic skills needed for specific jobs. In addition, the ACT Center delivers individual WorkKeys assessments to determine the level of skills one can bring to a job. Additionally, the ACT Center offers a variety of online licensure and certifications exams. Proctoring fees may apply. For more information, call 256-306-2637.

Global Corporate College: Calhoun is a member of the Global Corporate College (GCC) network. This positions Calhoun to provide customized, targeted corporate training through the unique GCC network of leading colleges and universities. Through this network, Calhoun works one-on-one with companies to design and deliver superior corporate training programs throughout each company’s footprint. Capabilities are from entry-level to “CSuite” executives, from local to international, and across the spectrum of industries. Utilizing the GCC curriculum, CWS offers a wide array of supervisor/manager leadership employee development opportunities (see below). For more information, call 256-890-4734.

Supervisor/Manager Training: This training integrates learning principles and concepts with exercises and tools to help participants transfer the training from the classroom to their job performance. Program content is based on business objectives to ensure that employees have the skills they need to drive the business forward. The training is characterized by: a modular approach to content development, customized exercises, and post-training follow-up to enhance skill development and integration. For more information, call 256-306-2515.

COMMUNITY EDUCATION CLASSES

Classes for fun and personal development, in your neighborhood or online!

The Community Education Program at Calhoun Community College offers something for everyone! Whether you’re looking for a new hobby or want to start your own business, we have a class for you. Classes are designed to provide you with the skills you need to pursue your goals. We offer classes for adults as well as teens and children during convenient times to meet your schedule. Sign up today and join the fun! We look forward to seeing you in our community education program.

For a complete listing of courses available and registration, visit our website at http://www.calhoun.edu/communityed or call 256-260-2462 or 256-306-2928

Education To Go - Online Courses

Calhoun Community College, in partnership with Education 2 Go, offers more than 300 highly interactive courses that you can take entirely over the Internet. All of our courses include expert instructors, many of whom are nationally known authors. Most courses start as low as $95.00. Our online courses are affordable, fun, fast, convenient, and geared just for you. A certificate of completion is available upon successful completion of the course. Courses are offered in

- Career and Professional (Accounting, Business and Management, Teaching and Education, Grant Writing and Non-profit, Health Care, Law and Legal, Sales and Marketing, Start Your Own Business and Veterinary)
- Writing and Publishing (Business Writing, Creative Writing, Publishing)
- Personal Development (Arts, Personal Enrichment, Children, Parents and Family, Digital Photography, Personal Finance, Health and Wellness, Job Search, Languages, and Test Prep)

All courses run for six weeks, with a two-week grace period at the end. Two lessons are released every Wednesday and Friday by noon Eastern time for the six-week duration of the course. You do not have to be present when lessons are released. You will have access to all lessons until the course ends. New sections start monthly!

For a complete listing of courses available and registration, visit our website at http://www.ed2go.com/calhounccalus/.

### ELECTIVES

For purposes of fulfilling program requirements, Calhoun provides the following definitions:

#### AREAS RECOMMENDED AS HUMANITIES AT CALHOUN

Courses in humanities ideally serve to give the student a broader understanding of the dimensions of man, the human condition, and human culture. The student may select courses from the following areas to satisfy Calhoun requirements (A=Fine Arts, H=Humanities):

- Art (A)
- Foreign Language (H)
- Literature (H)
- Music (A)
- Philosophy (H)
- Religion (H)
- Theatre (A)

#### AREAS RECOMMENDED AS SOCIAL AND/OR BEHAVIORAL SCIENCES AT CALHOUN

Courses in the social sciences should give the student a broader understanding of social systems and the ways in which human beings relate to each other and to socio-economic-political conditions. At Calhoun, students may select courses from the following areas to satisfy Calhoun requirements:

- Anthropology
- Economics
- Geography
- History
- Political Science
- Psychology
- Sociology

#### AREAS RECOMMENDED AS NATURAL SCIENCES AT CALHOUN

Courses in the natural sciences are based on investigation of natural phenomena through the processes of reason based on systematic empirical observation. At Calhoun, the student may select courses from the following areas to satisfy Calhoun requirements:

- Astronomy
- Biology
- Chemistry
- Physical Geography
- Physical Science
- Physics

Each student should work closely with his/her advisor to determine the course preference for transfer to a specific program, college, or university.

Calhoun Community College has general educational outcomes expected of all graduates. All students graduating from Calhoun Community College will have competencies in critical thinking; communication; quantitative reasoning; scientific reasoning; cultural literacy, information and computer literacy and diversity. In each of the general education courses, students will cultivate these skills.
AWARDS CONFERRED BY CALHOUN COMMUNITY COLLEGE

**Associate of Science Degree:** The Associate of Science (A.S.) degree in General Studies is the award conferred on students who wish to transfer to an Alabama senior institution and pursue a Bachelor’s Degree (B.S. or B.A.). The Associate’s degree is comprised of five areas (Area I-V) intended to provide the student with a foundation of general education courses in Areas I-IV and more specific courses that provide a base in the pre-major area of study in Area V.

**Associate of Applied Science Degree:** The Associate of Applied Science (A.A.S.) degree is the award conferred on students who wish to complete two years of education at the community college level and then enter the workforce. While many courses taken in an A.A.S. degree program will transfer to an Alabama senior institution, the degree is not designed as a transfer degree.

**Certificate:** The certificate is the award conferred on students who wish to train or retrain in a specific field or skill and enter or re-enter the workplace with a new or more advanced skill set.

**BEGINNING FALL 2012**

_All first-time freshmen are required to enroll in ORI 110, Freshman Seminar, during their first semester at Calhoun Community College._

**ACADEMIC PROGRAMS**

**ASSOCIATE OF SCIENCE (A.S. DEGREE)**

Calhoun Community College students graduating with the Associate of Science (A.S.) degree may transfer with junior status into a variety of majors at Alabama public colleges and universities. The courses completed in the A.S. degree must be those approved by the Articulation and General Studies Committee (AGSC) as listed in the STARS Guide.

To achieve junior status upon transferring to an Alabama public college or university the student must:

1. Print and sign a dated STARS Guide for the major at the college/university to which the student plans to transfer. It is recommended that the student do this prior to or during the first semester at Calhoun.
2. Complete all coursework at Calhoun as outlined by the STARS Guide;
3. Transfer within four years from the date printed on the original, signed STARS Guide;
4. Upon transfer, take the original, signed and dated STARS Guide to the transfer college/university.

**STATEWIDE TRANSFER AND ARTICULATION REPORTING SYSTEM (STARS)**

The Statewide Transfer and Articulation Reporting System (STARS) is a web-accessible data-base system which provides guidance and direction to streamline the transfer process for students who transfer to an Alabama public college or university from an Alabama community college. STARS may be accessed at stars.troy.edu. Courses listed in a STARS Transfer Guide/Agreement are approved by the Articulation and General Studies Committee (AGSC) for transfer and outline the first two years of coursework relative to a major and are intended to serve as pre-major/pre-professional curricula.

If the STARS Guide (also called an Articulation Agreement) is followed and the declared major is not changed, a student can transfer to an Alabama public college or university without loss of credit. For more information, consult an academic advisor and visit the STARS website at stars.troy.edu.

Students must accept the final responsibility of becoming familiar with the requirements of the Alabama public college or university to which they may transfer. Changing from one major to another, at the same transfer school, may result in the student having to take additional courses. Students should consult program advisors at their transfer schools.

The Articulation/STARS Agreement is divided into Areas I – V. Areas I – IV consist of 41 – 42 semester credit hours and are referred to as the General Education Requirements. The remaining 19 – 23 semester credit hours, called Area V, consists of courses from the student’s chosen major or area of concentration. While a student may choose to major in any field offered at an Alabama public college or university, included below are a few examples of majors into which students with the Associate of Science degree may transfer. Those examples are followed by the degree plan for each major. Degree plans, which are found on the next few pages, are designed to serve as a guide. A student should consult STARS (stars.troy.edu) and the specific institution’s Area V page for more detailed information.

**Examples of majors/concentrations into which students with the A.S. Degree may transfer include:**

- Accounting/Business/Economics
- Art
- Biology/Chemistry/Physics
- Biotechnology
- Child Development
- Communication Studies
- Computer Information Systems
- Criminal Justice
- Education
- Engineering
- English
- Fire Science Management
- General Studies
- History
- Human Development & Family Studies
- Management/Management Information Systems/Marketing
- Mathematics
- Music
- Nursing
- Photography
- Pre-Law, Medicine, Dentistry, Pharmacy, Veterinary Medicine
- Psychology
- Public Safety Administration
- Sociology
- Telecommunications & Film/Broadcasting
- Theatre Arts

NOTE: Calhoun does not offer majors under the A.S. Degree.
**Area I**: English Composition (6 Hours)
- ENG 101
- ENG 102

**Area II**: Literature, Humanities, & Fine Arts
12 Credit Hours (9 Hours for Engineering)

**Literature (3-6 Hours) Select from:**
- ENG 251
- ENG 252
- ENG 261
- ENG 262
- ENG 271
- ENG 272

**Fine Arts (3 Hours) Select from:**
- ART 100
- ART 203
- ART 204
- MUS 101
- THR 120
- THR 126

**Additional Humanities & Speech (3 Hours) Select from:**
- FRN 101
- FRN 102
- FRN 201
- FRN 202
- GRN 101
- GRN 102
- GRN 201
- GRN 202
- PHL 106
- PHL 206
- REL 100
- REL 151
- REL 152
- SPA 101
- SPA 102
- SPA 202
- SPH 106
- SPH 107

**Area III**: Natural Sciences & Mathematics (11-12 Credit Hours)

**Mathematics (3-4 Hours) Select from:**
- MTH 110
- MTH 112 or higher (Except MTH 116, 231, 232 or 265)

**Natural Sciences (8 Hours) Select from:**
- AST 220
- BIO 103
- BIO 104
- CHM 104
- CHM 105
- CHM 111
- CHM 112
- GEO 101
- GEO 102
- PHS 111
- PHS 112
- PHY 213 and PHS 216
- PHS 214 and PHS 217

**Area IV**: History, Social and Behavioral Sciences
12 Credit Hours (9 Hours for Engineering)

**History (3-6 Hours) Select from:**
- HIS 121
- HIS 122
- HIS 201
- HIS 202

**Additional History, Social & Behavioral Sciences (6-9 Hours) Select from:**
- ANT 200
- ANT 210
- ANT 220
- ANT 226
- ANT 230
- ECO 231
- ECO 232
- GEO 100
- POL 200
- POL 211
- PSY 200
- PSY 210
- SOC 200
- SOC 210

**Area V**: Pre-Professional, Major, and Elective Courses
19-22 Credit Hours (25 Hrs for Engineering)

Courses taken in AREA V are those that provide the student with the knowledge and experiences in his or her chosen major or area of concentration. The course requirements listed within AREA V of each program of study should be used as a guide and may vary depending upon the transfer institution. For guidance in the identification of the specific course requirements in the major or minor, the student should refer to the transfer institution’s catalog or web page. Also the AGSC Transfer Guide (STARS Guide) for each public transfer institution in the State of Alabama is readily available on the web at http://stars.troy.edu and should be utilized.

**See Area V examples on pages 42, 43 and 44.**

**As a part of the General Studies Curriculum, student must complete a 6 semester hour sequence either in literature (Area II) or history (Area IV)**

*** This course work is designed to serve as a basis to support the major at the transferring institution. Calhoun does not offer a major under the A.S. degree.

**Total Credits Required for A.S. Degree (Areas I-V)**
60-64 Credit Hours
**Area V Examples of Degree Majors/Concentrations***

ASSOCIATE OF APPLIED SCIENCE DEGREES (A.A.S.) & CERTIFICATES

NOTE: All first-time freshmen are now required to enroll in ORI 110.

ADVANCED MANUFACTURING

The Associate of Applied Science Degree in Advanced Manufacturing will prepare graduates for employment in various technical career paths including aerospace technology, air conditioning & refrigeration, automation/robotics, design drafting, electrical technology, industrial maintenance (electrical, HVAC, instrumentation, and mechanical), machine tool technology, and process technology. Graduates will be prepared to work in a team-centered environment with demanding quality and safety standards. This program also provides enhancement training for individuals seeking skill advancement in their current positions. Graduates may also choose to pursue a baccalaureate degree in appropriate academic areas.

AEROSPACE TECHNOLOGY

With Concentration in Structures & Assembly or Welding

The Associate of Applied Science Degree in Advanced Manufacturing with a major in Aerospace Technology will prepare graduates for employment in aerospace and related industries through classroom and laboratory instruction in propulsion structure and assembly or welding.

AEROSPACE TECHNOLOGY/WELDING

Associate of Applied Science Degree Advanced Manufacturing

AIR CONDITIONING & REFRIGERATION

The purpose of this program of study is to train the student to become an air conditioning and refrigeration technician. The student in the program learns to install and repair air conditioning and refrigeration equipment in office buildings, factories, homes, food stores, restaurants, theaters, and other establishments. The practical experiences provide proficiency in cutting pipe and repair and maintenance of refrigeration and air conditioning equipment along with load and duct design.

**ROBOTICS/MECHATRONICS**

The Associate of Applied Science Degree in Advanced Manufacturing with a concentration in Automation/ Mechatronics will prepare graduates for entry-level employment in industrial automation. Concepts covered in this concentration will include a Mechatronic approach to training; programmable logic controllers (Allen Bradley and Siemens); digital fundamentals; interfacing microcomputers to electro-mechanical devices; and flexible manufacturing cells.

**ROBOTICS/MECHATRONICS**

**DESIGN DRAFTING TECHNOLOGY**

The Associate's Degree of Advanced Manufacturing with a Major in Design Drafting will prepare students to obtain an entry-level position in a high technology society. This degree offers foundational instructions that emphasize engineering, manufacturing, and architectural theories and concepts. Drafting concepts will be taught using industry standard practices such as: sketching and critical thinking, 2D, CAD, 3D modeling, 3D printing, BIM and advanced problem solving skills. This drafting degree will intensify the students’ learning by coupling theory instruction and demonstration and hands on application using current software, AutoCAD, SolidWorks, Revit, Solid Edge and Sketch-up. Students will obtain the skills needed to be successful in planning and development and the skills to produce...
final construction documents. Students will enhance their abilities by learning the soft skills to obtain their position in the drafting career market. Graduates would look forward to seeking qualified positions in related drafting fields such as detailers, CAD drafter, architectural drafter, structural drafters, civil drafters, survey technician, electrical drafter, technical drafters, engineering drawing checker, drafting department supervisor, 3D print operators, Industrial design drafter, and technical illustrator project managers or Architectural renderers. The advanced manufacturing (ADM) classes will enhance their skill set to obtain advance positions.

TOTAL ..................................................................................... 25

* DESIGN DRAFTING STUDENTS SHOULD TAKE ADM 107, ADM 112 AND DDT 111 IN THEIR FIRST SEMESTER.

DESIGN DRAFTING TECHNOLOGY/ADDITIVE MANUFACTURING DESIGN Short Term Certificate

Program Code: AAS.ADMA.DDAD  CIP CODE: 15.0613

GENERAL EDUCATION CORE REQUIREMENTS:

ORS 110  Freshman Seminar ................................................... 1
ENG 101  English Composition ................................................. 3
MTH 103  Introduction to Technical Mathematics ....................... 3
SPH 106  Fundamentals of Oral Communication OR
SPH 107  Fundamentals of Public Speaking ............................... 3
Humanities Elective .................................................................. 3
Social Science Elective ............................................................... 3
Natural Science or MTH Elective .............................................. 3
CIS 146  Microcomputer Applications ..................................... 3

ADVANCED MANUFACTURING CORE COURSE REQUIREMENTS:

ADM 100  Industrial Safety ......................................................... 3
ADM 101  Precision Measurement ........................................... 3
ADM 107  Introduction to CAD for CIM .................................... 3
ADM 104  Introduction to Thermal/Electrical Principles ............. 3
ADM 105  Fluid Systems ............................................................. 3
ADM 106  Quality Control Concepts ........................................ 3

ADDITIVE MANUFACTURING REQUIREMENTS:

ADM 108  Introduction to 3D Modeling* .................................... 3
ADM 112  Orientation to Additive Manufacturing ...................... 1
ADM 114  Innovated Design ..................................................... 3
ADM 157  Material Properties .................................................. 3
ADM 162  Additive Manuf. Processes — Polymers .................... 3
ADM 164  Additive Manuf. Processes — Metals ................................ 3
ADM 241  AM Test Prep ............................................................. 1
ADM 255  Applications of Design (Capstone) ............................. 3
ADM 261  Reverse Engineering/Quality Inspections .................. 3
DDT/ADM Electives - See DDT Instructor for list of electives ...... 3

* You may take any 3D Modeling or BIM Class as a substitute for ADM 108

TOTAL ..................................................................................... 72-73

* DESIGN DRAFTING STUDENTS SHOULD TAKE ADM 107, ADM 112 AND DDT 111 IN THEIR FIRST SEMESTER.

ELECTRICAL TECHNOLOGY

The Associate of Applied Science Degree in Advanced Manufacturing with a major in Electrical Technology will prepare graduates to be an entry-level...
**PROGRAMS OF STUDY**

Electrician/electrician's helper. Concepts covered in the major include AC/DC theory, wiring methods, conduit bending, NEC Codes, fundamentals of programmable logic controllers, and distribution systems.

**ELECTRICAL TECHNOLOGY**  
Associate of Applied Science Degree  
Advanced Manufacturing

### Machine Tool Technology

The Machine Tool Technology program is a study of the process of using machine tools to manufacture useful products and parts. Students will acquire specialized knowledge and skills in many areas including mathematics, print reading, physics, measuring instruments, cutting tools, and machine tools. Graduates will have the ability to turn rough material into precision finished products and parts.

**RENEWABLE ENERGY**

The Associate of Applied Science degree in Advanced Manufacturing with a major in Renewable Energy is designed to provide the student with knowledge and skills that prepare them for employment in a broad range of areas to include Facility Management; Solar Design and Installation; Residential Energy Management; and Sustainable Building and Construction. As part of the curriculum, the student has the opportunity to gain the following certifications: BPI; NABCEP; NCCER: EPA 608 and 609; OSHA 10; HERS; Alabama DET; IGSHPA, NATE and HVAC Excellence.

END OF ADVANCED MANUFACTURING PROGRAM OPTIONS

BUSINESS ADMINISTRATION
With concentrations in Business Administration, Accounting Technology, Entrepreneurship and Paralegal.

This program is designed primarily for students who plan to seek employment in a business-related field. This program is also appropriate for students who are employed and wish to upgrade their business skills and knowledge. Although these programs are not designed to transfer, many of the courses are transferable to senior institutions.

*Students who may want to pursue the Child Development Associate of Applied Science degree should take ENG 101.

CLINICAL LABORATORY TECHNICIAN (CLT)

A clinical (or medical) laboratory technician is an integral part of the healthcare team. The responsibilities of a CLT (or MLT) include processing and analyzing blood, body fluid or other specimens in order to provide accurate and timely information to the ordering physician. The clinical information produced by the clinical laboratory technician is utilized to
make diagnostic and treatment decisions. The program can be completed in five (5) semesters.

The College is accredited by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS) for the clinical laboratory technician program. Graduates, upon successful completion of an accredited program, will be eligible, but not required, to take a nationally-recognized certificate exam, the ASCP (American Society for Clinical Pathologists) Medical Laboratory Technician (MLT) certification exam. Be advised that a criminal and/or drug history could result in denial of permission to take the credentialing examination. The address for NAACLS is as follows: 5600 N. River Road, Suite 7200, Rosemont, IL. Website: www.naacs.org

DRUG TESTING/BACKGROUND CHECKS
As stipulated by the health agencies with which the Allied Health Department contracts for clinical experience, each student enrolled in any clinical experiences at Calhoun Community College will undergo health screen, drug, alcohol testing and/or background checks as a precondition to beginning a clinical rotation. The fee for testing/checks is the responsibility of the student. Written guidelines for the process will be provided to the student at the beginning of the program.

POLICIES AND CURRICULUM
Policies and Curriculum for the Associate Degree Clinical Laboratory Technician program are subject to change at any time. Written notice will be given to all students enrolled in CLT courses prior to implementation of change.

TOTAL: 50 credit hours

TOTAL CREDITS: 74 credit hours

ADMISSION REQUIREMENTS

Applicants must meet the minimum admission standards to be considered for selection. Class enrollment is limited and applicants are rank-ordered using a 100-point system. Applicants not meeting minimum admission standards will not be considered. Minimum admission standards for the Associate Degree Clinical Laboratory Technician Program are listed on the CLT website.

SELECTION PROCESS

Since class size is limited, the Admission Committee will evaluate each applicant's academic performance and select applicants with the strongest academic record. A 100-point system is used to evaluate academic standing based on the calculation of points for students meeting Minimum Admission Requirements.

ENROLLMENT REQUIREMENTS FOR CLT AAS DEGREE PROGRAM

Once enrolled in the CLT program but prior to being scheduled for any clinical experience, the student must

1. Provide a current Health Division Student Health Form (to be provided) that has been completed by a licensed physician or nurse practitioner.

2. Ability to perform essential functions as listed on health form.

3. Present proof that they have received the three (3) Hepatitis B vaccinations or proof of immunity to the Hepatitis B virus. If a student chooses not to receive the Hepatitis B vaccine, they must sign a form indicating their refusal (waiver form).

4. Provide proof of purchase of professional liability insurance through the College as required by CLT program.

5. In addition to the above college requirements, the contracts between Calhoun Community College and area healthcare providers require proof of the following prior to students being scheduled for or attending a clinical experience:
   - Current cardiopulmonary resuscitation (CPR) course completion, professional level,
   - Drug and/or alcohol abuse testing, and
   - Criminal background check.

6. Fees/costs for all of the above enrollment requirements will be the sole responsibility of the student.

ESSENTIAL FUNCTIONS

Students enrolling and completing the CLT program must meet the following essential function skills:

1. Accurately observe demonstrations and exercises including functional use of senses of vision, smell, touch, and hearing.

2. Communicate orally, in writing, and with computer functions using the English language.
3. Perform psychomotor skills including specimen collections, instrument manipulation, manual laboratory procedures, lifting, standing, sitting, and walking.

4. Use intellectual and cognitive skills to measure, calculate, analyze, integrate, and apply information.

5. Possess emotional, behavioral, and social health to participate collaboratively and flexibly as a professional team member.

6. Apply ethical standards to peers, faculty, staff and patients.

7. Perform academically to obtain relevant information from various teaching methods, laboratory exercises, and clinical practicums.

**PROGRESSION IN THE PROGRAM**

Students are expected to meet co-requisite requirements to progress in the program. Students must maintain a minimum of a 2.0 GPA in all courses taken and/or transferred to Calhoun to continue in the program. Once accepted into the CLT program, all coursework requires a grade of C or better to progress.

The course curriculum must be followed as listed on current schedules.

## COMPUTER GRAPHICS

With concentrations in Graphic Design, Electronic Imaging and Graphic Animation

This program is for those interested in refining artistic talents and in preparing a professional quality portfolio in order to strengthen employment possibilities. Courses in graphic design, advertising, computer graphics, technical illustration, multi-media design and production, and animation are emphasized under various concentrations within this program. Some courses are offered only once a year in the day program at the Decatur campus. Students should plan schedules with the advice of the Art faculty.

A formal review of a professional quality portfolio of the student’s work is required upon completion of the program of study.

COMPUTER INFORMATION SYSTEMS

This program is designed for students seeking employment in the field of Computer Information Systems with a technical concentration. The program is not designed for transfer, although many of the courses are transferable to some senior institutions. Please note that some required courses may not be offered every semester. Due to limited course offerings, degree seeking students may find it necessary to extend completion timelines, and attend both day and evening classes and attend classes on both campuses or online.

Cisco Preparation Certificate

This certificate is not eligible for Title IV funding (Pell Grant, SEOG and Direct Student Loans)

Program Code: STC.CIS.CSTC  CIP Code: 11.0101

This certificate option provides courses preparing students for the CCNA (Cisco Certified Network Associate) exam series. CCNA certification is one of the most prestigious and in-demand IT certifications in the nation and is widely respected by network professionals. Completion of this certificate indicates a foundation in and apprentice knowledge of Cisco networking.

CIS Elective (Choose from CIS 267, 280, 283) ............................. 3

TOTAL CREDITS .................................................................. 15

COMPUTER INFORMATION SYSTEMS
Computer Technician Preparation Certificate

This certificate is not eligible for Title IV funding (Pell Grant, SEOG and Direct Student Loans)

Program Code: STC.CIS.COMT  CIP Code: 11.0101

This certificate is preparation for the A+ Certification Exam.

CIS 171  Linux I ................................................................. 3
CIS 263  Computer Maintenance ........................................... 3
CIS 270  Cisco CCNA I ....................................................... 3

TOTAL CREDITS .................................................................. 9

COMPUTER INFORMATION SYSTEMS
Software Applications Certificate

This certificate program is not eligible for Title IV funding (Pell Grant, SEOG and Direct Student Loan)

Program Code: STC.CIS.SFTW  CIP Code: 11.0101

The Software Applications Certificate is designed for students seeking instruction in various types of Microsoft software in preparation for the Microsoft Office Specialist exams. Instruction is designed for those seeking to be more employable in the job market or to enhance current computer skills. While the certificate focuses on Microsoft Office Specialist (MOS) objectives, vendor-sponsored testing is not a requirement for certificate completion. Certification credit will be considered on a case-by-case basis by the Dean of the Business/CIS Division.

CIS 146  Microcomputer Applications ..................................... 3
CIS 147  Advanced Microcomputer Applications ..................... 3
CIS 197E  Microsoft Excel Expert ......................................... 3

Information Assurance & Cybersecurity Certificate

This certificate program is not eligible for Title IV funding (Pell Grant, SEOG and Direct Student Loan)

Program Code: STC.CIS.INFA  CIP Code: 11.0101

This certificate develops and validates skills in the areas of securing networks, combating cyber-terrorism, investigating computer attacks, and identifying computer vulnerabilities that could allow system penetration. Students will learn to identify and combt intrusion, identity theft, hacking, and denial of service attacks, as well as other emerging security concerns. Industry certifications credit will be handled on a case-by-case basis by the BUS/CIS Division Dean.

DENTAL ASSISTING

Ms. Karen Chockley, Program Director
256-306-2812  ksp@calhoun.edu

Additional information and applications are available on the Dental Assisting program website under “Division of Health.” Dental assistants are valuable members of the dental health care team. Students in the DA program learn to perform a variety of patient care, laboratory, and office functions. DA responsibilities may include assisting the dentist during patient treatment, taking & developing X-rays, working in the dental laboratory, providing oral hygiene instruction, &/or performing office managerial duties. Dental assisting requires excellent communication abilities, proficiency in a wide array of technical skills, and personal flexibility.

The dental assisting program is committed to student success and strives to graduate knowledgeable, skilled, and comprehensively prepared entry level dental assistants for the provision of safe, effective, and compassionate care that meets the needs of employers and the general public.

The DA program offers students two educational options. An Associate of Applied Science (AAS) Degree, which can be achieved in 4 semesters, is awarded to those who complete the general education requirements and all dental assisting courses in the curriculum plan. A three-semester Certificate is also available. Graduates of both programs are eligible to apply to take the Certified Dental Assistant (CDA) exam from the Dental Assisting National Board.

DA classes are only offered during the day, Monday through Friday, on the Decatur campus. The coursework is progressive, requiring a grade of 75% or higher in each DA course and a “C” or higher in the required general education courses. Students participate in 24 weeks of part-time clinical practice experiences.

The program in dental assisting is accredited by the Commission on Dental Accreditation (CODA) which is a specialized accrediting body recognized by the United States Department of Education.

The Commission on Dental Accreditation will review complaints that relate to a program's compliance with the accreditation standards. The Commission is interested in the sustained quality and continued improvement of dental and dental-related education programs but does not intervene on behalf of individuals or act as a court of appeal for treatment received by patients, for individuals in matters of admission, appointment, promotion or dismissal of faculty, staff or students. A copy of the appropriate accreditation standards and/or the Commission's policies and procedures for submission of complaints may be obtained by contacting: Commission on Dental Accreditation, 211 East Chicago Avenue, Chicago, IL 60611-2678, 1-800-621-8099, extension 4653.

Admission to the Program
A new class of DA students is admitted once a year. Applicants must minimally
1. Meet all admission requirements of Calhoun Community College (CCC);
2. Submit a current year DA program application;
3. Submit a COMPASS or ACT reading score;
4. Have a cumulative GPA of 2.5 or >;
5. Submit an unofficial CCC transcript documenting all applicable course work taken at CCC or accepted in transfer by the Office of Admissions & Records;
6. Have completed 8 hours of dental assisting observation experience, signed by dental office staff;
7. Submit a typed essay discussing observation experiences, why you want to be a DA and goals related to dental assisting; and
8. Submit two (2) letters of professional recommendation in the requested format.

It is the responsibility of the applicant to ensure the application is complete; incomplete applications will not be considered.

Selection Process
Meeting minimum requirements does not guarantee acceptance into the DA program. Class size is limited and therefore the application process is competitive. After meeting minimum requirements, applicants are rank-ordered using a 100 point scale. The Admissions Committee meets in June and all applicants are notified by mail no later than July 15th.

Dental Assisting Student Requirements
After students are enrolled in the DA program and prior to the first clinical experience, they are required to
1. Provide evidence of current cardiopulmonary resuscitation (CPR) course completion at the healthcare provider level;
2. Submit a current CCC Student Health Form signed by a licensed physician or nurse practitioner;
3. Provide medical verification of a two-step Mantoux skin test (chest x-ray if positive) indicating he/she is free of tuberculosis;
4. Provide documentation of immunity to mumps & rubella;
5. Provide verification of immunization against Hepatitis B &/or positive antibodies &/or sign a waiver;
6. Purchase professional liability insurance through the College;
7. Arrange for reliable transportation to and from clinical facilities assigned by the Program;
8. Abide by the policies of the College and the DA Program Student Policy Manual; and
9. Submit to drug testing and a background check.

Drug Testing / Background Check
As stipulated by the health facilities with which the DA program contracts for clinical education, each student enrolled in the program will undergo drug and alcohol testing and background checks as a pre-condition to beginning clinical experiences. The fees are the responsibility of the student. Policies for the screening process are provided to the student upon enrollment in the
program or may be obtained by contacting the Program Director.

**Essential Functions**
The DA Essential Functions can be found on the website and in the program application. Their purpose is to outline the cognitive, affective, and psychomotor skills deemed the minimal necessary for admission, progression, and graduation and for the provision of safe and effective patient care. If a student cannot demonstrate the skill and abilities delineated in the essential functions, it is the responsibility of the student to arrange appropriate accommodations through the CCC Office of Service to Special Populations.

**Program Costs** (approximate & in addition to tuition):
- Textbooks ......................................................... $400.00
- Malpractice insurance ........................................ $10.00
- CPR certification .................................................. $135.00
- Uniforms ......................................................... $150.00
- Lab supplies ....................................................... $100.00
- Drug Testing / Background Check ........................ $75.00
- Health Exam, PPD, Immunizations ......................... varies
- National Certification Exam (DANB) optional .......... $375.00

**DA Policies / Curriculum**
Information contained in this Catalog and the policies and curriculum of the DA program are subject to change at any time. Written notice will be given to all students enrolled in the program prior to the implementation of a change. Please see the dental assisting program website for the most current information.

**Readmission to the Program:** A student may be readmitted to a DA program one time following a failure of or withdrawal from a DAT course. Students who are currently returning following a failure are considered to be using their second and final opportunity to complete the DA program. Students may apply for re-admittance within one year of original entry by submitting a letter of intent to the Program Director.

The readmission of a student is based on the availability of space and the student-teacher ratio, provided the student is eligible to return. Any student requesting readmission must have a minimum Grade Point Average of 2.5 on all course work attempted and should contact the Program Director at 256-306-2812 to schedule a re-admission appointment in the program prior to the implementation of a change. All conditions for students newly enrolling in the program will apply to students returning to the program. Students who re-enter the program may be subject to following the current curriculum and will be required to validate lab skills.

*General Education Core Courses may be completed prior to entering the program.
The Emergency Medical Services (EMS) program, approved by the Alabama Department of Public Health, and accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP), utilizes nationally-recognized standards to provide students not only knowledge about the critical differences between the physiology, the pathophysiology, and the clinical symptoms of infants, children, adolescents, adults, and the elderly as they relate to pre-hospital emergency patient care situations, but also skills in the emergency medical care of these patients. EMS education includes legal/ethical considerations and treatment modalities/protocols within the scope of practice of the Emergency Medical Technician (EMT), Advanced Emergency Medical Technician (AEMT), and Paramedic (NRP). The central goal of Calhoun Community College’s EMS program is to prepare competent entry-level EMTs, AEMTs, and Paramedics in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains.

Students enrolled in the Emergency Medical Services Program may choose to earn a certificate or to earn the Associate of Applied Science degree in Emergency Medical Services. The first certificate of completion is the EMT Level (EMT) and the second is the Advanced EMT level (AEMT). In addition to an Associate’s of Applied Science in EMS for the Paramedic, the program also offers a long certificate for the Paramedic level. Upon successful completion of each certificate, the student is eligible to apply to take the National Registry Examination at his/her respective level of training. Upon successful completion of the examination, the student will be eligible to apply for licensure to practice in the State of Alabama as an EMT, AEMT, or Paramedic.

To be granted an Associate in Applied Science degree, a student must successfully complete all three levels of Emergency Medical Services Technician training and complete the general education course requirements as outlined for the program. The Emergency Medical Services programs are fully approved by the Alabama State Department of Public Health, Emergency Medical Services Division.

As vital members of the Emergency Medical Services (EMS) team, EMTs provide pre-hospital emergency care to the ill and injured patient, continuing that care until the patient is under the care of a higher level of licensure.

EMTs have the knowledge and skills to provide basic life support to all patients whether the problem is trauma, cardiac, or medical. EMTs can splint fractures, bandage wounds, and stabilize a patient for transport to a medical facility.

Advanced EMTs can establish intravenous lines, insert blind intubation devices as well as administer certain pre-hospital medications. Paramedics are the highest level of pre-hospital care in the EMS system. Paramedics record and interpret EKG findings, treat cardiac arrests with defibrillation and cardioversion, reduce shock by intravenous fluid administration, provide ventilations and airway protection by endotracheal intubation and administer pharmacological therapy. Paramedics serve as team leaders on EMS units.

Total hours for Paramedic Long Certificate ............................................. 64
Total hours for Associate of Applied Science Degree .............................. 74

**NOTE:** All clinical hours for all clinical courses are minimum clock hours. Students are still required to achieve minimum competencies in each class. Additional time may be required to achieve minimum competency.

*Fine Arts/Humanities Elective - 3 semester hours (choose one from: Art, Literature, Music, Philosophy, Religion, Theater, or Foreign Language)

**Track 2 - Direct Paramedic**

This pilot program is an innovative approach for future healthcare providers to gain dual licensure by completing both the Paramedic and Nursing programs at Calhoun Community College. Currently, students who are eligible for this track have made application to the Nursing program and did not make the minimum points for entry. Students admitted into this program will have already completed the appropriate general education courses laying a firm foundation for them to enter directly into their Paramedic education. The Paramedic training aspect of this track is 39 credit hours over three consecutive semesters and will result in the student being eligible to sit the National Registry of Emergency Medical Technicians Paramedic exam. Students who complete the Direct Paramedic training are then allowed to matriculate into the next cohort of accepted Nursing students at Calhoun and complete their second AAS degree.

**Paramedic - Track 2 - First Semester**

EMERGENCY MEDICAL SERVICES PARAMEDIC
EMT, Advanced EMT, and Paramedic
GENERAL ADMISSION REQUIREMENTS

There are Essential Functions required for students entering and participating in the EMT, Advanced EMT, and Paramedic curricula. As a student, you must

PHYSICAL DEMANDS

1. have the physical ability to walk, climb, crawl, bend, push, pull, or lift and balance over less than ideal terrain;
2. have good physical stamina and endurance, which would not be adversely affected by having to lift, carry, and balance at times, in excess of 125 pounds (250 pounds with assistance);
3. see different color spectrums;
4. have good eye-hand coordination and manual dexterity to manipulate equipment, instrumentation, and medications;

PROBLEM SOLVING ABILITIES (Data Collection, Judgment, Reasoning)

5. be able to send and receive verbal messages as well as operate appropriate communication equipment of current technology;
6. be able to collect facts and to organize data accurately, communicate clearly both orally and in writing in the English language at the ninth-grade reading level or higher;
7. be able to differentiate between normal and abnormal findings in human physical conditions by using visual, auditory, olfactory, and tactile observations;
8. be able to make good judgment decisions and exhibit problem-solving skills under stressful situations;
9. be attentive to detail and be aware of standards and rules that govern practice;
10. implement therapies based on mathematical calculations;
11. demonstrate competency in the use of computers;

WORKER CHARACTERISTICS

12. possess emotional stability to be able to perform duties in life-or-death situations and in potentially dangerous social situations, including responding to calls in districts known to have high crime rates;
13. be able to handle stress and work well as part of a team;
14. be oriented to reality and not be mentally impaired by mind-altering substances;
15. not be addicted to drugs or alcohol;
16. be able to work shifts of 12 hours in length;
17. be able to tolerate being exposed to extremes in the environment including variable aspects of weather, hazardous fumes, and noise;
18. possess eyesight of a minimum of one eye correctable to 20/20 vision and be able to determine directions according to a map; students who desire to drive an ambulance must possess approximately 180 degrees peripheral vision capacity; and
19. possess a valid driver’s license, and be able to safely and competently operate a motor vehicle in accordance with State Law.

ENTRY LEVEL REQUIREMENTS

EMT and Advanced EMT
Entry level requirements for students entering and participating in EMS education are as follows:

1. Possess a GED or high school diploma;
2. Complete the COMPASS;
3. Meet all institutional admission requirements;
4. Successfully complete within the last 12 months Basic Cardiac Life Support for the Health Care Provider;
5. Comply with “Essential Functions” of the program or attach documentation to the program application form of those essential functions of which the student is not in compliance (for review by Calhoun’s American Disabilities Coordinator);
6. Provide an acceptable physical examination by a licensed medical doctor or doctor of osteopathy to include
   a. Written documentation (on a form provided by the program) of the physician’s opinion regarding the prospective student as follows:
      - have emotional and physical ability to carry out the normal activities of prehospital emergency care;
      - compliance with the “Essential Functions” for the program; and
      - health history.
   b. Up-to-date immunizations to include
      - Tetanus/D within the past 10 years;
      - MMR Vaccine prior to 1969 or Rubella Titer of 1:8 or above is...
sufficient in lieu of MMR;
- Two-step TB Skin test (Chest x-ray, if positive); and
- Begin or have had the series of Hepatitis B vaccinations, or sign
  a waiver regarding the series of Hepatitis B vaccinations;
- Varicella vaccine (chicken pox) or titer with proof of immunity;
- Flu vaccine for clinical courses taken in spring or fall semesters
  is required.

Students will be required to utilize an immunization tracking service with a third party vendor selected by the college.

Health care workers who have direct patient contact or handle potentially infective materials have an increased risk for contracting Hepatitis B. A series of vaccinations for Hepatitis B is recommended by the Centers for Disease Control (CDC) and the Alabama Department of Public Health for persons who are at increased risk of infection from Hepatitis B. Cost of vaccinations is the student’s responsibility.

- Visual/auditory/verbal ability to include
  - vision corrected in one eye to 20/20 (students who desire to drive an ambulance must also possess approximately 180 degrees peripheral vision capacity);
  - Color Perception; and
  - being able to send and receive verbal messages.

7. Each student enrolled in EMS education must have verification of the following:
   a. current professional liability insurance which is added to the tuition fee and
   b. current health/hospitalization/accident insurance and/or waiver of liability.
   c. a negative background check and drug screen completed by the College’s selected agency at the student’s expense.

8. All Advanced EMT students must possess an Alabama EMT license prior to registration for the AEMT program.

PARAMEDIC

Requirements for students entering the courses at the Paramedic level are
1. Complete all Advanced EMT entry requirements.
2. Minimum cumulative GPA of 2.5 on a 4.0 scale.
3. Complete SPH 106 or SPH 107, ENG 101 and MTH 100 or equivalent with a grade of “C” or higher prior to the third semester of the paramedic program and BIO 201 before entering the program.
4. Have a current Alabama license as an Advanced EMT or EMT - Intermediate.
5. Acceptance is granted to the most qualified applicants, with preference given to students progressing through Calhoun’s EMS Program.

The number of students admitted to each level of EMS education is limited according to the faculty and clinical facilities available. Priority is given to students progressing through Calhoun’s program.

Licensure

Upon successful completion of the Paramedic courses, the student is eligible to apply for the respective National Registry examination administered by the State of Alabama, Department of Public Health. Licensure applicants must be at least 18 years of age.

All students entering EMS education courses may be required to comply with specific licensure requirements as set forth by the National Registry of EMTs and the Alabama Department of Public Health to become licensed as an EMT, AEMT, or Paramedic. Situations which may affect their licensure compliance include, but are not limited to
1. Not being 18 years of age or older;
2. Convicted of any criminal act, including any DUI convictions;
3. Addicted to the use of intoxicating liquors or controlled substances at the present or in the past; and
4. Not possessing 180 degrees peripheral vision capacity.

PROGRESSION BETWEEN LEVELS

To complete individual certificates in the EMS curriculum, students must:
1. Progress through the required courses of the EMS curriculum in the prescribed sequence;
2. Attain an average of 75% in all coursework to include didactic, laboratory, clinical, and/or field internship training;
3. Submit acceptable physical examinations, background checks and drug screens at intervals not to exceed 12 months;
4. Maintain current professional liability, health, and hospitalization insurance while enrolled in the EMS courses;
5. Maintain annual Basic Cardiac Life Support Certification at the Health Care Provider level or equivalent;
6. Comply with the “Essential Functions” required for EMT and Paramedic courses;
7. Comply with all institutional and any cooperating health agency policies, procedures, and rules of behavior as published for the students.

Readmission:

To be readmitted to the EMS program, the student must meet the criteria for readmission to the EMS program and college as stated in the catalog and must contact the Allied Health Department to schedule an appointment with EMS faculty to discuss options for successful academic achievement.

The readmission of a student is based on availability of space and student-teacher ratio provided the student is eligible to return. The student will be readmitted one time only when he/she fails to progress for academic reasons or a student withdraws from the program.

Any student requesting readmission must have a minimum Grade Point
### PROGRAMS OF STUDY

Average of 2.50 on all course work attempted.

An EMS Program Application Form will be required if the time and need indicated is evident as well as liability insurance renewal, tuberculin skin testing (PPD) and CPR course completion. A background and drug screen will be required if it is over one calendar year old or will become so during the readmission semester.

When there is probable cause, the Allied Health Department reserves the right to require a prospective student, a student currently enrolled in the program, or a returning student to submit to psychological testing/ counseling, a drug screening and/or a physical examination by a licensed physician at the student’s expense and to submit a report of the outcomes to the Allied Health Department. The Allied Health Department will provide a specific form for this purpose, when applicable. All reports will be reviewed by the Allied Health Department to determine if a student may be admitted, readmitted, or retained in the EMS/EMP courses.

Continuing education courses may be offered by individual request. Those interested should contact the EMS office at 256/306-2852.

Policies for the EMS program are subject to change at any time. Written notice will be given to students enrolled in EMS courses prior to implementation of policy change.

More information about the program's CAAHEP accreditation can be found by contacting CAAHEP directly at 727-210-2350 or online at www.caahep.org or by mail at 1361 Park Street, Clearwater, Florida 33756.

### MUSIC INDUSTRY COMMUNICATIONS

This program is for those interested in specializing in coursework which has application to the recording and publishing industries as well as to contemporary performance. Students are required to complete six credits of music performance electives and should consult a faculty advisor about this requirement.

### NURSING

**DECATUR CAMPUS**

**Associate Degree Nursing (ADN)**

**Part-time Evening ADN (PTE)**

**LPN to RN Career Mobility ADN (CM), Track 1, Track 2 and Online**

**Paramedic to RN Mobility ADN**

**Practical Nursing (PN)**

**Nursing Assistant (NAS)**

The philosophy of the nursing programs is consistent with the mission, goals and objectives of The Alabama Community College System and Calhoun Community College. The nursing department offers curricula to develop the knowledge, skills, and abilities necessary for entry level employment in practical (PN) and professional (RN) nursing.

Please visit our website at www.calhoun.edu for more information including admission requirements, applications to programs, and curriculum options.

**General Information**

**Accreditation Status**

Nursing programs have the full approval of the Alabama Board of Nursing and are accredited by the Accreditation Commission for Education in Nursing (ACEN). Accreditation information regarding the nursing program may be obtained from the Accreditation Commission for Education in Nursing, 3343 Peachtree Rd. NE, Suite 850, Atlanta, GA 30326. Telephone: 404-975-5000. www.acenursing.org

**Licensure Information**

Upon graduation from a nursing program an individual will be eligible to apply to write the National Council Licensure Examination for Practical Nurse (NCLEX-PN) or for Registered Nurse (NCLEX-RN) and apply to any
state board of nursing for licensure as a practical or registered nurse. However, completion of an academic program in nursing in no way assures an individual of licensure. Legal requirements for licensure may be found in the Alabama Board of Nursing (ABN) Administrative Code (www.abn.state.al.us) and include being of good moral character. Applicants who have been found guilty of any offenses listed in the Code may be denied licensure by the ABN and any other state board of nursing. The ABN, as well as other state boards of nursing, has the power to deny eligibility for licensure to any candidate who is guilty of fraud or deceit in attempting to procure a license; has been convicted of a felony; is guilty of a crime involving moral turpitude or gross immorality that would tend to bring reproach upon the nursing profession; is unfit or incompetent due to the use of alcohol, or is addicted to the use of habit forming drugs to such an extent as to render him or her unsafe or unreliable as a licensee; has been convicted of any violation of a federal or state law relating to controlled substances; is mentally incompetent; is guilty of unprofessional conduct of a character likely to deceive, defraud or injure the public in matters pertaining to health or has willfully or repeatedly violated any of the provisions of this article as defined by board rules and regulations.

ALABAMA BOARD OF NURSING
REGULATORY QUESTIONS FOR EXAM APPLICANTS

1. Have you ever been arrested for, been charged with, been convicted of, entered a plea of guilty to, entered a plea of nolo contendere or no contest for, received deferred prosecution or adjudication for, had judgment withheld for, received pretrial diversion for, or pleaded not guilty by reason of insanity or mental defect to any crime other than a minor traffic violation in any state, territory, or country? Any crime related to driving while impaired or while under the influence of any substance is not a “minor traffic violation”.

2. In the past five years, have you abused alcohol, drugs (whether legal or illegal, prescribed or unauthorized), and/or other chemical substances or received treatment or been recommended for treatment for dependency to alcohol, drugs (whether legal or illegal, prescribed or unauthorized) and/or other chemical substances?

3. Have you ever been arrested or convicted for driving under the influence of drugs/alcohol?

4. In the past five years, have you had, or do you now have, a physical or mental health problem that may impair your ability to provide safe nursing care?

5. Has the licensing authority of any state, territory, or country denied, revoked, suspended, reprimanded, fined, accepted your surrender of, restricted, limited, placed on probation, or in any other way disciplined your nursing and/or any other occupational license, registration, certification, or approval?

6. Is the Board of Nursing or other licensing authority of any state, territory, or country, including but not limited to the Alabama Board of Nursing currently investigating you?

7. Is disciplinary action pending against you with the Board of Nursing or other licensing authority of any state, territory, or country, including but not limited to the Alabama Board of Nursing?

8. Have you ever been placed on a state and/or federal abuse registry?

9. Has any branch of the armed services ever administratively discharged you with any characterization of service besides “Honorable” and/or court-martialed you?

An applicant who answers “YES” to a question is not automatically denied licensure but must provide the ABN with a detailed, written explanation and the appropriate court/treatment records must accompany the application for examination and licensure. If the documents are not received along with the application, the applicants can expect to be delayed in taking the examination. By a full explanation, the Board expects more than a statement naming the crime for which the applicant was convicted. The explanation should contain a full recitation of whom and why the crime occurred and the applicant’s history since the crime. If the applicant has indicated a history of mental illness or chemical dependency, a full explanation including treatment records, urine screens, doctor’s statements, etc. must be received with the application. Applicants also should be aware that they must disclose arrests that did not result in convictions and attach those court records. Misdemeanors also must be disclosed. These include checks written on accounts with insufficient funds and DUI. Minor traffic violations are excluded. If the Board of Nursing later learns of arrests or convictions not originally disclosed, such will be considered to be fraud and deceit in procuring a license and disciplinary action will be forthcoming.

The Alabama Board of Nursing will determine whether or not the applicant may write the examination for licensure and be licensed as a registered nurse. Any questions regarding this matter should be directed to the ABN.

Student Standards of Conduct

The nursing student shall comply with the legal, ethical, moral, and legislative standards, which determine acceptable behavior of a nurse and shall avoid those behaviors which may be cause for denial of licensure to practice as a nurse, in accordance with Alabama law regulating practice of Registered and Practical Nursing and the ABN Administrative Code.

When there is probable cause, the nursing department faculty reserves the right to require a prospective student, a student currently enrolled in a program, or a returning student to submit to psychological testing/counseling, drug screening, and/or a physical examination by a licensed physician at the student’s expense and to submit a report of the outcome to the nursing faculty. The department will provide a specific form for this purpose, when applicable. All reports may be reviewed by the department faculty to determine if a student may be admitted, readmitted, or retained in the nursing program.

Drug Testing and Background Checks

As stipulated by the health agencies with which the health division contracts for clinical education, each student accepted in any nursing program will undergo drug testing and a criminal background check as a precondition to clinical experiences. Students will also be subject to random drug or alcohol testing for “cause”. All testing fees are the responsibility of the student. Related policy is provided to the student upon enrollment in a program. Students who test positive for drugs or alcohol and/or are denied clinical access by a clinical affiliate based on the criminal background check will be disallowed from clinical learning experiences, which will result in a failure of the course.

Essential Functions for Nursing Programs

The purpose of the Essential Functions is to outline the cognitive, affective and psychomotor skills deemed minimally necessary for admission, progression, and graduation and for the provision of safe and effective patient care. The Alabama Community College System endorses the American’s with Disabilities Act. If a student cannot demonstrate the skills and abilities delineated in the essential functions, it is the responsibility of the student to request an appropriate accommodation through the Office of Services to Special Populations, in accordance with College policy, when
Programs of Study

requested, reasonable accommodations may be provided for individuals with disabilities. The Essential Functions can be found on the nursing website and program applications.

Nursing Program Policies

*NOTE: Subject to change due to statewide standardization of nursing programs.

Admission Requirements for Nursing Programs

Minimum admission standards for all nursing programs include:
1. Unconditional admission to the College.
2. Receipt of a complete application by the deadline posted on the program application.
3. Official score on the Test of Essential Academic Skills (TEAS-V) examination. The TEAS-V score is good for three (3) years. Students must wait at least 6 weeks between testing dates. Applicants are responsible for the testing fees. See www.atitesting.com
4. A minimum 2.5 cumulative GPA based on the following:
   - Most recent 24 credit hours of undergraduate work (if applicable).
   - Most recent 24 credit hours of graduate work (if applicable).
   - If less than 24 credit hours at graduate level, the most recent 24 undergraduate credits will be used. Graduate credit hours will be ignored.
5. Eligibility for:
   a. English 101 as determined by college policy, and
   b. BIO 201 during the first term of nursing courses
   c. Math 100 for associate degree nurse applicants
   d. Math 116 for practical nurse applicants
6. There is no time limit for previously taken courses such as Anatomy, Physiology, Math or English.
7. Good standing with the College.
8. Possess certain physical and mental abilities to meet the Essential Functions for the nursing program. A list of Essential Functions is available in the nursing office, on the website and on the application.
9. Admission to any nursing program is competitive, and the number of students is limited by the number of faculty and the availability of clinical learning.

Application Process

Prospective students will find more information on the website including specific nursing program applications, admission requirements, and the applicant selection process.
1. After meeting all minimum admission requirements, applicants are rank-ordered using a point system based on the TEAS-V score, points for selected college (BIO) courses or high school courses for students with no prior college coursework, and additional points as described on the application. Point calculation is subject to change as dictated by college policy and/or as dictated by the Department of Postsecondary Education.
2. Applicants to a nursing program will be notified in writing regarding admission decisions.
3. Students selected for enrollment must respond to confirm their plans; if not, their place will be given to another deserving applicant.
4. If not selected for admission, a new application must be submitted the following cycle.

Enrollment Requirements

Prior to registration in nursing courses, students selected for admission to a nursing program will be required to:
1. Provide documentation of current cardiopulmonary resuscitation (CPR) course completion - must be American Heart Association Health Care Provider, American Health and Safety Institute CPR Pro, or American Red Cross CPR for the Professional Rescuer.
2. Submit a current CCC Student Health Form and Essential Functions Form that have been completed in their entirety by a licensed physician or nurse practitioner, verifying a state of physical and mental health such that the student is able to complete all program requirements without presenting undue risk/harm to the student or other persons. (Forms will be furnished when student is notified of admission.)
3. Provide verification of up-to-date immunizations to include:
   - Two-step TB Mantoux skin test (or chest x-ray if positive) OR three consecutive annual negative skin tests. Annual update is required; and
   - MMR Vaccine or titer verifying immunity; and
   - Varicella (chicken pox) Vaccine or titer verifying immunity; and
   - Tetanus/Diphtheria Vaccination; and
   - Hepatitis B immunization series, or titer verifying immunity or sign a waiver. It is recommended that all nursing students be immunized against Hepatitis B.
4. Purchase professional liability insurance through the College.
5. Verification of current health/hospitalization/accident insurance and/or waiver of liability.
6. Provide a “clear” background check and drug screen completed by the College’s selected agency at the student’s expense. Annual update is required.
7. Arrange reliable transportation to and from clinical facilities assigned by the Nursing Department.
8. Comply with the “Essential Functions” of the program.
9. Abide by the policies of the College and Nursing Department Student Policy Manual.

Grading

A grade of “C” or above is required in all general education courses required in a nursing program curriculum plan taken and/or transferred to Calhoun. To graduate from a nursing program a student must successfully complete the prescribed program of study with a 2.00 overall Grade Point Average (GPA).

The grading policy for nursing programs is more stringent than the general college grading. A passing score for all nursing courses (NUR) is a grade of “C” which is 75-79%. It is the belief of faculty that having a strict grading policy helps to better ensure knowledge and competency and holding nursing students to more rigorous standards is necessary due to the nature of the profession relative to patient safety.

Nursing Progression Policies

NOTE: Subject to change due to statewide standardization of nursing programs

Progression Requirements

In order to continue in the nursing program, the student must:
1. Maintain a grade of “C” or better in all required general education and nursing courses and maintain a 2.0 cumulative GPA.
2. Be accepted by all clinical agencies for clinical learning experiences.
3. Complete all required general education courses according to the Alabama Community College System (ACCS) Nursing Education curriculum unless completed prior to admission. Any exceptions must be approved by the Nursing Program Director.
4. Maintain ability to meet Essential Functions for nursing with or without reasonable accommodations.
5. Maintain current CPR; American Heart Association at the Healthcare Provider Level and other required health documents for clinical rotation.
6. Complete all nursing courses in the prescribed sequence. Students with a grade of “W”, “D” or “F” in a nursing course cannot progress in the nursing course sequence until the course is repeated successfully. Reinstatement into a course is based on the ability to meet the reinstatement guidelines, instructor availability and program resources.
7. Students receiving an “I” in a NUR course must complete all course requirements before the time to start clinical learning experiences in the next semester. Any exceptions made must have the approval of the Nursing Department Chair.
8. Students currently enrolled in any Calhoun nursing program may not apply for another nursing program at the college. Students must complete the track selected on admission into the nursing program. Any exceptions must have the approval of the Nursing Department Chair.

Nursing Progression Policy
1. A total of two (2) unsuccessful attempts in two separate semesters (W, D or F) in the nursing program will result in dismissal from the program.
2. A student may be reinstated to the nursing program only one time. The reinstatement is not guaranteed due to limitations in clinical spaces. All nursing program admissions standards must be met.
3. A student must have a 2.0 cumulative GPA at the current institution for reinstatement.
4. If a student has a documented extenuating circumstance that should be considered related to a withdrawal or failure, then this student may request a hearing before the Admission Committee or other appropriate college committee for a decision on repeating a course or readmission to the program.

Definitions
Reinstatement - Students who have a withdrawal or failure in a nursing course and are eligible to return to that course will be considered for reinstatement to the program.

Readmission - Students not eligible for program reinstatement may apply for program admission as a new student. If accepted as a new student, the student must take or retake all nursing program courses.

Students must reapply as a new student and repeat all nursing courses if they have
1. Withdrawal (W) in two different semesters.
2. Two unsuccessful attempts (D or F) in two different semesters
3. Withdrawal, “D” or “F” in a first semester course (NUR 102, NUR 111 or NUR 200).

If a student is unsuccessful in the associate degree nursing program during the last semester of that program, the student may opt to enroll in the last semester of the practical nursing program. If a student has been dismissed from the mobility program, the student may apply for admission to the traditional program. Acceptance is based on space availability.

Reinstatement & Readmission
Eligible students whose progression through the nursing program is interrupted will
1. Schedule an appointment with the Nursing Department secretary at (256-306-2794) for advising prior to application deadline for the current admission cycle. Deadlines are found on the nursing webpage.
2. Obtain and provide a current, unofficial copy of his/her transcript through MyCalhoun or from the office of admissions for review with the nursing faculty advisor.
3. Submit to the Nursing Department an application for reinstatement or readmission to the nursing program by the published deadline for the current admission cycle.
4. Acceptance for readmission or reinstatement to the nursing program is based on fulfillment of admissions criteria and space availability.
5. Notification of readmission or reinstatement decision is made in writing.

In order to be reinstated, a student must
1. Apply for admission to the College if not currently enrolled.
2. Apply to the nursing program for reinstatement within one year from the term of withdrawal or failure in the nursing program.
3. Demonstrate competency in all previous nursing courses successfully completed with validation of clinical nursing skills and/or written/computerized exams.
4. Meet acceptable criteria for placement at all clinical agencies for clinical experiences.
5. Adhere to nursing curriculum or program policies and procedures in effect at the time of reinstatement.
6. Demonstrate current, accepted CPR course completion at the Healthcare Provider Level.
7. Agree that reinstatement to the nursing program is not guaranteed. Reinstatement may be denied. Possible reasons for denial include, but are not limited to, the following:
   a. Grade point average is less than 2.0 from courses completed at current institution.
   b. Refusal by clinical agencies to accept the student for clinical experiences.
   c. Over twelve months have elapsed since the student was enrolled in a nursing course.
   d. Failure to demonstrate competency in all previous nursing courses successfully completed.
   e. Space unavailability in a course in which the student wishes to be reinstated.
   f. Student has been dismissed from the program.
8. Agree that dismissal from the previous program for disciplinary reasons and/or unsafe and or unsatisfactory client care in the clinical area prohibits reinstatement to the nursing program.
9. Understand that additional requirements for remediation or satisfactory completion of a student success seminar may be required by the nursing program.

Transfer Requirements
Alabama Community College System Standardized Nursing Curriculum courses will be transferred without review of the course syllabus. Nursing courses from any other institution outside of the Alabama Community College System are accepted only after review by the accepting institution to ensure content consistency.
Acceptance of transfer students into nursing programs is based on space availability in class and clinicals. Meeting minimal standards does not guarantee acceptance.
1. Contact the Nursing Department secretary (256-306-2794) to schedule an appointment prior to the application deadline for the current...
admission cycle. Deadlines are found on the nursing webpage.
2. Provide a current, unofficial copy of his/her transcript demonstrating a
   grade of "C" or better in all required general education taken at another
   institution.
3. Possess a minimum 2.0 GPA at time of transfer.
4. Be in good standing and eligible to return to the previous nursing
   program.
5. Provide a letter of recommendation from the Dean/Director of the
   previous program.
6. Complete at least 25% of the total program at the accepting institution.
7. Transfer students must meet the same admission, progression
   and enrollment requirements for immunizations, student health
   examination, and evidence of current CPR course completion, drug
   testing and professional liability insurance as other Calhoun Nursing
   students.
8. Validation of skills and knowledge may be required to determine
   program placement.

GRADUATION
To graduate, a student must successfully complete the prescribed program
of study with a 2.0 overall Grade Point Average (GPA).

Policies/Curriculum for the Nursing Department Programs are subject to
change at any time. Written notice will be given to all students enrolled in
nursing courses prior to implementation of change.

Career Description
The practice of nursing is for individuals who are service oriented,
intellectually mature with a strong sense of self-direction and motivation
and who are able to work and interact with people of all ages and from
various backgrounds. Registered Nurses (RN) assess the current health
status of clients, plan care, administer treatments and medications, and
provide education and emotional support for clients and their families.
They perform a variety of nursing functions requiring communication
skills, critical thinking, decision making, and sound judgment. RNs work
in hospitals, long term care facilities, home health care, physician offices,
outpatient clinics and other settings and play a vital role in the quality and
effectiveness of health care. RNs can specialize in a variety of areas of patient
care, and with additional education, RNs have the opportunity to function
in advance practice roles such as nurse practitioner, nurse anesthetist, nurse
midwife, or nurse educator. The CCC ADN program is designed to educate
individuals in providing nursing care to patients of all ages in a variety of
health care settings. Nursing is a collaborative and/or independent process
in which the nurse interacts with individuals applying documented, scientific
knowledge through the use of the nursing process. Nursing courses provide
sequential nursing knowledge, experience and skills for the safe practice of
nursing. Ethical and legal accountability are stressed.

Associate Degree Nursing Program Costs (approximate)
After entry into the nursing program the student is required to purchase a
Nurse Pack (equipment/supplies) through the Calhoun College Bookstore.
Students are responsible to provide their own transportation to area clinical
facilities.
Malpractice Insurance ............................................. $10.00 per year
Standardized testing resources .................................. $110.00 per semester
Graduation Fees .......................................................... $20.00
NUR 103 Health Assessment ................................... $200.00
Licensure Fee ............................................................ $85.00

Temporary License (optional) ........................................ $50.00
Textbooks (approximate) ............................................. $800.00 per year
Student Response Device ......................................... $70.00
Nurse Pacs ............................................................... $135.00
Uniforms/program patch ........................................... $200.00

Drug Testing/Background Check ................................ $71.00
Graduation Pictures ................................................... $25.00
Health Exams, PPD and immunizations.................. see current semester schedule
Tuition ................................................................. see current semester schedule

The CCC nursing department offers 6 different tracks for the attainment of an
associate of applied science degree in nursing:
- Traditional
- Part-Time Evening
- LPN Career Mobility Track I
- LPN Career Mobility Track 2
- LPN Online Career Mobility
- Paramedic to RN Mobility

Graduates are eligible to apply to write the National Council Licensure
Examination for Registered Nurses (NCLEX-RN®) and apply to a state board
of nursing for licensure as a registered nurse.

NURSING
Associate of Applied Science Degree

Program Code: AAS.NURS  CIP Code: 51.3801

Associate Degree Nursing / Traditional Track
The traditional ADN track is 5 semesters in length incorporating both nursing
and general education classes. All courses must be taken and successfully
completed in order, though any or all of the general education requirements
may be fulfilled earlier. Classes meet in the Health Sciences Center on the
Decatur campus approximately 3 to 5 days per week for up to six hours per
day. In addition, clinical education takes place at area health care facilities
each semester. The required number of hours varies with each nursing
course. These experiences are primarily scheduled weekdays between the
hours of 6:00 AM and 6:00 PM. Health facility assignments are based on the
learning needs of the student, not geographical proximity to their home.
Graduates receive an Associate of Applied Science degree in Nursing and
are eligible to apply to write the National Council Licensure Examination
for Registered Nurses (NCLEX-RN®) and apply to a state board of nursing for
licensure as a registered nurse. Calhoun offers a fall and spring admission in
the Traditional Track.

**TOTAL CREDITS** .......................................................... 72

Nursing courses are offered only on the Decatur campus.

**Associate Degree Nursing / Part-Time Evening Track**

The Part-Time Evening (PTE) track has a 7 semester curriculum plan. A hybrid distance education model is used in order that enrolled students view archived nursing lecture online. The PTE class meets on campus once weekly during evening hours for face to face time with nursing faculty, skills development and evaluation. The majority of clinical education experiences are scheduled on weekends or during the late afternoon and evening. Students are required to complete the same 72 credit hours but at a delayed pace. Class size is limited and students are enrolled once per year to begin fall semester.

**Nursing/Career Mobility for the Licensed Practical Nurse Associate of Applied Science Degree**

Program Code: AAS.NURCM CIP Code: 51.3801

**Admission Requirements**

In addition to the general admission requirements for the College, admission to the LPN to RN Mobility option requires:

1. applicant meets all nursing program general admission requirements.
2. an unencumbered or unrestricted license as a Practical Nurse in Alabama.
3. receipt of application for the Career Mobility option by published deadline.
4. completion of the prerequisite general education courses with a grade of “C” or better.

**Prerequisites:**

**Associate Degree Nursing/LPN to RN Career Mobility, Track 1**

CM1 is a 4-semester program to prepare licensed practical nurses to obtain an associate in applied science degree in nursing. Applications are taken in the fall for spring semester admission. CM1 is for LPNs that graduated from a PN program outside of Alabama or from any PN program more than two (2) years prior to application for admission into a CM track.

**Associate Degree Nursing/LPN to RN Career Mobility, Track 2**
CM2 is a 3-semester program for Licensed Practical Nurses who have graduated from an Alabama Community College System Practical Nursing program within the past two years and hold a current license. Students admitted to this program will not be required to take NUR 200 and will enter in the second term of the curriculum plan. Applications are taken in the fall for summer semester admission.

**Associate Degree Nursing/ONLINE (HYBRID) LPN to RN Career Mobility Track**

The Online (Hybrid) Career Mobility (OCM) track is a third option for practical nurses to obtain an associate’s degree. It is a 4-semester, 27 nursing credit hour plan. Students are required to attend 2-3 sessions on the CCC Decatur campus each of 4 semesters for the purpose of orientation, testing, and clinical skills validation. Nursing lecture is archived online and other instructional methods include self-directed study assignments and discussion forums. Clinical education requirements are the same as in other ADN tracks but are accomplished utilizing a preceptor model at an approved clinical facility near the student’s home. In addition to expenses listed for associate degree nursing, the Online (Hybrid) Career Mobility student is required to purchase a secure remote exam proctoring device at an approximate cost of $250. Applicants for this track must have high-speed internet access, ready access to a computer with Windows XP or later operating system, the ability to use a computer, Microsoft Office applications, the internet, and send/receive email with attachments.

PRIVAGEE / PARAMEDIC TO RN MOBILITY TRACK
Associate of Applied Science Degree

Paramedic to RN is a mobility track which prepares licensed paramedics to obtain their ADN. Applicants must have completed 20 hours of prerequisite general education coursework. The three semester curriculum plan includes 37 credit hours; 9 hours of additional general education and 28 hours of nursing. The first semester course NUR 111 Paramedic to RN Mobility assists the experienced EMT-P in transition to the role of the nurse with emphasis placed on skills, the nursing process, communications, and the role of the registered nurse. If successful in NUR 111 students articulate into the third semester of the ADN curriculum plan and are awarded 15 non-traditional hours of credit at the completion of the paramedic mobility curriculum. Applications are accepted in the fall semester for spring admission. Students in this track have a December graduation.

Practical Nursing Program Certificate

Program Code: CT.LPN  CIP Code: 51.3901

This program is subject to the Credit to Clock Hour conversion as defined by Title IV and may not be fully funded with Title IV funds (Pell Grant, SEOG and Direct Student Loan).

PN students must maintain 37.5 contact hours/week to be considered full-time for financial aid purposes.

Career Description

Licensed Practical Nurses (LPNs) represent the second largest health care providing group in America, after RNs. LPNs provide direct patient care under the supervision of an RN, physician or dentist. They perform a variety of nursing functions requiring communication skills, critical thinking, decision making, and sound judgment. LPNs work in hospitals, long term care facilities, home health care, schools, physician / dentist offices and other settings. Practical nurses have a vital role in the delivery of quality and effective health care. The curriculum revolves around technical excellence using the nursing process as a means by which students relate theory to practice. It incorporates the knowledge, values, and skills required for safe, effective patient care. Ethical and legal accountability are stressed. The practice of nursing is for individuals who are service oriented, intellectually mature with a strong sense of self direction and motivation and who are able
to work and interact with people of all ages and from various backgrounds.

Note: Nursing courses are offered only on the Decatur campus. Students entering the PN program must complete the PN program. Students may not transfer into the ADN program; however, students may apply for admission to the ADN program as a new student.

Practical Nursing Program Costs (approximate)
Note: Students are required to provide his/her own transportation to assigned clinical facility

| Medical Practice Insurance | $10.00 |
| Standardized testing resources | $110.00 per semester |
| Graduation Fees | $20.00 |
| NCLEX Fee | $200.00 |
| Licensure Fee | $85.00 |
| Temporary License (optional) | $50.00 |
| Textbooks (approximate) | $800.00 |
| Student Response Device | $70.00 |
| Nurse Packs | $135.00 |
| Uniforms (approximate) | $175.00 |
| CPR Class | $136.00 |
| Drug Testing/Background Check | $71.00 |
| Graduation Pictures | $25.00 |
| Health Exams, PPD and Immunizations | varies |
| Tuition | see current semester schedule |

Practical Nurse Curriculum Plan

The practical nursing program curriculum plan is three semesters in length with a total of 49 credit hours; 14 hours in general education and 35 hours in nursing. All courses must be taken and successfully completed in order, though any or all of the general education requirements may be fulfilled prior to enrollment in the PN program. Enrolled students attend NUR classes in the Health Sciences Center on the Decatur campus approximately 3 days per week for up to six hours per day. In addition, clinical education takes place at area health care facilities each week. The required number of hours varies with each nursing course. These experiences are primarily scheduled weekdays between the hours of 6:00 AM and 6:00 PM. Health facility assignments are based on the learning needs of the student, not geographical proximity to their home. Graduates receive a certificate and are eligible to apply to write the National Council Licensure Examination for Practical Nurses (NCLEX-PN™) and apply to a state board of nursing for licensure as a practical nurse.

Nursing courses are offered only on the Decatur campus.

NURSING ASSISTANT

The Nursing Assistant course (NAS100) will prepare a person to work under the supervision of an registered nurse (RN) or Licensed Practical Nurse (LPN) and give direct patient care in various healthcare settings. Successful completion of the course allows eligibility to write the State Nursing Assistant Certification exam through PROMISSOR. The Nursing Assistant curriculum at Calhoun Community College is approved by the Alabama Department of Public Health.

Admission requirements

Unconditional admission to the College.

Enrollment Requirements/Background Checks/Drug Testing
See information provided under Nursing, General Information.

Program Costs

Students will be required to provide his/her own transportation to assigned clinical facility

| Additional expenses include: |
| Textbooks | $100.00 |
| Uniforms and Supplies | $70.00 |
| Malpractice Insurance (per year) | $10.00 |
| Drug Testing/Background Check | $71.00 |
| CPR class | $30.00 |
| Certification Examination through PROMISSOR | $95.00 |
| Health exams, PPD and Immunizations | varies |
| Tuition | (See Semester Class Schedule) |

CAREER OPPORTUNITIES

Nursing Assistants may be employed by hospitals, nursing homes, long-term care facilities, and other community health care agencies.

PHYSICAL THERAPIST ASSISTANT

A Physical Therapist Assistant (PTA) is an educated, skilled, licensed health care team member who works under the direction and supervision of a physical therapist. The PTA helps people of all ages with health-related conditions that limit their ability to move and perform functional activities in their daily lives. Job activities may include helping a person to exercise, teaching the use of assistive devices or providing treatments such as electrical stimulation, traction, and ultrasound. PTAs work in a variety of settings including hospitals, outpatient clinics, home health, nursing homes, schools, and sports facilities.
The PTA program seeks to provide students with the knowledge to demonstrate technical competence in entry level physical therapy skills, make sound clinical decisions, and provide safe, effective, compassionate, and professional physical therapy care to a diverse patient population.

The program is designed to be completed in 5 terms. PTA classes are only offered during the day, Monday–Friday, on the Decatur campus. The coursework is progressive, requiring a grade of 75% or higher in each PTA course and a “C” or higher in the required general education courses. Students must participate in a total of 18 weeks of full-time (40 hours/week) clinical experiences.

Total Credits ................................................................................. 72

PTA students are required to comply with legal, moral, and legislative standards in accordance with Rule No. 700-X-2-02 of the Alabama State Board of Physical Therapy Administrative Code, which states the following:

The Board shall refuse licensure to any applicant who is of other than good moral character. The determination as to what constitutes other than good moral character and reputation shall be solely within the judgment of the Board. Each applicant shall be required to submit references from two professional sources addressing, but not being limited to, moral character. These references shall be submitted on forms prescribed by the Board and shall be mailed to the executive director. Grounds for refusal may include, but are not limited to: (1) history of using drugs or intoxicating liquors to an extent that affects professional competency, (2) conviction of a felony or crime involving moral turpitude, (3) attempt to obtain or obtaining a license by fraud or deception, (4) guilt of conduct unbecoming a person registered as a physical therapist or licensed as a physical therapist assistant or of conduct detrimental to the best interest of the public, and (5) conviction of violating any state or federal narcotic law.

ACCREDITATION STATUS

The Physical Therapist Assistant Program at Calhoun Community College is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone: (703) 706-3245; email: accreditation@apta.org; website: www.capteonline.org.

Admission to the Program

A new class of PTA students is admitted once a year in the fall semester. Applicants must minimally:

1. Meet all admission requirements of Calhoun Community College.
2. Submit a current year PTA Program Application.
3. Have completed 24 hours of physical therapy observation experience which is documented and signed by licensed PT personnel.
4. Submit a 2 – 3 page typed essay of this experience.
5. Submit two (2) letters of professional recommendation in the requested format.
6. Submit an ACT reading score or COMPASS reading placement test from the past three (3) years.
7. Submit an unofficial Calhoun Community College transcript documenting all previously completed applicable course work taken at Calhoun or accepted in transfer by the Calhoun Community College Office of Admissions and Records.
Applications are accepted January through March. It is the responsibility of the applicant to ensure the application is complete. All requested information must be included for the application to be complete. Missing documentation will result in the application not being considered for admission. Each time an applicant applies to the program an application packet must be completed in its entirety. Copies of all items submitted should be retained as information will not be released from previous application packets.

Selection Process

Meeting the minimum requirements does not guarantee acceptance. Class size is limited and there is a selective application process. After meeting the minimum requirements, applicants are rank-ordered using a 100 point scale. An application and more information on the selection process are available on the PTA website.

After students are enrolled in the PTA program and prior to first clinical assignment they will be required to:

1. Provide evidence of current cardiopulmonary resuscitation course completion at the healthcare provider level.
2. Submit a current Calhoun Community College Allied Health Examination Form completed by a licensed physician or nurse practitioner.
3. Provide medical verification of a two-step Mantoux skin test (chest x-ray if positive) indicating he/she is free of tuberculosis.
4. Provide documentation of immunity to mumps and rubella.
5. Provide verification of immunization for hepatitis B and/or show positive antibodies and/or sign a waiver.
6. Purchase professional liability insurance through the college prior to the first clinical rotation.
7. Arrange reliable transportation to and from clinical facilities assigned by the program.
8. Abide by the policies of the College and PTA Program Student Policy Manual.
9. Submit to drug and alcohol testing and background checks.

Drug Testing / Background Checks

As stipulated by the health facilities with which the PTA program contracts for clinical education, each student enrolled in the program will undergo drug and alcohol testing and a background check as a precondition to beginning clinical experiences. The fees are the responsibility of the student. Policies for the screening process are provided to the student upon enrollment in the program.

Essential Functions

Essential Functions can be found on the program application. The purpose of the PTA Program Essential Functions is to outline the cognitive, affective and psychomotor skills deemed the minimal necessary for admission, progression, and graduation and for the provision of safe and effective patient care. If a student cannot demonstrate the skills and abilities delineated in the essential functions, it is the responsibility of the student to request an appropriate accommodation through the Office of Services to Special Student Populations.

Policies/Curriculum

Information contained in the Catalog and the policies and curriculum for the PTA program are subject to change at any time. Written notice will be given to all students enrolled in the program prior to implementation of change. Please see website for most current info.

Approximate Program Costs

In-state tuition + fees (72 hours) = $9432  
+ $2,500 (additional expenses) = $11,932  
Textbooks = $1800  
Background check & drug screening = $100  
CPR certification = $50-100  
Physical exam, TB testing, required blood work & immunizations = $250  
Uniforms = $150  
Alabama Licensure Exam Fees = $537

SALON & SPA MANAGEMENT

Pending Approval from the Alabama Commission on Higher Education (ACHE)

This program is designed to prepare cosmetologists, hairstylists and other personal grooming specialists for entrepreneurial pursuits to manage beauty parlors, shops, and full-service or specialized salons. This program prepares students for licensure as professional salon owners and operators. Instruction includes cosmetic services marketing and retailing, advertising and promotion, salon management, the cosmetic and salon supply industries, hiring and supervision, applicable business and professional laws and regulations, professional standards and image, and customer service.

SALON & SPA MANAGEMENT
Cosmetology Certificate

This program provides expert guidance to lead our future professionals through the curriculum which incorporates extensive, hands-on training in a salon and spa type setting. The length of the program is 1500 contact hours which are required to become a licensed cosmetologist in Alabama. Students entering Cosmetology must have a high school diploma or hold an equivalency certificate.

This program is subject to the Credit to Clock Hour conversion as defined by Title IV and may not be fully funded with Title IV funds (Pell Grant, SEOG and Direct Student Loan)

The Certificate in Security prepares students to enter many of the varied fields of private security, or may be used to improve the competencies of professionals already employed in the field.

**SECURITY Certificate**

This program is subject to the Credit to Clock Hour conversion as defined by Title IV and may not be fully funded with Title IV funds.
and affective (behavior) learning domains.

Completion of this program requires three semesters of classroom/laboratory instruction and clinical experience for a total of 1050 contact hours.

The objectives of the program, which the graduates must successfully demonstrate, flow from the College mission statement, the program philosophy, and the program goal.

Upon successful completion of the Surgical Technology program, the student will demonstrate the following objectives:

1. Comprehension, application and evaluation of clinical information relevant to his or her role as a surgical technologist. (Cognitive Domain)

2. Technical proficiency in all skills necessary to fulfill the role as a surgical technologist. (Psychomotor Domain)

3. Personal behaviors (Communications) consistent with professional and employer expectations for the surgical technologist. (Affective Domain)

Further, graduates of the Calhoun Community College Surgical Technology Program are expected to meet the following student learning outcomes:

1. Participate in basic cases in a variety of surgical specialties.

2. Determine an appropriate setup for core procedures.

3. Demonstrate entry level knowledge of surgical anatomy and physiology.

4. Employ principles of aseptic technique.

5. Anticipate the needs of the surgeon and patient during the surgical procedure.

6. Demonstrate professional behaviors with surgeon and other surgical team members.

7. Manage time effectively as a member of the surgical team.

8. Demonstrate preparedness for successfully completing the CST exam.

ACCREDITATION STATUS

The Calhoun Community College surgical technology program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP), 1361 Park Street, Clearwater, Florida 33756, www.caahep.org, (727) 210-2350.

Graduates of CAAHEP accredited programs are eligible to sit for the National Certified Surgical Technologist exam. The CST exam is managed by the National Board of Surgical Technology and Surgical Assisting (NBSTSA).

Admissions Requirements

Prior to entering SUR courses (Semester 2 of certificate and Semester 3 of AAS degree curriculum), a student must apply for and be accepted for admission to the Surgical Technology Program.

Acceptance into Calhoun Community College is granted to most applicants, but this does NOT constitute nor guarantee admission to the SUR program. Students interested in admission to the SUR program should complete an application (available on the Surgical Technology Program website) and submit it to the Allied Health Department office in the Health Sciences Building, Room 308.

The minimum requirements for admission into the SUR program include

- Submit a completed application form to the Admissions & Registrar’s Office at Calhoun Community College and be accepted for enrollment by the College.
- Attend an information session.
- Submit a completed Surgical Technology Application Form to the Department of Allied Health (Forms are made available at information sessions).
- Possess a high school diploma or equivalent.
- Complete ENG 101 with a grade of “C” or better.
- Complete Medical Terminology (EMS 106 or HPS 105) with a grade of “C” or better.
- Complete MTH 100, 110 or 112 with a grade of “C” or better.
- Having a cumulative GPA of 2.5 or higher on any college coursework completed
- Achieved a current Compass Reading score of 75 or higher.
- Complete Manual Dexterity exam with an average score of 25 or higher.
- Completion of BIO 201 and 202 is not currently required for admission to the program but is highly recommended.

Selection Process

Meeting minimum requirements above does NOT guarantee admission into the SUR program. Students meeting the minimum requirements will be presented to the SUR Admission Committee with a score of “10”. Additional points are added to the application by the committee when students have

- Completed EMS 106 OR HPS 105 with a grade of
  • “A” = 2 points added
  • “B” = 1 points added
- Work experience in a patient care setting - up to 3 points added
- Completed a handwritten statement (on the application) and a manual dexterity exam.
  • Statement = up to 3 points added
  • Manual dexterity exam (completed at the Information Session) = up to 3 points added
- One year or more of work experience in surgery - 1 point added

Complete BIO 201 or 202

- 3 points added for each “A”
- 2 points added for each “B”
- 1 point added for each “C”

Maximum points for BIO 201 and 202 is 6 points

Complete PSY 200, PSY 210, SPH 106 or 107 or ENG 101

- 1 point added for each “A”, “B”, or “C” for a maximum total of 4 points

Admission is granted to a maximum of 28 students with the highest application scores. In situations where two or more students have tie scores for the final position, the date the application was submitted will determine the student awarded the seat.

Upon enrollment in the program

1. Submit to the Allied Health Department a satisfactory Student Health Form completed by a licensed physician or nurse practitioner (form will be furnished when student is accepted for admission). Health form is due by first day of class. Form is valid for one year. Evidence of good health is required for placement in the program.

2. Provide evidence of vaccination for Hepatitis B and/or positive antibodies or sign a waiver.

3. Provide documentation of two-step Mantoux skin test (PPD), or chest x-ray, if positive, indicating he/she is free of tuberculosis.

4. Provide documentation of immunity for Rubeola (Measles), Mumps, Rubella (German Measles) through one of the following:

a. History of having had the disease

b. Titer that shows immunity
c. Immunization record

5. Provide documentation of current Influenza vaccination or otherwise meet requirements of clinical affiliates for an exception.

6. Provide evidence of current certification in BCLS/Healthcare Provider cardiopulmonary resuscitation (CPR) prior to clinical experience. Students are responsible for obtaining and maintaining current CPR Certification while enrolled in the program.

7. Purchase professional liability insurance through the College by the first day of class (forms available in the Allied Health Department).

8. Meet requirements for criminal background check and drug screen per Allied Health Department and/or clinical affiliate policies.

PROGRESSION IN THE PROGRAM

Students must fulfill all course requirements as stated in each SUR syllabus.

Achieve a minimum grade of "C" (75%) in each SUR course.

First scrub a minimum of 140.

Successfully complete all lab, practical, and clinical components of each SUR course.

Meet Surgical Technology program Essential Competencies of Candidates for Admission, Continuance & Graduation.

Successfully complete NBSTSA - Certified Surgical Technologist Practice Exam with a score of 65% or better.

Complete the Certified Surgical Technologist Exam.

Specific questions concerning the program can be answered by calling the Surgical Technology program (Monday-Thursday at 256/306-2786/306-2950).

SURGICAL TECHNOLOGY PROGRAM ESTIMATED COSTS

Tuition: See college catalog section covering financial information.

Malpractice Insurance (per year) .......................................................... $10.00
Drug Screen/Background Check ........................................................ $71.50
Graduation Fee .................................................................................. $25.00
Certification Exam .............................................................................. $265.00
Textbooks ........................................................................................... $600.00
Health Exams, PPD, Immunizations ................................................ Cost Varies
CPR Course ........................................................................................ Cost Varies
Uniforms ............................................................................................... $200.00
NBSTSA Practice Exam ................................................................. $50.00

READMISSION POLICY

A student may be readmitted to a SUR course ONE TIME following a failure of or withdrawal from an SUR course. Students who are currently returning following a failure are considered to be using their second and final opportunity to complete the Surgical Technology program. Requests for readmission will be considered competitively with new applications and is not guaranteed.

Following withdrawal:

If a student withdraws from a SUR course or is temporarily ineligible to progress (see progression requirements), readmission to the SUR program requires

1. written notification at least three months in advance to the SUR Program Director that the student desires to reenter the SUR program.
2. a minimum cumulative grade point average of 2.5.
3. no longer than twelve (12) months may elapse between completion of a SUR course and enrollment in the subsequent course for successful completion of a series of advanced courses.
4. Successful completion (with a passing score of 75% or better) of all final and practical exams completed by students currently enrolled in the program.

All students who withdraw from or are temporarily ineligible to progress through a program of study in the Allied Health Department will be readmitted under the College Catalog, and program policies and procedures, in effect the year of readmission.

</table>
CREDIT HOUR EQUIVALENCIES – The ratio of weekly contact hours to credit hours varies with the type of instruction being used. The College will recognize the following methods or types of instruction:

THEORY, (T) One hour of theory instruction under the supervision of an instructor plus an average of two hours of out-of-class study per week. 1:1

EXPERIMENTAL LABORATORY (E) Two hours of experimental laboratory under the supervision of an instructor plus an average of one hour of out-of-class assignments per week. 2:1

PED ACTIVITY, (A) Two hours of physical education class activity/practice under the supervision of an instructor with out-of-class assignments per week. 2:1

MANIPULATIVE LABORATORY, (M) Three hours of practice/manipulative laboratory under the supervision of an instructor with no out-of-class assignments per week. 3:1

SKILLS LABORATORY/Clinical Practice, (S or C) Three hours of skills laboratory or clinical practice under the supervision of an instructor. 3:1

Skills Laboratory/Clinical Practice is the term for skills laboratory (S) and clinical experiences (C) which are under the direct supervision of faculty. There may be out-of-class assignments per week, but they are not required. For example, skills laboratory and clinical experiences may have out-of-class assignments whereas a computer laboratory may not require an out-of-class assignment.

PRECEPTRSHIP, (P3 or P5) Three or five hours of clinical experience per week under the supervision of a health care professional who is currently licensed, has expertise in the selected clinical area, and serves as a facilitator of learning. 3:1 or 5:1.

Preceptorship is the term used for clinical experiences which are supervised by currently licensed health care professionals who have expertise in a selected clinical area. Preceptors are employees of a clinical agency who are approved by faculty of the program and the administration of the clinical agency. Objectives for the preceptorship are specified. A designated faculty member is readily available (by telecommunication devices, for example) to the preceptor and student during the preceptorship experiences. Students enrolled in fields of study for which programmatic accreditation and/or licensing bodies require an 8:1 preceptorship ratio must comply with discipline-specific time-to-credit criteria.

As the contact hours for courses using preceptorship clinical experiences are entered, specify in the column for “clinical” the actual number of contact hours per week followed by a bold (P3) or (P5).

INTERNSHIP (I) Five hours of experimental internship per week under the control and supervision of the employer on the job with coordinated employer/college representative planning. 5:1

Internship is the term used to include cooperative education, practicums, and sponsored work instruction. Internship involves the development of job skills by providing the student with a structured employment situation that is directly related to, and coordinated with, the educational program. Student activity in “internship” is planned and coordinated jointly by an institutional representative and the employer, with the employer having the responsibility of control and supervision of the student on the job. Students enrolled in fields of study for which programmatic accreditation and/or licensing bodies require a 10:1 internship ratio, must comply with field-specific time-to-credit criteria.

The number of clock hours of each type of instruction is stated in each course description. Types of instruction may be mixed within one course. In that event, the number of contact hours for each type of instruction is spelled out in the following order: Theory (T), Experimental Laboratory (E), PED Activity (A), Manipulative Laboratory (M), Skills Laboratory/Clinical Practice (S or C), Preceptorship (P3 or P5), and internship (I). On the right side of the column, the number of credit hours for the entire course is given.
ADM 104  INTRODUCTION TO THERMAL/ELECTRICAL PRINCIPLES (1T, 4E)  3 credits
This course emphasizes the fundamental principles for air conditioning and refrigeration. Instruction is provided in the theory and principles of refrigeration and heat transfer, HVAC/R system components, common, and specialty tools for HVAC/R, and application of the concepts of basic compression refrigeration. In addition, this course covers electrical/electronic fundamentals and principles. Emphasis is placed on electrical theory and science, semiconductor devices, motors, transformers, digital concepts, programmable logic controllers, and circuit analysis of resistive, capacitive, resonant, and tuned circuits. Upon completion, students will have knowledge of basic electricity and electronics and be able to identify system components and understand their functions, identify and use common and specialty HVAC/R tools, and maintain components of a basic compression refrigeration system. This supports CIP code 15.0613. This is a CORE course.

ADM 105  FLUID SYSTEMS (1T, 4E)  3 credits
This course includes the fundamental concepts and theories for the safe operation of hydraulic and pneumatic systems used with industrial production equipment. Topics include the physical concepts, theories, laws, air flow characteristics, actuators, valves, accumulators, symbols, circuitry, filters, servicing safety, and preventive maintenance and the application of these concepts to perform work. Upon completion, students should be able to service and perform preventive maintenance functions on hydraulic and pneumatic systems. This is a CORE course. This course supports CIP code 15.0613.

ADM 106  QUALITY CONTROL CONCEPTS (2T, 3M)  3 credits
This course covers quality assurance principles including the history of the quality movement, group problem solving, data collection, control charts, and statistical methods such as statistical process control (SPC), process capability studies, and the concepts associated with lean manufacturing. This supports CIP code 15.0613. This is a CORE course.

ADM 107  INTRODUCTION TO CAD FOR CIM (1T, 6M)  3 credits
This course provides an introduction of Computer Aided Drafting (CAD) techniques and terminology. Concepts to include CAD Software and skills necessary to perform the basic computer aided drafting functions. Related lab projects are developed from CAD to a reinforced knowledge of various shop drawing concepts, software commands, and file management that will be used in Computer Integrated Manufacturing (CIM). The course will provide an overview of CIM which will include the study of manufacturing planning, integration, and implementation of automation. This course explores manufacturing history, individual processes, systems, and careers. In addition to technical concepts, the course incorporates finance, ethics and engineering design.

ADM 108  INTRODUCTION TO 3D MODELING (1T, 4E)  3 credits
RECOMMENDED TO TAKE DDT 111 FIRST
It is recommended that students have basic computer skills before taking this class.
This course provides an introduction to basic 3Dimensional (3D) modeling functions and techniques. The parametric concept will be introduced. “Hands-on” class structure utilizes various 3D software applications. Topics include terminology, hardware, basic 3D modeling involving sketching and 3D feature creations, feature application and operating system functions. Students will be able to generate basic 3D parts and associated working drawings in soft and hard copy format.

ADM 112  ORIENTATION TO ADDITIVE MANUFACTURING (1T)  1 credit
Introduction to basics of manufacturing, including personal protective equipment (PPE), safety practices, general lab procedures and the proper use of equipment to perform basic manufacturing processes such as drilling and cutting on commonly used materials, including metals and composites.
Topics include Additive Manufacturing fundamentals, history, and terminology. Additive Manufacturing systems types, advantages vs. disadvantages of various Additive Manufacturing technologies will be discussed.

ADM 114 DESIGN INNOVATION (1T, 4E) 3 credits
PREREQUISITE: ADM 107 OR DDT 109 OR ADM 108 OR DDT 144 OR EGR 125
This course introduces students to the concepts of architectural and engineering drafter as a profession, basic engineering and architectural skills, and the design processes. The course includes components to develop teaming and oral and written communication skills. The course also provides an introduction to various computer based tools used by architects and engineers (e.g. spreadsheet, word processing, presentation software, and the Internet).

ADM 150 TECHNICAL CO-OPERATIVE EDUCATION -155 (1T) 1 credit (each)
Students work on a part-time basis in a job directly related to applied technologies. The employer and supervising instructor evaluate students’ progress. Upon course completion, students will be able to apply skills and knowledge in an employment setting.

ADM 157 MATERIAL PROPERTIES (1T, 4E) 3 credits
PREREQUISITE: ADM 112
This class identifies the major categories of materials used in manufacturing and compares their general properties to aid in proper selection of material for product functions. Students will perform an analysis of the behavior and characteristics the materials used in manufacturing including polymers, metals, ceramics and composites: their structure, and physical and mechanical properties. Additionally students will perform heat treatment of ferrous and nonferrous metals; and test for hardness, tensile and strength. Technical writing will be introduced. Upon completion of this class students will be able to understand and select proper materials for Additive Manufacturing. (Offered Fall Semester)

ADM 162 ADDITIVE MANUFACTURING PROCESSES - POLYMERS (1T, 4E) 3 credits
PREREQUISITE: ADM 112 and ADM 107 OR DDT 109 OR ADM 108 OR DDT 144 OR EGR 125
This course focuses on the basic principles and methodology types of polymers and processes created with the Additive Manufacturing (AM) process. Comparison of selecting the best type of manufacturing for product will be discussed. Student will learn proper instruction on safety operations, set-up and routine maintenance and production of the AM Systems. Students will learn various type of polymers, AM Systems; Fused Deposition Manufacturing (FDM), Polyjet, Stereolithography (SLA). Student will learn the design software used for each AM system. Upon completion, students should be able to discuss and understand the significance of polymer materials properties and structure, describe the different types of polymers available for the AM process and explain the benefits of basic polymer rapid prototyping. They should be able to demonstrate how to take a “part” from start to finish on the AM polymer system and be able to select the best process for the type of product being produced. NOTE: AM students will also be required to take AM production techniques before or with this class. (Offered Fall Semester)

ADM 164 ADDITIVE MANUFACTURING PROCESSES - POWDERS (1T, 4E) 3 credits
PREREQUISITE: ADM 112 and ADM 107 OR DDT 109 OR ADM 108 OR DDT 144 OR EGR 125
This course focuses on the basic principles and methodology types of powders and processes created with the Additive Manufacturing (AM) process. Metal and plastic based powders will be discussed. Students will compare material properties, and various types of powders to determine properties and strengths in material. Students will learn proper instruction on safety operations, set-up and routine maintenance and production of the AM systems. Students will learn powder based AM with the use of the Direct Metal Laser Sintering (DMLS) system and will learn the design software used for the metal powder DSLM AM system. Upon completion, students should be able to discuss and understand the significance of metal materials characteristics, properties and structure. They will be able to describe the different types of metal powders including, but not limited to aluminum, stainless steel, cobalt, titanium, and nickel and explain what the benefits of metal powder rapid prototyping. They should be able to demonstrate how to take a “part” from start to finish on the AM DSML System. NOTE: AM students will also be required to take AM production techniques before or with this class. (Offered Spring Semester)

ADM 200 INDUSTRIAL ROBOTICS SAFETY (3T) 3 credits
This course covers safety aspects associated with industrial robots and the procedures to follow when working around them. The topics are approached from maintenance/repair and engineering perspectives. Students have the opportunity to learn common types of accidents associated with robot work and the sources of these accidents. North American and European safety standards including new ANSI/RIA safety standards for Industrial Robots (15.06), risk assessment methodologies, risk reduction methods and the application of various safety products are also covered.

ADM 208 INTERMEDIATE 3D MODELING (1T, 4E) 3 credits
PREREQUISITES: DDT 124 & ADM 108
In this course students will receive instruction on intermediate 3D modeling concepts, such as sheet metal modeling, intermediate assemblies, 3D sketching and weldments. Students will explore an introduction to prototyping and design concepts in a 3D environment. 3D software will be utilized to produce properly detailed construction drawings,
This course is intended as an intensive experience in instruction in the safe use of all tools and equipment will be emphasized. Students will experiment with various techniques in the post processing of metal parts. Techniques will include grinding, EDM cutting, drilling, shot peening, and heat treatment. Students will record testing and outcome of post processing in a technical lab report. Students will use LEAN manufacturing to observant proper lab procedures. Upon completion of this class students will be able to properly and safely perform proper PPE post processing techniques on additive manufactures metal parts and be able to write a technical report and describe LEAN manufacturing applied to an additive manufacturing lab. (Offered Spring Semester)

ADM 232 APPLIED INDUSTRIAL ROBOTICS (ABB)  
(1T, 6M)  3 credits
PREREQUISITE: Permission of instructor
This course covers the basic techniques used to write, execute, test, and modify a basic robotic program for an application-specific operation. Topics covered are related safety, robotic systems, computer terminal programming, teach pendant programming, and input/output interfacing. Upon completion, a student should be able to write, test, and evaluate a robotic program.

ADM 233 APPLIED INDUSTRIAL ROBOTICS (CLOOS)  
(1T, 6M)  3 credits
PREREQUISITE: Permission of instructor
This course covers the basic techniques used to write, execute, test, and modify a basic robotic program for an application-specific operation. Topics covered are related safety, robotic systems, computer terminal programming, teach pendant programming, and input/output interfacing. Upon completion, a student should be able to write, test, and evaluate a robotic program.

ADM 234 APPLIED INDUSTRIAL ROBOTICS (FANUC)  
(1T, 6M)  3 credits
PREREQUISITE: Permission of instructor
This course covers the basic techniques used to write, execute, test, and modify a basic robotic program for an application-specific operation. Topics covered are related safety, robotic systems, computer terminal programming, teach pendant programming, and input/output interfacing.

ADM 235 APPLIED INDUSTRIAL ROBOTICS (KAWASAKI)  
(1T, 6M)  3 credits
PREREQUISITE: Permission of instructor
This course covers the basic techniques used to write, execute, test, and modify a basic robotic program for an application-specific operation. Topics covered are related safety, robotic systems, computer terminal programming, teach pendant programming, and input/output interfacing. Upon completion, a student should be able to write, test, and evaluate a robotic program.

ADM 236 APPLIED INDUSTRIAL ROBOTICS (KUKA)  
(1T, 6M)  3 credits
PREREQUISITE: Permission of instructor
This course covers the basic techniques used to write, execute, test, and modify a basic robotic program for an application-specific operation. Topics covered are related safety, robotic systems, computer terminal programming, teach pendant programming, and input/output interfacing. Upon completion, a student should be able to write, test, and evaluate a robotic program.

ADM 237 APPLIED INDUSTRIAL ROBOTICS (MOTOMAN)  
(1T, 6M)  3 credits
PREREQUISITE: Permission of instructor
This course covers the basic techniques used to write, execute, test, and modify a basic robotic program for an application-specific operation. Topics covered are related safety, robotic systems, computer terminal programming, teach pendant programming, and input/output interfacing. Upon completion, a student should be able to write, test, and evaluate a robotic program.

ADM 238 APPLIED INDUSTRIAL ROBOTICS (MITSUBISHI)  
(1T, 6M)  3 credits
PREREQUISITE: Permission of instructor
This course covers the basic techniques used to write, execute, test, and modify a basic robotic program for an application-specific operation. Topics covered are related safety, robotic systems, computer terminal programming, teach pendant programming, and input/output interfacing. Upon completion, a student should be able to write, test, and evaluate a robotic program.

ADM 239 APPLIED INDUSTRIAL ROBOTICS (OTC)  
(1T, 6M)  3 credits
PREREQUISITE: Permission of instructor
This course covers the basic techniques used to write, execute, test, and modify a basic robotic program for an application-specific operation. Topics covered are related safety, robotic systems, computer terminal programming, teach pendant programming, and input/output interfacing. Upon completion, a student should be able to write, test, and evaluate a robotic program.

ADM 241 ADDITIVE MANUFACTURING TEST PREP
(1T) PREREQUISITE: Permission of instructor
During this test prep class students will review concepts of Additive Manufacturing (AM) taught in this course of study.
We will review instructions on Additive Manufacturing principles and will be supported by observation of Additive Manufacturing applications in action. Student will participate in practice exercises that incorporate concepts and applications from the lecture and lab of their previous coursework. The SME Additive Manufacturing Certificate serves as verifiable proof of foundational knowledge by successfully completing an exam. NOTE: This course is usually taken during the last 2 semesters of the program of study. (Offered Summer Semester)

ADM 250 INTRODUCTION TO FLEXIBLE MANUFACTURING CELLS (2T, 4E) 4 credits
PREREQUISITES: ELT 231 and ELT 232 or Permission of Instructor
This course covers techniques involved when grouping related machines for the purpose of completing a series of manufacturing processes in a flexible manufacturing cell. The student will be involved with the computerized integration of programmable control systems such as robotics, machine tools, and other peripheral equipment to emulate real-world manufacturing concepts employed in flexible manufacturing cells.

ADM 255 APPLICATION OF DESIGN (Capstone) (9M) 3 credits
PREREQUISITE: Permission of instructor
This is a project- or research-oriented course that emphasizes synthesis through collaborative learning. Students integrate and apply previous knowledge, skills, and experiences they learned in their major and other academic courses to complete a team-oriented project. The course emphasizes communication skills, critical thinking, problem solving, computer literacy, and teaming skills. NOTE: This course is usually taken during the last 2 semesters of the program of study. (Offered Every Other Semester)

ADM 261 REVERSE ENGINEERING (1T, 4E) 3 credits
PREREQUISITE: ADM 107 OR DDT 109 OR ADM 108 OR DDT 144 OR ERG 125
During this course students learn the process of quality control inspection of parts and uses of reverse engineering processes employing 3D printing, scanning, and Coordinate Measuring Machine (CMM) technologies. Emphasis is on using applicable software to produce 3D models or converting scanned images into 3D models; using CMM for parts inspection and generating points cloud for 3D modeling; interfacing generated models with reverse engineering methods. (Offered Summer Semester)

ACR 111 PRINCIPLES OF REFRIGERATION (1T, 6M) 3 credits
This course emphasizes the fundamental principles for air conditioning and refrigeration. Instruction is provided in the theory and principles of refrigeration and heat transfer, HVAC/R system components, common, and specialty tools for HVAC/R, and application of the concepts of basic compression refrigeration. Upon completion, students should identify system components and understand their functions, identify and use common and specialty HVAC/R tools, and maintain components of a basic compression refrigeration system. (Taught on Demand)

ACR 112 HVAC SERVICE PROCEDURES (1T, 6M) 3 credits
PREREQUISITE: Permission of instructor
This course covers system performance checks and refrigerant cycle diagnosis. Emphasis is placed on the use of refrigerant recovery/recycle units, industry codes, refrigerant coils and correct methods of charging and recovering refrigerants. Upon completion, students should be able to properly recover/recycle refrigerants and demonstrate safe, correct service procedures which comply with the no-venting laws.

ACR 113 REFRIGERATION PIPING PRACTICES (1T, 6M) 3 credits
This course introduces students to the proper installation procedures of refrigerant piping and tubing for the heating, ventilation, air conditioning and refrigeration industry. This course includes various methods of working with and joining tubing. Upon completion, students should comprehend related terminology and be able to fabricate pipe, tubing, and pipe fittings.

ACR 119 FUNDAMENTALS OF GAS HEATING SYSTEMS (1T, 6M) 3 credits
This course provides instruction on general service and installation for common gas furnace system components. Upon completion, students will be able to install and service gas furnaces in a wide range of applications.

ACR 120 FUNDAMENTALS OF ELECTRIC HEATING SYSTEMS (1T, 6M) 3 credits
This course covers the fundamentals of electric furnace systems. Emphasis is placed on components, general service procedures, and basic installation. Upon completion, students should be able to install and service electric furnaces, heat pumps, and solar and hydronics systems.

ACR 121 PRINCIPLES OF ELECTRICITY FOR HVAC (1T, 6M) 3 credits
This course is designed to provide the student with the basic knowledge of electrical theory and circuitry as it pertains to air conditioning and refrigeration. This course emphasizes safety, definitions, symbols, laws, circuits, and electrical test instruments. Upon completion, students should understand and be able to apply the basic principles of HVACR circuits.
COURSE DESCRIPTIONS

and circuit components.

ACR 122  HVACR ELECTRICAL CIRCUITS  (1T, 4E)  3 credits
This course introduces the student to electrical circuits and diagrams. Electrical symbols and basic wiring diagrams are constructed in this course. Upon completion, students should understand standard wiring diagrams and symbols.

ACR 123  HVACR ELECTRICAL COMPONENTS  (1T, 4E)  3 credits
This course introduces students to electrical components and controls. Emphasis is placed on the operations of motors, relays, contractors, starters, and other HVAC controls. Upon completion, students should be able to understand motor theory and control functions in HVAC equipment.

ACR 126  COMMERCIAL HEATING SYSTEMS  (1T, 4E)  3 credits
PREREQUISITES: ACR 119, ACR 120
This course covers the theory and application of larger heating systems. Emphasis is placed on larger heating systems associated with commercial applications such as gas heaters, boilers, unit heaters, and duct heaters. Upon completion, students should be able to troubleshoot and perform general maintenance on commercial heating systems.

ACR 128  HEAT LOAD CALCULATIONS  (3T)  3 credits
PREREQUISITE: Permission of instructor
This course focuses on heat flow into and out of building structures. Emphasis is placed on determining heat gain/heat loss of a given structure. Upon completion, students should be able to calculate heat load and determine HVAC equipment size requirements.

ACR 130  COMPUTER ASSISTED HVAC TROUBLESHOOTING  (2E)  1 credit
PREREQUISITE: Permission of instructor
This course focuses on troubleshooting procedures. Emphasis is placed on the proper use of test equipment and machine/electrical malfunctions. Upon completion, students should be able to diagnosis and repair service problems in HVAC equipment.

ACR 132  RESIDENTIAL AIR CONDITIONING  (1T, 6M)  3 credits
This course introduces students to residential air conditioning systems. Emphasis is placed on the operation, service, and repair of residential air conditioning systems. Upon completion, students should be able to service and repair residential air conditioning systems.

ACR 135  MECHANICAL GAS SAFETY CODES  (3T)  3 credits
This course is to enhance the student knowledge of the Southern Mechanical and Gas Code as well as fire and job safety requirements. Emphasis is placed on code book content and compliance with installation requirements. Upon completion, students should be able to apply code requirements to all work.

ACR 138  CUSTOMER RELATIONS IN HVAC  (3T)  3 credits
This course covers the basic aspects of customer relations needed by the HVAC technician. Topics include employability skills associated with job performance, record keeping, service invoices, certification requirements, local ordinances, and business ethics.

ACR 139  AUTOMOTIVE AIR CONDITIONING  (1T, 6E)  3 credits
This course focuses on commercial refrigeration systems. Emphasis is placed on overall operation, troubleshooting and maintenance of commercial refrigeration systems. Upon completion, students should be able to service and repair commercial refrigeration systems. (Taught on Demand)

ACR 141  ENVIRONMENTAL SYSTEMS  (2T,4E)  4 credits
PREREQUISITE: Permission of instructor
This course provides students with knowledge and skills of environmental chambers. Topics include theory of the refrigerant components and refrigerant circuits, programmable controllers, electrical pressure and calibration instruments and places emphasis on safety. Upon course completion, students should be able to apply environmentally-safe practices.

ACR 144  BASIC DRAWING & BLUEPRINT READING IN HVAC  (3T)  3 credits
PREREQUISITE: Permission of instructor
This course covers basic drawing and blueprint reading as applied to the HVAC industry. Emphasis is on three-view drawings, basic duct systems, and isometric piping. Upon course completion, students should be able to perform basic drawings related to HVAC systems and read pertinent blueprints.

ACR 147  REFRIGERATION TRANSITION AND RECOVERY  (3T)  3 credits
This course is EPA-approved and covers material relating to the requirements necessary for types I, II, III and universal certification. Upon completion, students should be able to take the EPA/608 refrigerant certification exam. (Taught on Demand)

ACR 148  HEAT PUMP SYSTEMS I  (1T, 6M)  3 credits
COREQUISITE: ACR 149
Instruction received in this course centers around the basic theory and application of heat pump systems and components. Upon completion, students will be able to install and service heat pumps in a wide variety of applications.
ACR 149  HEAT PUMP SYSTEMS II  
(1T, 6M)  3 credits  
COREQUISITE: ACR 148  
This is a continuation course of the basic theory and 
application of heat pump systems. Topics include the 
electrical components of heat pumps and their function. Upon completion, students should be able to install and 
service heat pumps.

ACR 151  DUCT DESIGN & FABRICATION  
(2T, 8E)  6 credits  
This course provides instruction related to blueprints, 
layouts, and design ducts. Topics include all aspects of 
fabrication including straight duct, offsets and various other 
fittings needed to perform a certain task.

ACR 181  SPECIAL TOPICS IN AIR CONDITIONING 
AND REFRIGERATION (3T)  3 credits  
This course provides specialized instruction in various areas 
related to the air conditioning and refrigeration industry. Emphasis is placed on meeting the students' needs.

ACR 187  SPECIAL TOPICS IN ACR  
(3T, 6M)  5 credits  
This course provides students with opportunities to 
experience hands-on application of specialized instruction in 
various areas related to the air conditioning and refrigeration 
industry.

ACR 200  REVIEW FOR CONTRACTORS EXAM  
(3T)  3 credits  
This course prepares students to take the State Certification 
Examination. Emphasis is placed on all pertinent 
codes, piping procedures, duct design, load calculation, 
psychrometrics, installation procedures, and air distribution. Upon completion, students should be prepared to take the contractors exam.  (Taught on Demand)

ACR 202  SPECIAL REFRIGERATION SYSTEMS  
(3T)  3 credits  
This course is designed to give the students the basic 
knowledge of a variety of commercial refrigeration systems. Topics include expandable refrigeration evaporator systems, combination spray and compressor system, open cycle ammonia, CO2 pellets, vortex tubes, reach in coolers, and soft serve ice cream machines. Upon completion, students should be able to perform general troubleshooting and maintenance on various commercial refrigeration systems.  (Taught on Demand)

ACR 203  COMMERCIAL REFRIGERATION  
(1T, 4E)  3 credits  
This course focuses on commercial refrigeration systems. Emphasis is placed on evaporators, condensers, compressors, expansion devices, special refrigeration components and application of refrigeration systems. Upon completion, students should be able to service and repair commercial refrigeration systems.

ACR 205  SYSTEM SIZING AND AIR DISTRIBUTION  
(1T, 6M)  3 credits  
This course provides instruction in the load calculation of a 
structure and system sizing. Topics of instruction include 
heat loss, heat gain, equipment and air distribution sizing, and factors making acceptable indoor air quality. Upon course completion, students should be able to calculate system requirements.

ACR 209  COMMERCIAL AIR CONDITIONING SYSTEMS  
(1T, 4E)  3 credits  
This course focuses on servicing and maintaining commercial and residential HVAC/R systems. Topics include system component installation and removal and service techniques. Upon completion, the student should be able to troubleshoot and perform general maintenance on commercial and residential HVAC/R systems.

ACR 210  TROUBLESHOOTING HVACR SYSTEMS  
(1T, 4E)  3 credits  
PREREQUISITE: Permission of instructor  
This course provides instruction in the use of various meters 
and gauges used in the HVAC/R industry. Emphasis is 
placed on general service procedures, system diagnosis and 
corrective measures, methods of leak detection, system 
evacuation, charging and performance checks. Upon 
completion, students should be able to perform basic troubleshooting of mechanical and electrical components of HVAC/R systems.

AEROSPACE TECHNOLOGY (ARS)  

ARS 151  WELDING PRINCIPLES, THEORY AND SYMBOLS  
(1T, 4E)  3 credits  
This is a theory and skill-based course in basic welding 
(gas and arc), plasma arc, brazing, soldering, and cutting 
processes used in maintenance and manufacturing. Other 
theory topics include forge, submerged arc, electroslag, stud 
arc, resistance, ultrasonic, electron beam, and laser beam 
welding. Students use welding symbols, joint designs, and 
weld positions to prepare specimens. The course also 
covers terminology, standards for welding acceptable and 
unacceptable welds, safety, and qualification tests.

ARS 153  GAS TUNGSTEN ARC AND PLASMA ARC WELDING  
(2T, 2E)  3 credits  
PREREQUISITE: ARS 151  
This course describes processes, methods, and skills required 
to produce acceptable welds with gas tungsten arc welding 
(GTAW) and plasma arc welding (PAW) equipment for 
aerospace hardware; the standard of acceptability is AWS 
D17.1:2001 (or latest revision). Topics include equipment, 
tooling, shielding gases, arc characteristics, welding 
techniques, non-consumable electrodes, filler metals, base

ARS 176 ELECTRICAL/ELECTRONIC ASSEMBLY  
(2T, 3M)  3 credits  
This mechanics of electrical/electronics assembly course covers materials and wire configurations, tools for wire preparation and assembly, wire stripping, connection requirements, terminal assembly, solder connections, crimp connections, solder splices, shield terminations, tying and lacing, hardware installation, inspection, testing, safety, and industry specifications/standards. Worker proficiency certification in IPC/WHMA-A-620, “Requirements for Acceptance for Cable and Wire Harness Assemblies,” is covered but certification testing is not a requirement to receive credit for the class.

ARS 178 AEROSPACE MECHANICAL ASSEMBLY  
(2T, 3M)  3 credits  
This course is a study of mechanical assembly processes applied in aerospace and related manufacturing industries. Topics include orbital tube welding (setup, programming, and tube preparation, drilling techniques, torquing techniques, fastener installation, related attachments, and safety.)

ARS 251 SPECIALIZED WELDING PROCESSES  
(2T, 2E)  3 credits  
PREREQUISITE: ARS 153  
This course is an overview of the basics of metals joining using processes other than electric arc. Topics include safety; brazing; soldering; diffusion bonding; and welding processes such as resistance, laser, electron beam, ultrasonic, friction, inertia, explosion, upset, thermit, and forge.

ARS 253 WELDING CERTIFICATION PREPARATION  
(1T, 4E)  3 credits  
PREREQUISITE: ARS 251  
This course details the requirements for welder/welding operator certification in the aerospace industry. Training includes gas tungsten arc welding (GTAW) and plasma arc welding (PAW) processes and equipment and related safety. Emphasis is on materials in Groups I, II, III, and IV as defined in AWS D17.1:2001.

ARS 276 INSTRUMENTATION ATTACHMENTS AND ADHESIVE BONDING PROCEDURES  
(2T, 2E)  3 credits  
This course covers the use and installation techniques of instruments such as thermocouples, temperature sensors, and strain gages on different types of aircraft and structures. Topics include bonding materials, soldering techniques, electrical testing of temperature sensors and strain gages, mixing and applying adhesives for pressure, the effects of corrosion and weather, fuel tank sealing, adhesive selection, and safety.

ARS 278 COMPOSITE MATERIALS FABRICATION AND
should be able to write a critical analysis of the artwork
experienced that demonstrates an understanding of
aesthetics.

ART 113 DRAWING I
(6E) 3 credits
This course provides the opportunity to develop perceptual
and technical skills in a variety of media. Emphasis
is placed on communication through experimenting
with composition, subject matter and technique. Upon
completion, students should demonstrate and apply the
fundamentals of art to various creative-drawing projects.

ART 114 DRAWING II
(6E) 3 credits
PREREQUISITE: ART 113, Permission of instructor
This course advances the student's drawing skills in various
art media. Emphasis is placed on communication through
experimentation, composition, technique and personal
expression. Upon completion, students should demonstrate
creative drawing skills, the application of the fundamentals of
art, and the communication of personal thoughts and feelings.

ART 121 TWO-DIMENSIONAL COMPOSITION I
(6E) 3 credits
This course introduces the basic concepts of two-dimensional
design. Topics include the elements and principles of design
with emphasis on the arrangements and relationships among
them. Upon completion, students should demonstrate an
effective use of these elements and principles of design in
creating two-dimensional compositions.

ART 122 TWO-DIMENSIONAL COMPOSITION II
(6E) 3 credits
PREREQUISITE: ART 121
This course covers the theory and practice of composing
two-dimensional images. Emphasis is placed on the relation
between the basic elements and principles of design and
their impact on the visual message. Upon completion, students should, through personal expression, demonstrate
an effective use of these elements and principles of design in
creating two-dimensional compositions.

ART 127 THREE-DIMENSIONAL COMPOSITION
(6E) 3 credits
PREREQUISITES: ART 113 or ART 121
This course introduces art materials and principles of
design that acquaint the beginner with the fundamentals
of three-dimensional art. Emphasis is placed on the use of
art fundamentals and the creative exploration of materials
in constructing three-dimensional artworks. Upon
completion, students should demonstrate basic technical
skills and a personal awareness of the creative potential
inherent in three-dimensional art forms.

ART 133 CERAMICS I
(6E) 3 credits
This course introduces methods of clay forming as a means
of expression. Topics may include hand building, wheel
throwing, glazing, construction, design, and the functional
and aesthetic aspects of pottery. Upon completion, students should demonstrate through their work, a knowledge of their
methods, as well as an understanding of the craftsmanship and aesthetics involved in ceramics.

ART 134 CERAMICS II
(6E) 3 credits
This course develops the methods of clay forming as a means
of expression. Topics may include hand building, glazing,
design, and the functional and aesthetic aspects of pottery,
although emphasis will be placed on the wheel throwing
method. Upon completion, students should demonstrate
improved craftsmanship and aesthetic quality in the
production of pottery.

ART 173 PHOTOGRAPHY I
(6E) 3 credits
This course is an introduction to the art of photography.
Emphasis is placed on the technical and aesthetic aspects
of photography with detailed instruction in darkroom
techniques. Upon completion, students should understand
the camera as a creative tool, understand the films, chemicals
and papers, and have a knowledge of composition and history.

ART 174 PHOTOGRAPHY II
(6E) 3 credits
PREREQUISITE: Permission of instructor
This is a sequence to Photography I and serves as an
introductory photography course. Emphasis is placed
on aesthetic as well as technical aspects of photography.
Upon completion, the student will be able to produce well
composed photographs.

ART 175 DIGITAL PHOTOGRAPHY
(1T, 2E) 3 credits
This course introduces students to digital imaging
techniques. Emphasis is placed on the technical application
of the camera, digital photographic lighting methods, and
overall composition. Upon completion, students should be
able to take digital images and understand the technical
aspects of producing high quality photos. This course is also
taught as RTV 125.

ART 176 FILMMAKING
(6E) 3 credits
This course provides a knowledge of the basics of filmmaking.
Emphasis is placed on procedure, equipment, editing and
sound. Upon completion, students should demonstrate a
basic knowledge of filmmaking through critical analysis and
film projects.

ART 177 COLOR PHOTOGRAPHY
(6E) 3 credits
PREREQUISITE: ART 173 or ART 176 or Permission of instructor
This course covers the primary materials and processes of color photography. Emphasis is placed on the correct exposure, processing, creative color usage, and printing of both positive/negative color materials through exploration of films, filters, processes, and color temperature. Upon completion, students should be able to correctly execute the technical controls of color materials and explore the creative possibilities of color photography.

ART 178 AUDIO-VISUAL TECHNIQUES (6E) 3 credits
This course is an exploration of the area of linkage between the visual and auditory senses. Work with sound and recording equipment, projected images and multimedia hardware and software is included. Students will produce finished multimedia pieces.

ART 187 PHOTOGRAPHY, FILM, AND MEDIA I (6E) 3 credits
PREREQUISITE: ART 173 or PFC 177 or Permission of instructor
This course is designed to help the student explore creative approaches to photography, film, and related media. Problems in darkroom techniques, laboratory techniques, and special effects are included. Upon completion, the student should be able to apply these techniques to professional quality finished pieces.

ART 188 PHOTOGRAPHY, FILM, AND MEDIA II (6E) 3 credits
PREREQUISITE: ART 187 or Permission of Instructor
This course is designed to help the student explore creative approaches to photography, film, and related media in greater depth. Problems in darkroom techniques, laboratory techniques, and special effects are included. Upon completion, the student should be able to apply these techniques to professional quality finished pieces.

ART 203 ART HISTORY I (3T) 3 credits
This course covers the chronological development of different forms of art, such as sculpture, painting and architecture. Emphasis is placed on history from the ancient period through the Renaissance. Upon completion, students should be able to communicate a knowledge of time period and chronological sequence including a knowledge of themes, styles, and of the impact of society on the arts.

ART 204 ART HISTORY II (3T) 3 credits
This course covers the chronological development of different forms of art, such as sculpture, painting and architecture. Emphasis is placed on history from the Baroque to the present. Upon completion, students should be able to communicate a knowledge of time period and chronological sequence including a knowledge of themes, styles and of the impact of society on the arts.

ART 216 PRINTMAKING I (6E) 3 credits
This course introduces various printmaking processes. Topics include relief, intaglio, serigraphy, or lithography and the creative process. Upon completion, students should have a basic understanding of the creative and technical problems associated with printmaking.

ART 217 PRINTMAKING II (6E) 3 credits
PREREQUISITE: ART 216 or Permission of instructor
This course provides the opportunity for the student to study a printmaking process beyond the introductory level. Emphasis is placed on creativity, composition, and technique in the communication of ideas through printmaking. Upon completion, students should demonstrate an understanding of the printmaking process as a creative tool for the expression of ideas.

ART 221 COMPUTER GRAPHICS I (6E) 3 credits
This course is designed to enhance the student's ability to produce computer generated graphics. Emphasis is on the application of original design to practical problems using a variety of hardware and software. Upon completion, students should have an understanding of professional computer graphics.

ART 231 WATERCOLOR PAINTING I (6E) 3 credits
This course introduces materials and techniques appropriate to painting on paper with water-based medium. Emphasis is placed on developing the technical skills and the expressive qualities of watercolor painting. Upon completion, students should be able to demonstrate a basic proficiency in handling the techniques of watercolor and how it can be used for personal expression.

ART 232 WATERCOLOR II (6E) 3 credits
PREREQUISITE: ART 231
This course advances the skills and techniques of painting on paper using water-based medium. Emphasis is placed on exploring the creative uses of watercolor and developing professional skills. Upon completion, students should demonstrate and compile a body of original paintings that reflect a personal awareness of the media's potential.

ART 233 PAINTING I (6E) 3 credits
This course is designed to introduce the student to fundamental painting processes and materials. Topics include art fundamentals, color theory, and composition. Upon completion, students should be able to demonstrate the fundamentals of art and discuss various approaches to the media and the creative processes associated with painting.
ART 234  PAINTING II  
(6E)  3 credits  
PREREQUISITE: ART 233  
This course is designed to develop the student's knowledge of the materials and procedures of painting beyond the introductory level. Emphasis is placed on the creative and technical problems associated with communicating through composition and style. Upon completion, students should be able to demonstrate the application of the fundamentals of painting and the creative process to the communication of ideas.

ART 253  GRAPHIC DESIGN I  
(6E)  3 credits  
PREREQUISITE: VCM 180  
This course is designed to introduce the study of visual communication through design. Emphasis is placed on the application of design principles to projects involving such skills as illustration, layout, typography, and production technology. Upon completion, students should demonstrate a knowledge of the fundamentals of art and understanding of the relationship between materials, tools and visual communication.

ART 254  GRAPHIC DESIGN II  
(6E)  3 credits  
PREREQUISITE: VCM 180 or ART 253  
This course further explores the art of visual communication through design. Emphasis is placed on the application of design principles to projects involving such skills as illustration, layout, typography, and production technology. Upon completion, students should be able to apply the knowledge of the fundamentals of art, material and tools to the communication of ideas.

ART 263  MUSEUM PRACTICE I  
(2-8E)  1-4 credits  
PREREQUISITE: Permission of Instructor  
This course provides an introduction to a variety of museum works, with practical training supervised by museum staff. Topics may include promotion, shipping, labeling and hanging of a museum exhibit as well as the study of the work itself. Upon completion, students should understand the activities surrounding a museum exhibit and be able to explain how the experience advanced their knowledge of communicating through art.

ART 264  MUSEUM PRACTICE II  
(2-8E)  1-4 credits  
PREREQUISITE: ART 263 or Permission of instructor  
This course provides further study of museum artworks, with practical training supervised by museum staff. Topics may include promotion, shipping, labeling and hanging of a museum exhibit as well as the study of the work itself. Upon completion, students should understand the activities surrounding a museum exhibit and be able to explain how the experience advanced their knowledge of communicating through art.

ART 273  STUDIO PHOTOGRAPHY I  
(6E)  3 credits  
PREREQUISITE: ART 174 or Permission of instructor  
This course stresses image-making problems requiring studio or other controlled environment solutions. Lights, props, and related equipment and techniques are utilized. The student will produce quality photographs using studio techniques.

ART 274  STUDIO PHOTOGRAPHY II  
(6E)  3 credits  
PREREQUISITE: ART 273 or Permission of instructor  
This course deals with advanced problems requiring studio or other controlled environment solutions. Lights, props, and related equipment and techniques are utilized. The student will produce quality photographs using studio techniques.

ART 275  ADVANCED DIGITAL PHOTOGRAPHY  
(1T, 2E)  3 credits  
This course explores various uses of digital photography. Subjects may include studio, portrait, landscape and other areas of photography. Upon completion, the student should be able to apply the techniques necessary to produce professional photographs of a variety of subjects.

ART 283  GRAPHIC ANIMATION I  
(6E)  3 credits  
PREREQUISITE: ART 221  
This course is designed to teach the art of animation as a continuation of the study of visual communication. Topics include story development, drawing, layout, story boarding, directing, motion control, sound synchronization, lighting and camera operation. Upon completion, students should understand the creative process as it relates to animation and demonstrate this knowledge through various projects.

ART 284  GRAPHIC ANIMATION II  
(6E)  3 credits  
PREREQUISITE: ART 283  
This course advances the students' technical and aesthetic knowledge of animation beyond the introductory level. Topics include story development, drawing, layout, story boarding, directing, motion control, sound synchronizing, lighting and camera operation. Upon completion, students should advance his or her understanding of the creative process as it relates to animation and demonstrate this knowledge through various projects.

ART 291  SUPERVISED STUDY IN STUDIO ART I  
(2-8E)  1-4 credits  
This course is designed to enable the student to continue studio experiences in greater depth. Topics are to be chosen by the student with the approval of the instructor. Upon completion, the student should have a greater expertise in a particular area of art.

ART 292  SUPERVISED STUDY IN STUDIO ART II
ART 299 ART PORTFOLIO 1-4 credits
This course is designed to help the art major in the preparation and presentation of an art portfolio. Emphasis is placed on representing the student's potential as an artist in order to interest employers, clients, or schools. Upon completion, students should be able to make a professional presentation of their design and communication skills.

ASTRONOMY (AST)  
AST 220 INTRODUCTION TO ASTRONOMY 4 credits
This course covers the history of astronomy and the development of astronomical thought leading to the birth of modern astronomy and its most recent development. Emphasis is placed on the coverage of astronomical instruments and measuring technologies, the solar system, the Milky Way galaxy, important extra-galactic objects, and cosmology. Laboratory is required.

BIOLOGY (BIO)  
BIO 103 PRINCIPLES OF BIOLOGY I 4 credits
PREREQUISITE: All coursework in RDG 085 must be completed or appropriate placement score. RECOMMENDED PREREQUISITE: All coursework in ENG 093 must be completed or appropriate placement score.
This is an introductory course for both science and non-science majors. It covers physical, chemical, and biological principles common to all organisms. These principles are explained through a study of cell structure and function, cellular reproduction, basic biochemistry, cell energetics, the process of photosynthesis, and Mendelian and molecular genetics. Also included are the scientific method, basic principles of evolution, and an overview of the diversity of life with emphasis on viruses, prokaryotes, and protists. A 120 minute laboratory is required.

BIO 105 INTRODUCTION TO BIOTECHNOLOGY  
CO-REQUISITE: BIO 103
This course is an introduction to biotechnology, including career exploration, historical development and current applications in the areas of medicine, forensics, agriculture, and the environment. Students will learn laboratory safety and documentation while acquiring skills in the maintenance and calibration of basic lab equipment, calculation, and preparation of lab solutions and media.

BIO 107 CELL CULTURE 4 credits
PREREQUISITE: A grade of “C” or better in both BIO 103 and BIO 105
The overall objective of this course is to provide a basic understanding of the growth requirements and methodologies associated with the propagation of organisms important to the field of biotechnology. Instruction will focus on growing techniques and long-term maintenance of various cell cultures, including both attached and suspension cell lines. Microbial life cycle and cell culture will be emphasized, including discussion of pathogenic aspects and utilization of microbial transformation and protein production for use in biotechnological processes.

BIO 202 HUMAN ANATOMY AND PHYSIOLOGY II 4 credits
PREREQUISITE: A grade of “C” or better in BIO 201
Human Anatomy and Physiology II covers the structure and function of the human body. Included is a study of basic nutrition; basic principles of water; electrolyte; acid-base balance; and the endocrine, respiratory, digestive, excretory, cardiovascular, lymphatic and reproductive systems. Dissection, histological studies, gross anatomy, and physiology are featured in the laboratory experience. Laboratory is required.
biochemistry and molecular biology. Topics include the major classes of biological molecules, an overview of the major metabolic pathways, advancing technologies, and bioethical issues. The laboratory will provide experience in the isolation and manipulation of DNA and RNA, DNA and protein electrophoresis, and enzymatic and immunological assays.

**BIO 220 GENERAL MICROBIOLOGY**
(2T, 4E) 4 credits
PREREQUISITE: All coursework in RDG 085 and ENG 093 must be completed or appropriate placement score.
RECOMMENDED PREREQUISITES: BIO 201 and BIO 202 and 4 semester hours of Chemistry
This course includes historical perspectives, cell structure and function, microbial genetics, infectious diseases, immunology, distribution, physiology, culture, identification, classification, and control of microorganisms. The laboratory experience includes micro-techniques, distribution, culture, identification, and control. Laboratories are required.

**BIO 250 DIRECTED STUDIES IN BIOLOGY**
(0-8E) 1-4 credits
PREREQUISITE: Permission of instructor
This course allows independent study under the direction of an instructor. Topics to be included in the course material will be approved by the instructor prior to or at the beginning of the class. Upon completion, students will be able to demonstrate knowledge of the topics as specified by the instructor.

**BIO 251 DIRECTED STUDIES IN BIOLOGY**
(0-8E) 1-4 credits
PREREQUISITES: BIO 250 and Permission of instructor
This course allows independent study under the direction of an instructor. Topics to be included in the course material will be approved by the instructor prior to or at the beginning of the class. Upon completion, students will be able to demonstrate knowledge of the topics as specified by the instructor.

**BIO 252 DIRECTED STUDIES IN BIOTECHNOLOGY**
(1T, 2E) 2 credits
PREREQUISITE/CO-REQUISITE: A grade of “C” or better in BIO 107
RECOMMENDED PREREQUISITES: It is strongly recommended that students complete ENG 101 prior to registering for this course.
This course allows independent study under the direction of an instructor. Topics to be included in the course material will be approved by the instructor prior to or at the beginning of the class. Typical projects will expose the student to the industry and provide practical application of laboratory procedures. Upon completion, the student will be able to demonstrate knowledge of the topics as specified by the instructor.

**BIO 254 ADVANCED TOPICS IN BIOTECHNOLOGY**
(1T, 2E) 2-3 credits
PREREQUISITE: A grade of “C” or better in BIO 252
In this advanced course, the student will design and implement an independent study that utilizes biotechnological methods relevant to local industry or to expand the scope of previous laboratory experience. The projects will include an expansion of previous experiences to design and implement an application as found in local biotechnology industries.

**BIO 256 BIOTECHNOLOGY INTERNSHIP**
(10E) 2 credits
PREREQUISITE: To be eligible for the internship opportunities available in BIO 256, students must have a 2.5 GPA or better in all coursework since enrolling in BIO 105, and all prior Biotechnology courses (including BIO 203) must be completed with a grade of “C” or better. Internships may be awarded on a competitive basis depending on the availability of the positions. The internship will provide advanced students the opportunity to develop job and career-related skills while in a work setting. Upon successful completion of this course, the student should be able to apply classroom knowledge to an actual work situation. The work will be developed cooperatively with academic, industrial, and private institutional biotechnology laboratories.

**BUSINESS (BUS)**

**BUS 147 INTRODUCTION TO FINANCE (3T)**
(3T) 3 credits
This course is a survey of monetary and credit systems. Topics include the role of the Federal Reserve System, sources of capital, including forms of long-term corporate financing, and consumer credit in the financial structure of our economy.

**BUS 190 MANAGEMENT WORKSHOP**
(1-3T) 1 - 3 credits
This course is a part of a series of workshops wherein current topics of interest are presented. They are offered upon demand and can be tailored to the needs of individuals, business and industry.

**BUS 190I DIRECTED READINGS IN MANAGEMENT**
(1T) 1 credit
The goal of this course is to allow students to research a current topic of interest. Topics chosen should benefit the student’s professional development or allow for gathering beneficial research for the student's place of work.

**BUS 190J ETHICS IN THE WORKPLACE**
(1T) 1 credit
The goal of this course is to allow students to explore the arena of ethics in the workplace. Emphasis is placed on ethics case studies.

**BUS 190L DEVELOPING A BUSINESS PLAN**
(1T) 1 credit
This course is designed to give students the opportunity to develop a personal business plan. The course focuses on the
following areas: purpose of a business plan, mechanics of writing a business plan, components of a business plan, and research techniques.

**BUS 190M EVALUATING THE ENTREPRENEURIAL PERSONALITY**  
(1T)  1 credit  
This course is designed to allow students to identify in themselves and others characteristics that are favorable for the successful entrepreneur. Self-analysis and a study of entrepreneurial traits are included.

**BUS 190N FINANCING AN ENTREPRENEURIAL ENTERPRISE**  
(1T)  1 credit  
This course is designed to inform students about the options available for financing an entrepreneurial enterprise. The course allows students to investigate possible sources of financing and to study topics such as break-even analysis, fixed and variable costs, and financial statements.

**BUS 190P PLANNING FOR SUPERVISING HUMAN RESOURCES**  
(1T)  1 credit  
This course is designed to offer insight into the employee relation side of conducting business. Emphasis is placed on identifying employment needs, training, supervising, and motivating employees.

**BUS 190Q PLANNING MARKET STRATEGY**  
(1T)  1 credit  
This course is designed to allow owners of businesses to develop a market strategy. Included is a discussion of market analysis, competition, sales and distribution, and pricing strategies.

**BUS 190V MANAGEMENT FOR ENTREPRENEURS**  
(1T)  1 credit  
This course is an overview of the principles of management as they relate to small and self-owned businesses. Emphasis is placed on planning, organizing, and controlling.

**BUS 190Y LEADERSHIP SKILLS**  
(1T)  1 credit  
This course is an overview of the characteristics of leadership. Emphasis is placed on what effective leaders do, leadership styles, and the differences between leadership and management.

**BUS 193 BUSINESS CO-OP I**  
(1T)  1 credit  
**PREREQUISITE: Permission of Instructor**  
This course is part of a series wherein the student works in a degree/program related job. Emphasis is placed on student’s work experience as it integrates academic knowledge with practical application through exposure to business and related practices in the working environment. The grade is based on the employer’s evaluation of each student’s productivity, content of a descriptive report submitted by the student, and student development and assessment of a learning contract. Students enrolling in this course must have successfully completed two (2) business courses.

**BUS 194 BUSINESS CO-OP II**  
(1T)  1 credit  
**PREREQUISITE: BUS 193**  
This course is a part of a series wherein the student works in a degree/program related job. Emphasis is placed on student’s work experience as it integrates academic knowledge with practical application through exposure to business and related practices in the working environment. The grade is based on the employer’s evaluation of each student’s productivity, content of a descriptive report submitted by the student, and student development and assessment of a learning contract.

**BUS 195 BUSINESS CO-OP III**  
(1T)  1 credit  
**PREREQUISITE: BUS 194**  
This course is a part of a series wherein the student works in a degree/program related job. Emphasis is placed on student’s work experience as it integrates academic knowledge with practical application through exposure to business and related practices in the working environment. The grade is based on the employer’s evaluation of each student’s productivity, content of a descriptive report submitted by the student, and student development and assessment of a learning contract.

**BUS 196 BUSINESS CO-OP IV**  
(1T)  1 credit  
**PREREQUISITE: BUS 195**  
This course is a part of a series wherein the student works in a degree/program related job. Emphasis is placed on student’s work experience as it integrates academic knowledge with practical application through exposure to business and related practices in the working environment. The grade is based on the employer’s evaluation of each student’s productivity, content of a descriptive report submitted by the student, and student development and assessment of a learning contract.

**BUS 197 BUSINESS CO-OP V**  
(1T)  1 credit  
**PREREQUISITE: BUS 196**  
This course is a part of a series wherein the student works in a degree/program related job. Emphasis is placed on student’s work experience as it integrates academic knowledge with practical application through exposure to business and related practices in the working environment. The grade is based on the employer’s evaluation of each student’s productivity, content of a descriptive report submitted by the student, and student development and assessment of a learning contract.

**BUS 215 BUSINESS COMMUNICATIONS**  
(3T)  3 credits  
**PREREQUISITE: ENG 101**  
This course covers written, oral, and nonverbal
communications. Topics include the application of communication principles to the production of clear, correct, and logically organized faxes, e-mail, memos, letters, resumes, reports and other business communications.

**BUS 241 PRINCIPLES OF ACCOUNTING I**  
(3T) 3 credits  
This course is designed to provide a basic theory of accounting principles and practices used by service and merchandising enterprises. Emphasis is placed on financial accounting, including the accounting cycle, and financial statement preparation and analysis.

**BUS 242 PRINCIPLES OF ACCOUNTING II**  
(3T) 3 credits  
**PREREQUISITE: BUS 241 with a grade of “C” or higher.**  
This course is a continuation of BUS 241. In addition to a study of financial accounting, this course also places emphasis upon managerial accounting, with coverage of corporations, statement analysis, introductory cost accounting, and use of information for planning, control, and decision making.  
**NOTE:** Additional topics in managerial accounting may be included.

**BUS 246 ACCOUNTING ON THE MICROCOMPUTER**  
(3T) 3 credits  
**PREREQUISITE: BUS 241 with a grade of “C” or higher.**  
This course utilizes the microcomputer in a study of accounting principles and practices. Emphasis is on the preparation and analysis of financial statements, measuring business activity, and making rational business decisions.

**BUS 248 MANAGERIAL ACCOUNTING**  
(3T) 3 credits  
**PREREQUISITE: BUS 241 with a grade of “C” or higher.**  
This course is designed to familiarize the student with management concepts and techniques of industrial accounting procedures. Emphasis is placed on cost behavior, contribution approach to decision-making, budgeting, overhead analysis, cost-volume-profit analysis, and cost accounting systems.

**BUS 253 INDIVIDUAL INCOME TAX**  
(3T) 3 credits  
This course is intended to familiarize the student with the fundamentals of the federal income tax laws with primary emphasis on those affecting the individual. Emphasis is placed on gross income determination, adjustments to income, business expenses, itemized deductions, exemptions, capital gains/losses, depreciation, and tax credits. Upon completion of this course, the student will be able to apply the fundamentals of the federal income tax laws affecting the individual.

**BUS 263 THE LEGAL AND SOCIAL ENVIRONMENT OF BUSINESS**  
(3T) 3 credits

**BUS 271 BUSINESS STATISTICS I**  
(3T) 3 credits  
**PREREQUISITE: MTH 110 or MTH 112 with a grade of “C” or higher, or appropriate mathematics placement score.**  
This is an introductory study of basic statistical concepts applied to economic and business problems. Topics include the collection, classification, and presentation of data, statistical description and analysis of data, measures of central tendency and dispersion, elementary probability, sampling, estimating and introduction to hypothesis testing.

**BUS 272 BUSINESS STATISTICS II**  
(3T) 3 credits  
**PREREQUISITE: BUS 271 with a grade of “C” or higher.**  
This course is a continuation of BUS 271. Topics include sampling theory, statistical inference, regression and correlation, chi square, analysis of variance, time series index numbers, and decision theory.

**BUS 275 PRINCIPLES OF MANAGEMENT**  
(3T) 3 credits  
This course provides a basic study of the principles of management. Topics include planning, organizing, staffing, directing, and controlling with emphasis on practical business applications.

**BUS 279 SMALL BUSINESS MANAGEMENT**  
(3T) 3 credits  
This course provides an overview of the creation and operation of a small business. Topics include buying a franchise, starting a business, identifying capital resources, understanding markets, managing customer credit, managing accounting systems, budgeting systems, inventory systems, purchasing insurance, and the importance of appropriate legal counsel.

**BUS 285 PRINCIPLES OF MARKETING**  
(3T) 3 credits  
This course provides a general overview of the field of marketing. Topics include marketing strategies, channels of distribution, marketing research, and consumer behavior.

**BUS 291 ALTERNATING BUSINESS CO-OP I**  
(1-3T) 1-3 credits  
**PREREQUISITE: Permission of instructor**  
This two-course sequence allows students to alternate semesters of full-time work in a job closely related to the student’s academic major with semesters of full-time academic work. Emphasis is placed on a student’s work experience as it integrates academic knowledge with
practical applications in the business environment. The grade is based on the employer's evaluation of student productivity, evaluative reports submitted by the student, and the development and assessment by the student of a learning contract.

**BUS 292** ALTERNATING BUSINESS CO-OP II  
(1-3T) 1-3 credits  
**PREREQUISITE:** Permission of instructor  
This two-course sequence allows students to alternate semesters of full-time work in a job closely related to the student's academic major with semesters of full-time academic work. Emphasis is placed on a student's work experience as it integrates academic knowledge with practical applications in the business environment. The grade is based on the employer's evaluation of student productivity, evaluative reports submitted by the student, and the development and assessment by the student of a learning contract.

**BUS 296** BUSINESS INTERNSHIP I  
(3T) 3 credits  
**PREREQUISITE:** Permission of instructor  
This two-course sequence allows the student to work part-time on a job closely related to his or her academic major while attending classes on a full-time basis. Emphasis is placed on a student's work experience as it integrates academic knowledge with practical applications in the business environment. The grade is based on a term paper, job-site visits by the instructor, the employer's evaluation of the student, and the development and assessment by the student of a learning contract. Students must have successfully completed a minimum of 6 semester hours and have a minimum GPA of 2.0 (C).

**BUS 297** BUSINESS INTERNSHIP II  
(3T) 3 credits  
**PREREQUISITE:** Permission of instructor  
This two-course sequence allows the student to work part-time on a job closely related to his or her academic major while attending classes on a full-time basis. Emphasis is placed on a student's work experience as it integrates academic knowledge with practical applications in the business environment. The grade is based on a term paper, job-site visits by the instructor, the employer's evaluation of the student, and the development and assessment by the student of a learning contract. Students must have successfully completed a minimum of 6 semester hours and have a minimum GPA of 2.0 (C).

**CHEMISTRY (CHM)**

**CHM 104** INTRODUCTION TO INORGANIC CHEMISTRY  
(3T, 3E) 4 credits  
**PREREQUISITE:** MTH 098 or equivalent math placement score.  
This is a survey course of general chemistry for students who do not intend to major in science or engineering and may not be substituted for CHM 111. Lecture will emphasize the facts, principles, and theories of general chemistry including math operations, matter and energy, atomic structure, symbols and formulas, nomenclature, the periodic table, bonding concepts, equations, reactions, stoichiometry, gas laws, phases of matter, solutions, pH, and equilibrium reactions. Laboratory is required.

**CHM 111** COLLEGE CHEMISTRY I  
(3T, 3E) 4 credits  
**PREREQUISITE:** MTH 110 with a “C” or higher  
**COREQUISITE:** MTH 112  
This is the first course in a two-semester sequence designed for the science or engineering major who is expected to have a strong background in mathematics. Topics in this course include measurements, nomenclature, stoichiometry, atomic structure, equations and reactions, basic concepts of thermochemistry, chemical and physical properties, bonding, molecular structure, gas laws, kinetic-molecular theory, condensed matter, solutions, colloids, and some descriptive chemistry topics. Laboratory is required.

**CHM 112** COLLEGE CHEMISTRY II  
(3T, 3E) 4 credits  
**PREREQUISITE:** CHM 111 and MTH 112  
This is the second course in a two-semester sequence designed primarily for the science and engineering student who is expected to have a strong background in mathematics. Topics in this course include chemical kinetics, chemical equilibria, acids and bases, ionic equilibria of weak electrolytes, solubility product principle, chemical thermodynamics, electrochemistry, oxidation-reduction, nuclear chemistry, an introduction to organic chemistry and biochemistry, atmospheric chemistry, and selected topics in descriptive chemistry including the metals, nonmetals, semimetals, coordination compounds, transition compounds, and post-transition compounds. Laboratory is required.

**CHM 221** ORGANIC CHEMISTRY I  
(3T, 3E) 4 credits  
**PREREQUISITE:** CHM 112  
This is the first course in a two-semester sequence. Topics in this course include nomenclature, structure, physical and chemical properties, synthesis, and typical reactions for aliphatic, alicyclic, and aromatic compounds with special emphasis on reaction mechanisms, spectroscopy, and stereochemistry. Laboratory is required and will include the synthesis and confirmation of representative organic compounds with emphasis on basic techniques.

**CHM 222** ORGANIC CHEMISTRY II  
(3T, 32E) 4 credits  
**PREREQUISITE:** CHM 221  
This is the second course in a two-semester sequence. Topics in this course include nomenclature, structure, physical and chemical properties, synthesis, and typical reactions for aliphatic, alicyclic, aromatic, and biological compounds, polymers and their derivatives, with special emphasis on
reaction mechanisms, spectroscopy, and stereochemistry. Laboratory is required and will include the synthesis and confirmation of representative organic compounds with emphasis on basic techniques.

CHM 250 DIRECTED STUDIES IN CHEMISTRY (1-3T) 1-3 credit
PREREQUISITE: Permission of the instructor.
This course is designed for independent study in specific areas of chemistry chosen in consultation with a faculty member and carried out under faculty supervision. This course may be repeated three (3) times for credit.

CHD 100 INTRODUCTION OF EARLY CARE AND EDUCATION OF CHILDREN (3T) 3 credits
This course introduces students to the child education and care profession. It is designed to increase understanding of the basic concepts of child development and the developmental characteristics of children from birth through age 8/9 years. This course is the foundation for planning appropriate activities for children and establishing appropriate expectations of young children. This class also offers an opportunity to study the developmental domains (social, emotional, cognitive/language and physical). Course includes observations of the young child in early childhood settings.

CHD 201 CHILD GROWTH AND DEVELOPMENT PRINCIPLES (3T) 3 credits
This course is a systematic study of child growth and development from conception through early childhood. Emphasis is on principles underlying physical, mental, emotional, and social development, and on methods of child study, and practical implications. Upon completion, students will be able to use knowledge of how young children differ in development and approaches to learning to provide opportunities that support the physical, social, emotional, language, cognitive, and aesthetic development. PSY 211 may be used as a suitable substitute for this course for the AAS degree program.

CHD 202 CHILDREN'S CREATIVE EXPERIENCES (3T) 3 credits
This course focuses on fostering creativity in preschool children and developing a creative attitude in teachers. Topics include selecting and developing creative experiences in language arts, music, art, science, math and movement with observation and participation with young children required. On completion, students will be able to select and implement creative and age-appropriate experiences for young children.

CHD 203 CHILDREN’S LITERATURE AND LANGUAGE DEVELOPMENT

CHD 204 METHODS AND MATERIALS FOR TEACHING CHILDREN (3T) 3 credits
This course introduces basic methods and materials used in teaching young children. Emphasis is placed on student's compiling a professional resource file of activities used for teaching math, language arts, and science and social studies concepts. Upon completion, students will be able to demonstrate basic methods of creating learning experiences using developmentally appropriate techniques, materials and realistic expectations. Course includes observations of young children in a variety of childcare environments.

CHD 205 PROGRAM PLANNING FOR EDUCATING YOUNG CHILDREN (3T) 3 credits
This course provides students with knowledge to develop programs for early child development. Specific content includes a review of child development concepts and program contents. Upon completion, students will be able to develop and evaluate effective programs for the education of young children.

CHD 206 CHILDREN’S HEALTH AND SAFETY (3T) 3 credits
This course introduces basic health, nutrition and safety management practices for young children. Emphasis is placed on how to set up and maintain safe, healthy environments for young children including specific procedures for infants and toddlers and procedures regarding childhood illnesses and communicable diseases.

CHD 208 ADMINISTRATION OF CHILD DEVELOPMENT PROGRAMS (3T) 3 credits
This course includes appropriate administrative policies and procedures relevant to preschool programs. Topics include local, state and federal regulations; budget planning; record keeping; personnel policies and parent involvement. Upon completion, students should be able to identify elements of a sound business plan, develop familiarity with basic record-keeping techniques, and identify elements of a developmentally appropriate program.

CHD 209 INFANT AND TODDLER EDUCATION PROGRAMS (3T) 3 credits
This course focuses on child development from infancy to thirty-five months of age with emphasis on planning
programs using developmentally appropriate material. Emphasis is placed on positive ways to support an infant or toddler's social, emotional, physical and intellectual development. Upon completion, students should be able to plan an infant-toddler program and environment, that is appropriate and supportive of the families and the children.

CHD 210 EDUCATING EXCEPTIONAL CHILDREN (3T) 3 credits
This course explores the many different types of exceptionalities found in young children. Topics include speech, language, hearing and visual impairments; gifted and talented children; mental retardation; emotional, behavioral, and neurological handicaps. Upon completion, students should be able to identify appropriate strategies for working with children.

CHD 214 FAMILIES AND COMMUNITIES IN EARLY CHILDCARE AND EDUCATION PROGRAMS (3T) 3 credits
This course provides students with information about working with diverse families and communities. Students will be introduced to family and community settings, the importance of relationships with children, and the pressing needs of today’s society. Students will study and practice techniques for developing these important relationships and effective communication skills.

CHD 215 SUPERVISED PRACTICAL EXPERIENCES IN CHILD DEVELOPMENT (3E) 3 credits
PREREQUISITE: Permission of instructor
This course provides a minimum of 90 hours of hands-on, supervised experience in an approved program for young children. Students will develop a portfolio documenting experiences gained during this course.

CHD 220 PARENTING SKILLS (3T) 3 credits
This course introduces childcare providers to important issues in parenting education, beginning with prenatal concerns and continuing through childhood years. Emphasis is placed on using effective parenting and childrearing practices including appropriate guidance methods. Students learn to apply parenting skills for diverse families. Upon completion, students will be more effective in working with families and young children.

*Courses required in the Child Development Associate (CDA) Certification for employees currently employed within the industries.

COURSE DESCRIPTIONS

This course is an introduction to the most common microcomputer software applications. These software packages should include typical features of applications, such as word processing, spreadsheets, database management, and presentation software. Upon completion, students will be able to utilize selected features of these packages.

CIS 147 ADVANCED MICROCOMPUTER APPLICATIONS (3T) 3 credits
PREREQUISITE: CIS 146 with a grade of “C” or higher.
This course is a continuation of CIS 146 in which students utilize the advanced features of topics covered in CIS 146. Advanced functions and integration of word processing, spreadsheets, database, and presentation packages among other topics are generally incorporated into the course and are to be applied to situations found in society and business. Upon completion, the student should be able to apply the advanced features of selected software appropriately to typical problems found in society and business.

CIS 149 INTRODUCTION TO COMPUTERS (3T) 3 credits
This course is an introduction to computers and their impact on society. The course covers the development of computers, their impact on society, as well as future implications of development of computer and related communication technologies. This course introduces programming and computer operating systems. Upon completion, students will have a basic knowledge of computer technology and will be able to perform basic functions with a computer system. The course will help prepare students for the IC3 certification.

CIS 151 GRAPHICS FOR THE WORLD WIDE WEB (3T) 3 credits
This course provides an overview to the theory, tools, and techniques necessary for creating high-quality graphics using various design software tools. At the completion of this course students will be able to apply various software packages to create graphics for Web applications in raster or vector format.

CIS 155 INTRO. TO MOBILE APP DEVELOPMENT (3T) 3 credits
The purpose of this course is to introduce students to various app development tools for various mobile platforms. Specific topics include: app distribution sources, mobile device operating systems, survey of app development software, processes for design, build, deploying, and optimizing apps. At the conclusion of this course, students will be able to design, build, deploy, and optimize a basic app.

CIS 171 LINUX I (3T) 3 credits
PREREQUISITE: CIS 201 with a grade of “C” or higher.
This course presents fundamental applications in Linux.
Included in this course are skills development for OS installation and setup, recompile techniques, system configuration settings, file/folder structures and types, run levels, basic network applications and scripting. Additionally, the course presents security features from an administrative and user consideration.

This course will discuss database system architectures. It will teach students how to design, normalize and use a database, and link these to the Web. Students will design and build a database-enabled Web site. Upon completion, the student will be able to demonstrate knowledge of the topics through projects and appropriate tests.

**CIS 233 TRENDS IN OFFICE TECHNOLOGY**

(3T) 3 credits

**PREREQUISITE:** CIS 146

The course is designed to research current trends in office technology. Emphasis is on advances in technology relevant to the office environment such as electronic mail, multimedia interaction, presentation hardware and software, and Internet use. Upon completion, the student should be able to demonstrate an awareness of current technological applications for the modern office.

**CIS 245 CYBER DEFENSE**

(3T) 3 credits

**PREREQUISITE:** 200 Level CIS Course or instructor approval

This course provides students with information on the concept of cyber defense. Topics include information relative to legal aspects of cyber-attacks, threats to various levels of national and local social infrastructure, financial systems, personal data, and other direct and indirect threats. As part of this course students explore current and historical cyber threats and U.S. policy regarding infrastructure protection.

**CIS 246 ETHICAL HACKING**

(3T) 3 credits

**PREREQUISITE:** 200 Level CIS Course or instructor approval

This course emphasizes scanning, testing, and securing computer systems. The lab-intensive environment provides opportunities to understand how perimeter defenses work and how hackers are able to compromise information systems. With awareness of hacking strategies, students learn to counteract those attempts in an ethical manner.

**CIS 250 E-COMMERCE**

(3T) 3 credits

This course is an introduction to e-commerce. Topics include e-commerce infrastructure, selling on the web, marketing on the web, business activities: improving efficiency and reducing costs, social networking, mobile commerce, online auctions, legal, ethical and tax issues, web server hardware and software, electronic commerce software, electronic commerce security and payment systems for electronic commerce. Upon completion, students will be able to build an e-commerce presence.

**CIS 251 C++ PROGRAMMING**

(3T) 3 credits

**PREREQUISITE:** CIS 201 with a grade of “C” or higher.

This course is an introduction to the C++ programming language. This course is intended as a first course in problem-solving and program design. Topics covered include program style, algorithm and data structuring and modularization. Upon completion, the student will be able to demonstrate knowledge of the topics through the completion of programming projects and appropriate tests.

**CIS 252 ADVANCED C++ PROGRAMMING**

(3T) 3 credits

**PREREQUISITE:** CIS 251

This course is an advanced object-oriented programming course and covers advanced program development techniques and concepts in the context of an object-oriented language. Subject matter includes object-oriented analysis, encapsulation, inheritance, polymorphism (operator and function overloading), information hiding, abstract data types, reuse, dynamic memory allocation, and file manipulation. Upon completion, students should be able to develop a hierarchical class structure necessary to the implementation of an object-oriented software system.

**CIS 253 JAVA PROGRAMMING**

(3T) 3 credits

**PREREQUISITE:** CIS 201

This course is a first course sequence in program design and implementation in the Java programming language using hands-on programming assignments, class demonstrations, and lectures. Topics include basic features of Java program structures, Java’s built-in class libraries, data types, programming control structures, and object-oriented programming concepts.

**CIS 254 ADVANCED JAVA PROGRAMMING**

(3T) 3 credits

**PREREQUISITE:** CIS 255

This course is a second course of a sequence using the Java programming language. Topics include: Sun’s Swing GUI components, JDBC, JavaBeans, RMI, Servlets, and Java media framework. Upon completion, the student will be able to demonstrate knowledge of the topics through programming projects and appropriate exams.

**CIS 255 COMPUTER MAINTENANCE**

(3T) 3 credits

**PREREQUISITE:** CIS 146

This course provides students with hands-on practical experience in installing software, operating systems, troubleshooting, and maintaining systems. The class will help to prepare participants for the A+ Certification sponsored by CompTIA.

**CIS 256 ENTERPRISE VIRTUALIZATION**

(3T) 3 credits

**PREREQUISITE:** CIS 271 or instructor approval

This course is designed to provide students with the knowledge and skills required to implement enterprise visualization. Students will gain hands-on experience installing, configuring, and managing enterprise...
virtualization technologies.

CIS 270 CISCO CCNA I (3T) 3 credits
This course is the first part of a four part curriculum leading to Cisco Certified Network Associate (CCNA) certification. The content of this course is based on current requirements from the CISCO Networking Academy certification standards.

CIS 271 CISCO CCNA II (3T) 3 credits
PREREQUISITE: CIS 270
This course is the second part of a four part curriculum leading to Cisco Certified Network Associate (CCNA) certification. The content of this course is based on current requirements from the CISCO Networking Academy certification standards.

CIS 272 CISCO CCNA III (3T) 3 credits
PREREQUISITE: CIS 270
This course is the third part of a four part curriculum leading to Cisco Certified Network Associate (CCNA) certification. The content of this course is based on current requirements from the CISCO Networking Academy certification standards.

CIS 273 CISCO CCNA IV (3T) 3 credits
PREREQUISITE: CIS 272
This course is the fourth part of a four part curriculum leading to Cisco Certified Network Associate (CCNA) certification. The content of this course is based on current requirements from the CISCO Networking Academy certification standards.

CIS 276 SERVER ADMINISTRATION (3T) 3 credits
PREREQUISITE: CIS 146 or Higher
This course introduces network operating system administration. Topics included in this course are network operating system software installation, administration, monitoring and maintenance, user, group, and computer account management; shared resource management; and server hardware management. Students gain hands-on experience in managing and maintaining a network operating system environment.

CIS 277 NETWORK SERVICES ADMINISTRATION (3T) 3 credits
This course provides an introduction to the administration of fundamental networking services and protocols. Topics included in this course are implementing, managing, and maintaining essential network operating system services such as those for client address management, name resolution, security, routing, and remote access. Students gain hands-on experience performing common network infrastructure administrative tasks.

CIS 280 NETWORK SECURITY (3T) 3 credits
PREREQUISITE: CIS 271 or instructor approval
This course provides a study of threats to network security and methods of securing a computer network from such threats. Topics included in this course are security risks, intrusion detection, methods of securing authentication, network access, remote access, Web access, and wired and wireless network communications. Upon completion, students will be able to identify security risks and describe appropriate counter measures.

CIS 282 COMPUTER FORENSICS (3T) 3 credits
PREREQUISITE: 200 Level CIS Course or Instructor Approval
This course introduces students to methods of computer forensics and investigations. This course helps prepare students for the International Association of Computer Investigative Specialists (IACIS) Certification.

CIS 283 UNDERSTANDING VOICE OVER INTERNET PROTOCOL (VOIP) (3T) 3 credits
PREREQUISITE: CIS 271 or instructor approval
This course concentrates on router and switch configuration to route voice packets. Main focus will be on VoIP components, VoIP gateway and gatekeepers, VoIP protocols, routing operations in VoIP networks and deploying VoIP enterprise network. Students will also learn switch configuration to create proper VLAN, load balancing for voice packets and configuring call manager. After completing this course students will know PSTN and VoIP fundamentals, VoIP technologies, and VoIP quality and security. Students will be able to create a VoIP network in a small to large size LAN. Students will be able to configure call manager for voicemail and other phone features. Configurations will consist of securing voice calls using routers and switches. Students must have prior router and switch configuration experience. This is a hands-on lab oriented course.

CIS 285 SPECIAL TOPICS (3T) 3 credits
PREREQUISITE: Permissions of instructor
This course allows study of currently relevant computer science topics. Course content will be determined by the instructor and will vary according to the topic being covered. Upon completion, students will be able to demonstrate knowledge of the course topic through completion of assignments and appropriate tests.

CIS 286 SPECIAL TOPICS (6E) 3 credits
PREREQUISITE: Permissions of instructor
This course allows study of currently relevant computer science topics. Course content will be determined by the instructor and will vary according to the topic being covered. Upon completion,
the student will be able to demonstrate specified skills.

CIS 297 CO-OP FOR CIS II
(3T) 3 credits
This course is part of a series wherein the student works in a degree/program related job. Emphasis is placed on student's work experience as it integrates academic knowledge with practical application through exposure to computer practices in an informational technologies environment. The grade is based on the employer's evaluation of each student's productivity, content of a descriptive report submitted by the student, and student development and assessment of a learning contract.

CIS 299 DIRECTED STUDIES IN COMPUTER SCIENCE
(3T) 3 credits
PREREQUISITE: Permission of instructor
This course allows independent study under the direction of an instructor. Topics to be included in the course material will be approved by the instructor prior to or at the beginning of the class. Upon completion, the student will be able to demonstrate knowledge of the topics as specified by the instructor.

CLINICAL LABORATORY TECHNICIAN (CLT)

CLT 111 URINALYSIS & BODY FLUIDS
(2T, 4E) 4 credits
PREREQUISITE: Admission to the Program
This course focuses on the theory and techniques in the examination of urine and other body fluids. The student is introduced to the physical and chemical properties of these fluids as well as microscopic examination of sediment and the identification of cells and crystals. Upon completion, students should be able to perform basic urinalysis and correlate laboratory results to renal disorders and other disease states. CORE

CLT 121 CLT HEMATOLOGY
(3T, 4E) 5 credits
PREREQUISITE: Admission to the Program
COREQUISITE: CLT 131
In this course, the theory and techniques of hematology are covered. The student is presented with blood components, normal and abnormal cell morphology, hemostasis, and selected automated methods. Upon completion, students should be able to perform various procedures including preparation and examination of hematologic slides and relate results to specific disorders. CORE

CLT 131 LABORATORY TECHNIQUES
(3T, 3E) 4 credits
PREREQUISITE: Admission to the Program
COREQUISITE: CLT 121
This course covers the basic principles and techniques used in the clinical laboratory. Emphasis is placed on terminology, basic microscopy, safety, and computations. Upon completion, students should be able to perform various basic laboratory analyses and utilize basic theories of laboratory principles. CORE

CLT 141 CLT MICROBIOLOGY I
(3T, 4E) 5 credits
PREREQUISITE: Admission to the Program
The student is presented with the theories, techniques, and methods used in basic bacteriology. Focus is on bacterial isolation, identification, and susceptibility testing. Upon completion, students should be able to select media, isolate and identify microorganisms, and discuss modern concepts of epidemiology. CORE

CLT 142 CLT MICROBIOLOGY II
(3T, 2E) 4 credits
PREREQUISITE: CLT 141
The student is presented with the theories, techniques, and methods used in basic parasitology, mycology, and virology. Emphasis is placed on special bacteria, identification, life cycles, culture growth, and pathological states of infection and infestation. Upon completion, students should be able to identify certain parasites, demonstrate various staining and culture procedures, and discuss the correlation of certain microorganisms to pathological conditions. CORE

CLT 151 CLT CLINICAL CHEMISTRY
(3T, 4E) 5 credits
PREREQUISITE: Admission to the Program
This course emphasizes theories and techniques in basic and advanced clinical chemistry. Coverage includes various methods of performing biochemical analyses on clinical specimens. Upon completion, students should be able to apply the principles of clinical chemistry, evaluate quality control, and associate abnormal test results to clinical significance. CORE

CLT 161 CLT INTEGRATED LABORATORY SIMULATION
(4E) 2 credits
PREREQUISITE: Completion of: CLT 111, CLT 121, CLT 131, CLT 141, CLT 142, CLT 151 AND CLT 181
This course provides an opportunity for the student to perform clinical laboratory procedures in all phases of laboratory testing as a review of previous laboratory courses. Emphasis is placed on organization of tasks, timing, accuracy, and simulation of routine operations in a clinical laboratory. Upon completion, students should be able to organize tasks and perform various basic laboratory analyses with accuracy and precision. CORE

CLT 181 CLT IMMUNOLOGY
(1T, 2E) 2 credits
PREREQUISITE: Admission to the Program
Theory and techniques in immunology are presented to the student. Emphasis is placed on the basic principles of the immune system, serologic testing, the production of specific antibodies and their use in the identification of infectious organisms. Upon completion, students should be able to relate basic principles of immunology, describe techniques for analytical methods utilizing immunological concepts, and correlate results of analyses to certain disease states. CORE
COURSE DESCRIPTIONS

CLT 191 CLINTUNOHEMATOLOGY
(3T, 4E) 5 credits
PREREQUISITE: Admission to the Program
Theory and techniques in immunohematology are presented to the student. In this course coverage includes antigen and antibody reactions including blood typing, antibody detection and identification, and compatibility testing. Upon completion, students should be able to apply theories and principles of immunohematology to procedures for transfusion and donor services and correlate blood banking practices to certain disease states and disorders. CORE

CLT 293 CLINICAL LABORATORY SEMINAR
(2T) 2 credits
PREREQUISITE: Admission to the Program
This course is a cumulative review of clinical laboratory science theory. The seminar consists of an on-campus summation of previous classes emphasizing recall, application of theory, correlation, and evaluation of all areas of clinical laboratory science. Upon completion, students should be able to apply theory of analytical methods, recognize normal, abnormal, and erroneous results, and relate laboratory results to pathological conditions.

CLT 294 CLINICAL LABORATORY PRACTICUM I
(9C) 3 credits
PREREQUISITE: Admission to the Program and Permission of Instructor
This supervised practicum is within the clinical setting and provides laboratory practice in hematology and urinalysis. Emphasis is placed on clinical skills and performance in areas such as specimen preparation and examination, instrumentation, reporting of results, management of data and quality control. Upon completion, students should be able to process specimens, perform analyses utilizing various methods including instrumentation, report results, manage data and quality control using information systems. CORE

CLT 295 CLINICAL LABORATORY PRACTICUM II
(9C) 3 credits
PREREQUISITE: Admission to the Program and Permission of Instructor
This supervised practicum is within the clinical setting and provides laboratory practice in microbiology. Emphasis is placed on clinical skills and performance in areas such as recovery, isolation, culturing and identification of microorganisms. Upon completion, students should be able to isolate, culture, analyze microorganisms utilizing various methods, report results, manage data and quality control using information systems. CORE

CLT 296 CLINICAL LABORATORY PRACTICUM III
(9C) 3 credits
PREREQUISITE: Admission to the Program and Permission of Instructor
This supervised practicum is within the clinical setting and provides laboratory practice in serology and immunohematology. Emphasis is placed on clinical skills and performance in areas such as the detection and identification of antibodies, the typing of blood, and compatibility testing of blood and blood components. Upon completion, students should be able to perform the screening for and identification of antibodies, compatibility testing, record and manage data and quality control using information systems. CORE

CLT 297 CLINICAL LABORATORY PRACTICUM IV
(9C) 3 credits
PREREQUISITE: Admission to the Program and Permission of Instructor
This supervised practicum is within the clinical setting and provides laboratory practice in clinical chemistry. Emphasis is placed on clinical skills and performance in areas such as computerized instrumentation and the ability to recognize technical problems. Upon completion, students should be able to perform biochemical analyses by various methods, including testing utilizing computer-oriented instrumentation, report test results, manage patient data and quality control statistics using information systems. CORE

COSMETOLOGY INSTRUCTOR TRAINING (CIT)

CIT 211 TEACHING & CURRICULUM DEVELOPMENT
(3T) 3 credits
PREREQUISITE: Licensed managing cosmetologist; 1 year experience
This course focuses on the principles of teaching, teaching maturity, personality conduct, and the development of a cosmetology curriculum. Emphasis is placed on teacher roles, teaching styles, teacher challenges, aspects of curriculum development, and designing individual courses. Upon completion, the student should be able to describe the role of teacher, identify means of motivating students, develop a course outline, and develop lesson plans.

CIT 212 TEACHER MENTORSHIP
(9M) 3 credits
COREQUISITE: CIT 211 or Permission of instructor
PREREQUISITE: Licensed managing cosmetologist; 1 year experience
This course is designed to provide the practice through working with a cosmetology instructor in a mentoring relationship. Emphasis is placed on communication, student assessment, and assisting students in the lab. Upon completion, the student should be able to communicate with students, develop a course of study, and apply appropriate teaching methods.

CIT 213 LESSON PLAN DEVELOPMENT
(3T) 3 credits
COREQUISITE: CIT 211, 212, or Permission of instructor
PREREQUISITE: Licensed managing cosmetologist; 1 year experience
The course introduces students to methods for developing lesson
plans. Emphasis is placed on writing lesson plans and on the four-step teaching plan. Upon completion, students should be able to write daily lesson plans and demonstrate the four-step teaching method.

**CIT 214 LESSON PLAN METHODS**

(1T, 2M) 3 credits

During this course students have the opportunity to further apply knowledge of lesson planning and lesson delivery by using lesson plans they have developed from previous courses or this course. Emphasis is placed on the use of lesson plans in various classroom and laboratory settings. Upon completion, students will be able to teach a variety of cosmetology classes using various techniques.

**CIT 221 LESSON PLAN IMPLEMENTATION**

(9M) 3 credits

PREREQUISITE: Licensed managing cosmetologist; 1 year experience

This course is designed to provide practice in preparing and using lesson plans. Emphasis is placed on organizing, writing and presenting lesson plans using the four-step teaching method. Upon completion, students should be able to prepare and present a lesson using the four-step teaching method.

**CIT 222 AUDIO VISUAL MATERIALS AND METHODS**

(3T) 3 credits

COREQUISITE: CIT 223 or Permission of instructor

PREREQUISITE: Licensed managing cosmetologist; 1 year experience

This course focuses on visual and audio aids and materials. Emphasis is placed on the use and characteristics of instructional aids. Upon completion, the student should be able to prepare teaching aids and determine their most effective use.

**CIT 223 AUDIO VISUAL MATERIALS AND METHODS APPLICATIONS**

(9M) 3 credits

COREQUISITE: CIT 222 or Permission of instructor

PREREQUISITE: Licensed managing cosmetologist; 1 year experience

This course is designed to provide practice in preparing and using visual and audio aids and materials. Emphasis is placed on the preparation and use of different categories of instructional aids. Upon completion, the student should be able to prepare and effectively present different types of aids for use with a four-step lesson plan.

**COSMETOLOGY (COS)**

**COS 111 INTRODUCTION TO COSMETOLOGY**

(3T) 3 credits

COREQUISITE: COS 112 or Permission of instructor

This course is designed to provide students with an overview of the history and development of cosmetology and standards of professional behavior. Students receive basic information regarding principles and practices of infection control, diseases, and disorders. Additionally, students receive introductory information regarding hair design. The information presented in this course is enhanced by hands-on application performed in a controlled lab environment. Upon completion, students should be able to apply safety rules and regulations and write procedures for skills identified in this course.

**COS 112 INTRODUCTION TO COSMETOLOGY LAB**

(9M) 3 credits

COREQUISITE: COS 111 or Permission of instructor

In this course, students are provided the practical experience for sanitation, shampooing, hair shaping, and hairstyling. Emphasis is placed on disinfection, shampooing, hair shaping, and hairstyling for various types of hair for men and women. This course offers opportunities for students to put into practice concepts learned in the theory component from COS 111.

**COS 113 THEORY OF CHEMICAL SERVICES**

(1T, 2E, 3M) 3 credits

COREQUISITE: COS 114 or COS 115, or Permission of instructor

During this course students learn concepts of theory of chemical services related to chemical hair texturing. Specific topics include basics of chemistry and electricity, properties of the hair and scalp, and chemical texture services. Safety considerations are emphasized throughout this course. This course is foundational for other courses providing more detailed instruction on these topics.

**COS 114 CHEMICAL SERVICES LAB**

(9M) 3 credits

COREQUISITE: COS 113 or Permission of instructor

During this course students perform various chemical texturing activities. Emphasis is placed on cosmetologist and client safety, chemical use and handling, hair and scalp analysis, and client consulting.

**COS 115 HAIR COLORING THEORY**

(3T) 3 credits

COREQUISITE: COS 116

In this course, students learn the techniques of hair coloring and hair lightening. Emphasis is placed on color application, laws, levels and classifications of color and problem solving. Upon completion, the student will be able to identify all classifications of hair coloring and the effects on the hair.

**COS 116 HAIR COLORING LAB**

(9M) 3 credits

COREQUISITE: COS 115

In this course, students apply hair coloring and hair lightening techniques. Topics include consultation, hair analysis, skin test and procedures and applications of all classifications of hair coloring and lightening. Upon completion, the student will be able to perform procedures for hair coloring and hair lightening.

**COS 117 BASIC SPA TECHNIQUES**
COURSE DESCRIPTIONS

COS 133  SALON MANAGEMENT TECHNOLOGY  (1T, 6M)  3 credits
This course is designed to develop entry-level management skills for the beauty industry. Topics include job-seeking, leader and entrepreneurship development, business principles, business laws, insurance, marketing, and technology issues in the workplace. Upon completion, the student should be able to list job-seeking and management skills and the technology that is available for use in the salon.

COS 134  ADVANCED ESTHETICS  (1T, 6M)  3 credits
This course includes an advanced study of anatomy and physiology relating to skin care, cosmetic chemistry, histology of the skin, and massage and facial treatments. Upon completion, the student should be able to discuss the functions of the skin, effects of chemicals on skin, different types of massage and benefits, and key elements of the basic facial treatment.

COS 135  ADVANCED ESTHETICS APPLICATIONS  (9M)  3 credits
This course provides advanced practical applications related to skin care. Principal topics include massage techniques, various facial treatments, proper product application through skin analysis, and introduction to ingredients and treatments used by the esthetician. Upon completion, the student should be able to perform various massage techniques, prescribe proper type of facial treatment and product, and demonstrate facials using any of the eight functions of the facial machine.

COS 117  BASIC SPA TECHNIQUES LAB  (9M)  3 credits
This course provides practical applications related to the care of the skin and related structure. Emphasis is placed on facial treatments, product application, skin analysis, massage techniques, facial make-up, hair removal, and nail care. Upon completion, the student should be able to prepare clients, assemble sanitized materials, follow procedures for product application, recognize skin disorders, demonstrate facial massage movement, cosmetic application, and hair removal using safety and sanitary precautions, and nail care.

COS 118  ADVANCED ESTHETICS  (3T)  3 credits
This course is the study of cosmetic products, massage, skin care, and hair removal, as well as identifying the structure and function of various systems of the body. Topics include massage skin analysis, skin structure, disease and disorder, light therapy, facials, facial cosmetics, anatomy, hair removal, and nail care. Upon completion, the student will be able to state procedures for analysis, light therapy, facials, hair removal, and identify the structures, functions, disorders of the skin, and nail care.

COS 123  COSMETOLOGY SALON PRACTICES  (9M)  3 credits
This course is designed to allow students to practice all phases of cosmetology in a salon setting. Emphasis is placed on professionalism, receptionist duties, hairstyling, hair shaping, chemical, and nail and skin services for clients. Upon completion, the student should be able to demonstrate professionalism and the procedures of cosmetology in a salon setting.

COS 125  CAREER AND PERSONAL DEVELOPMENT  (3T)  3 credits
This course provides the study and practice of personal development and career building. Emphasis is placed on building and retaining clientele, communication skills, customer service, continuing education, and goal setting. Upon completion, the student should be able to communicate effectively and practice methods for building and retaining clientele.

COS 127  ESTHETICS THEORY  (3T)  3 credits
This course includes an advanced study of anatomy and physiology relating to skin care, cosmetic chemistry, histology of the skin, and massage and facial treatments. Upon completion, the student should be able to discuss the functions of the skin, effects of chemicals on skin, different types of massage and benefits, and key elements of the basic facial treatment.

COS 134  HAIR SHAPING AND DESIGN  (3T)  3 credits
This course focuses on the theory and practice of hair designing. Topics include creating styles using basic and advanced techniques of back combing, up sweeps and braiding. Upon completion, the student should be able to demonstrate the techniques and procedures for hair designing.

COS 144  SPECIALTY HAIR PREPARATION TECHNIQUES  (1T, 6M)  3 credits
This course provides practical applications of the knowledge and skill learned in reference to chemical reactions, as well as the chemical application to the hair and skin. Emphasis is placed on knowledge of basic chemistry, pH scale measurements, water, shampooing and cosmetic chemistry, physical and chemical changes in hair structure. Upon completion, the student should be able to define chemistry, types of matter, and describe chemical and cosmetic reactions as related to the hair and skin structure.

COS 141  APPLIED CHEMISTRY FOR COSMETOLOGY  (9M)  3 credits
This course focuses on chemistry relevant to professional hair and skin care products, hair and its related structures, permanent waving, chemical hair relaxing, and hair coloring. Topics include knowledge of basic chemistry, pH scale measurements, water, shampooing and cosmetic chemistry, physical and chemical changes in hair structure. Upon completion, the student should be able to define chemistry, types of matter, and describe chemical and cosmetic reactions as related to the hair and skin structure.

COS 142  APPLIED CHEMISTRY FOR COSMETOLOGY LAB  (9M)  3 credits
This course provides practical applications of the knowledge and skill learned in reference to chemical reactions, as well as the chemical application to the hair and skin. Emphasis is placed on knowledge of basic chemistry, pH scale measurements, water, shampooing and cosmetic chemistry, physical and chemical changes in the hair and skin structure. Upon completion, the student should be able to define chemistry, types of matter, and describe chemical and cosmetic reactions as related to the hair and skin structure.
COURSE DESCRIPTIONS

COS 145 HAIR SHAPING LAB
(9M) 3 credits
This course covers the study of the art and techniques of hair shaping. Topics include hair sectioning, correct use of hair shaping implements, and elevations used to create design lines. Upon completion, the student should be able to demonstrate the techniques and procedures for creating hair designs.

COS 146 HAIR ADDITIONS
(2T, 2E, 3M) 4 credits
This course focuses on the practice of adding artificial hair. Topics include hair extensions, weaving, and braiding. Upon completion, the student should be able to demonstrate the techniques and procedures for attaching human hair and synthetic hair.

COS 150 MANICURING
(1T, 6M) 3 credits
This course focuses on the theory and practice of nail care. Topics include sanitation, nail structure, nail disorders and diseases, manicuring, pedicuring, nail wrapping, sculptured nails and acrylic overlays.

COS 151 NAIL CARE
(3T) 3 credits
COREQUISITE: COS 152 or Permission of instructor
This course focuses on all aspects of nail care. Topics include salon conduct, professional ethics, sanitation, nail structure, manicuring, pedicuring, nail disorders, and anatomy and physiology of the arm and hand. Upon completion, the student should be able to demonstrate professional conduct, recognize nail disorders and diseases, and identify the procedures for sanitation and nail care services.

COS 152 NAIL CARE APPLICATIONS
(9M) 3 credits
COREQUISITE: COS 151 or Permission of instructor
This course provides practice in all aspects of nail care. Topics include salon conduct, professional ethics, bacteriology, sanitation and safety, manicuring and pedicuring. Upon completion, the student should be able to perform nail care procedures.

COS 153 NAIL ART
(3T) 3 credits
COREQUISITE: COS 154 or Permission of instructor
This course focuses on advanced nail techniques. Topics include acrylic, gel, fiberglass nails, and nail art. Upon completion, the student should be able to identify the different types of sculptured nails and recognize the different techniques of nail art.

COS 154 NAIL ART APPLICATIONS
(9M) 3 credits
COREQUISITE: COS 153 or Permission of instructor
This course provides practice in advanced nail techniques. Topics include acrylic, gel, fiberglass nails, and nail art. Upon completion, the student should be able to perform the procedures for nail sculpturing and nail art.

COS 158 EMPLOYABILITY SKILLS
(3T) 3 credits
PREREQUISITE: Permission of instructor
This course provides the study of marketable skills to prepare the student to enter the world of work. Emphasis is placed on resumes, interviews, client and business relations, personality, computer literacy and attitude. Upon completion, the student should be prepared to obtain employment in the field for which they have been trained.

The following labs are designed for students in need of additional lab hours or services in preparation for licensure exams. The labs will be directed by instructors according to the student's area of specialty and may be taken during the course of the program as needed.

COS 161 SPECIAL TOPICS IN COSMETOLOGY
(1T) 1 credit
PREREQUISITE: Permission of instructor
This course is designed to allow students to explore issues relevant to the profession of cosmetology. Upon completion, students should have developed new skills in areas of specialization for the cosmetology profession.

COS 162 SPECIAL TOPICS IN COSMETOLOGY
(9M) 3 credits
PREREQUISITE: Permission of instructor
This course is designed to allow students to explore issues relevant to the profession of cosmetology. Upon completion, students should have developed new skills in areas of specialization for the cosmetology profession.

COS 163 FACIAL TREATMENTS
(1T, 6M) 3 credits
This course includes all phases of facial treatments in the study of skin care. Topics include treatments for oily, dry, and special skin applications. Upon completion, students will be able to apply facial treatments.

COS 164 FACIAL MACHINE
(9M) 3 credits
This is a course designed to provide practical experience using the vapor and facial machine with hydraulic chair. Topics include the uses of electricity and safety practices, machine and apparatus, use of the magnifying lamp, and light therapy. Upon completion, the student will be able to demonstrate an understanding of electrical safety and skills in the use of facial
### COS 165 RELATED SUBJECTS ESTHETICIANS

**3 credits**  
This course includes subjects related to the methods for removing unwanted hair. This course includes such topics as electrolysis information and definitions, safety methods of permanent hair removal, the practice of removal of superfluous hair, and the use of depilatories. Upon completion of this course, students will be able to apply depilatories and practice all safety precautions.

### COS 167 STATE BOARD REVIEW

**3 credits**  
Students are provided a complete review of all procedures and practical skills pertaining to their training in the program. Upon completion, the student should be able to demonstrate the practical skills necessary to complete successfully the required State Board of Cosmetology examination and entry-level employment.

### COS 169 SKIN FUNCTIONS

**3 credits**  
This course introduces skin functions and disorders. Topics include practical application for skin disorder treatments, dermabrasion, and skin refining. Upon completion of this course, the student will be able to demonstrate procedures for acne, facials and masks for deeper layers and wrinkles.

### COS 168 BACTERIOLOGY AND SANITATION

**3 credits**  
In this skin care course, emphasis is placed on the decontamination, infection control and safety practiced in the esthetics facility. Topics covered include demonstration of sanitation, sterilization methods and bacterial prevention. Upon completion, the student will be able to properly sanitize facial implements and identify non-reusable items.

### COS 181 SPECIAL TOPICS

**3 credits**  
This course is designed to allow students to explore issues relevant to the profession of cosmetology. Upon completion, students should have developed new skills in areas of specialization for the cosmetology profession.

### COS 182 SPECIAL TOPICS

**3 credits**  
This course is designed to allow students to explore issues relevant to the profession of cosmetology. Upon completion, students should have developed new skills in areas of specialization for the cosmetology profession.

### COS 190 INTERNSHIP IN COSMETOLOGY

**3 credits**  
**PREREQUISITE: Permission of instructor**  
This course is designed to provide exposure to cosmetology practices in non-employment situations. Emphasis is on dependability, attitude, professional judgment, and practical cosmetology skills. Upon completion, the student should have gained skills necessary for entry-level employment.

### COS 291 CO-OP

**3 credits**  
This course provides work experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.

### CRJ 100 INTRODUCTION TO CRIMINAL JUSTICE

**3 credits**  
This course surveys the entire criminal justice process from law enforcement to the administration of justice through corrections. It discusses the history and philosophy of the system and introduces various career opportunities.

### CRJ 110 INTRODUCTION TO LAW ENFORCEMENT

**3 credits**  
This course examines the history and philosophy of law enforcement, as well as the organization and jurisdiction of local, state, and federal agencies. It includes the duties and functions of law enforcement officers.

### CRJ 130 INTRODUCTION TO LAW AND JUDICIAL PROCESS

**3 credits**  
This course provides an introduction to the basic elements of substantive and procedural law and the stages in the judicial process. It includes an overview of state and federal court structure.

### CRJ 140 CRIMINAL LAW AND PROCEDURE

**3 credits**  
This course examines both substantive and procedural law. The legal elements of various crimes are discussed, with emphasis placed on the contents of the Alabama Code. Areas of criminal procedure essential to the criminal justice profession are covered.

### CRJ 146 CRIMINAL EVIDENCE

**3 credits**  
This course considers the origins of the law of evidence and current rules of evidence. Types of evidence, their definitions and uses are covered, as well as the functions of the court regarding evidence.

### CRJ 150 INTRODUCTION TO CORRECTIONS

**3 credits**  
This course provides an introduction to the philosophical and historical foundations of corrections in America. Incarceration and some of its alternatives are considered.
CRJ 157 COMMUNITY BASED CORRECTIONS
(3T) 3 credits
This course examines various forms of community corrections and alternative sentences. Probation, parole, halfway houses, work release, community service, electronic monitoring and camps are among the programs considered.

CRJ 160 INTRODUCTION TO SECURITY
(3T) 3 credits
This course surveys the operation, organization and problems in providing safety and security to business enterprises. Private, retail and industrial security are covered.

CRJ 166 PRIVATE AND RETAIL SECURITY
(3T) 3 credits
This course surveys the legal foundations, regulations, training, and other issues in private security. Typical offenses, laws, and law enforcement strategies common in the field are covered. Methods of loss prevention are examined.

CRJ 168 INTERNATIONAL SECURITY
(3T) 3 credits
This course provides an understanding of the security implications of international programs, commercial sales, the interrelationship of the information disclosure and technology transfer, the International Traffic in Arms Regulations, and the Export Administration Regulations.

CRJ 169 SECURITY MANAGEMENT
(3T) 3 credits
This course introduces the student to sound security management theories, principles, budgeting, communications, and education.

CRJ 170 INTRODUCTION TO PHYSICAL SECURITY
(3T) 3 credits
This course provides an overview of the protection of people, property, and facilities through the use of security forces, systems, and procedures.

CRJ 171 SECURITY RISK MANAGEMENT
(3T) 3 credits
This course deals with the identification of assets, threats, and vulnerabilities, and the development of countermeasures.

CRJ 208 INTRODUCTION TO CRIMINOLOGY
(3T) 3 credits
This course delves into the nature and extent of crime in the United States as well as criminal delinquent behavior and theories of causation. The study includes criminal personalities, principles of prevention, control and treatment.

CRJ 209 JUVENILE DELINQUENCY
(3T) 3 credits
This course examines the causes of delinquency. It also reviews programs of prevention and control of juvenile delinquency as well as the role of the courts.

CRJ 216 POLICE ORGANIZATION AND ADMINISTRATION
(3T) 3 credits
This course examines the principles of organization and administration of law enforcement agencies. Theories of management, budgeting, and various personnel issues are covered.

CRJ 220 CRIMINAL INVESTIGATION
(3T) 3 credits
This course explores the theory and scope of criminal investigation. The duties and responsibilities of the investigator are included. The techniques and strategies used in investigation are emphasized.

CRJ 230 CRIMINALISTICS
(3T) 3 credits
This course surveys the different techniques of scientific investigation. Emphasis is given to ballistics, photography, fingerprints, DNA, trace evidence, body fluids, casts and the like.

CRJ 256 CORRECTIONAL REHABILITATION
(3T) 3 credits
This course surveys the different methods used in the rehabilitation of public offenders. Topics include individual and group counseling, education, recreation, religion, drug treatment, and vocational programs.

CRJ 280 INTERNSHIP IN CRIMINAL JUSTICE
(1-3T) 1-3 credits
PREREQUISITE: Permission of instructor
This course involves practical experience with a criminal justice agency under faculty supervision. Permission of the instructor is required. This course may be repeated with the approval of the department head.

CRJ 290 SELECTED TOPICS - SEMINAR IN CRIMINAL JUSTICE
(1-3T) 1-3 credits
This course involves reading, research, writing, and discussion of selected subjects relating to criminal justice. Various contemporary problems in criminal justice are analyzed. This course may be repeated with approval of the department head.

DENTAL ASSISTING (DAT)

DAT 100 INTRODUCTION TO DENTAL ASSISTING
(2T) 2 credits
PREREQUISITE: Admission to the Dental Assisting Program
COREQUISITE: DAT 101, DAT 102, DAT 103, and DAT 104
This course is designed to provide an introduction to dentistry and the history of dentistry, dental equipment, dental auxiliaries, psychology application to dentistry, personal and certification requirements, legal and ethical considerations, and work ethics and communication skills. Emphasis is placed on the Alabama
Dental Practice Act and OSHA Standards. Upon completion, students should be able to discuss basic aspects of dentistry.

**DAT 101  PRE-CLINICAL PROCEDURES I**  
(2T, 15)  3 credits  
PREREQUISITE: Admission to the Dental Assisting Program  
COREQUISITES: DAT 100, DAT 102, DAT 103, and DAT 104  
This course is designed to introduce chairside assisting including concepts of four-handed dentistry, sterilization techniques, dental instruments, anesthesia, and operative dentistry. Emphasis will be placed on preparation of the student for clinical dental assisting. Upon completion, the student should be able to perform dental assisting skills in a clinical setting.

**DAT 102  DENTAL MATERIALS**  
(2T, 15)  3 credits  
PREREQUISITE: Admission to the Dental Assisting Program  
COREQUISITES: DAT 100, DAT 101, DAT 103, and DAT 104  
This course is designed to study the characteristics, manipulation, and application of dental materials ordinarily used in the dental office. Students will be given intra and extra-oral technical tasks to perform. Upon completion, students should be able to take and pour alginate impressions, trim study models, construct custom trays and temporary crowns, prepare and place restorative material, and manipulate cements and impression materials.

**DAT 103  ANATOMY AND PHYSIOLOGY FOR DENTAL ASSISTING**  
(3T)  3 credits  
PREREQUISITE: Admission to Dental Assisting Program  
COREQUISITE: DAT 100, DAT 101, DAT 102, and DAT 104  
This course is designed to study dental anatomy and the structure of the head and neck with a basic understanding of body structure and function. Emphasis will be placed on tooth and root morphology, and embryological and histological correlations will provide a foundation essential to an understanding of dental health. Upon completion, students should be able to discuss and identify the basic structure and function of the human body specifically the head, neck, and dentition.

**DAT 104  BASIC SCIENCES FOR DENTAL ASSISTING**  
(2T)  2 credits  
PREREQUISITE: Admission to Dental Assisting Program  
COREQUISITE: DAT 100, DAT 101, DAT 102, DAT 103  
This course is designed to study basic microbiology, pathology, pharmacology, and medical emergencies. Emphasis is placed on the correlation of these sciences to the practice of dentistry. Upon completion, students should be able to apply basic science to the dental field.

**DAT 111  CLINICAL PRACTICE I**  
(1T, 4C)  5 credits  
PREREQUISITE: DAT 100, DAT 101, DAT 102, DAT 103 and DAT 104  
COREQUISITE: DAT 112, DAT 113, and DAT 116  
This course is designed to allow the student the opportunity for clinical observation and practical work experience in clinical settings under the supervision of a licensed dentist. Emphasis will be placed on the basic skills of chairside assisting. Upon completion, students should be able to demonstrate basic skills in the area of chairside assisting.

**DAT 112  DENTAL RADIOLOGY**  
(2T, 15)  3 credits  
PREREQUISITE: DAT 100, DAT 101, DAT 102, DAT 103 and DAT 104  
COREQUISITE: DAT 111, DAT 113, and DAT 116  
This course is designed to cover the essential knowledge of radiographic technique for the practice of dentistry. Students will be taught to produce diagnostically acceptable intra and extra-oral radiographs with emphasis being placed on x-ray properties, generation of x-rays, film processing, infection control, quality assurance, intraoral radiographic technique and image characteristics. Upon completion, students should be able to expose, process, and mount radiographs for diagnostic purposes under the direct supervision of a licensed dentist.

**DAT 113  DENTAL HEALTH EDUCATION**  
(2T)  2 credits  
PREREQUISITE: DAT 100, DAT 101, DAT 102, DAT 103 and DAT 104  
COREQUISITE: DAT 111, DAT 112, and DAT 116  
This course is designed to introduce the student to the basic principles of nutrition, preventive dentistry, and dental health education. Emphasis will be placed on the philosophy of preventive dentistry including: oral hygiene, patient motivation and management, and methods of oral health education. Upon completion, students should be able to apply the basic principles of nutrition and preventive dentistry.

**DAT 114  DENTAL OFFICE ADMINISTRATION**  
(3T, 1L)  4 credits  
PREREQUISITE: DAT 100, DAT 101, DAT 102, DAT 103 and DAT 104  
COREQUISITE: DAT 111, DAT 112, and DAT 116  
This course is designed to introduce basic dental office procedures. Emphasis includes appointment and recall systems, financial records, accounting procedures, insurance claims, filing systems, purchasing and inventory supplies and equipment, and the utilization of computers to perform business office procedures. Upon completion, students should be able to demonstrate efficiency in dental office administrative procedures.

**DAT 116  PRECLINICAL PROCEDURES II**  
(3T)  3 credits  
PREREQUISITE: DAT 100, DAT 101, DAT 102, DAT 103 and DAT 104  
COREQUISITE: DAT 111, DAT 112, and DAT 113  
This course is a continuation of Pre-Clinical Procedures I. Emphasis is placed on dental specialties. Upon completion, the student should be able to discuss and identify dental specialty procedures and instrumentation.

**DAT 122  CLINICAL PRACTICE II**  
(4C)  4 credits  
PREREQUISITE: DAT 100, DAT 101, DAT 102, DAT 103, DAT 104, DAT 111, DAT 112, DAT 113 and DAT 116  
COREQUISITE: DAT 123
This course is designed to provide the student the opportunity to develop advanced dental assisting skills in chairside dental assisting procedures, radiology, team work, communication skills and administrative duties. Emphasis will be placed on clinical procedures. Upon completion, students should be able to demonstrate proficiency in the area of chairside assisting.

**DAT 123 DENTAL ASSISTING SEMINAR**
*(4T)* 4 credits

**PREREQUISITE:** DAT 100, DAT 101, DAT 102, DAT 103, DAT 104, DAT 111, DAT 112, DAT 113 and DAT 116

**COREQUISITE:** DAT 122

This course is designed to discuss and evaluate the students’ clinical experiences and the resume and interview process. Emphasis will be placed on new technology in dental practices as related to dental assisting and the certification exam review. Upon completion, students should be able to successfully complete the Dental Assisting National Board Examination to become a Certified Dental Assistant.

---

**DESIGN DRAFTING TECHNOLOGY (DDT)**

**DDT 109 INTRODUCTION TO BUILDING INFORMATION - MODELING (BIM)**
*(1T, 6M)* 3 credits

This course covers the basics of building information modeling (BIM). Users are introduced to the concepts of Building Information Modeling and the tools for parametric building design and documentation. Users begin with learning the fundamental features of BIM, and then progress through schematic design, construction documentation, and design visualization. This course offers both imperial and metric hands-on exercises representing real-world architectural design scenarios. This class is designed to teach you the BIM functionality as you would work with it in the design process. Student will begin by learning about the user interface and the BIM commands for design development, followed by those available for construction documentation. Upon completion the student will be able to create basic 3D architectural project models and set them up in working drawings. *(Offered Fall Semester)*

**DDT 111 FUNDAMENTALS OF DRAFTING AND DESIGN TECHNOLOGY**
*(1T, 4E)* 3 credits

This course serves as an introduction to the field of drafting and design and provides a foundation for the entire curriculum. Topics include safety, lettering, tools and equipment, geometric constructions, orthographic sketching, and drawing.

**DDT 124 BASIC TECHNICAL DRAWING**
*(1T, 4E)* 3 credits

**PREREQUISITE:** ADM 102 and DDT 111

This course covers sections, auxiliary views, and basic space geometry. Emphasis will be placed on the theory as well as the mechanics of applying sections, basic dimensioning, auxiliary views, and basic space geometry. *(Offered Fall Semester)*

**DDT 132 ARCHITECTURAL DRAFTING**
*(1T, 4E)* 3 credits

**PREREQUISITE:** ADM 102 and DDT 111

This course in architectural design and drafting introduces basic terminology, concepts and principles of architectural design and drawing. Topics include design considerations, lettering, terminology, site plans, and construction drawings. Upon completion, students should be able to draw, dimension, and specify basic residential architectural construction drawings. *(Offered Spring Semester)*

**DDT 193 DRAFTING INTERNSHIP**
*(6E)* 3 credits

**PREREQUISITE:** Permission of Instructor

This course is limited to those who are involved in a structured employment situation that is directly related to the field of drafting and design and is coordinated with the drafting instructor. The student must spend at least 15 hours per week in an activity planned and coordinated jointly by the instructor and the employer. Upon completion, the student will have gained valuable work experience in a well-planned, coordinated training/work situation.

**DDT 213 CIVIL DRAFTING, PLAT MAPS**
*(1T, 4E)* 3 credits

**PREREQUISITE:** ADM 102 and DDT 111

This course introduces the drafting practices, symbols, conventions, and standards utilized in civil engineering contract documents. Topics include site planning, land surveying, topographic surveys, along with civil terminology. Upon completion, students should be able to draw accurate plat maps giving legal descriptions of land parcels, draw simple site plans, and identify and use proper symbols and conventions on civil engineering drawings. *(Offered Summer Semester)*

**DDT 215 GEOMETRIC DIMENSIONING & TOLERANCING**
*(1T, 4E)* 3 credits

**PREREQUISITE:** DDT 124 & DDT 127

This course is designed to teach fundamental concepts of size description by geometric methods including appropriate engineering controls. Emphasis is placed on the drawing and application of common geometric dimensioning and tolerancing symbols to engineering drawings as designated by the latest ANSI/ASME Standards. Upon completion, students should be able to use geometric dimensioning and tolerancing symbols in applying size information and manufacturing controls to working drawings. *(Offered Fall Semester)*

**DDT 222 ADVANCED ARCHITECTURAL DRAFTING**
*(1T, 4E)* 3 credits

**PREREQUISITE:** DDT 155

This third course in architectural design and drafting continues with advanced architectural plans, including a slant toward light
DDT 225  STRUCTURAL STEEL DRAFTING  
(1T, 4E)  3 credits  
PREREQUISITE: ADM 102 and DDT 111  
This course covers the theory and practical applications necessary to understand the basic design and terminology of structural steel components used in light commercial buildings. Emphasis is placed on structural steel drafting techniques, bolted and welded connections, framing plans, sections, fabrication and connection details, and bills of material. Upon completion, students should be able to produce engineering and shop drawings incorporating standard shapes, sizes, and details using the A.I.S.C. Manual and incorporating safety practices. (Offered Spring Semester)

DDT 244  ADVANCED 3D MODELING  
(1T, 4E)  3 credits  
PREREQUISITES: ADM 208  
This course is an introduction to manual and computer-aided drafting; technical sketching; orthographic projection; pictorial, sectional, and auxiliary views; and dimensioning. This course also introduces students to the concepts of 3D design and animation, then apply those concepts to a design project. Upon completion, students should be able to create parts in 3D models, produce working drawings and understand basic simulations. Students will also print files to “.stl” format and create parts on a Direct Digital Manufacturing system or prototype. (Offered Spring Semester)

DDT 252  MECHANICAL ELECTRICAL & PLUMBING (MEP) ENGINEERING USING BIM  
(1T, 4E)  3 credits  
PREREQUISITES: DDT 109 and ADM 114  
This course provides an introduction to the fundamentals of Mechanical, Electrical and Plumbing concepts using the Building Information Modeling (BIM) project, recommended workflows and basic skills required to layout electrical systems, solving common issues, and use its tools to create and modify discipline specific MEP systems and parametric engineering components. Given a complete architectural building model (as a reference), the student will be able to produce a commercial BIM design that contains functional electrical systems. The student will then be able to extract 2D drawings for construction documents. (Offered Summer Semester)

ECONOMICS (ECO)

ECO 231  PRINCIPLES OF MACROECONOMICS  
(3T)  3 credits  
This course is an introduction to macroeconomic theory, analysis, and policy applications. Topics include the following: scarcity, demand and supply, national income analysis, major economic theories concerning monetary and fiscal policies as stabilization measures, the banking system, and other economic issues or problems including international trade.

ECO 232  PRINCIPLES OF MICROECONOMICS  
(3T)  3 credits  
PREREQUISITE: ECO 231 with a grade of “C” or higher.  
This course is an introduction of the microeconomic theory, analysis, and applications. Topics include scarcity, the theories of consumer behavior, production and cost, markets, output and resource pricing, and international aspects of microeconomics.

ENGINEERING (EGR)

EGR 101  ENGINEERING FOUNDATIONS  
(2T, 2E)  3 credits  
COREQUISITE: MTH 113  
This course introduces students to engineering as a profession, basic engineering skills, and the design process. The course includes components to develop teaming and oral and written communication skills. The course also provides an introduction to computer tools used by engineers (e.g., spreadsheet, word processing, presentation software, Internet).

EGR 125  MODERN GRAPHICS FOR ENGINEERS  
(1T, 4E)  3 credits  
PREREQUISITE: MTH 125  
This course provides an introduction to manual and computer-assisted techniques of graphic communication employed by professional engineers. Topics include lettering; instrumental and computer-aided drafting; technical sketching; orthographic projection; pictorial, sectional, and auxiliary views; and dimensioning. This course also introduces students to the
COURSE DESCRIPTIONS

- **EGR 220 ENGINEERING MECHANICS-STATICS**  
  (3T)  
  | 3 credits |  
  **COREQUISITE:** MTH 227  
  **PREREQUISITE:** PHY 213  
  This course includes vector algebra, force and moment systems, equilibrium of force systems, trusses, friction and property of surfaces.

- **EGR 236 ENGINEERING MECHANICS-DYNAMICS**  
  (3T)  
  | 3 credits |  
  **PREREQUISITE:** EGR 220  
  This course includes kinematics of particles, plane kinematics of rigid bodies, kinetics of particles and rigid bodies by Newton’s Laws; principles of work-energy and impulse-momentum.

### ELECTRICAL TECHNOLOGY (ELT)

- **ELT 108 DC FUNDAMENTALS**  
  (1T, 4E)  
  | 3 credits |  
  **PREREQUISITE:** MTH 092 OR MTH 098  
  **COREQUISITE:** ELT 109  
  This course provides a study of atomic theory, direct current (DC), properties of conductors and insulators, direct current characteristics of series, parallel, and series parallel circuits. Inductors and capacitors are introduced and their effects on DC circuits are examined. Students are prepared to analyze complex DC circuits, solve for unknown circuits variables and to use basic electronic test equipment.

- **ELT 109 AC FUNDAMENTALS**  
  (1T, 4E)  
  | 3 credits |  
  **PREREQUISITE:** MTH 092 or MTH 098  
  **COREQUISITE:** ELT 108  
  This course provides a study of the theory of alternating current (AC). Students are prepared to analyze complex AC circuit configurations with resistor, capacitors, and inductors in series and parallel combinations. Upon completion, students should be able to design AC circuits and explain the function of alternating circuits such as RLC, impedance, phase relationships and power factor. This is a CORE course.

- **ELT 110 WIRING METHODS**  
  (1T, 4E)  
  | 3 credits |  
  **PREREQUISITE:** ELT 108 AND ELT 109  
  This course is a study of various tasks, wiring methods, materials, and associated NEC (National Electric Code) requirements that students will be required to work with in residential and commercial wiring courses.

- **ELT 114 RESIDENTIAL WIRING METHODS**  
  (2T, 3M)  
  | 3 credits |  
  **PREREQUISITE:** ELT 110  
  This course is a study of residential wiring practices and methods, the NEC requirements and residential blueprint interpretations.

- **ELT 117 AC/DC MACHINES**  
  (1T, 4E)  
  | 3 credits |  
  **PREREQUISITES:** ELT 108 AND ELT 109  
  This course covers the theory and operation of DC motors single and three phase AC motors and the labs will reinforce this knowledge. Emphasis is placed on the various types of single and three phase motors, wiring diagrams, starting devices, and practical application in lab. This is a CORE course.

- **ELT 118 COMMERCIAL/INDUSTRIAL WIRING I**  
  (1T, 4E)  
  | 3 credits |  
  **PREREQUISITE:** ELT 110  
  This course focuses on principles and applications of commercial and industrial wiring. Topics include electrical safety practices, an overview of National Electric Code requirements as applied to commercial and industrial wiring, conduit bending, circuit design, pulling cables, transformers, switch gear, and generation principles.

- **ELT 209 MOTOR CONTROLS 1**  
  (1T, 4E)  
  | 3 credits |  
  **PREREQUISITE:** ELT 108 AND ELT 109  
  This course covers the use of motor control symbols, magnetic motor starters, running overload protection, push-button stations, sizing of magnetic motor starters and overload protection, and complex ladder diagrams of motor control circuits. Topics include sizing magnetic starters and overload protection, the use of push-button stations, ladder diagrams, and magnetic motor starters in control of electric motors, wye-delta starting, part start winding, resistor starting and electric starting devices. Upon completion, students should be able to understand the operation of motor starters, overload protection, interpret ladder diagrams using push-button stations and understand complex motor control diagrams.

- **ELT 212 MOTOR CONTROLS II**  
  (1T, 4E)  
  | 3 credits |  
  **PREREQUISITE:** ELT 209  
  This course covers complex ladder diagrams of motor control circuits and the uses of different motor starting techniques. Topics include wye-delta starting, part start winding, resistor starting and electronic starting devices. Upon completion, the students should be able to understand and interpret the more complex motor control diagrams and understand the different starting techniques of electrical motors.

- **ELT 231 INTRODUCTION TO PROGRAMMABLE CONTROLLERS**  
  (2T, 3M)  
  | 3 credits |  
  **PREREQUISITE:** ELT 209 or ILT 163  
  This course provides an introduction to programmable logic controllers. Emphasis is placed on, but not limited to, the following: PLC hardware and software, numbering systems,
installation, and programming. Upon completion, students must demonstrate their ability by developing, loading, debugging, and optimizing PLC programs.

ELT 232 ADVANCED PROGRAMMABLE CONTROLLERS (2T, 3M) 3 credits
PREREQUISITES: ELT 231
This course includes the advanced principals of PLC’s including hardware, programming, and troubleshooting. Emphasis is placed on developing advanced working programs, and troubleshooting hardware and software communication problems. Upon completion, students should be able to demonstrate their ability in developing programs and troubleshooting the system.

ELT 241 NATIONAL ELECTRIC CODE (3T) 3 credits
PREREQUISITE: ELT 108 and ELT 109
This course introduces students to the National Electric Code. Emphasis is placed on locating and interpreting needed information within the NEC code manual. Upon completion, students should be able to locate code requirements for a specific electrical installation.

EMERGENCY MEDICAL SERVICES (EMS)

EMS 100 CARDIOPULMONARY RESUSCITATION I (1T) 1 credit
PREREQUISITE: As required by program.
This course provides students with concepts as related to areas of basic life support to include coronary artery disease, prudent heart living, symptoms of heart attack, adult one-and-two rescuer CPR, first aid for choking, pediatric basic life support, airway adjuncts, EMS system entry access, automated external defibrillation (AED), and special situations for CPR. Upon course completion, students should be able to identify situations requiring action related to heart or breathing conditions and effectively implement appropriate management for each condition. Students successfully completing this course will receive appropriate documentation of course completion.

EMS 103 FIRST AID (1T) 1 credit
PREREQUISITE: Current training in CPR and/or as required by program.
This course introduces students to initial first aid care. Topics include scene safety, universal precautions, activation of the EMS system, assessment, airway/breathing/circulation, shock/injuries/bleeding, medical emergencies, and altered level of consciousness. Upon course completion, students should have knowledge to manage various emergencies requiring first aid techniques.

EMS 106 MEDICAL TERMINOLOGY FOR HEALTH PROFESSIONS (2T) 2 credits

EMS 107 EMERGENCY VEHICLE OPERATOR AMBULANCE (1T) 1 credit
PREREQUISITE: Must present a valid driver’s license as required by program.
The Emergency Vehicle Operator Course - Ambulance provides the student with training as contained in the current National Standard Training Curriculum (NSTC) for the Emergency Vehicle Operator Course (EVOO) Ambulance. The course provides the knowledge and skill practice necessary for individuals to learn how to safely operate all types of ambulances. Topics include introduction to the NSTC for ambulance operators; legal aspects of ambulance operation; communication and reporting; roles and responsibilities; ambulance types and operation; ambulance inspection, maintenance, and repair; navigation and route planning; basic maneuvers and normal operating situations; operations in emergency mode and unusual situations, special considerations in safety; and the run. Completion of specific student competencies, utilizing NSTC guidelines, are required for successful completion of this course. NOTE: To qualify for licensure status as an ambulance driver in the State of Alabama, students must successfully complete this course and meet additional requirements as required by the Alabama Department of Public Health.

EMS 118 EMERGENCY MEDICAL TECHNICIAN (6T, 3L) 9 credits
This course is required to apply for certification as an Emergency Medical Technician. This course provides students with insights into the theory and application of concepts related to the profession of emergency medical services. Specific topics include: EMS preparatory, airway maintenance, patient assessment, management of trauma patients, management of medical patients, treating infants and children, and various EMS operations. This course is based on the NHTSA National Emergency Medical Services Education Standards.

EMS 119 EMERGENCY MEDICAL TECHNICIAN CLINICAL (1C) 1 credit
This course is required to apply for certification as an EMT. This course provides students with clinical education experiences to enhance knowledge and skills learned in the EMS 118, Emergency Medical Technician Theory and Lab. This course helps students prepare for the National Registry Exam.

EMS 150 24 HOUR EMT REFRESHER
COURSE DESCRIPTIONS

EMS 240  PARAMEDIC OPERATIONS  (1T, 1L)  2 credits
This course provides students with theory in review of the current National Standard Training Curriculum (NSTC) for the EMT. It also serves as a transition or bridge course when a new national curriculum is adopted. This course contains specific content areas as defined by the NHTSA. Students are required to complete specific competencies, as outlined by the NHTSA, for successful course completion.

EMS 241  PARAMEDIC CARDIOLOGY  (2T, 1L)  3 credits
PREREQUISITES: EMS 189 or BIO 201
COREQUISITES: EMS 240, EMS 242, EMS 243 and EMS 244
This course introduces the cardiovascular system, cardiovascular electrophysiology, and electrocardiographic monitoring. This course further relates pathophysiology and assessment findings to the formulation of field impressions and implementation of treatment plans for specific cardiovascular conditions. Content areas include: cardiovascular anatomy and physiology, cardiovascular electrophysiology, electrocardiographic monitoring, rhythm analysis, and pre-hospital 12-lead electrocardiogram monitoring and interpretation, assessment of the cardiovascular patient, pathophysiology of cardiovascular disease and techniques of management including appropriate pharmacologic agents and electrical therapy.

EMS 242  PARAMEDIC PATIENT ASSESSMENT  (2T, 1L)  3 credits
PREREQUISITES: EMS 189 or BIO 201
COREQUISITES: EMS 240, EMS 241, EMS 243 and EMS 244
This course provides the knowledge and skills needed to perform a comprehensive patient assessment, make initial management decisions, and to communicate assessment findings and patient care verbally and in writing. Content areas include: airway management, history taking, and techniques of the physical examination, patient assessment, clinical decision making, communications, documentation and assessment based management.

EMS 243  PARAMEDIC PHARMACOLOGY  (1L)  1 credit
PREREQUISITES: EMS 189 or BIO 201
COREQUISITES: EMS 240, EMS 241, EMS 242 and EMS 244
This course introduces basic pharmacological agents and concepts with an emphasis on drug classifications and the knowledge and skills required of a paramedic for safe, effective medication administration. Content areas include: general principles of pharmacology and pharmacologic pathophysiology; venous and intraosseous access techniques, the metric and apothecary system; computation of dosage and solution problems, administration of pharmacologic agents; pharmacokinetics and pharmacodynamics, and nasogastric tube placement.

EMS 244  PARAMEDIC CLINICAL I  (1C)  1 credit
PREREQUISITES: EMS 189 or BIO 201
COREQUISITES: EMS 240, EMS 241, EMS 242 and EMS 243
This course is directed toward the application of knowledge and skills developed in didactic and skills laboratory experiences to the clinical setting. Theory and skills are applied to a variety of patient situations in the clinical setting, with a focus on awareness and operations, hazardous materials incidents, crime scene awareness, and Alabama EMS laws and rules.
patient assessment and management, advanced airway management, electro-therapy, I.V./I.O. initiation and medication administration.

EMS 245  PARAMEDIC MEDICAL EMERGENCIES  
(2T, 1L)  3 credits  
PREREQUISITES: EMS 240, EMS 241, EMS 243 and EMS 244  
COREQUISITES: EMS 246, EMS 247 and EMS 248  
This course relates pathophysiology and assessment findings to the formulation of field impressions and implementation of treatment plans for specific medical conditions. Content areas include: pulmonology, neurology, gastroenterology, renal/urology, toxicology, hematology, environmental conditions, infectious and communicable diseases, abuse and assault, patients with special challenges, and acute interventions for the chronic care patient.

EMS 246  PARAMEDIC TRAUMA MANAGEMENT  
(2T, 1L)  3 credits  
PREREQUISITES: EMS 240, EMS 241, EMS 243 and EMS 244  
COREQUISITES: EMS 245, EMS 247 and EMS 248  
This course relates pathophysiology and assessment findings to the formulation of field impressions and implementation of treatment plans for trauma patients. Content areas include the pathophysiology, assessment, and management of trauma as related to: trauma systems; mechanisms of injury; hemorrhage and shock; soft tissue injuries; burns; and head, facial, spinal, thoracic, abdominal, and musculoskeletal trauma.

EMS 247  PARAMEDIC SPECIAL POPULATIONS  
(1T, 1L)  2 credits  
PREREQUISITES: EMS 240, EMS 241, EMS 242, EMS 243, EMS 244  
COREQUISITE: EMS 245, EMS 246 and EMS 248  
This course relates pathophysiology and assessment findings to the formulation of field impressions and implementation of treatment plans for specific medical conditions. Content areas include: endocrinology, allergies and anaphylaxis, behavioral/psychiatric conditions, gynecology, obstetrics, neonatology, pediatrics, and geriatrics. In the clinical setting, theory and skills are applied to a variety of medical situations across the life span of the patient, with a focus on communication with and management of cardiac, acute care, psychiatric/behavioral, obstetrical, newborn, pediatric, geriatric, and acute interventions for chronic care patients, and patients with special challenges.

EMS 248  PARAMEDIC CLINICAL II  
(3C)  3 credits  
PREREQUISITES: EMS 240, EMS 241, EMS 242, EMS 243, EMS 244  
COREQUISITE: EMS 245, EMS 246 and EMS 247  
This course is directed toward the application of knowledge and skills developed in didactic and skills laboratory experiences to the clinical setting. Theory and skills are applied to a variety of medical and trauma situations across the life span of the patient, with a focus on communication with and management of trauma, cardiac, acute care, psychiatric/behavioral, obstetrical, newborn, pediatric, geriatric, and acute interventions for chronic care patients, and patients with special challenges.

EMS 253  PARAMEDIC TRANSITION TO THE WORKFORCE  
(1T, 1L)  2 credits  
PREREQUISITES: EMS 240, EMS 241, EMS 242, EMS 243, EMS 244, EMS 245, EMS 246, EMS 247 AND EMS 248  
COREQUISITES: EMS 254, EMS 255 and EMS 256  
This course is designed to meet additional state and local educational requirements for paramedic practice. Content may include: pre-hospital protocols, transfer medications, topics in critical care and transport, systems presentation, and/or national standard certification courses as dictated by local needs or state requirement.

EMS 254  ADVANCED COMPETENCIES FOR THE PARAMEDIC  
(1T, 1L)  2 credits  
PREREQUISITES: EMS 240, EMS 241, EMS 242, EMS 243, EMS 244, EMS 245, EMS 246, EMS 247 AND EMS 248  
COREQUISITES: EMS 253, EMS 255 and EMS 256  
This course is designed to assist students in preparation for the paramedic licensure examination. Emphasis is placed on validation of knowledge and skills through didactic review, skills lab performance, and/or computer simulation and practice testing. Upon course completion, students should be sufficiently prepared to sit for the paramedic licensure examination.

EMS 255  PARAMEDIC FIELD PRECEPTORSHIP  
(5C)  5 credits  
PREREQUISITES: EMS 240, EMS 241, EMS 242, EMS 243, EMS 244, EMS 245, EMS 246, EMS 247 AND EMS 248  
COREQUISITES: EMS 253, EMS 254 and EMS 256  
This course provides field experiences in the pre-hospital setting with advanced life support EMS units. Under the direct supervision of a field preceptor, students synthesize cognitive knowledge and skills developed in the skills laboratory and hospital clinical to provide safe and effective patient care in the pre-hospital environment. Upon course completion, students should have refined and validated their patient care practices to provide safe and effective patient care over a broad spectrum of patient situations and complaints.

EMS 256  PARAMEDIC TEAM LEADERSHIP  
(1C)  1 credit  
PREREQUISITES: EMS 240, EMS 241, EMS 242, EMS 243, EMS 244, EMS 245, EMS 246, EMS 247 AND EMS 248  
COREQUISITES: EMS 253, EMS 254 and EMS 255  
This course is designed to evaluate students’ ability to integrate didactic, psychomotor skills, clinical, and field internship instruction to serve as a competent entry-level paramedic. This final evaluative (rather than instructional) course focuses on students’ professional attributes and integrative competence in clinical decision-making and team leadership in the pre-hospital setting. Upon course completion, students should...
have demonstrated adequate knowledge and skills, professional attitudes and attributes, clinical decision-making and team leadership abilities to effectively function as a competent entry-level paramedic.

EMS 257 ADVANCED PHARMACOLOGY (IT, IL) 2 Credits
This course introduces basic and advanced pharmacological agents and concepts, with an emphasis on drug classifications and the knowledge and skills required for safe, effective medication administration. Medication pharmacokinetics and pharmacodynamics will be evaluated for most medicines used in the pre-hospital setting. Students will also learn how to establish various routes of medication administration and procedures for administering medications via these routes. Students will also demonstrate mathematic computations for various drug and solution dose administration problems.

EMS 266 ADVANCED CV LIFE SUPPORT (1T) 1 credit
The Advanced Cardiovascular Life Support Provider Course provides students with concepts related to advanced cardiovascular life support. Content areas include acute myocardial infarction, stroke, cardiovascular pharmacology, electrophysiology, various rhythm disturbances, and techniques of management of cardiovascular emergencies. The course is taught in accordance with national standards and requires specific student competencies. Students successfully completing this course will receive appropriate documentation of course completion.

EMS 267 INTERNAL TRAUMA LIFE SUPPORT (1T) 1 credit
This course provides students with theory and demonstration in advanced trauma care and management. Content areas include mechanism of trauma, trauma assessment, airway-breathing-circulation management, trauma to various portions of the body, multiple system trauma, and load-and-go situations. The course is taught in accordance with national standards and requires specific student competencies. Students successfully completing this course will receive appropriate documentation of course completion.

EMS 269 PEDIATRIC MEDICAL LIFE SUPPORT (1T) 1 credit
This course provides students with theory and simulated case studies in pediatric care. Content areas include recognition of pediatric pre-arrest conditions; shock; basic life support; oxygenation and airway control; newborn resuscitation; essentials in pediatric resuscitation; dysrhythmia recognition and management; vascular access; and use of medications. This course is taught in accordance with national standards and requires specific student competencies. Students successfully completing this course will receive appropriate documentation of course completion.

EMS 273 EKG INTERPRETATION (2T) 2 credits
This course is designed for students in health related professions desiring the knowledge to interpret singular lead electrocardiograms. The course provides concepts in the interpretation of electrocardiograms to include an overview of the electrical conduction of the heart as well as the identification of all categories of dysrhythmias. Upon course completion, students should be able to identify various types of cardiac rhythms.

ENG 092 BASIC ENGLISH I (3T) 3 credits
This course is a review of basic writing skills and basic grammar. Emphasis is placed on the composing process of sentences and paragraphs in standard American written English. Students will demonstrate these skills chiefly through the writing of well-developed, multi-sentence paragraphs.

ENG 093 BASIC ENGLISH II (3T) 3 credits
PREREQUISITE: A grade of “C” or better in ENG 092 or satisfactory placement score
This course is a review of composition skills and grammar. Emphasis is placed on coherence and the use of a variety of sentence structures in the composing process and on standard American written English usage. Students will demonstrate these skills chiefly through the writing of paragraph blocks and short essays.

ENG 101 ENGLISH COMPOSITION I (3T) 3 credits
PREREQUISITE: Grade of “C” or better in ENG 093 or satisfactory ACT, SAT, or placement score
English Composition I provides instruction and practice in the writing of at least six (6) extended compositions and the development of analytical and critical reading skills and basic reference and documentation skills in the composition process. English Composition I may include instruction and practice in library usage.

ENG 102 ENGLISH COMPOSITION II (3T) 3 credits
PREREQUISITE: A grade of “C” or better in ENG 101 or equivalent
English Composition II provides instruction and practice in the writing of six (6) formal, analytical essays, at least one of which is a research project using outside sources and/or references effectively and legally. Additionally, English Composition II may include instruction and practice in library usage.

ENG 130 TECHNICAL REPORT WRITING (3T) 3 credits
COURSE DESCRIPTIONS

ENG 251 AMERICAN LITERATURE I
(3T)  3 credits
PREREQUISITE: A grade of “C” or better in ENG 102 or equivalent
This course is a survey of American literature from its inception to the middle of the nineteenth century. Emphasis is placed on representative works and writers of this period and on the literary, cultural, historical, and philosophical forces that shaped these works and that are reflected in them. Upon completion and in written compositions, students will be able to interpret the aesthetic and thematic aspects of these works, relate the works to their historical and literary contexts, and understand relevant criticism and research.

ENG 252 AMERICAN LITERATURE II
(3T)  3 credits
PREREQUISITE: A grade of “C” or better in ENG 102 or equivalent
This course is a survey of American literature from the middle of the nineteenth century to the present. Emphasis is placed on representative works and writers of this period and on the literary, cultural, historical, and philosophical forces that shaped these works and that are reflected in them. Upon completion and in written composition, students will be able to interpret the aesthetic and thematic aspects of these works, relate the works to their historical and literary contexts, and understand relevant criticism and research.

ENG 261 ENGLISH LITERATURE I
(3T)  3 credits
PREREQUISITE: A grade of “C” or better in ENG 102 or equivalent
This course is a survey of English literature from the Anglo-Saxon period to the Romantic Age. Emphasis is placed on representative works and writers of this period and on the literary, cultural, historical, and philosophical forces that shaped these works and that are reflected in them. Upon completion and in written compositions, students will be able to interpret the aesthetic and thematic aspects of these works, relate the works to their historical and literary contexts, and understand relevant criticism and research.

ENG 262 ENGLISH LITERATURE II
(3T)  3 credits
PREREQUISITE: A grade of “C” or better in ENG 102 or equivalent
This course is a survey of English literature from the Romantic Age to the present. Emphasis is placed on representative works and writers of this period and on the literary, cultural, historical, and philosophical forces that shaped these works and that are reflected in them. Upon completion and in written compositions, students will be able to interpret the aesthetic and thematic aspects of these works, relate the works to their historical and literary contexts, and understand relevant criticism and research.

ENG 271 WORLD LITERATURE I
(3T)  3 credits
PREREQUISITE: A grade of “C” or better in ENG 102 or equivalent
This course is a study of selected literary masterpieces from Homer to the Renaissance. Emphasis is placed on major representative works and writers of this period and on the literary, cultural, historical and philosophical forces that shaped these works and that are reflected in them. Upon completion and in written compositions, students will be able to interpret the aesthetic and thematic aspects of these works, relate the works to their historical and literary contexts, and understand relevant criticism and research.

ENG 272 WORLD LITERATURE II
(3T)  3 credits
PREREQUISITE: A grade of “C” or better in ENG 102 or equivalent
This course is a study of selected literary masterpieces from the Renaissance to the present. Emphasis is placed on major representative works and writers of this period and on the literary, cultural, historical, and philosophical forces that shaped these works and that are reflected in them. Upon completion and in written compositions, students will be able to interpret the aesthetic and thematic aspects of these works, relate the works to their historical and literary contexts, and understand relevant criticism and research.

ENG 297 AFRICAN-AMERICAN LITERATURE
(3T)  3 credits
PREREQUISITE: A grade of “C” or better in ENG 102 or equivalent
This course is a study of literature produced by representative African Americans from the eighteenth century to the present. The course emphasizes the diversity of themes and techniques found in these works and examines the historical, cultural, literary and philosophical forces that shaped these works and that are reflected in them. Students will demonstrate the ability to interpret the literature and to relate the works to their historical and literary contexts.

ENG 298 SPECIAL TOPICS IN LANGUAGE AND LITERATURE
(1-2T)  1-2 credits
This course, which may be repeated for credit as long as the topics differ, permits a student to study with an instructor a topic in English language or in literature. Emphasis is placed on a narrowly focused topic in which the instructor has special expertise, knowledge, or interest. Students will demonstrate
through a research paper and/or a literary critique an understanding of the topic.

**ENG 299  DIRECTED STUDIES IN LANGUAGE AND LITERATURE**  
(1-3T)  
1-3 credits  
This course, which may be repeated for credit as long as the topics differ, provides the student the opportunity to study an English language or literary topic chosen by the student in consultation with the instructor. Emphasis is placed on the student's investigating the topic and reporting the results of the investigation. The student will demonstrate knowledge of the topic through either a written or an oral presentation.

**ENGLISH/READING (ENR)**

**ENR 094  INTEGRATED READING AND WRITING**  
(2-4T)  
2-4 credits  
This course will provide comprehensive instruction in basic reading and writing skills, paragraph and essay construction, comprehension skills, vocabulary development, and critical reading.

**FRENCH (FRN)**

**FRN 101  INTRODUCTORY FRENCH I**  
(4T)  
4 credits  
This course provides an introduction to French. Topics include the development of basic communication skills and the acquisition of basic knowledge of the cultures of French-speaking areas.

**FRN 102  INTRODUCTORY FRENCH II**  
(4T)  
4 credits  
**PREREQUISITE: FRN 101 or equivalent**  
This continuation course includes the development of basic communication skills and the acquisition of basic knowledge of the cultures of French-speaking areas.

**FRN 201  INTERMEDIATE FRENCH I**  
(3T)  
3 credits  
**PREREQUISITE: FRN 102 or equivalent**  
This course includes a review and further development of communication skills. Topics include readings of literary, historical, and/or cultural texts.

**FRN 202  INTERMEDIATE FRENCH II**  
(3T)  
3 credits  
**PREREQUISITE: FRN 201 or equivalent**  
This continuation course includes a review and further development of communication skills. Topics include readings of literary, historical, and/or cultural texts.

**GEOGRAPHY (GEO)**

**GEO 100  WORLD REGIONAL GEOGRAPHY**  
(3T)  
3 credits  
This course surveys various countries and major regions of the world with respect to location and landscape, world importance and political status, population, type of economy, external and internal organization and relations, problems and potentials.

**GEO 101  PRINCIPLES OF PHYSICAL GEOGRAPHY I**  
(3T, 2E)  
4 credits  
**This course qualifies as a Natural Science elective.**  
Physical Geography I is the first in a two-part sequence including topics such as weather and climate relative to the earth and relationships between the earth and sun. Laboratory is required.

**GEO 102  PRINCIPLES OF PHYSICAL GEOGRAPHY II**  
(3T, 2E)  
4 credits  
**This course qualifies as a Natural Science elective.**  
Physical Geography II is the second in a two-part sequence including topics such as landforms, landscapes, soil and vegetation of the earth. Laboratory is required.

**GEO 200  GEOGRAPHY OF NORTH AMERICA**  
(3T)  
3 credits  
**PREREQUISITE: GEO 100**  
This course is a survey of the geography of the United States and Canada with special emphasis on land usage, mineral resources, industrial development, and social and economic adaptation of man and the natural environment.

**GEO 201  PRINCIPLES OF HUMAN GEOGRAPHY**  
(3T)  
3 credits  
**PREREQUISITE: GEO 100**  
This course surveys the science of location, with emphasis on human activities as it relates to agricultural and industrial activities, and cities as market and production centers. Emphasis will be placed on human networks.

**GEO 220  PRINCIPLES OF PHYSICAL GEOGRAPHY**  
(3T)  
3 credits  
This course is an introduction to natural features of the earth. It concentrates on weather, climate, soil, and vegetation associations, on landforms and on the forces that have been active in shaping the earth’s surface.

**GERMAN (GRN)**

**GRN 101  INTRODUCTORY GERMAN I**  
(4T)  
4 credits  
This course provides an introduction to German. Topics include the development of basic communication skills and the acquisition of basic knowledge of the cultures of German-speaking areas.

**GRN 102  INTRODUCTORY GERMAN II**  
(4T)  
4 credits  
**PREREQUISITE: GRN 101 or equivalent**  
This continuation course includes the development of basic communication skills and the acquisition of basic knowledge of the cultures of German-speaking areas.
GRN 201 INTERMEDIATE GERMAN I
(3T) 3 credits
PREREQUISITE: GRN 102 or equivalent
This course includes a review and further development of communication skills. Topics include readings of literary, historical, and/or cultural texts.

GRN 202 INTERMEDIATE GERMAN II
(3T) 3 credits
PREREQUISITE: GRN 201 or equivalent
This continuation course includes a review and further development of communication skills. Topics include readings in literary, historical and/or cultural texts.

HEALTH EDUCATION (HED)

HED 221 PERSONAL HEALTH
(3T) 3 credits
This course introduces principles and practices of personal and family health. It includes human reproduction, growth and development, psychological dimensions of health, human sexuality, nutrition and fitness, aging, death and dying.

HED 222 COMMUNITY HEALTH
(3T) 3 credits
This course introduces principles and practices of community health. It includes drug use and abuse, communicable diseases, cardiovascular diseases, cancer, consumer health, health organization, and environmental concerns.

HED 226 WELLNESS
(1-3T) 1-3 credits
This course provides health-related education to those individuals seeking advancement in the area of personal wellness. This course has 5 major components: (1) fitness and health assessment, (2) physical work capacity, (3) education, (4) reassessment and (5) retesting.

HED 230 SAFETY AND FIRST AID
(3T) 3 credits
HED 230 is divided into two parts. The first part concerns itself with the development of a safety education program within an organization (i.e. school, office, shop, etc.). The second part deals with physical injuries, emergency care, and treatment of those injuries. CPR certification and Standard Red Cross and/or American Heart Association cards are given upon successful completion of American Red Cross requirements.

HED 231 FIRST AID
(3T) 3 credits
This course provides instruction to the immediate, temporary care which should be given to the victims of accidents and sudden illnesses. It also includes standard and advanced requirements of the American Red Cross and/or the American Heart Association. CPR training also is included.

HED 277 CPR RECERTIFICATION
(1T) 1 credit
In this course, instruction and review of up-dated information concerning cardio-pulmonary resuscitation (CPR) is presented. The student must satisfactorily execute skills needed to meet requirements for recertification in Basic Cardiac Life Support (BCLS) as required by the American Heart Association.

HISTORY (HIS)

HIS 121 WORLD HISTORY I
(3T) 3 credits
PREREQUISITE: ENG 093 with a “C” or better or satisfactory ACT, SAT, or RDG placement score
This course surveys social, intellectual, economic, and political developments which have molded the modern world. Focus is on both non-western and western civilizations from the prehistoric to the early modern era.

HIS 122 WORLD HISTORY II
(3T) 3 credits
PREREQUISITE: ENG 093 with a “C” or better or satisfactory ACT, SAT, or RDG placement score
This course is a continuation of HIS 121; it covers world history, both western and non-western, from the early modern era to the present.

HIS 201 UNITED STATES HISTORY I
(3T) 3 credits
PREREQUISITE: ENG 093 with a “C” or better or satisfactory ACT, SAT, or RDG placement score
This course surveys United States history during colonial, Revolutionary, early national, and antebellum periods. It concludes with the Civil War.

HIS 202 UNITED STATES HISTORY II
(3T) 3 credits
PREREQUISITE: ENG 093 with a “C” or better or satisfactory ACT, SAT, or RDG placement score
This course is a continuation of HIS 201; it surveys United States history from the Reconstruction era to the present.

HIS 216 HISTORY OF WORLD RELIGIONS
(3T) 3 credits
This course presents a comparison of the major religions of the world from an historical perspective. Emphasis is placed on the origin, development, and social influence of Christianity, Judaism, Islam, Hinduism, Buddhism, and others.

HIS 220 CONTEMPORARY STUDIES
(3T) 3 credits
This course provides a survey of contemporary problems and issues within an historical context. Topics might include nationalism, the rise of Islam as a powerful influence in the post-Cold War environment, environmental issues, and the impact of colonialism on modern, Third World society.
COURSE DESCRIPTIONS

HPS 256 AFRICAN-AMERICAN HISTORY  
(3T)  3 credits  
This course focuses on the experience of African-American people in the Western Hemisphere, particularly in the United States. It surveys the period from the African origins of the slave trade during the period of exploration and colonization to the present. The course presents a comparison between the African experience in the United States and in Mexico and South America.

HPS 260 ALABAMA HISTORY  
(3T)  3 credits  
This course surveys development of the state of Alabama from its prehistoric times to the present. The course presents material on the discovery, exploration, colonization, territorial period, antebellum Alabama, Reconstruction, and modern history.

HIS 299 DIRECTED STUDIES IN HISTORY  
(1-3T)  1-3 credits  
This course affords students opportunities to study selected topics of a historical nature under the direction of an instructor either as part of class or on an individual basis. Internships with historical and preservation organizations, thesis development, and the analysis of secondary monographs are examples of activities for this course. HIS 299 may be repeated for credit.

HEALTH SCIENCE (HPS)

HPS 100 SAFETY ISSUES FOR CLINICAL PRACTICE  
(1T)  1 credit  
PREREQUISITE: ENG 101, SPH 107, PSY 200, MTH 100 or MTH 112 or MTH 116 (FOR NUR STUDENTS ONLY) or Permission of instructor.  
COREQUISITE: BIO 201, PSY 210, NUR 110, NUR 131, NUR 241 (FOR NUR STUDENTS ONLY).  
This course focuses on microbial and physical safety for clinical practice. Emphasis is placed on guidelines established by the Occupational Safety and Health Administration (OSHA) and the Alabama State Department of Public Health; topics include prevention of transmission of blood-borne and airborne pathogens as well as prevention of injuries during clinical practice. Upon completion of this course, the student should be able to participate in the clinical setting implementing measures which will prevent injuries and using appropriate universal precautions.

HPS 105 MEDICAL TERMINOLOGY  
(2T, 2E)  3 credits  
PREREQUISITE: As required by program.  
This course is an application for the language of medicine. Emphasis is placed on terminology associated with health care, spelling, pronunciation, and meanings associated with prefixes, suffixes, and roots as they relate to anatomical body systems. Upon completion of this course, the student should be able to correctly abbreviate medical terms and appropriately use medical terminology in verbal and written communication.

HPS 113 SPANISH FOR HEALTH CARE PROFESSIONALS  
(3T)  3 credits  
This course provides an introduction to Spanish with a focus on the basic communication skills and vocabulary needed by health professionals when a non-English speaking Hispanic enters a health care setting. Topics include soliciting identification information, history taking, performance of physical exam and giving instructions on general care and follow-up.

HPS 114 BASIC PHARMACOLOGY  
(2T)  2 credits  
PREREQUISITE: As required by program.  
This course is an introduction to basic pharmacology. Content includes classifications, indications, contraindications, desired effects, and side effects of medications used during diagnostic procedures and the prevention and treatment of common illnesses. Upon completion of the course, the student should be able to relate basic pharmacological concepts to the maintenance of health.

INDUSTRIAL ELECTRONICS TECHNOLOGY (ILT)

ILT 104 INDUSTRIAL INSTRUMENTATION  
(3T)  3 credits  
PREREQUISITE: ILT 114  
This course provides a study of instrumentation circuits/systems. Topics include the use of transducers, detectors, actuators, and/or other devices and equipment in industrial applications. Upon completion, the student should be able to apply principles of instrumentation circuits and systems.

ILT 114 INSTRUMENTATION OPERATION AND CALIBRATION  
(2T, 2E)  3 credits  
PREREQUISITE: ELT 108 and ELT 109  
The hardware used to measure and control process variables is presented. The student learns the principles of operation, servicing, maintenance, calibration, and troubleshooting procedures used on mechanical, pneumatic, electronic and digital based industrial transmitters, recorders, controllers, valves, and other control devices. The course is broken down into theory and laboratory work on actual process measuring and control equipment.

ILT 163 DIGITAL FUNDAMENTALS  
(1T, 4E)  3 credits  
PREREQUISITE: ELT 108 and ELT 109  
This course provides instruction on basic logic gates, flip-flops, registers, counters, microprocessor/computer fundamentals, analog to digital conversion, and digital analog conversion. Emphasis is placed on number systems, Boolean algebra, combination logic circuits, sequential logic circuits, and typical microprocessor data manipulation and storage. This course also has an embedded lab with exercises designed to develop skills required by industry. Upon completion, students should be able to analyze digital circuits, draw timing diagrams, determine output of combinational and sequential logic circuits.
and diagnose and troubleshoot electronic components as well as demonstrate knowledge of microprocessor and computer circuits.

ILT 214  
**CONTROL AND TROUBLESHOOTING FLOW, LEVEL, TEMPERATURE, PRESSURE AND LEVEL PROCESSES (2T, 2E)**  
3 credits  
**PREREQUISITE:** ILT 104  
The student is introduced to analog and digital process control systems. The student is also introduced to process control techniques commonly found in industrial processes used to maintain control of process variables. The student gains knowledge and experience in the design and selection of equipment used in troubleshooting of control loops on actual equipment in the lab.

ILT 235  
**PRINCIPLES OF ROBOTIC SYSTEMS (3T)**  
3 credits  
**PREREQUISITE:** ELT 108 and ELT 109  
**COREQUISITE:** ILT 236  
This course is an overview of basic robotic systems and classifications used in industry. An emphasis is placed on safety elements particular to automation. Topics include the principles and concepts associated with robotic system components. Upon completing this course, students should be able to classify robots and explain the various components of a safe robotic system and how these components interact.

ILT 236  
**PRINCIPLES OF ROBOTIC PROGRAMMING (1T, 2E)**  
2 credits  
**COREQUISITE:** ILT 235  
This course covers the basic techniques used to write, execute, test, and modify a basic robotic program for an application-specific operation. Topics covered are related to safety, robotic systems, computer terminal programming, teach pendant programming, and input/output interfacing. Upon completion, a student should be able to write, test, and evaluate a robotic program.

**INDUSTRIAL MAINTENANCE TECHNOLOGY (INT)**

INT 117  
**PRINCIPLES OF INDUSTRIAL MECHANICS (2T, 3M)**  
3 credits  
This course provides instruction in basic physics concepts applicable to mechanics of industrial production equipment. Topics include the basic application of mechanical principles with emphasis on power transmission, specific mechanical components, alignment, and tension. Upon completion, students will be able to perform basic troubleshooting, repair and maintenance functions on industrial production equipment.

INT 127  
**PRINCIPLES OF INDUSTRIAL PUMPS AND PIPING SYSTEMS (2T, 2E)**  
3 credits  
This course provides instruction in the fundamental concepts of industrial pumps and piping systems. Topics include pump identification, operation, and installation, maintenance and troubleshooting, and piping systems and their installation. Upon course completion, students will be able to install, maintain, and troubleshoot industrial pumps and piping systems.

**MACHINE TOOL TECHNOLOGY (MTT)**

MTT 107  
**MACHINING CALCULATIONS I (3T)**  
3 credits  
This course introduces basic calculations as they relate to machining occupations. Emphasis is placed on basic calculations and their applications in the machine shop. Upon completion, students should be able to perform basic shop calculations. This course is aligned with NIMS certification standards.

MTT 108  
**MACHINIST HANDBOOK FUNCTIONS I (3T)**  
**PREREQUISITES:** MTT 107  
This course covers the machinist’s handbook. Emphasis is placed on formulas, tables, usage and related information. Upon completion, students should be able to use the handbook in the calculation and set-up of machine tools. This course is aligned with NIMS certification standards.

MTT 109  
**ORIENTATION TO COMPUTER ASSISTED MANUFACTURING (3T)**  
3 credits  
**PREREQUISITE:** MTT 139, MTT 140 and MTT 141  
This course serves as an overview and introduction to computer assisted manufacturing (CAM) and prepares students for more advanced CAM courses. Topics covered are basic concepts and terminology, CAM software environments, navigation commands and file management, 2-D geometry, construction modification, and toolpath generation for CAM machining processes.

MTT 121  
**BASIC BLUEPRINT READING FOR MACHINISTS (3T)**  
3 credits  
**PREREQUISITES:** MTT 121  
This course covers the basic principles of blueprint reading and sketching. Topics include multi-view drawings; interpretation of conventional lines; and dimensions, notes, and thread notations. Upon completion, students should be able to interpret basic drawings, visualize parts, and make pictorial sketches. This is a CORE course and is aligned with NIMS certification standards.

MTT 128  
**GEOMETRIC DIMENSIONING AND TOLERANCING I (3T)**  
**PREREQUISITES:** MTT 121  
This course is designed to teach students how to interpret engineering drawings using modern conventions, symbols, datums, datum targets, and projected tolerance zones. Special emphasis is placed upon print reading skills, and industry specifications and standards. This course is aligned with NIMS certification standards.

MTT 134  
**LATHE OPERATIONS I (2T, 2E)**  
3 credits
COURSE DESCRIPTIONS

PREREQUISITE: MTT 149 AND MTT 150
COREQUISITE: MTT 135
This course includes more advanced lathe practices such as set-up procedures, work planning, inner- and outer-diameter operations, and inspection and process improvement. Additional emphasis is placed on safety procedures. Upon completion, students will be able to apply advanced lathe techniques. This course is aligned with NIMS standards.

MTT 135 LATHE OPERATIONS I LAB
3 credits
PREREQUISITE: MTT 149 and MTT 150
COREQUISITE: MTT 134
This course includes more advanced lathe practices such as set-up procedures, work planning, inner- and outer-diameter operations, and inspection and process improvement. Additional emphasis is placed on safety procedures. Upon completion, students will be able to apply advanced lathe techniques. This course is aligned with NIMS standards.

MTT 138 MILLING I LAB
3 credits
PREREQUISITE: MTT 149 and MTT 150 or Permission of instructor
This course provides basic knowledge of milling machines. Emphasis is placed on types of milling machines and their uses, cutting speed, feed calculations, and set-up procedures. Upon completion, students should be able to apply milling techniques to produce machine tool projects. This course is aligned with NIMS certification criteria.

MTT 139 BASIC COMPUTER NUMERICAL CONTROL
3 credits
PREREQUISITE: MTT 138 or Permission of instructor
This course introduces the concepts and capabilities of computer numeric control (CNC) machine tools. Topics include set-up, operation, and basic applications. Upon completion, students should be able to develop a basic CNC program to safely operate a lathe and milling machine. This course is aligned with NIMS certification standards.

MTT 140 BASIC CNC TURNING I
3 credits
PREREQUISITE: MTT 138
COREQUISITE: MTT 243
This course covers concepts associated with basic programming of a computer numerical control (CNC) turning center. Topics include basic programming characteristics, motion types, tooling, workholding devices, setup documentation, tool compensations, and formatting. Upon completion, students should be able to write a basic CNC turning program that will be used to produce a part. This course is aligned with NIMS certification standards.

MTT 141 BASIC CNC MILLING I
3 credits
PREREQUISITE: MTT 138
COREQUISITE: MTT 241
This course covers concepts associated with basic programming of a computer numerical control (CNC) milling center. Topics include basic programming characteristics, motion types, tooling, workholding devices, setup documentation, tool compensations, and formatting. Upon completion, students should be able to write a basic CNC milling program that will be used to produce a part. This course is aligned with NIMS certification standards.

MTT 144 ELECTRICAL DISCHARGE MACHINING I
3 credits
PREREQUISITE: Permission of instructor
This course introduces the student to the concepts of Electrical Discharge Machining (EDM) and the importance of EDM in an industrial setting. Emphasis is placed on safety procedures and machinist responsibility in the set-up and operation of EDM machines and electrode selection. Upon completion, students should be able to produce basic machine products using both the wire-type and plunge-type EDM machines. This course is aligned with NIMS certification standards.

MTT 147 INTRODUCTION TO MACHINE SHOP I
3 credits
COREQUISITE: MTT 148
This course introduces machining operations as they relate to the metalworking industry. Topics include machine shop safety, measuring tools, lathes, saws, milling machines, bench grinders, and layout instruments. Upon completion, students will be able to perform the basic operations of measuring, layout, drilling, sawing, turning, and milling. This is a CORE course.

MTT 148 INTRODUCTION TO MACHINE SHOP I LAB
3 credits
COREQUISITE: MTT 147
This course provides practical application of the concepts and principles of machining operations learned in MTT 147. Topics include machine shop safety, measuring tools, lathes, saws, milling machines, bench grinders, and layout instruments. Upon completion, students will be able to perform the basic operations of measuring, layout, drilling, sawing, turning, and milling. This is a CORE course. This course is aligned with NIMS certification standards.

MTT 149 INTRODUCTION TO MACHINE SHOP II
3 credits
COREQUISITE: MTT 150
This course provides additional instruction and practice in the use of measuring tools, lathes, milling machines, and grinders. Emphasis is placed on set-up and operation of machine tools including the selection of work holding devices, speeds, feeds, cutting tools and coolants. Upon completion, students should be able to perform intermediate level procedures of precision grinding, measuring, layout, drilling, sawing, turning, and milling. This is a CORE course and is aligned with NIMS certification standards.
MTT 150  INTRODUCTION TO MACHINE SHOP II LAB  
(6E)  3 credits  
COREQUISITE: MTT 149  
This course provides additional instruction and practice in the use of measuring tools, lathes, milling machines, and grinders. Emphasis is placed on set-up and operation of machine tools including the selection of work holding devices, speeds, feeds, cutting tools and coolants. Upon completion, students should be able to perform intermediate level procedures of precision grinding, measuring, layout, drilling, sawing, turning, and milling. This is a CORE course and is aligned with NIMS certification standards.

MTT 158  DIE FUNDAMENTALS  
(2T, 3M)  3 credits  
PREREQUISITE MTT 138 or Permission of Instructor  
The purpose of this course is to teach the general fundamentals of stamping. Topics include the dangers of a press operation, the primary components of presses and their functions, the operations of various types of dies, various stamping production methods, and the numerous components used to make up various dies. Upon completion, students should be completely familiar with stamping operations and have a fundamental knowledge of how dies are constructed and how they shape material.

MTT 159  BASIC FORMABILITY  
(2T, 3M)  3 credits  
PREREQUISITE MTT 138 or Permission of Instructor  
This course is designed to introduce the basic manufacturing processes used to form various materials into those needed for manufacturing. Topics include safety, commonly used materials, the structure of materials, various manufacturing processes, the casting and molding process, forming, separating, conditioning, assembling, and finishing. Upon completion, students should be well aware of the basic concept of formability and the processes used to convert raw materials into manufactured products.

MTT 160  DIE CONSTRUCTION AND TRYOUT  
(1T, 6M)  3 credits  
PREREQUISITE MTT 138 or Permission of Instructor  
This course is an introduction into constructing and testing dies. Emphasis is placed on safety, machining skills, die construction, and die tryout. Upon completion, the students should be able to read a print, construct the die from that print, and test its performance.

MTT 161  DIE MAINTENANCE AND REPAIR  
(1T, 6M)  3 credits  
PREREQUISITE MTT 138 or Permission of Instructor  
This course serves as a follow on to AUT 160 Die Construction and Tryout. Emphasis is placed on safety inspection, measurement, sharpening, grinding, disassembly, and the reassembly process. Upon completion the students should be able to safely inspect a die and perform the necessary functions to insure it is ready for use.

MTT 162  PRECISION GRINDING  
(2T, 2E)  3 credits  
PREREQUISITE: MTT 138  
This course includes more advanced precision grinder practices such as set-up procedures, work planning, surface grinding, cylindrical grinding, tool and cutter grinding, and inspection and process improvement. Additional emphasis is placed on safety procedures. Upon completion, students will be able to apply advanced precision grinding techniques. This course is aligned with NIMS standards. (Summer Semester Only)

MTT 163  PRECISION GRINDING LAB  
(6E)  3 credits  
COREQUISITE: MTT 162  
This course provides practical application of the concepts and principles of precision grinding learned in MTT 162. Topics include set-up procedures, work planning, surface grinding, cylindrical grinding, tool and cutter grinding, and inspection and process improvement. Additional emphasis is placed on safety procedures. Upon completion, students will be able to apply advanced precision grinding techniques. This course is aligned with NIMS standards. (Summer Semester Only)

MTT 212  ADVANCED COMPUTER NUMERICAL CONTROL TURNING  
(1T, 6M)  3 credits  
PREREQUISITE: MTT 140 and MTT 243  
COREQUISITE: MTT 244  
This course details the use of canned cycles and subprograms in computer numerical control (CNC) turning programs. Upon completing this course, the student should be able to write CNC turning programs using canned cycles and subprograms.

MTT 213  ADVANCED COMPUTER NUMERICAL CONTROL MILLING  
(1T, 6M)  3 credits  
PREREQUISITE: MTT 141 and MTT 241  
COREQUISITE: MTT 242  
This course details the use of canned cycles and subprograms in computer numerical control (CNC) milling programs. Upon completing this course, the student should be able to write CNC milling programs using canned cycles and subprograms.

MTT 219  COMPUTER NUMERICAL CONTROL GRAPHICS: TURNING  
(1T, 6M)  3 credits  
PREREQUISITES: MTT 140 or Permission of Instructor  
This course covers techniques involved in writing a program for a multi-axis computerized numeric control (CNC) turning machine using computer assisted manufacturing (CAM) software. In addition, CNC turning machine set-up, programming, and operation are detailed. Upon completion, the student should be able to set-up, program, and operate a 3-axis CNC turning machine to produce a 2-axis part using CAM software. This course is aligned with NIMS certification standards. (Summer Semester Only)
MTT 220  COMPUTER NUMERICAL CONTROL GRAPHICS: MILLING
(1T, 6M)  3 credits
PREREQUISITES: MTT 140 141 or Permission of Instructor
This course covers techniques involved in writing a program for a multi-axis computerized numeric control (CNC) milling machine using computer assisted manufacturing (CAM) software. In addition, CNC milling machine set-up, programming, and operation are detailed. Upon completion, the student should be able to set-up, program, and operate a 3-axis CNC milling machine to produce a 2-axis part using CAM software. This course is aligned with NIMS certification standards. (Summer Semester Only)

MTT 241  CNC MILLING LAB I
(6E)  3 credits
COREQUISITE: MTT 141
This course covers basic (3-axis) computer numeric control (CNC) milling machine setup and operating procedures. Upon completion, the student should be able to load a CNC program and set-up and operate a 3-axis CNC milling machine to produce a specified part. Related safety, inspection, and process adjustment are also covered.

MTT 242  CNC MILLING LAB II
(6E)  3 credits
PREREQUISITE: MTT 141 and MTT 241
COREQUISITES: MTT 213
This course covers advanced (including 4-axis) computer numeric control (CNC) milling machine set-up and operating procedures. Upon completion, the student should be able to load a CNC program and set-up and operate a CNC milling machine (including 4-axis) to produce a specified part. Related safety and inspection and process adjustment are also covered.

MTT 243  CNC TURNING LAB I
(6E)  3 credits
COREQUISITE: MTT 140
This course covers basic computer numeric control (CNC) turning machine set-up and operating procedures (inner diameter and outer diameter). Upon completion, the student should be able to load a CNC program and set-up and operate a CNC turning machine to produce a simple part. Related safety and inspection and process adjustment are also covered.

MTT 244  CNC TURNING LAB II
(6E)  3 credits
COREQUISITE: MTT 212 or Permission of instructor
This course covers advanced computer numeric control (CNC) turning machine set-up and operating procedures. Upon completion, the student should be able to load a CNC program and set-up and operate a CNC turning machine to produce a specified part. Related safety and inspection and process adjustment are also covered.

MTT 281  SPECIAL TOPICS IN MACHINE TOOL TECHNOLOGY
(1T, 6M)  3 credits
PREREQUISITE: Permission of instructor
This course is a guided study of special projects in machine tool technology. Emphasis is placed on student needs. Upon completion, students should be able to demonstrate skills developed to meet specific needs.

MTT 282  SPECIAL TOPICS IN MACHINE TOOL TECHNOLOGY
(1T, 6M)  3 credits
PREREQUISITE: Permission of instructor
This course is a guided study of special projects in machine tool technology. Emphasis is placed on student needs. Upon completion, students should be able to demonstrate skills developed to meet specific needs.

MASS COMMUNICATIONS (MCM)

MCM 100  INTRO TO MASS COMMUNICATIONS
(3T)  3 credits
This course provides the student with general study of mass communications and journalism. The course includes theory, development, regulation, operation, and effects upon society.

MCM 130  NEWS REPORTING
(3E)  3 credits
PREREQUISITE: Typing ability
This course includes instruction and practice in newsgathering and newswriting techniques including methodology, observation, interviews, and use of sources.

MCM 250  MASS COMMUNICATIONS PRACTICUM
(3T)  3 credits
This course provides practical experience in media through supervised part or full-time employment with a newspaper, radio or television station, or public relations/advertising agency.

MATHEMATICS (MTH)

MATHEMATICS COURSE NUMBERS DO NOT NECESSARILY REFLECT THE DIFFICULTY OF THE COURSE.

MTH 080  MATHEMATICS LABORATORY
(1L)  1 credits
This course is designed to offer supplemental help to students in Mathematics. Students work in a laboratory situation under qualified instructors. This course may be repeated as needed. Emphasis is on arithmetic and algebra as determined by the individual need of the students.

MTH 090  BASIC MATHEMATICS
(3T)  3 credits
PREREQUISITE: None
This is a developmental course reviewing arithmetical principles and computations designed to help the student's mathematical
MTH 098  **ELEMENTARY ALGEBRA**  
(3T)  3 credits  
**PREREQUISITE:** A grade of “C” or better in MTH 090 (Basic Mathematics) or appropriate mathematics placement score  
This course is a review of the fundamental arithmetic and algebra operations. The topics include the numbers of ordinary arithmetic and their properties; integers and rational numbers; the solving of equations; polynomials and factoring; and an introduction to systems of equations and graphs.

MTH 100  **INTERMEDIATE COLLEGE ALGEBRA**  
(3T)  3 credits  
**PREREQUISITE:** A grade of “C” or better MTH 098 or appropriate mathematics placement score  
This course provides a study of algebraic techniques such as linear equations and inequalities, quadratic equations, systems of equations, and operations with exponents and radicals. Functions and relations are introduced and graphed with special emphasis on linear and quadratic functions. This course does not apply toward the general core requirement for mathematics.

MTH 103  **INTRODUCTION TO TECHNICAL MATHEMATICS**  
(3T)  3 credits  
**PREREQUISITE:** A grade of “C” or better in MTH 098 or appropriate mathematics placement score  
This course is designed for the student in technology needing simple arithmetic, algebraic, and right triangle trigonometric skills.

MTH 110  **FINITE MATHEMATICS**  
(3T)  3 credits  
**PREREQUISITE:** A minimum prerequisite of high school Algebra I, Geometry, and Algebra II with an appropriate mathematics placement score. An alternative to this is that the student should successfully pass with a “C” or higher (S if taken as pass/fail) MTH 100- Intermediate College Algebra  
This course is intended to give an overview of topics in finite mathematics together with their applications, and is taken primarily by students who are not majoring in science, engineering, commerce or mathematics (i.e., students who are not required to take Calculus). This course will draw on and significantly enhance the student’s arithmetic and algebraic skills. The course includes sets, counting, permutations, combinations, basic probability (including Bayes’ Theorem), and introduction to statistics (including work with Binomial Distributions and Normal Distributions), matrices and their applications to Markov chains and decision theory. Additional topics may include symbolic logic, linear models, linear programming, the simplex method and applications.

MTH 112  **PRECALCULUS ALGEBRA**  
(3T)  3 credits  
**PREREQUISITE:** A minimum prerequisite of high school Algebra I, Geometry, and Algebra II with an appropriate mathematics placement score. An alternative to this is that the student should successfully pass with a “C” or higher (S if taken as pass/fail) MTH 100- Intermediate College Algebra  
This course emphasizes the algebra of functions—including polynomial, rational, exponential, and logarithmic functions. The course also covers systems of equations and inequalities, quadratic inequalities, and the binomial theorem. Additional topics may include matrices, Cramer’s Rule, and mathematical induction.

MTH 113  **PRECALCULUS TRIGONOMETRY**  
(3T)  3 credits  
**PREREQUISITE:** A minimum prerequisite of high school Algebra I, Geometry, and Algebra II with an appropriate mathematics placement score is required. An alternative to this is that the student should successfully pass with a “C” or higher (S if taken as pass/fail) MTH 112-Precalculus Algebra  
This course includes the study of trigonometric (circular functions) and inverse trigonometric functions, and includes extensive work with trigonometric identities and trigonometric equations. The course also covers vectors, complex numbers, DeMoivre’s Theorem, and polar coordinates. Additional topics may include conic sections, sequences, and using matrices to solve linear systems.

MTH 116  **MATHEMATICAL APPLICATIONS**  
(3T)  3 credits  
**PREREQUISITE:** MTH 090 (Basic Mathematics) or appropriate mathematics placement score  
This course provides practical applications of mathematics and includes selected topics from consumer math and algebra. Some topics included are integers, percent, interest, ratio and proportion, metric system, probability, linear equations, and problem solving.

MTH 120  **CALCULUS AND ITS APPLICATIONS**  
(3T)  3 credits  
**PREREQUISITE:** A minimum prerequisite of high school Algebra I, Geometry, and Algebra II with an appropriate mathematics placement score is required. An alternative to this is that the student should successfully pass with a “C” or higher MTH 112-Precalculus Algebra.  
This course is intended to give a broad overview of calculus and is taken primarily by students majoring in Commerce and Business Administration. It includes differentiation and integration of algebraic, exponential, and logarithmic functions and applications to business and economics. The course should include functions of several variables, partial derivatives (including applications), Lagrange Multipliers, L’Hôpital’s Rule, and multiple integration (including applications).

MTH 125  **CALCULUS I**  
(4T)  4 credits  
**PREREQUISITE:** A minimum prerequisite of high school
Algebra I, Geometry and Algebra II with an appropriate mathematics placement score is required. An alternative to this is that the student should successfully pass with a “C” or higher MTH 113 (Precalculus Trigonometry) or MTH 115 (Precalculus Algebra & Trigonometry).

This course is the first of three courses in the basic calculus sequence taken primarily by students in science, engineering, and mathematics. Topics include the limit of a function; the derivative of algebraic, trigonometric, exponential, and logarithmic functions; and the definite integral and its basic applications to area problems. Applications of the derivative are covered in detail, including approximations of error using differentials, maximum and minimum problems, and curve sketching using calculus.

MTH 126 CALCULUS II
(4T) 4 credits
PREREQUISITE: A minimum prerequisite of high school Algebra I, Geometry, and Algebra II with an appropriate mathematics placement score is required. An alternative to this is that the student should successfully pass with a “C” or higher MTH 125 (Calculus I).

This is the second of three courses in the basic calculus sequence. Topics include vectors in the plane and in space, applications of integration (such as volume, arc length, work and average value), techniques of integration, infinite series, polar coordinates, and parametric equations.

MTH 127 CALCULUS III
(4T) 4 credits
PREREQUISITE: A grade of “C” or better in MTH 126 (Calculus II)

This is the third of three courses in the basic calculus sequence. Topics include vector functions, functions of two or more variables, partial derivatives (including applications), quadratic surfaces, multiple integration, and vector calculus (including Green’s Theorem, Curl and Divergence, surface integrals, and Stokes’Theorem).

MTH 232 MATHEMATICS FOR THE ELEMENTARY TEACHER II
(3T) 3 credits
PREREQUISITE: A grade of “C” or better in MTH 231 MTH 098
COREQUISITE: MTH 231

This course is the second of a two-course sequence and is designed to provide appropriate insights into mathematics for students majoring in elementary education and to ensure that students going into elementary education are more than proficient at performing basic arithmetic operations. Topics include numeration skills with fractions, decimals and percentages, elementary concepts of probability and statistics, and analytic geometry concepts associated with linear equations and inequalities. The use of manipulatives and calculators in the teaching and learning process is stressed. Upon completion, students will test for mathematical proficiency and the learning of teaching concepts. Students also will demonstrate an appropriate teaching technique by preparing a lesson and teaching it to the class for their final exam grade.

MTH 233 LINEAR ALGEBRA
(3T) 3 credits
PREREQUISITE: A grade of “C” or better in MTH 126 (Calculus II)

This course introduces the basic theory of linear equations and matrices, real vector spaces, bases and dimension, linear transformations and matrices, determinants, eigenvalues and eigenvectors, inner product spaces, and the diagonalization of symmetric matrices. Additional topics may include quadratic forms and the use of matrix methods to solve systems of linear differential equations.

MTH 234 APPLIED DIFFERENTIAL EQUATIONS I
(3T) 3 credits
COREQUISITE: MTH 227 (Calculus III)

An introduction to numerical methods, qualitative behavior of first order differential equations, and applications to various models (e.g. populations, motion, chemical mixtures, etc.); techniques for solving higher order linear differential equations with constant coefficients (general theory, undetermined coefficients, reduction of order and the method of variation of parameters), with emphasis on interpreting the behavior of solutions, and applications to physical models whose governing equations are of higher order; the Laplace transform as a tool for the solution of initial value problems whose inhomogeneous terms are discontinuous.

MTH 235 ELEMENTARY STATISTICS
(3T) 3 credits
PREREQUISITE: MTH 100 (Intermediate College Algebra) or appropriate mathematics placement score

This course provides an introduction to methods of statistics, including the following topics: sampling, frequency distributions, measures of central tendency, graphic representation, reliability, hypothesis testing, confidence intervals, analysis, regression, estimation, and applications. Probability, permutations,
combinations, binomial theorem, random variables, and distributions may be included.

### COURSE DESCRIPTIONS

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Name</th>
<th>Credit Hours</th>
<th>Prerequisites</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>MUL 101</td>
<td>CLASS PIANO I, II</td>
<td>1 credit</td>
<td></td>
<td>These courses, to be taken in sequence, present fundamentals of keyboard technique for students with little or no previous training. Emphasis is placed on the rudiments of music, basic performance technique and general musicianship. Upon completion of one or a sequence of courses, students should be able to demonstrate a basic proficiency in playing and a knowledge of music fundamentals.</td>
</tr>
<tr>
<td>MUL 111</td>
<td>CLASS VOICE I, II</td>
<td>1 credit</td>
<td></td>
<td>These courses must be taken in sequence. Emphasis is placed on fundamentals of correct breathing, tone production, and diction for students with little or no previous voice training. Literature appropriate for class level is studied. Upon completion of one or a sequence of courses, students should be able to demonstrate a basic proficiency in singing and a knowledge of music fundamentals. A minimum grade of “C” is required to progress to next level.</td>
</tr>
<tr>
<td>MUL 161</td>
<td>CLASS FRETTER INSTRUMENTS I, II, III</td>
<td>1 credit</td>
<td></td>
<td>These courses must be taken in sequence. These courses include basic techniques, chords, scales, fingering, rhythm, strumming, and playing simple melodies. They are designed for students with little or no previous training. Emphasis is placed on the rudiments of music, basic performance technique and general musicianship skills. Upon completion of one or a sequence of courses, students should be able to demonstrate a basic proficiency in playing and a knowledge of music fundamentals.</td>

COURSE DESCRIPTIONS

MUP 141 FLUTE  
142, 241 (2-4E)  
242 1-2 credits  
Individual instruction to include the study of standard literature and technique. Emphasis is placed on developing technique, repertoire and performance skills commensurate with the student's educational goals. Students are required to practice a minimum of five hours per week for each credit hour. At the conclusion of the last semester, a sophomore recital is required. A minimum grade of "B" is required to progress to the next level.

MUP 143 CLARINET  
144, 243 (2-4E)  
244 1-2 credits  
Individual instruction to include the study of standard literature and technique. Emphasis is placed on developing technique, repertoire and performance skills commensurate with the student's educational goals. Students are required to practice a minimum of five hours per week for each credit hour. At the conclusion of the last semester, a sophomore recital is required. A minimum grade of "B" is required to progress to the next level.

MUP 145 SAXOPHONE  
146, 245 (2-4E)  
246 1-2 credits  
Individual instruction to include the study of standard literature and technique. Emphasis is placed on developing technique, repertoire and performance skills commensurate with the student's educational goals. Students are required to practice a minimum of five hours per week for each credit hour. At the conclusion of the last semester, a sophomore recital is required. A minimum grade of "B" is required to progress to the next level.

MUP 161 TRUMPET  
162, 261 (2-4E)  
262 1-2 credits  
Individual instruction to include the study of standard literature and technique. Emphasis is placed on developing technique, repertoire and performance skills commensurate with the student's educational goals. Students are required to practice a minimum of five hours per week for each credit hour. At the conclusion of the last semester, a sophomore recital is required. A minimum grade of "B" is required to progress to the next level.

MUP 171 TROMBONE  
172, 271 (2-4E)  
272 1-2 credits  
Individual instruction to include the study of standard literature and technique. Emphasis is placed on developing technique, repertoire and performance skills commensurate with the student's educational goals. Students are required to practice a minimum of five hours per week for each credit hour. At the conclusion of the last semester, a sophomore recital is required. A minimum grade of "B" is required to progress to the next level.

MUP 175 TUBA  
176, 275 (2-4E)  
276 1-2 credits  
Individual instruction to include the study of standard literature and technique. Emphasis is placed on developing technique, repertoire and performance skills commensurate with the student's educational goals. Students are required to practice a minimum of five hours per week for each credit hour. At the conclusion of the last semester, a sophomore recital is required. A minimum grade of "B" is required to progress to the next level.

MUP 181 PERCUSSION  
182, 281 (2-4E)  
282 1-2 credits  
Individual instruction to include the study of standard literature and technique. Emphasis is placed on developing technique, repertoire and performance skills commensurate with the student's educational goals. Students are required to practice a minimum of five hours per week for each credit hour. At the conclusion of the last semester, a sophomore recital is required. A minimum grade of "B" is required to progress to the next level.

MUS 101 MUSIC APPRECIATION  
(3T) 3 credits  
This course is designed for non-music majors and requires no previous musical experience. It is a survey course that incorporates several modes of instruction including lecture, guided listening, and similar experiences involving music. The course will cover a minimum of three (3) stylistic periods, provide a multi-cultural perspective, and include both vocal and instrumental genres. Upon completion, students should be able to demonstrate a knowledge of music fundamentals, the aesthetic/stylistic characteristics of historical periods, and an aural perception of style and structure in music. This course is offered in lecture, hybrid and on-line formats.

MUS 103 SURVEY OF POPULAR MUSIC  
(1-2T) 1-2 credits  
This course provides a study of the origins, development and existing styles of popular music. Topics include ragtime, jazz, rhythm and blues, rock, country and western, folk and world music. Upon completion, students should be able to demonstrate a knowledge, understanding and an aural perception of the stylistic characteristics of popular music. This course is offered in a hybrid and lecture format.

MUS 110 BASIC MUSICIANSHP  
(3T) 3 credits  
This course is designed to provide rudimentary music knowledge and skills for the student with a limited music background. Topics include a study of notation, rhythm, scales, keys, intervals, chords and basic sight singing and ear training skills. Upon completion, students should be able to read and understand musical scores and demonstrate basic sight singing and ear training skills for rhythm, melody and harmony. Required for music majors or acceptable score on placement test (75%).

MUS 111 MUSIC THEORY I  
(3T) 3 credits  
PREREQUISITE: Minimum grade of "C" in MUS 110 or acceptable score on placement test (75%)  
COREQUISITE: MUS 113  
This course introduces the student to the diatonic harmonic
practices in the Common Practice Period. Topics include fundamental musical materials (rhythm, pitch, scales, intervals, diatonic harmonies) and an introduction to the principles of voice leading and harmonic progression. Upon completion, students should be able to demonstrate a basic competency using diatonic harmony through analysis, writing, sight singing, dictation and keyboard skills. Open lab required. Spring; Decatur campus.

MUS 112 MUSIC THEORY II  
(3T) 3 credits  
PREREQUISITE: Minimum grade of “C” in MUS 111  
COREQUISITE: MUS 114  
This course completes the study of diatonic harmonic practices in the Common Practice Period and introduces simple musical forms. Topics include principles of voice leading used in three- and four-part triadic harmony and diatonic seventh chords, non-chord tones, cadences, phrases and periods. Upon completion, students should be able to demonstrate competence using diatonic harmony through analysis, writing, sight singing, dictation and keyboard skills. Open lab required. Fall; Decatur campus.

MUS 113 MUSIC THEORY LAB I  
(1E) 1 credit  
PREREQUISITE: MUS 110 or suitable placement score or permission of instructor  
COREQUISITE: MUS 111  
This course provides the practical application of basic musical materials through sight singing; melodic, harmonic and rhythmic dictation; and keyboard harmony. Topics include intervals, simple triads, diatonic stepwise melodies, basic rhythmic patterns in simple and compound meter and four-part triadic progressions in root position. Upon completion, students should be able to write, sing and play intervals, scales, basic rhythmic patterns, diatonic stepwise melodies, simple triads and short four-part progressions in root position. Spring; Decatur campus.

MUS 114 MUSIC THEORY LAB II  
(1E) 1 credit  
PREREQUISITE: MUS 113  
COREQUISITE: MUS 112  
This course continues the practical application of diatonic musical materials through sight singing; melodic, harmonic and rhythmic dictation; and keyboard harmony. Topics include intervals, scales, diatonic melodies with triadic arpeggiations, more complex rhythmic patterns in simple and compound meter and four-part diatonic progressions in all inversions. Upon completion, students should be able to write, sing and play all intervals, rhythmic patterns employing syncopations and beat divisions, diatonic melodies and four-part progressions. Fall; Decatur campus.

MUS 290 INTRODUCTION TO COMMERCIAL MUSIC  
(2-3T) 2-3 credits  
This course provides an introduction to the commercial music industry and the types of careers in commercial music. Topics include music publishing, recording, contracts, agents and managers, copyrights, unions, music companies and dealers. Upon completion, students should be able to demonstrate a basic knowledge and understanding of the different components of the commercial music industry and the various career options.

MUS 291 MUSICAL ACOUSTICS  
(2-3T) 2-3 credits  
PREREQUISITE: Permission of instructor  
This course is designed to acquaint the student with the nature of musical acoustics and the science of sound. Topics include terminology, symbols, the nature and transmission of sound, vibration, frequency, pitch, intervals, harmonies, resonance, consonance and dissonance. Upon completion, students should be able to demonstrate an understanding of the basic skills and concepts through the successful presentation of an individual project in musical acoustics.

MUS 292 SONG WRITING  
(3T) 3 credits  
PREREQUISITE: MUS 110  
This course provides an introduction to song writing and marketing techniques. Topics include lyric writing, song structures, preparing a lead sheet, notation, rhythmic and melodic dictation, key signatures, basic chord structures, recording, basic copyright laws and publishing. Upon completion, students should be able to compose a song, prepare a lead sheet and demo tape, apply for a copyright and market a song.

MUSIC INDUSTRY COMMUNICATIONS (MIC)  

MIC 100 INTRODUCTION TO MASS COMMUNICATIONS  
3 credits  
This course provides the student with general study of mass communications and journalism. This course includes theory, development, regulation, operation, and effects upon society. Upon completion of this class, students should be able to decide the field of mass communications on which to focus.

MIC 153 INTRODUCTION TO RECORDING TECHNOLOGY  
(3T) 3 credits  
This course is designed to acquaint the student with basic recording fundamentals. Emphasis is placed on microphone techniques, recording principals, musician and recording engineers’ code. Upon completion, students should be able to do basic analog recordings.

MIC 201 PUBLISHING FOR THE RECORDING INDUSTRY  
(3T) 3 credits  
This course is an introduction to the operation and functions of publishing in the recording industry.
COURSE DESCRIPTIONS

MIC 250  MASS COMMUNICATIONS PRACTICUM  (3T)  3 credits
PREREQUISITE: MIC 153 or instructor approval
This course provides practical experience in media through supervised part- or full-time employment with a newspaper, radio or television station, recording studio, or public relations/advertising agency. Upon completion, students should be able to receive employment based on demonstration of their skills in their subject area.

MIC 251  RECORDING STUDIO PRODUCTION  (3T)  3 credits
PREREQUISITE: MIC 153 or instructor approval
This course is designed to acquaint the student with the functional roles of the commercial recording studio. Emphasis will be placed on studio production projects, and include a study of contracts, managers, agents, recording rights, copyright laws, unions, publishers, and music companies. Upon completion, students should have an understanding of MIDI, Charting and Sequencing on the computer.

MIC 253  COMPUTER LITERACY FOR THE MUSICIAN I  (3T)  3 credits
PREREQUISITE: MIC 253 or instructor approval
This course is designed to teach musicians how to use computers for music writing, ear training, theory, and sequencing. Topics include an introduction to MIDI, sequencing, Master Tracks Pro, Studio 3.1 and 4.0, Cakewalk and Musicator. Upon completion, students should have an understanding of MIDI, Charting and Sequencing on the computer.

MIC 254  COMPUTER LITERACY FOR THE MUSICIAN II  (3T)  3 credits
PREREQUISITE: MIC 253 or instructor approval
This course is designed to teach advanced computer sequencing techniques. Emphasis is placed on projects and the use of computer sequencing software and hardware. Students should be able to sequence and perform advanced editing using MIDI.

MIC 255  DIGITAL RECORDING  (3T)  3 credits
PREREQUISITE: MIC 253 or instructor approval
This course is designed to teach Digital Recording using hard disk wave recording techniques. Emphasis is placed on projects and the use of Digital Recording software and hardware. Upon completion, students should be able to do recordings on the “Special Audio Engine” and other software with masters of digital quality.

MIC 293  MUSIC NOTATION  (3T)  3 credits
PREREQUISITE: MIC 253 or instructor approval
This course is designed to teach students the music program for charting and writing music. Emphasis will be placed on the use of the software program “FINALE”. Upon completion, students should be able to chart and write music using industry standards.

NURSING ASSISTANT (NAS)

NAS 100  FUNDAMENTALS OF LONG TERM CARE  (3T, 3C)  4 credits
COREQUISITE: NAS 100 and NUR 104
This course fulfills the seventy-five (75) hour Omnibus Budget Reconciliation Act (OBRA) requirements for training of long-term care nursing assistants in preparation for certification through competency evaluation. Emphasis is placed on the development of the knowledge, attitudes, and skills required of the long-term care nursing assistant. Upon completion of this course, the student should demonstrate satisfactory performance on written examinations and clinical skills.

NURSING (NUR)

NUR 102  FUNDAMENTALS OF NURSING  (3T, 6S/3C)  6 credits
COREQUISITE: NUR 103 and NUR 104
This course provides opportunities to develop competencies necessary to meet the needs of individuals throughout the lifespan in a safe, legal, and ethical manner using the nursing process. Students learn concepts and theories basic to the art and science of nursing. The role of the nurse as a member of the healthcare team is emphasized. Students are introduced to the concepts of client needs, safety, communication, teaching/learning, critical thinking, ethical-legal, cultural diversity, nursing history, and the program’s philosophy of nursing. Additionally, this course introduces psychomotor nursing skills needed to assist individuals in meeting basic human needs. Skills necessary for maintaining microbial, physical, and psychological safety are introduced along with skills needed in therapeutic interventions. At the conclusion of this course, students demonstrate competency in performing basic nursing skills for individuals with common health alterations.

NUR 103  HEALTH ASSESSMENT  (3S)  1 credit
COREQUISITE: NUR 102 and NUR 104
This course is designed to provide students the opportunity to learn and practice history taking and physical examination skills with individuals of all ages, with emphasis on the adult. The focus is on symptom analysis along with physical, psychosocial, and growth and development assessments. Students will be able to utilize critical thinking skills in identifying health alterations, formulating nursing diagnoses and documenting findings appropriate to nursing.

NUR 104  INTRODUCTION TO PHARMACOLOGY  (3S)  1 credit
COREQUISITE: NUR 102 and NUR 103
This course provides opportunities to develop competencies necessary to meet the needs of individuals throughout the lifespan in a safe, legal, and ethical manner using the nursing process. This course introduces students to basic principles of pharmacology and the knowledge necessary to safely administer medication. Course content includes legal implications,
NUR 105  ADULT NURSING  
(5T, 3S/6C) 8 credits  
PREREQUISITE: NUR 102, NUR 103 and NUR 104  
COREQUISITE: NUR 106  
This course provides opportunities to develop competencies necessary to meet the needs of individuals throughout the lifespan in a safe, legal, and ethical manner using the nursing process. Emphasis is placed on providing care to individuals undergoing surgery, fluid and electrolyte imbalance, and common alterations in respiratory, musculoskeletal, gastrointestinal, cardiovascular, and endocrine. Nutrition, pharmacology, communication, cultural, and community concepts are integrated.

NUR 106  MATERNAL AND CHILD NURSING  
(4T, 3C) 5 credits  
PREREQUISITE: NUR 102, NUR 103  
COREQUISITE: NUR 105  
This course focuses on the role of the nurse in meeting the physiological, psychosocial, cultural and developmental needs of the maternal and child client. Course content includes antepartal, intrapartal, and postpartal care, complications of pregnancy, newborn care, human growth and development, pediatric care, and selected pediatric alterations. Nutrition, pharmacology, cultural diversity, use of technology, communication, anatomy and physiology review, medical terminology, critical thinking, and application of the nursing process are integrated throughout this course. Upon completion of this course, students will be able to provide and manage care for maternal and pediatric clients in a variety of settings.

NUR 107  ADULT/CHILD NURSING  
(5T, 9C) 8 credits  
PREREQUISITE: NUR 105 and NUR 106  
COREQUISITE: NUR 108 and NUR 109  
This course provides students with opportunities to develop competencies necessary to meet the needs of individuals throughout the lifespan in a safe, legal, and ethical manner using the nursing process in a variety of settings. Emphasis is placed on providing care to individuals experiencing complex alterations in sensory/perceptual, reproductive, endocrine, genitourinary, neurological, immune, cardiovascular, and lower gastrointestinal systems. Additional instruction is provided for care for clients experiencing burns, cancer, and emergent conditions. Nutrition, pharmacology, therapeutic communication, community, cultural diversity, health promotion, error prevention, critical thinking, impacts on maternal and child clients are integrated throughout the course.

NUR 108  PSYCHOSOCIAL NURSING  
(2T, 3C) 3 credits  
PREREQUISITE: NUR 105 and NUR 106  
COREQUISITE: NUR 107 and NUR 109  
This course is designed to provide an overview of psychosocial adaptation and coping concepts used when caring for clients with acute and chronic alterations in mental health in a variety of settings. Topics include therapeutic communication skills, normal and abnormal behaviors, treatment modalities, and developmental needs. Upon completion of this course, students will demonstrate the ability to assist clients in maintaining psychosocial integrity through the use of the nursing process.

NUR 109  ROLE TRANSITION FOR THE PRACTICAL NURSE  
(2T, 3S) 3 credits  
PREREQUISITE: NUR 105 and NUR 106  
COREQUISITE: NUR 107 and NUR 108  
This course provides students with opportunities to gain knowledge and skills necessary to transition from student to practicing nurse. Content includes a discussion of current issues in health care, practical nursing leadership and management, professional practice issues, and transition into the workplace. Emphasis is placed on NCLEX-PN test-taking skills, computer-assisted simulations and practice tests, development of a prescriptive plan for remediation, and review of selective content, specific to the practice of practical nursing.

NUR 200  NURSING CAREER MOBILITY ASSESSMENT  
(3T, 3S, 3C) 5 credits  
PREREQUISITE: BIO 201, BIO 202, BIO 220, PSY 200, MTH 100 and ENG 101  
This course focuses on application of nursing science to assist the Licensed Practical Nurse (LPN) transitioning into the role of the associate degree nurse (ADN). Emphasis is placed on evidenced based clinical decision making and nursing care provided in a family and community context for a variety of health alterations across the lifespan. Upon successful completion of the course, students will be able to articulate into the ADN program.

NUR 201  NURSING THROUGH THE LIFESPAN I  
(3T, 6C) 5 credits  
This course focuses on application of nursing science to assist the Licensed Practical Nurse (LPN) transitioning into the role of the associate degree nurse (ADN). Emphasis is placed on evidenced based clinical decision making and nursing care provided in a family and community context for a variety of health alterations across the lifespan. Upon successful completion of the course, students will be able to articulate into the ADN program.
COURSE DESCRIPTIONS

PREREQUISITE: As required by program
This course provides opportunities to develop competencies necessary to meet the needs of individuals throughout the lifespan in a safe, legal, and ethical manner using the nursing process. Students manage and provide collaborative care to clients who are experiencing selected alterations in gastrointestinal, reproductive, sensory, and endocrine systems in a variety of settings. Additional instruction is provided for oncology, mental health, teaching/learning concepts, and advanced dosage calculations, nutrition, pharmacology, communication, cultural, and community concepts are integrated.

NUR 202 NURSING THROUGH THE LIFESPAN II
(3T, 9C) 6 credits
PREREQUISITE: As required by program
This course builds upon previous instruction and provides additional opportunities to develop competencies necessary to meet the needs of individuals throughout the lifespan in a safe, legal, and ethical manner using the nursing process. Students manage and provide collaborative care to clients who are experiencing selected alterations in cardiovascular, hematologic, immune, and genitourinary systems in a variety of settings. Additional instruction is provided for psychiatric disorders and high-risk obstetrics. Teaching/learning concepts, advanced dosage calculations, nutrition, pharmacology, communication, cultural, and community concepts are integrated.

NUR 203 NURSING THROUGH THE LIFESPAN III
(4T, 6C) 6 credits
PREREQUISITE: As required by program
This course builds upon previous instruction and provides additional opportunities to develop competencies necessary to meet the needs of individuals throughout the lifespan in a safe, legal, and ethical manner using the nursing process. Students manage and provide collaborative care to clients who are experiencing selected alterations in cardiovascular, respiratory, and neurological systems in a variety of settings. Additional instruction is provided in care for selected mental health disorders, selected emergencies, multiple organ dysfunction syndrome and related disorders. Teaching/learning concepts, advanced dosage calculations, nutrition, pharmacology, communication, cultural, and community concepts are integrated.

NUR 204 ROLE TRANSITION FOR THE REGISTERED NURSE
(2T, 6C) 4 credits
PREREQUISITE: As required by program
This course provides students with opportunities to gain knowledge and skills necessary to transition from student to registered nurse. Content includes current issues in health care, nursing leadership and management, professional practice issues for registered nurses, and transition into the workplace. Additional instruction is provided for preparing for the NCLEX-RN.

ORI 105 ORIENTATION AND STUDENT SUCCESS
(3T) 3 credits
This course is designed to orient students to the college experience by providing them with tools needed for academic and personal success. Topics include: developing an internal focus of control, time management and organizational skills, critical and creative thinking strategies, personal and professional maturity, and effective study skills for college and beyond.

ORI 110 FRESHMAN SEMINAR
(1T) 1 credit
This course is designed to provide students the opportunity to develop and enhance their technology skills, explore careers and majors, and develop a personalized program of study that will map out their educational and career goals through a portfolio. Primary focus will be placed on: Meeting and working with the student's advisor to develop a strong plan of study; enhancing their skills in locating and gathering information; engaging in critical thinking through reflective journals in their portfolio.

PARALEGAL (PRL)

PRL 101 INTRODUCTION TO PARALEGAL STUDY
(3T) 3 credits
PREREQUISITE: Grade of “C” or better in ENG 101 or satisfactory ACT, SAT, or placement score
This course introduces the paralegal profession and the legal system. Topics include an overview of major areas of legal practice, ethics, legal analysis and research, professional development including certification and employment, and related topics. Upon completion, students should be able to explain the role of the paralegal and identify the skills, knowledge and ethics required of legal assistants.

*Note: Students must complete PRL 101 and PRL 102 with a grade of “C” or higher prior to taking any other PRL course.

PRL 102 BASIC LEGAL RESEARCH AND WRITING
(3T) 3 credits
PREREQUISITE: Grade of “C” or better in ENG 093 101 or satisfactory ACT, SAT, or placement score
This course introduces the techniques of legal research and writing. Emphasis is placed on locating, analyzing, applying, and validating sources of law. Topics include legal research, legal writing, proper citation, and electronic research. Upon completion, students will demonstrate the ability to perform legal research and writing assignments using techniques covered in this course.

*Note: Students must complete PRL 101 and PRL 102 with a grade of “C” or higher prior to taking any other PRL course.

PRL 150 COMMERCIAL LAW
(3T) 3 credits
PREREQUISITE: Completion of PRL 101 and PRL 102 with a
grade of “C” or higher. This course covers contracts, selected portions of the Uniform Commercial Code, and forms of business organization. Upon completion, students should be able to apply the elements of a contract, prepare various business documents and understand the role of commercial paper.

PRL 160 CRIMINAL LAW AND PROCEDURE (3T) 3 credits
PREREQUISITE: Completion of PRL 101 and PRL 102 with a grade of “C” or higher.
This course introduces substantive and procedural criminal law including elements of state and federal crimes, defenses, constitutional issues, pre-trial process, and other related topics. Upon completion, students should be able to explain the elements of specific crimes and assist an attorney in preparing a criminal case.

PRL 192 SELECTED TOPICS IN PARALEGAL (3T) 3 credits
PREREQUISITE: Completion of PRL 101 and PRL 102 with a grade of “C” or higher.
This course provides an opportunity to explore areas of current interest in specific program or discipline areas. Emphasis is placed on subject matter appropriate to the program or discipline. Upon completion, students will be able to demonstrate an understanding of the specific area of study.

PRL 193 SELECTED TOPICS IN PARALEGAL II (3T) 3 credits
PREREQUISITE: Completion of PRL 101 and PRL 102 with a grade of “C” or higher.
This course provides an opportunity to explore areas of current interest in specific program or discipline areas. Emphasis is placed on subject matter appropriate to the program or discipline. Upon completion, students will be able to demonstrate an understanding of the specific area of study.

PRL 210 REAL PROPERTY LAW (3T) 3 credits
PREREQUISITE: Completion of PRL 101 and PRL 102 with a grade of “C” or higher.
This course emphasizes the study of real property law. Topics include the distinction between real and personal property, various estates and interests in property, and the mechanics of conveyance, encumbrances, and closing procedure. Upon completion, students will demonstrate the ability to identify estates, forms of deeds, recording requirements, the closing process, and procedures used to enforce rights to real property.

PRL 230 DOMESTIC LAW (3T) 3 credits
PREREQUISITE: Completion of PRL 101 and PRL 102 with a grade of “C” or higher.
This course covers laws governing domestic relations. Topics include marriage, separation, divorce, child custody, support, property division, adoption, and other related topics. Upon completion, students will demonstrate the ability to draft divorce and support pleadings, separation agreements, and calculate child support according to the guidelines adopted by the state.

PRL 240 WILLS, TRUSTS, AND ESTATES (3T) 3 credits
PREREQUISITE: Completion of PRL 101 and PRL 102 with a grade of “C” or higher.
This course covers wills, trusts, and inheritance. Topics include types of wills, the law of intestacy (inheritance), probating estates, and alternatives to probate. The course also covers trusts, medical directives, and associated litigation. Upon completion, students will demonstrate the ability to draft simple wills, prepare estate forms, understand administration of estates, and understand terms regarding trusts.

PRL 250 BANKRUPTCY AND COLLECTIONS (3T) 3 credits
PREREQUISITE: Completion of PRL 101 and PRL 102 with a grade of “C” or higher.
This course provides an overview of the laws of bankruptcy and the rights of creditors and debtors. Topics include bankruptcy procedures and estate management, attachment, claim and delivery, repossession, foreclosure, collection, garnishment, and post-judgment collection procedure. Upon completion, students should be able to prepare and file bankruptcy forms, collection letters, statutory liens and collection of judgments.

PRL 262 CIVIL LAW AND PROCEDURE (3T) 3 credits
PREREQUISITE: Completion of PRL 101 and PRL 102 with a grade of “C” or higher.
This course examines the Federal Rules of Civil Procedure, the Alabama Rules of Civil Procedure, and trial procedure. Upon completion, students will be able to explain the various stages of the litigation process and demonstrate the ability to prepare a trial notebook for litigation purposes.

PRL 282 LAW OFFICE MANAGEMENT AND PROCEDURES (3T) 3 credits
PREREQUISITE: Completion of PRL 101 and PRL 102 with a grade of “C” or higher.
This course focuses on the organization and policies and procedures of a law office. Upon completion, students should be able to establish and maintain various law office systems, monitor case progress and supervise non-lawyer personnel. The focus of this class is the legal software commonly used to help manage the work, timekeeping calendaring, case management, and billing in law offices.

PRL 291 PARALEGAL INTERNSHIP (3L) 3 credits
PREREQUISITE: Completion of PRL 101 and PRL 102 with a grade of “C” or higher. and permission of the Program Director.
This course provides students opportunities to work in paid
or unpaid positions in which they apply paralegal skills and knowledge. This course requires a minimum of 100 hours of practical experience in the legal field. Upon completion, students will be able to apply in the workplace competencies with the obtained from the PRL curriculum.

**PHYSICAL EDUCATION (PED)**

**PED 100  FUNDAMENTALS OF FITNESS**  
(3T)  3 credits  
This lecture course includes the basic principles of physical education and physical fitness. It explores psychological and physiological effects of exercise and physical fitness, including effects on the human skeleton, muscle development, respiration and coordination. It is reviewed as an introduction to such laboratory courses as slimnastics, weight training, and conditioning. This course may also include fitness evaluation, development of individual fitness programs, and participation in fitness activities.

**PED 101  SLIMNASTICS (Beginning)**  
(2A)  1 credit  
This course provides an individualized approach to physical fitness, wellness, and other health-related factors. Emphasis is placed on the scientific basis for setting up and engaging in personalized physical fitness programs. Upon completion, students should be able to set up and implement an individualized physical fitness program.

**PED 102  SLIMNASTICS (Intermediate)**  
(2A)  1 credit  
This course is an intermediate-level class. Topics include specific exercises contributing to fitness and the role exercise plays in developing body systems, nutrition, and weight control. Upon completion, students should be able to implement and evaluate an individualized physical fitness program.

**PED 103  WEIGHT TRAINING (Beginning)**  
(2A)  1 credit  
This course introduces the basics of weight training. Emphasis is placed on developing muscular strength, muscular endurance, and muscle tone. Upon completion, students should be able to establish and implement a personal weight-training program.

**PED 104  WEIGHT TRAINING (Intermediate)**  
(2A)  1 credit  
This course covers advanced levels of weight training. Emphasis is placed on meeting individual training goals and addressing weight training needs and interests. Upon completion, students should be able to establish and implement an individualized advanced weight-training program.

**PED 105  PERSONAL FITNESS**  
(2A)  1 credit  
This course is designed to provide the student with information allowing him/her to participate in a personally developed fitness program. Topics include cardiovascular, strength, muscular endurance, flexibility and body composition. Fitness Activity.

**PED 106  AEROBICS**  
(2A)  1 credit  
This course introduces a program of cardiovascular fitness involving continuous, rhythmic exercise. Emphasis is placed on developing cardiovascular efficiency, strength, and flexibility and on safety precautions. Upon completion, students should be able to select and implement a rhythmic aerobic exercise program. Rhythmic Activity.

**PED 107  AEROBICS DANCE (Beginning)**  
(2A)  1 credit  
PREREQUISITE: PED 106 and/or as required by program.  
This course introduces the fundamentals of step and dance aerobics. Emphasis is placed on basic stepping up, basic choreographed dance patterns, cardiovascular fitness, and upper body, floor, and abdominal exercises. Upon completion, students should be able to participate in basic dance aerobics. Rhythmic activity.

**PED 108  AEROBICS DANCE (INTERMEDIATE)**  
(2A)  1 credit  
PREREQUISITE: PED 107 and/or as required by program.  
This course provides a continuation of step aerobics. Emphasis is placed on a wide variety of choreographed step and dance patterns; cardiovascular fitness; and upper body, abdominal, and floor exercises. Upon completion, students should be able to participate in and design an aerobics routine. Rhythmic activity.

**PED 109  JOGGING**  
(2A)  1 credit  
This course covers the basic concepts involved in safely and effectively improving cardiovascular fitness. Emphasis is placed on walking, jogging, or running as a means of achieving fitness. Upon completion, students should be able to understand and appreciate the benefits derived from these activities. Fitness Activity.

**PED 118  GENERAL CONDITIONING (Beginning)**  
(2A)  1 credit  
PREREQUISITE: PED 118 and/or as required by program.  
This course provides an individualized approach to general conditioning utilizing the five major components. Emphasis is placed on the scientific basis for setting up and engaging in personalized physical fitness and conditioning programs. Upon completion, students should be able to set up and implement an individualized physical fitness and conditioning program. Fitness Activity.

**PED 119  GENERAL CONDITIONING (Intermediate)**  
(2A)  1 credit  
PREREQUISITE: PED 118 and/or as required by program.  
This course is an intermediate-level fitness and conditioning program class. Topics include specific exercises contributing to
fitness and the role exercise plays in developing body systems. Upon completion, students should be able to implement and evaluate an individualized physical fitness and conditioning program.

PED 120  TECHNIQUES OF DUAL AND INDIVIDUAL SPORTS  
(2T)  2 credits  
This course introduces the fundamentals of popular dual and individual sports. Emphasis is placed on rules, equipment, and motor skills used in various sports. Upon completion, students should be able to demonstrate knowledge of the sports covered.

PED 121  BOWLING (Beginning)  
(2A)  1 credit  
This course introduces the fundamentals of bowling. Emphasis is placed on ball selection, grips, stance, and delivery along with rules and etiquette. Upon completion, students should be able to participate in recreational bowling.

PED 122  BOWLING (Intermediate)  
(2A)  1 credit  
PREREQUISITE: PED 121 or Permission of instructor  
This course covers more advanced bowling techniques. Emphasis is placed on refining basic skills and performing advanced shots, spins, pace, and strategy. Upon completion, students should be able to participate in competitive bowling. Individual and dual sport activity.

PED 123  GOLF (Beginning)  
(2A)  1 credit  
This course emphasizes the fundamentals of golf. Topics include the proper grips, stance, alignment, swings for the short and long game, putting, and the rules and etiquette of golf. Upon completion students should be able to perform the basic golf shots and demonstrate a knowledge of the rules and etiquette of golf. Individual and dual sport activity.

PED 124  GOLF (Intermediate)  
(2A)  1 credit  
PREREQUISITE: PED 123 and/or as required by program.  
This course covers the more advanced phases of golf. Emphasis is placed on refining the fundamental skills and learning more advanced phases of the game such as club selection, trouble shots, and course management. Upon completion, students should be able to demonstrate the knowledge and ability to play a recreational round of golf. This is an individual and dual sport activity.

PED 126  RECREATIONAL GAMES  
(2A)  1 credit  
This course is designed to give an overview of a variety of recreational games and activities. Emphasis is placed on the skills and rules necessary to participate in a variety of lifetime recreational games. Upon completion, students should be able to demonstrate an awareness of the importance of participating in lifetime recreational activities. Rhythmic activity.

PED 131  BADMINTON (Beginning)  
(2A)  1 credit  
This course covers the fundamentals of badminton. Emphasis is placed on the basics of serving, clears, drops, drives, smashes and the rules and strategies of singles and doubles. Upon completion, students should be able to apply these skills in playing situations.

PED 133  TENNIS (Beginning)  
(2A)  1 credit  
This course emphasizes the fundamentals of tennis. Topics include basic strokes, rules, etiquette, and court play. Upon completion, students should be able to play recreational tennis.

PED 134  TENNIS (Intermediate)  
(2A)  1 credit  
PREREQUISITE: PED 133 and/or as required by program.  
This course emphasizes the refinement of playing skills. Topics include the development of fundamentals, learning advanced serves, strokes and pace and strategies in singles and doubles play. Upon completion, students should be able to play competitive tennis.

PED 155  SELF-DEFENSE  
(2A)  1 credit  
This course is designed to aid students in developing rudimentary skills in self-defense. Emphasis is placed on stances, blocks, punches, and kicks as well as non-physical means of self-defense. Upon completion, students should be able to demonstrate basic self-defense techniques of a physical and non-physical nature. Rhythmic Activity.

PED 160  SOCIAL DANCE  
(2A)  1 credit  
This course introduces the fundamentals of popular social dance. Emphasis is placed on basic social dance techniques, dances, and a brief history of social dance. Upon completion, students should be able to demonstrate specific dance skills and perform some dances. Rhythmic activity.

PED 163  SQUARE DANCING  
(2A)  1 credit  
This course introduces the terminology and skills necessary to perform square dancing. Topics include working from squared sets-squared circles to squared throughs, right and left throughs, and Dixie Chains. Upon completion, students should be able to perform square dance routines and recognize the calls made for all formations. Rhythmic activity.

PED 171  BASKETBALL (Beginning)  
(2A)  1 credit  
This course covers the fundamentals of basketball. Emphasis is placed on skill development, knowledge of the rules, and basic game strategy. Upon completion, students should be able to participate in recreational basketball.
PED 172  BASKETBALL
(2A)  1 credit
PREREQUISITE: PED 171 and/or as required by program.
This course covers more advanced basketball techniques. Emphasis is placed on refining skills and developing more advanced strategies and techniques. Upon completion, students should be able to play basketball at a competitive level.

PED 176  VOLLEYBALL (Beginning)
(2A)  1 credit
This course covers the fundamentals of volleyball. Emphasis is placed on the basics of serving, passing, setting, spiking, blocking, and the rules and etiquette of volleyball. Upon completion, students should be able to participate in recreational volleyball.

PED 177  VOLLEYBALL (Intermediate)
(2A)  1 credit
PREREQUISITE: PED 176 and/or as required by program.
This course covers more advanced volleyball techniques. Emphasis is placed on refining skills and developing more advanced strategies and techniques. Upon completion, students should be able to participate in competitive volleyball.

PED 181  BASEBALL (Beginning)
(2A)  1 credit
This course covers the fundamentals of baseball. Emphasis is placed on skill development, knowledge of the rules and basic game strategy. Upon completion, students should be able to participate in recreational baseball.

PED 182  BASEBALL (Intermediate)
(2A)  1 credit
This course covers more advanced baseball techniques. Emphasis is placed on refining skills and developing more advanced strategies and techniques. Upon completion, students should be able to play baseball at a competitive level.

PED 186  SOFTBALL (Beginning)
(2A)  1 credit
This course introduces the fundamental skills and rules of softball. Emphasis is placed on proper techniques and strategies for playing softball. Upon completion, students should be able to participate in recreational softball. Team sport activity.

PED 187  SOFTBALL (Intermediate)
(2A)  1 credit
This course presents advanced skills and competitive practice in softball. Emphasis is placed on proper techniques and strategies for playing softball. Upon completion, students should be able to participate in competitive softball.

PED 188  YOGA
(2A)  1 credit
This course introduces basic instruction in yoga for beginners. Emphasis is placed on instruction in gentle stretching, breathing practices, progressive deep relaxation, and posture. Upon completion, students should be able to participate in and appreciate the benefits of the activity. Rhythmic activity.

PED 191  TEAM SPORTS
(2A)  1 credit
This course covers the basic concepts involved in team sport competition. Emphasis will be placed on refining basic skills, rules and regulations, officiating, and team play. Upon completion, students should be able to participate and implement an intramural program.

PED 200  FOUNDATIONS OF PHYSICAL EDUCATION
(3T)  3 credits
In this course, the history, philosophy, and objectives of health, physical education, and recreation are studied with emphasis on the physiological, sociological, and psychological values of physical education. It is required of all physical education majors.

PED 206  SPORTS OFFICIATING
(3T)  3 credits
This course surveys the basic rules and mechanics of officiating a variety of sports, including both team and individual sports. In addition to classwork, students will receive at least 3 hours of practical experience in officiating.

PED 226  HIKING
(2A)  1 credit
This course provides instruction on how to equip and care for one's self on the trail. Topics include clothing, hygiene, trail ethics, and necessary equipment. Upon completion, students should be able to successfully participate in nature trail hikes. Fitness Activity.

PED 227  ANGLING
(2A)  1 credit
This course introduces the sport of angling. Emphasis is placed on fishing with the use of artificial lures. Upon completion, students should be able to cast and retrieve using baitcaster and spinning reels and identify the various types of artificial lures.

PED 236  CANOEING
(2A)  1 credit
This course provides basic instruction for the beginning canoeist. Emphasis is placed on safe and correct handling of the canoe and rescue skills. Upon completion, students should be able to demonstrate basic canoeing, safe-handling, and self-rescue skills.

PED 245  CYCLING
(2A)  1 credit
This course is designed to promote physical fitness through cycling. Emphasis is placed on selection and maintenance of the bicycle gear shifting, pedaling techniques, safety procedures, and conditioning exercises necessary for cycling. Upon completion, students should be able to demonstrate safe handling of a bicycle for recreational use. Fitness Activity.
COURSE DESCRIPTIONS

PED 246 CAMPING (2A) 1 credit
This course is designed to acquaint the beginning camper with outdoor skills. Topics include camping techniques such as cooking and preserving food, safety, and setting up camp. Upon completion, students should be able to set up camp sites in field experiences using proper procedures.

PED 251 VARSITY BASKETBALL (2A) 1 credit
PREREQUISITE: Permission of instructor
This course covers advanced fundamentals of basketball. Emphasis is placed on skill development, knowledge of the rules and basic game strategy. Upon completion, students should be able to participate in competitive basketball.

PED 252 VARSITY BASEBALL (2A) 1 credit
PREREQUISITE: Permission of instructor
This course covers advanced baseball techniques. Emphasis is placed on refining skills and developing more advanced strategies and techniques. Upon completion, students should be able to play baseball at a competitive level.

PED 254 VARSITY SOFTBALL (2A) 1 credit
PREREQUISITE: Permission of instructor
This course introduces the fundamental skills and rules of softball. Emphasis is placed on proper techniques and strategies for playing softball. Upon completion, students should be able to play competitive softball.

PED 257 VARSITY CHEERLEADING (2A) 1 credit
PREREQUISITE: Permission of instructor
This course covers advanced co-ed cheerleading techniques. Emphasis is placed on refining skills and improving all areas related to co-ed cheerleading including: knowledge of safety techniques, partner stunts, tumbling, basket tosses, pyramids, motions, physical conditioning, and mental preparation. Upon completion of this program, students should be able to participate in a competitive program at the university level.

PHILOSOPHY (PHL)

PHL 106 INTRODUCTION TO PHILOSOPHY (3T) 3 credits
This course is an introduction to the basic concepts of philosophy. The literary and conceptual approach of the course is balanced with emphasis on approaches to ethical decision making. The student should have an understanding of major philosophical ideas in an historical survey from the early Greeks to the modern era.

PHL 206 ETHICS AND SOCIETY (3T) 3 credits

PHYSICAL SCIENCE (PHS)

PHS 111 PHYSICAL SCIENCE (3T, 2E) 4 credits
PREREQUISITE: Permission of instructor
This course provides an introduction to the basic principles of geology, oceanography, meteorology, and astronomy for students who do not intend to major in science or engineering. Laboratory is required.

PHS 112 PHYSICAL SCIENCE II (3T, 2E) 4 credits
PREREQUISITE: Permission of instructor
This course provides an introduction to the principles of chemistry and physics for students who do not intend to major in science or engineering. Laboratory is required.

PHYSICAL THERAPIST ASSISTANT (PTA)

PTA 200 PHYSICAL THERAPY ISSUES AND TRENDS (2T) 2 credits
PREREQUISITE: Permission of instructor
This is an introductory course to the trends and issues in physical therapy. Emphasis is placed on areas such as history, practice issues, psychosocial aspects of illness and cultural diversity. Upon completion, the student should be able to discuss trends and issues relevant to physical therapy.

PTA 201 PHYSICAL THERAPY ASSISTANT SEMINAR (2T) 2 credits
This course is a continuing study of issues and trends in physical therapy practice. Emphasis is placed on issues such as licensure, job skills, board exam review, practitioner roles, legal and ethical issues. Upon completion, the student should have acquired necessary skills for transition from student to practitioner.
### COURSE DESCRIPTIONS

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>PTA 202</td>
<td>PTA COMMUNICATION SKILLS</td>
<td>2</td>
<td>This course is the study of verbal and nonverbal communication and documentation in health care. Emphasis will be placed on terminology, format, computer usage, reimbursement, interpersonal communication, and legal issues. Upon completion, the student should be able to discuss and demonstrate communication methods for achieving effective interaction with patients, families, the public and other health care providers.</td>
</tr>
<tr>
<td>PTA 220</td>
<td>FUNCTIONAL ANATOMY AND KINESIOLOGY</td>
<td>3</td>
<td>COREQUISITE: PTA 221 This course provides an in-depth, clinically oriented study of functional anatomy. Emphasis is placed on the musculoskeletal system, nervous system, and study of human movement. Upon completion of the course, the student should be able to identify specific anatomical structures and analyze human movements.</td>
</tr>
<tr>
<td>PTA 221</td>
<td>KINESIOLOGY LAB</td>
<td>1</td>
<td>COREQUISITE: PTA 220 This laboratory course allows for a hands on appreciation of functional anatomy and kinesiology. Emphasis may include muscle and joint function, ROM/strength testing, palpation skills and exercise concepts. Upon completion, the student should be able to integrate content areas into an understanding of normal gait posture and movement patterns.</td>
</tr>
<tr>
<td>PTA 230</td>
<td>NEUROSCIENCE</td>
<td>2</td>
<td>This course provides students with an overview of the neuroanatomy of the CNS and PNS, as it relates to treatment necessary for patients with dysfunctions of these systems. Emphasis includes the structure and function of the nervous system, neurophysiological concepts, human growth and development, and neurologic dysfunctions. Upon completion of this course, the student should be able to identify and discuss specific anatomical structures, functions of the nervous system, basic concepts of human growth and development, and identify neurologic pathologies.</td>
</tr>
<tr>
<td>PTA 231</td>
<td>REHABILITATION TECHNIQUES</td>
<td>2</td>
<td>COREQUISITE: PTA 241 This course allows for hands on appreciation of advanced rehabilitation techniques. Emphasis is on orthopedic and neurologic treatment techniques, therapeutic exercise procedures and analysis and treatment of pathologic gait. Upon completion, the student should be able to demonstrate an understanding of advanced rehabilitation techniques appropriate to orthopedic and neurologic dysfunctions.</td>
</tr>
<tr>
<td>PTA 232</td>
<td>ORTHOPEDICS FOR THE PTA</td>
<td>2</td>
<td>This course provides the student with an overview of orthopedic conditions seen in physical therapy. Emphasis is on the study of orthopedic conditions and appropriate physical therapy intervention and a review of related anatomical structures. Upon completion of the course, the student should be able to discuss PT interventions for common orthopedic conditions.</td>
</tr>
<tr>
<td>PTA 240</td>
<td>PHYSICAL DISABILITIES I</td>
<td>2</td>
<td>PREREQUISITE: PTA 240 COREQUISITE: PTA 220 This course presents the student with a body systems approach to the etiology, pathology, signs/symptoms and treatment of conditions seen in PT. Emphasis may include conditions most commonly treated in physical therapy. Upon completion, the student should be able to discuss basic pathological processes, treatment options and prognoses of conditions studied.</td>
</tr>
<tr>
<td>PTA 241</td>
<td>PHYSICAL DISABILITIES II</td>
<td>2</td>
<td>PREREQUISITE: PTA 240 COREQUISITE: PTA 231 This course continues a body systems approach to study of common PT pathologies. Emphasis includes various neurological pathologies with additional focus on the needs of special populations. Upon completion, the student should be able to discuss PT interventions appropriate to a variety of diagnoses.</td>
</tr>
<tr>
<td>PTA 250</td>
<td>THERAPEUTIC PROCEDURES I</td>
<td>4</td>
<td>PREREQUISITE: PTA 240 This laboratory course provides a hands on introduction to the principles and procedures of therapeutic physical therapy intervention. Emphasis is on basic patient care skills and procedures utilized in physical therapy. Upon completion, the student should be able to demonstrate safe and effective delivery of those procedures with an in-depth understanding of the rationale for each treatment.</td>
</tr>
<tr>
<td>PTA 251</td>
<td>THERAPEUTIC PROCEDURES II</td>
<td>4</td>
<td>PREREQUISITE: PTA 250 COREQUISITE: PTA 252 This laboratory course is a continued study of the principles and procedures of therapeutic PT intervention. Emphasis is on advanced physical therapy interventions and procedures and their rationale. Upon completion, the student should be able to demonstrate safe and effective delivery with an in-depth understanding of each.</td>
</tr>
<tr>
<td>PTA 252</td>
<td>PHYSICAL AGENTS AND THERAPEUTIC MODALITIES</td>
<td>2</td>
<td>COREQUISITE: PTA 251 This course provides the student with the theoretical basis for the use of physical agents such as heat, cold, electricity, light, water and therapeutic modalities utilized in physical therapy. Emphasis is placed on modalities such as hydrotherapy, various forms of electrical stimulation, ultrasound, traction...</td>
</tr>
</tbody>
</table>
and diathermy. Upon completion of the course, the student will understand the physiological effects, indications and contraindication, advantage and disadvantage of utilizing these modalities in physical therapy.

PTA 260  CLINICAL EDUCATION I  (5P5)  1 credit
This clinical experience is designed to introduce the student to the practice of physical therapy through interaction in the health care environment. The course entails on-going communication between the clinical instructor, student and course coordinator. Upon completion of the course, the student should be able to safely and effectively apply procedures and techniques previously attained in the classroom.

PTA 261  CLINICAL EDUCATION II  (5P5)  1 credit
PREREQUISITE: PTA 260
This clinical class is a continuation of PTA 260 which is designed to introduce the student to the practice of physical therapy through interaction in the health care environment. The course entails on-going communication between the clinical instructor, student, and course coordinator. The student will safely and effectively apply procedures and techniques previously attained in the classroom.

PTA 263  CLINICAL AFFILIATION I  (15P5)  3 credits
This clinical class will provide clinical interaction in the health care environment. The course entails on-going communication between the clinical instructor, student, and course coordinator. Upon completion, the student should be able to safely and effectively apply procedures and techniques previously attained in the classroom.

PTA 266  CLINICAL FIELD WORK I  (10P5)  2 credits
This clinical class will provide an intensive and extended clinical interaction in the health care environment. The course entails on-going communication between the clinical instructor, student, and course coordinator. The student will safely and effectively apply procedures and techniques previously attained in the classroom.

PTA 267  CLINICAL FIELD WORK II  (10P5)  2 credits
This clinical class is a continuation of PTA 266 and will provide clinical interaction in the health care environment. The course entails on-going communication between the clinical instructor, student and course coordinator. The student will safely and effectively apply procedures and techniques previously attained in the classroom.

PTA 290  THERAPEUTIC EXERCISE  (3S)  1 credit
COREQUISITE: PTA 232

This lab course covers exercise techniques commonly used in PTA practice. It may include aquatics, isometric, isotonic, isokinetic, plyometric, Swiss ball, and aerobic exercise. Upon completion of the course, the student should have entry level skills in exercise application.

PHYSICS (PHY)

PHY 213  GENERAL PHYSICS WITH CALCULUS I  (3T, 2E)  4 credits
PREREQUISITE: MTH 125
This course provides a calculus-based treatment of the principal subdivisions of classical physics: mechanics and energy. Laboratory is required.

PHY 214  GENERAL PHYSICS WITH CALCULUS II  (3T, 2E)  4 credits
PREREQUISITE: PHY 213
This course provides a calculus-based study in classical physics. Topics included are simple harmonic motion, waves, sound, light, optics, electricity and magnetism. Laboratory is required.

PHY 218  MODERN PHYSICS  (3T, 2E)  4 credits
PREREQUISITE: PHY 214 and MTH 227
The focus of this course is the development of the theory of relativity, the old quantum theory of Planck, Einstein, Bohr and Sommerfeld, and the new quantum physics of Schroedinger, Heisenberg, Dirac and Pauli. Laboratory experiments illustrate the principles discussed and include, but are not limited to, determination of the speed of light, charge and charge to mass ratio of the electron, the Planck constant and the Rydberg constant. Laboratory is required.

PROCESS TECHNOLOGY (PCT)

PCT 100  FUNDAMENTALS OF PROCESS TECHNOLOGY  (3T)  3 credits
This course will provide an overview and introduction to process operations within process industries. Topics will include process technician duties and responsibilities, an introduction to plant process flows, process types of equipment and controls, process utilities, and how these systems operate.

PCT 105  PROCESS TECHNOLOGY I - EQUIPMENT  (3T, 2E)  4 credits
PREREQUISITE: PCT 100
This course provides an overview or introduction into the field of process technology equipment within the process industry. Students will be introduced to many process industry related equipment concepts including purpose, components, operation, and Process Technicians’ role for operating and troubleshooting the equipment.

PCT 115  INSTRUMENTATION I  (2T, 2E)  3 credits
This course covers process variables and various instruments
used to sense, measure, transmit and control these variables. Introduces the students to control loops and the elements that are found in different types of loops, such as controllers, regulators and final control elements. Concludes with a study of instrumentation drawings and diagrams and a unit on troubleshooting instrumentation.

**PCT 215 INSTRUMENTATION II**  
(3T, 2E) 4 credits  
**PREREQUISITE:** PCT 115  
This course introduces the student to switches, relays and annunciators systems and moves on to discuss signal conversion and transmission. Students move on to learn about digital control, programmable logic control and distributed control systems before ending the course with a discussion of instrumentation power supplies, emergency shutdown systems and instrumentation malfunctions.

**PCT 220 PROCESS TECHNOLOGY II, SYSTEMS**  
(3T, 2E) 4 credits  
**PREREQUISITE:** PCT 105  
This course is a study of the interrelations of process equipment and process systems. Students will be able to arrange process equipment into systems, describe the purpose and function of specific process systems, explain how factors affecting process systems are controlled under normal conditions, and recognize abnormal process conditions. Students are also introduced to the concept of system process control and manufacturing plant process economics.

**PCT 230 PROCESS TECHNOLOGY III, OPERATIONS**  
(3T, 2E) 4 credits  
**PREREQUISITES:** PCT 215 and PCT 220  
**COREQUISITE:** PCT 240  
This course provides an overview or introduction into the field of operations within the process industry. Students will use existing knowledge of equipment, systems and instrumentation to understand the operation of an entire unit including using a Process Control simulator.

**PCT 240 PROCESS TROUBLESHOOTING**  
(3T, 2E) 4 credits  
**PREREQUISITES:** PCT 215 and PCT 220  
**COREQUISITE:** PCT 230  
This course involves instruction in different types of troubleshooting techniques, procedures, and methods used to solve process problems. Topics include application of data collection and analysis, cause-effect relationships and reasoning. In addition to troubleshooting static equipment problems as presented within a textbook, dynamic problems will also be presented via a process simulator for problem resolution by the student.

---

**POLITICAL SCIENCE (POL)**

**POL 200 INTRODUCTION TO POLITICAL SCIENCE**

---

**PSYCHOLOGY (PSY)**

**POL 211 AMERICAN NATIONAL GOVERNMENT**  
(3T) 3 credits  
This course surveys the background, constitutional principles, organization, and operation of the American political system. Topics include the U.S. Constitution, federalism, civil liberties, civil rights, political parties, interest groups, political campaigns, voting behavior, elections, the presidency, bureaucracy, Congress, and the justice system. Upon completion, students should be able to identify and explain relationships among the basic elements of American government and function as more informed participants of the American political system.

**POL 220 STATE AND LOCAL GOVERNMENT**  
(3T) 3 credits  
This course is a study of the forms of organization, functions, institutions, and operation of American state and local governments. Emphasis is placed on the variety of forms and functions of state and local governments, with particular attention to those in Alabama and to the interactions between state and local government and the national government. Upon completion, students should be able to identify elements of and explain relationships among the state, local, and national governments of the U.S. and function as more informed participants of state and local political systems.

**POL 299 DIRECTED STUDIES**  
1-3 credits*  
**PREREQUISITE:** Recommendation of instructor and approval of academic division dean  
This course provides opportunities for non-traditional exploration of selected topics in political science. Emphasis is placed on knowledge and experience students gain through learning activities such as guided reading, internships, and programs combining personal experience with related intensive study. Upon completion, students should be able to prepare papers, presentations, or other projects on approved topics related to their individual experiences.  
*Credit to be determined from appropriate contact-to-credit ratio formula.
PSY 200  GENERAL PSYCHOLOGY 
(3T)  3 credits 
This course is a survey of behavior with an emphasis on psychological processes. This course includes the biological bases for behavior, thinking, emotion, motivation, and the nature and development of personality.

PSY 208  CONTEMPORARY ISSUES IN PSYCHOLOGY 
(3T)  3 credits 
PREREQUISITE: PSY 200  
This course is a study of selected topics in general psychology.

PSY 210  HUMAN GROWTH AND DEVELOPMENT 
(3T)  3 credits 
PREREQUISITE: PSY 200  
This course is a study of the psychological, social and physical factors that affect human behavior from conception to death.

PSY 211  CHILD GROWTH AND DEVELOPMENT 
(3T)  3 credits 
PREREQUISITE: PSY 200  
This course is a systematic study of the behavior and psychological development of the child from conception to adolescence. Emphasis will be placed on principles underlying physical, mental, emotional and social development, methods of child study, and practical implications.

PSY 220  HUMAN SEXUALITY 
(3T)  3 credits 
This course is a comprehensive and integrated approach to human sexuality emphasizing biological, psychological, social and emotional aspects.

PSY 230  ABNORMAL PSYCHOLOGY 
(3T)  3 credits 
PREREQUISITE: PSY 200  
This course is a survey of abnormal behavior and its social and biological origins. The anxiety related disorders, psychoses, personality disorders and mental deficiencies will be covered.

PSY 250  SOCIAL PSYCHOLOGY 
(3T)  3 credits 
PREREQUISITE: PSY 200  
This course is a study of social factors as they influence individual behavior.

PSY 260  STATISTICS FOR THE SOCIAL SCIENCES 
(3T)  3 credits 
This course is an introduction to the basic statistical concepts, measures, and techniques used in social science research and report writing. It includes both descriptive and inferential statistics.

PSY 276  HUMAN RELATIONS 
(3T)  3 credits 
PREREQUISITE: Permission of instructor

This course focuses on readings, inter- and intra- personal experiences, individual testing, employer visits and open discussions. Its goal is to assist the student in making a successful transition from classroom to the world of work.

RDG 085  DEVELOPMENTAL READING 
(3T)  3 credits 
PREREQUISITE: PSY 200  
This course is designed to improve reading and critical thinking skills. Topics include vocabulary enhancement; extracting implied meaning; analyzing author's purpose, tone, and style; and drawing conclusions and responding to written material. Upon completion, students should be able to comprehend and analyze college-level material.

NOTE: Students who score at or below 66 on the Compass Reading Test will be required to take RDG 085 during their first or second semester at Calhoun.

REL 100  HISTORY OF WORLD RELIGIONS 
(3T)  3 credits 
This course is designed to acquaint the student with the beliefs and practices of the major contemporary religions of the world. This includes the religions of Africa, the Orient, and the western world. The student should have an understanding of the history and origins of the various religions of the world.

REL 119  INTERPRETING THE BIBLE 
(3T)  3 credits 
This course is an attempt to understand the method of dealing with scripture as the word of God. Attention is given to different approaches to interpretation and suggestions are provided for legitimate application. The student should develop a greater understanding of the Bible as a result of this course.

REL 151  SURVEY OF THE OLD TESTAMENT 
(3T)  3 credits 
This course is an introduction to the content of the Old Testament, with emphasis on the historical context and contemporary theological and cultural significance of the Old Testament. The student should have an understanding of the significance of the Old Testament writings upon completion of this course.

REL 152  SURVEY OF THE NEW TESTAMENT 
(3T)  3 credits 
This course is a survey of the books of the New Testament, with special attention focused on the historical and geographical setting. The student should have an understanding of the books of the New Testament and the cultural and historical events associated with these writings.
Course Descriptions

REN 105  RENEWABLE TECHNOLOGY AWARENESS  
(1T)  1 credit
This course provides a comprehensive overview of renewable technology. Subjects covered in this course include energy analysis and awareness, HVAC ratings and options, electrical production and consumption, plumbing for conservation, hot water, landscaping, fire protection, wastewater reuse, and LEED certification. Students will also learn about local, state and national codes and regulations. A presentation of current government rebates and tax credits will be included.

REN 115  PHOTOVOLTAIC PRINCIPLES & DESIGN  
(1T, 4E)  3 credits
PREREQUISITE: ELT 108 and ELT 109  
COREQUISITE: REN 215
This course covers principles and design of photovoltaic (PV) systems. Upon completion of the course, students should have demonstrated a basic understanding of PV markets and applications, safety basics, electricity basics, solar energy fundamentals, PV module fundamentals, system components, PV system sizing and electrical and mechanical design, and performance analysis, maintenance and troubleshooting. The course prepares the student to take the National American Board of Certified Energy Practitioners (NABCEP) PV Entry Level Exam. Though highly recommended, taking the exam is not a mandatory requirement of the course.

REN 205  SOLAR THERMAL PRINCIPLES  
(1T, 4E)  3 credits
This course provides a comprehensive overview of solar thermal design, installation and troubleshooting. Topics include solar space heating, solar hot water, solar pool heating and solar cooling for both new and existing construction. Students will learn to assess the viability of solar thermal energy for given factors. Students will also learn about local, state and national codes and regulations. This course will cover all topics required by the National Board of Certified Energy Practitioners (NABCEP).

REN 215  PHOTOVOLTAIC SYSTEM INSTALLATION & SERV. PROCED.  
(1T, 4E)  3 credits
PREREQUISITE: ELT 108 and ELT 109  
CO-REQUISITE: REN 115
This course covers installation and servicing procedures related to photovoltaic (PV) systems. Upon completion of the course, students should have demonstrated a basic understanding of related safety, site surveys, mechanical and electrical design, installation process, performance analysis, troubleshooting and maintenance. The course prepares the student to take the National American Board of Certified Energy Practitioners (NABCEP) Solar PV Installer Certification Exam. Though highly recommended, taking the exam is not a mandatory requirement of the course.

SAL 133  SALON MANAGEMENT TECHNOLOGY

SALON & SPA MANAGEMENT (SAL)

SAL 201  ENTREPRENEURSHIP FOR SALON/SPA  
(3T)  3 credits
This course covers the important issues and critical steps involved in starting a new business from scratch. Topics covered include developing a business plan, creating a successful marketing strategy, setting up the legal basis for business, raising start-up funds, attracting and managing human resources, managing costs and developing a custom base.

SOCIOLOGY (SOC)

SOC 200  INTRODUCTION TO SOCIOLOGY  
(3T)  3 credits
This course is an introduction to vocabulary, concepts, and theory of sociological perspective of human behavior.

SOC 208  INTRODUCTION TO CRIMINOLOGY  
(3T)  3 credits
This course delves into the nature and extent of crime in the United States, as well as criminal delinquent behavior and theories of causation. The study includes criminal personalities, principles of prevention, control and treatment.

SOC 209  JUVENILE DELINQUENCY  
(3T)  3 credits
PREREQUISITE: SOC 200
This course examines the causes of delinquency. It also reviews programs of prevention and control of juvenile delinquency, as well as the role of the courts.

SOC 247  MARRIAGE AND THE FAMILY  
(3T)  3 credits
The course is a study of family structures and families in a modern society. It covers preparation for marriage, as well as sociological, psychological, biological, and financial factors relevant to success in marriage and family life.

SOC 296  DIRECTED STUDIES IN SOCIOLOGY  
(1-3T)  1-3 credits
PREREQUISITE: SOC 200
This course provides students with opportunities to have “hands-on” experience with research methods used in the behavioral sciences or to complete directed readings under faculty supervision.

SPANISH (SPA)
SPA 101  INTRODUCTORY SPANISH I  
(4T) 4 credits  
PREREQUISITE: Grade of “C” or better in ENG 093 or satisfactory ACT, SAT or placement score  
This course provides an introduction to Spanish. Topics include the development of basic communication skills and the acquisition of basic knowledge of the cultures of Spanish speaking areas.

SPA 102  INTRODUCTORY SPANISH II  
(4T) 4 credits  
PREREQUISITE: SPA 101 or Equivalent  
This continuation course includes the development of basic communication skills and the acquisition of basic knowledge of the cultures of Spanish speaking areas.

SPA 201  INTERMEDIATE SPANISH I  
(3T) 3 credits  
PREREQUISITE: SPA 102 or Equivalent  
This course includes a review and further development of communication skills. Topics include readings of literary, historical, and/or cultural texts.

SPA 202  INTERMEDIATE SPANISH II  
(3T) 3 credits  
PREREQUISITE: SPA 201  
This continuation course includes a review and further development of communication skills. Topics include readings of literary, historical, and/or cultural texts.

SPH 106  FUNDAMENTALS OF ORAL COMMUNICATION  
(3T) 3 credits  
This is a performance course that includes the principles of human communication: intrapersonal, interpersonal and public. It surveys current communication theory and provides practical application.

SPH 107  FUNDAMENTALS OF PUBLIC SPEAKING  
(3T) 3 credits  
This course explores principles of audience and environment analysis as well as the actual planning, rehearsing and presenting of formal speeches to specific audiences. Historical foundations, communication theories and student performances are emphasized. Students prepare and deliver short speeches, practice analytical listening, and engage in various communication exercises.

SPH 206  ORAL INTERPRETATION  
(3T) 3 credits  
This course is designed to help students develop specific skills in the analysis and oral interpretation of poetry, prose, and drama. It includes a study of the elements of oral communication such as imagery, structure, and dramatic timing. Opportunity is given for public/classroom performance of literature.

SWT 109  TECHNIQUES OF BEHAVIOR MODIFICATION I  
(3T) 3 credits  
In this course, the student will demonstrate the ability to decrease inappropriate behaviors and to shape appropriate behavior through the use of behavior modification techniques.

SWT 130  THE COMMUNITY AND THE SOCIAL WORKER  
(3T) 3 credits  
This course is designed to acquaint the student with the demographic, economic and cultural composition of the community. The student will develop technical skills for making practical application of available resources for enhancing the quality of life within the community.

SWT 131  PROBLEMS OF CHILDREN AND YOUTH  
(3T) 3 credits  
This course develops an understanding of the emotional, social, psychological, and physical needs of children and youth. This course presents the influences and responsibilities of natural and surrogate parents. The student becomes familiar with the nature and causes of the more common problems and develops skills for assisting with the prevention and/or improvement of problems common among children and youth.

SWT 133  GERIATRICS  
(3T) 3 credits  
This course includes the study of the needs of making adjustments to retirement, activities and hobbies of the older person, and community agencies available for the aged. This course will include common psychological and physical problems of the aging. Actual experience will be provided in helping the elderly accept the changes in later life and teaching them of the many services available to them.

SWT 138  COUNSELING FROM A CULTURAL PERSPECTIVE  
(3T) 3 credits  
This course will acquaint the students with some of the problems facing minorities. It will stress the importance of the counselor's knowledge of, and sensitivity to, the minority client experiences and how these experiences are greater now than they have been at any time in the past three decades. This course will help counselors and mental health practitioners maximize their effectiveness when working with a culturally diverse population. The student will learn to establish the necessary and sufficient conditions of a counseling relationship with clients who are culturally different. Similarities in race, ethnicity, and culture will be stressed.

SUR 100  PRINCIPLES OF SURGICAL TECHNOLOGY  
(3T, 6S) 5 credits  
PREREQUISITES: Admission to the Surgical Technology Program and EMS 106
COREQUISITES: SUR 102, SUR 107 and SUR 108
This course is an introduction to the field of surgical technology as a career. Emphasis is on the role of the surgical technologist, principles of asepsis, principles of patient care, operative techniques, blood-borne pathogens, safety, and pharmacology. Additionally, the principles of microbiology, and professional, ethical, and legal responsibilities of the surgical team will be covered. Upon completion, the student should be able to demonstrate practical application of the basic principles and skills of the surgical technologist.

SUR 102  APPLIED SURGICAL TECHNOLOGIES
(2T, 6S) 4 credits
PREREQUISITES: Admission to the Surgical Technology Program and EMS 106
COREQUISITES: SUR 100, SUR 102, SUR 107 and SUR 108
This course is the application of principles of asepsis and the role of the surgical technologist. Emphasis is placed on creating and maintaining a sterile environment, identification of surgical instruments, equipment, and supplies, proper patient positioning for surgical procedures, and applying skills of intra-operative procedures. Upon completion of this course, the student should be able to name and select basic surgical instruments, supplies, and equipment, participate in mock surgical procedures.

SUR 103  SURGICAL PROCEDURES
(3T, 6S) 5 credits
PREREQUISITES: SUR 100, SUR 102, SUR 107 and SUR 108
COREQUISITE: SUR 104
This course is a study of surgical procedures as they relate to anatomy, pathology, specialty equipment, and team responsibility. Patient safety is emphasized and medications used in surgery are discussed. Upon completion of the course, the student should be able to participate in surgical procedures in the operating room.

SUR 104  SURGICAL PRACTICUM I
(20PS) 4 credits
PREREQUISITES: SUR 100, SUR 102, SUR 107 and SUR 108
COREQUISITE: SUR 103
This course is the application of surgical principles in the perioperative setting. Emphasis is placed on application of surgical technology skills. Upon completion of the course, the student should be able to participate in the surgical technologist role.

SUR 105  SURGICAL PRACTICUM II
(1T, 20PS) 5 credits
PREREQUISITES: SUR 103 and SUR 104
COREQUISITE: SUR 106
This clinical experience allows the student to practice in the health care environment using entry level skills attained in previous classroom laboratory and clinical instruction. In addition to clinical skills, emphasis is placed on specialty surgical procedures, the study of trends, professional and interpersonal skills in the health care setting, and case review. Upon completion of this course, the student should be able to apply concepts of surgical technology at the entry level.

SUR 106  ROLE TRANSITION IN SURGICAL TECHNOLOGY
(1T) 1 credit
PREREQUISITES: SUR 103 and SUR 104
COREQUISITE: SUR 105
This course is designed to provide specialized instruction for the student preparing to transition into the field of Surgical Technology. Emphasis is on review of content specific to the practice of surgical technology and preparation for the NBSTSA certification examination. Upon completion of this course, the student will be able to demonstrate readiness to take the certification examination.

SUR 107  SURGICAL ANATOMY AND PATHOPHYSIOLOGY
(3T) 3 credits
PREREQUISITES: Admission to the program and EMS 106
COREQUISITES: SUR 100, SUR 102 and SUR 108
This course is an overview of surgical anatomy and pathophysiology. Emphasis is placed on the organization structure of the body, organ systems, relevant surgical pathophysiology, and related medical terminology. Upon completion, the student should be able to apply knowledge of anatomy in the clinical environment.

SUR 108  PHARMACOLOGY FOR THE SURGICAL TECHNOLOGIST
(2T) 2 credits
PREREQUISITES: Admission to the program and EMS 106
COREQUISITES: SUR 100, SUR 102 and SUR 107
A study of basic pharmacology as it relates to the practice of the surgical technologist. Topics covered include basic conversions, calculations, classifications, desired effects and side effects, terminology, care and safe handling of medications, as well as a comprehensive review of surgical medications. Upon completion of the course, students should be able to recognize and properly manage pharmacologic agents commonly used in the surgical environment.

SUR 204  SURGICAL PRACTICUM III
(4C) 4 credits
PREREQUISITE: Admission to the program and/or as required by the Department
This course is the continuation of the study and application of surgical principles in the perioperative setting. Emphasis is placed on application of the surgical technologist role. Upon completion of the course, the student should be able to function as a surgical technologist in the operating room. Program may use P3 or P5 contact/credit hour ratio for clinical hours.

THR 113, 114, 115  THEATRE WORKSHOP I, II, III
(2T) 2 credits each
These courses provide practical experience in the production and performance of a dramatic presentation with assignments in scenery, lighting, props, choreography, sound, costumes, make-up, publicity, acting, directing, and other aspects of theatre production.
THR 120 THEATRE APPRECIATION
(3T) 3 credits
This course is designed to increase appreciation of contemporary theatre. Emphasis is given to the theatre as an art form through the study of the history and theory of drama and the contributions of playwright, actor, director, designer, and technician to modern media. Attendance at theatre productions is required.

THR 126 INTRODUCTION TO THE THEATRE
(3T) 3 credits
This course is designed to teach the history of the theatre and the principles of drama. It also covers the development of theatre production and the study of selected plays as theatrical presentations.

THR 131 ACTING TECHNIQUES I
(3T) 3 credits
This is the first of a two-course sequence in which the student will focus on the development of the body and voice as the performing instruments in acting. Emphasis is placed on pantomime, improvisation, acting exercises, and building characterizations in short acting scenes. Students will participate in a theatre production.

THR 132 ACTING TECHNIQUES II
(3T) 3 credits
PREREQUISITE: THR 131
This course is a continuation of THR 131. Students will participate in a theatre production.

THR 241 VOICE AND SPEECH FOR THE PERFORMER
(3T) 3 credits
This is a beginning course in the effective and healthy use of the vocal instrument for performance. It is designed to approach both the physical and mental processes of vocal production and includes the following: learning a physical/vocal warm-up, dialect reduction, articulation, class performance and written exams.

VISUAL COMMUNICATIONS (VCM)

CAT 283 GRAPHICS AND ANIMATION
(1T, 2E, 3M) 3 credits
PREREQUISITE: ART 221
This course is designed to tap the imagination of the student in a three-dimensional problem solving environment. Topics include a basic introduction to the concepts of 3D design and animation as applied to a design project. Upon completion, students should be able to create and animate objects in a three-dimensional environment.

VCM 145 INTRODUCTION TO DIGITAL PHOTOGRAPHY
(3T) 3 credits
This course is an introduction to digital photography. Emphasis is placed on aesthetic as well as technical aspects of photography. Upon completion, the student should understand quality in photography and be able to apply the techniques necessary to produce professional photographs. This is a CORE course.

VCM 146 DIGITAL PHOTOGRAPHY
(3T) 3 credits
PREREQUISITE: VCM 145 or Permission of instructor
This course explores various uses of digital photography. Subjects may include studio, portrait, landscape and other areas of photography. Upon completion, the student should be able to apply the techniques necessary to produce professional photographs of a variety of subjects.

VCM 150 TYPOGRAPHY
(2T, 1E) 3 credits
PREREQUISITE: ART 221
This course is an introduction in using type in graphic design. Emphasis is on typographic techniques used in layout and graphic design. Upon completion, the student should be able to view type as a design element.

VCM 180 INTRODUCTION TO GRAPHIC DESIGN
(2T, 1E) 3 credits
This course is an introduction to the various elements of graphic design. Emphasis is on aspects of production design including layout, typography, graphic photography, computer graphics and printing techniques. Upon completion, students should have a basic understanding of the graphics process from concept through production.

VCM 232 ADVANCED COMPUTER GRAPHICS
(2T, 1E) 3 credits
This course is designed to acquaint the student with computer graphics. Topics include illustration and image manipulation. Upon completion, students should be able to apply design principles to computer graphics.

VCM 250 INTRODUCTION TO TECHNICAL ILLUSTRATION
(2T, 2E) 3 credits
PREREQUISITE: ART 221 or Permission of instructor
This course focuses on technical drawings prepared for industry. Topics include perspective and axonometric drawing. Upon completion, students should be able to apply basic drawing and design principles to technical drawings.

VCM 251 TECHNICAL ILLUSTRATION
(2T, 1E) 3 credits
PREREQUISITE: VCM 250
This course focuses on renderings prepared for industry. Various techniques are used to illustrate charts, graphs, perspective and axonometric drawings and enhanced assembly views. Upon completion, students should be able to apply design principles to technical drawings and highly creative drawings using technical skills.

VCM 281 DIGITAL DESIGN
(3T) 3 credits
PREREQUISITE: ART 221 and VCM 232 or Permission of instructor
This course focuses on products for digital media. Emphasis is on creativity and an understanding of software and production. Upon completion, the student should be able to apply creative design and production skills to finished projects.

**VCM 282 ADVANCED DIGITAL DESIGN**  
**(3T) 3 credits**  
**PREREQUISITE: ART 221 and VCM 232 or Permission of instructor**  
This course focuses on advanced applications in the production of digital design. Emphasis is on computer skills, creativity & design. Upon course completion, students should be able to create a multimedia production.

**VCM 285 MULTIMEDIA PRODUCTION**  
**(3T) 3 credits**  
**PREREQUISITE: ART 221 and VCM 232 or Permission of instructor**  
This course introduces the student to multimedia production. Emphasis is on production design, creativity, visual design, and technical skills. Upon course completion, students should be able to create a multimedia production.

**VCM 286 ADVANCED MULTIMEDIA PRODUCTION**  
**(3T) 3 credits**  
**PREREQUISITE: VCM 285 or Permission of instructor**  
This course focuses on advanced multimedia production. Emphasis is on comprehensive interactive multimedia production. Upon course completion, students should be able to apply creative design and production skills to finished interactive projects.

**WELDING (WDT)**

**WDT 108 SMAW FILLET/OFC (2T, 3M)**  
**(3T) 3 credits**  
**COREQUISITE: WDT 122**  
This course provides the student with instruction on safety practices and terminology in the Shielded Metal Arc Welding (SMAW) process. Emphasis is placed on safety, welding terminology, equipment identification, set-up and operation, and related information in the SMAW process. This course also covers the rules of basic safety and identification of shop equipment and provides the student with the skills and knowledge necessary for the safe operation of oxy-fuel cutting. This is a CORE course.

**WDT 109 SMAW FILLET/PAC/CAC (2T, 3M)**  
**(3T) 3 credits**  
**COREQUISITE: WDT 123**  
This course provides the student with instruction on safety practices and terminology in the Shielded Metal Arc Welding (SMAW) process. Emphasis is placed on safety, welding terminology, equipment identification, set-up and operation, and related information in the SMAW process. This course also covers the rules of basic safety and identification of shop equipment and provides the student with the skills and knowledge necessary for the safe operation of carbon and plasma arc cutting. This is a CORE course.

**WDT 110 INDUSTRIAL BLUEPRINT READING**  
**(3T) 3 credits**  
This course provides students with the understanding and fundamentals of industrial blueprint reading. Emphasis is placed on reading and interpreting lines, views, dimensions, weld joint configurations and weld symbols. Upon completion, students should be able to interpret welding symbols and blueprints as they apply to welding and fabrication. This is a CORE course.

**WDT 115 GTAW CARBON PIPE**  
**(1T, 6M) 3 credits**  
**PREREQUISITES: WDT 228 AND WDT 268**  
**COREQUISITE: WDT 155**  
This course is designed to provide the student with the practices and procedures of welding carbon pipe using the gas tungsten arc weld (GTAW) process. Emphasis is placed on pipe positions, filler metal selection, purging gasses, joint geometry, and joint preparation and fit-up. Upon completion, students should be able to identify pipe positions, filler metals, purging gas, proper joint geometry, and joint preparation and fit-up to the applicable code.

**WDT 119 GAS METAL ARC/FLUX CORED ARC WELDING**  
**(2T, 3M) 3 credits**  
**COREQUISITE: WDT 124**  
This course introduces the student to the gas metal arc and flux cored arc welding process. Emphasis is placed on safe operating practices, handling and storage of compressed gasses, process principles, component identification, various welding techniques and base and filler metal identification. This is a CORE course.

**WDT 120 SHIELDED METAL ARC WELDING GROOVE**  
**(2T, 3M) 3 credits**  
**PREREQUISITES: WDT 108, WDT 109, WDT 122, WDT 123**  
**COREQUISITE: WDT 125**  
This course provides the student with instruction on joint design, joint preparation, and fit-up of groove welds in accordance with applicable welding codes. Emphasis is placed on safe operation, joint design, joint preparation, and fit-up. Upon completion, students should be able to identify the proper joint design, joint preparation and fit-up groove welds in accordance with applicable welding codes. This is a CORE course.

**WDT 111 INDUSTRIAL BLUEPRINT READING**  
**(3T) 3 credits**  
This course provides students with the understanding and fundamentals of industrial blueprint reading. Emphasis is placed on reading and interpreting lines, views, dimensions, weld joint configurations and weld symbols. Upon completion, students should be able to interpret welding symbols and blueprints as they apply to welding and fabrication. This is a CORE course.

**WDT 115 GTAW CARBON PIPE**  
**(1T, 6M) 3 credits**  
**PREREQUISITES: WDT 228 AND WDT 268**  
**COREQUISITE: WDT 155**  
This course is designed to provide the student with the practices and procedures of welding carbon pipe using the gas tungsten arc weld (GTAW) process. Emphasis is placed on pipe positions, filler metal selection, purging gasses, joint geometry, and joint preparation and fit-up. Upon completion, students should be able to identify pipe positions, filler metals, purging gas, proper joint geometry, and joint preparation and fit-up to the applicable code.

**WDT 120 SHIELDED METAL ARC WELDING GROOVE**  
**(2T, 3M) 3 credits**  
**PREREQUISITES: WDT 108, WDT 109, WDT 122, WDT 123**  
**COREQUISITE: WDT 125**  
This course provides the student with instruction on joint design, joint preparation, and fit-up of groove welds in accordance with applicable welding codes. Emphasis is placed on safe operation, joint design, joint preparation, and fit-up. Upon completion, students should be able to identify the proper joint design, joint preparation and fit-up groove welds in accordance with applicable welding codes. This is a CORE course.

**WDT 111 INDUSTRIAL BLUEPRINT READING**  
**(3T) 3 credits**  
This course provides students with the understanding and fundamentals of industrial blueprint reading. Emphasis is placed on reading and interpreting lines, views, dimensions, weld joint configurations and weld symbols. Upon completion, students should be able to interpret welding symbols and blueprints as they apply to welding and fabrication. This is a CORE course.

**WDT 115 GTAW CARBON PIPE**  
**(1T, 6M) 3 credits**  
**PREREQUISITES: WDT 228 AND WDT 268**  
**COREQUISITE: WDT 155**  
This course is designed to provide the student with the practices and procedures of welding carbon pipe using the gas tungsten arc weld (GTAW) process. Emphasis is placed on pipe positions, filler metal selection, purging gasses, joint geometry, and joint preparation and fit-up. Upon completion, students should be able to identify pipe positions, filler metals, purging gas, proper joint geometry, and joint preparation and fit-up to the applicable code.

**WDT 120 SHIELDED METAL ARC WELDING GROOVE**  
**(2T, 3M) 3 credits**  
**PREREQUISITES: WDT 108, WDT 109, WDT 122, WDT 123**  
**COREQUISITE: WDT 125**  
This course provides the student with instruction on joint design, joint preparation, and fit-up of groove welds in accordance with applicable welding codes. Emphasis is placed on safe operation, joint design, joint preparation, and fit-up. Upon completion, students should be able to identify the proper joint design, joint preparation and fit-up groove welds in accordance with applicable welding codes. This is a CORE course.
WDT 123  **SMAW FILLET/PAC/CAC LAB**  
(9M)  3 credits  
**COREQUISITE: WDT 109**  
This course is designed to introduce the students to the proper set-up and operation of the shielded metal arc welding equipment. Emphasis is placed on striking and controlling the arc and proper fit-up of fillet joints. This course is also designed to instruct students in the safe operation of plasma and carbon arc cutting. Upon completion, students should be able to make fillet welds in all positions using electrodes in the F-4 groups in accordance with applicable welding code and be able to safely operate plasma and carbon arc equipment and perform those operations as per applicable welding code.

WDT 124  **GAS METAL ARC/FLUX CORED ARC WELDING LAB**  
(9M)  3 credits  
**COREQUISITE: WDT 119**  
This course provides instruction and demonstration using the various transfer methods and techniques to gas metal arc and flux cored arc welds. Topics included are safety, equipment set-up, joint design and preparation, and gases.

WDT 125  **SHIELDED METAL ARC WELDING GROOVE LAB**  
(9M)  3 credits  
**PREREQUISITES: WDT 108, WDT 109, WDT 122, WDT 123**  
**COREQUISITE: WDT 120**  
This course provides instruction and demonstrations in the shielded metal arc welding process on carbon steel plate and various size F3 and F4 group electrodes in all positions. Emphasis is placed on welding groove joints and using various F3 and F4 group electrodes in all positions. Upon completion, the student should be able to make visually acceptable groove weld joints in accordance with applicable welding codes.

WDT 155  **GTAW CARBON PIPE LAB**  
(9M)  3 credits  
**PREREQUISITES: WDT 228 AND WDT 268**  
**COREQUISITE: WDT 115**  
This course is designed to provide the student with the skills in welding carbon steel pipe with shielded metal arc welding techniques in various pipe welding positions. Upon completion, students should be able to perform shielded metal arc welding on carbon steel pipe with the prescribed electrodes in various positions in accordance with the applicable codes.

WDT 182  **SPECIAL TOPICS**  
(1T, 6M)  3 credits  
**PREREQUISITE: PERMISSION OF INSTRUCTOR**  
This course allows the student to plan, execute and present results of individual projects in welding. Emphasis is placed on enhancing skill attainment in the welding field. The student will be able to demonstrate and apply competencies identified and agreed upon between the student and instructor.

WDT 217  **SMAW CARBON PIPE**  
(1T, 6M)  3 credits  
**PREREQUISITES: WDT 108, WDT 109, WDT 122, WDT 123**  

**WDT 228  GAS TUNGSTEN ARC WELDING**  
(2T, 3M)  3 credits  
**COREQUISITE: WDT 268**  
This course provides students with knowledge needed to perform gas tungsten arc welds using ferrous and/or non-ferrous metals, according to applicable welding codes. Topics include safe operating practices, equipment identification and set-up, correct selection of tungsten type, polarity, shielding gas and filler metals. Upon completion, a student should be able to identify safe operating practices, equipment identification and set-up, correct selection of tungsten type, polarity, shielding gas, filler metals, and various welds on ferrous and/or non-ferrous metals, using the gas tungsten arc welding process according to applicable welding codes.

WDT 257  **SMAW CARBON PIPE LAB**  
(9M)  3 credits  
**PREREQUISITES: WDT 108, WDT 109, WDT 122, WDT 123**  
**COREQUISITE: WDT 217**  
This course is designed to provide the student with the skills in welding carbon steel pipe with shielded metal arc welding techniques in various pipe welding positions. Upon completion, students should be able to perform shielded metal arc welding on carbon steel pipe with the prescribed electrodes in various positions in accordance with the applicable codes.

WDT 268  **GAS TUNGSTEN ARC LAB**  
(9M)  3 credits  
**COREQUISITE: WDT 228**  
This course provides students with the skills needed to perform gas tungsten arc welds using ferrous and/or non-ferrous metals, according to applicable welding codes. Topics include safe operating practices, equipment identification and set-up, correct selection of tungsten type, polarity, shielding gas and filler metals. Upon completion, students should be able to identify safe operating practices, equipment identification and set-up, correct selection of tungsten type, polarity, shielding gas, filler metals, and various welds on ferrous and/or non-ferrous metals, using the gas tungsten arc welding process according to applicable welding codes.
A message from the
Dean for Student Affairs

We are delighted that you have chosen Calhoun as your school of choice for the 2014-2015 school year. This Student Handbook is a valuable resource for you as you begin your important work of becoming a successful student.

Calhoun has earned a reputation for being one of the best colleges in the state, in part, because of the dedication, commitment, and efforts of our administration, faculty and staff. You too, play an important role in maintaining and enhancing the image of the College through your commitment and dedication to our values and mission. Our goal is student success, and we stand ready to assist you in any way possible to help you accomplish this goal.

Please take the time to review the information included in this Student Handbook to familiarize yourself with the various aspects of campus life and important student policies.

Welcome to Calhoun. If there is anything that I can do to assist you, please don’t hesitate to contact me at klc@calhoun.edu or just stop by my office in room 205 of the Chasteen Student Center on the Decatur campus. Best wishes for a very successful school year!

Dr. Kermit L. Carter
Dean for Student Affairs

A message from the
Student Activities Facilitator

There’s more to college life than attending classes. The Office of Student Activities is here to help you thrive and succeed in your college life. We want each student to get involved on campus. It’s a great way to meet people, enhance your leadership skills, and make a difference. Maybe you’ll discover a new interest or make new friends among the diverse array of academic and cultural events. So, get involved by joining an organization or club and participating in activities and events. You’ll be glad you did!

Kelly Hovater

ABOUT THE COLLEGE

Located in Decatur, Alabama, a thriving community in north Alabama’s high technology corridor, Calhoun Community College exemplifies the two-year college mission of commitment to excellence in teaching and service.

The largest of the two-year institutions comprising The Alabama Community College System, Calhoun is an open-admission, community-based, state-supported, co-educational, comprehensive community college dedicated to providing affordable, high-quality and accessible education to individuals in its four-county service area.

Offering 62 associate degree programs and 50 career/certificate programs, Calhoun serves over 11,000 students at its 110-acre Decatur campus, its Huntsville/Cummings Research Park campus, and at the Limestone Correctional Facility. The College’s faculty and staff are well qualified and remain current in their areas of expertise.

For over 67 years, Calhoun has been an active member of north Alabama. Graduates of the College permeate the community, and many of them have gone on to complete baccalaureate degrees at other institutions in the area, or have entered the work force after successfully completing programs of study and training.

Calhoun successfully continues to meet the educational and training demands of a unique and highly diverse population. The College also is committed to providing training and education for area business and industry through our Business and Industry Services program. Through these services, customized training programs have been developed for such companies as Adtran, Boeing, and the Tennessee Valley Authority.

Calhoun Fast Facts

- Over 11,000 credit students – Alabama's largest two-year college
- Over $44 million in buildings and renovation projects including the 64,000 square foot Health Sciences Center and the 84,000 square foot Math/Science classroom administrative offices building
- State and nationally recognized programs in Business, Dental Assisting, Nursing, Surgical Technology, EMT, Design Drafting, Air Conditioning, and Machine Tool Technology
- Accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097: Phone – 404-679-4501)
- Only two-year college in the country with a campus located in a research park
- Workforce development training and assessments for over 100 businesses and more than 6,000 students
- Dual Enrollment program includes 64 area high schools and over 1000 students
- Seven Calhoun students recognized as top two-year college students in the nation
- Surgical Technology program recognized among the top 10% of programs nationally, noting that 100% of program graduates passed the national certification examination for surgical technologists
- College’s television station, CETV, provides programming 24 hours a day, 7 days a week
COURSE PLACEMENT TESTING

Applicants and students are required to complete a course placement examination prior to enrollment in any English, reading, or mathematics course unless the student qualifies for an exemption listed below. Course placement testing is mandatory; students may not enroll for any course above the level designated by the placement exam. No fee is charged for the test.

Placement testing is available using untimed computerized testing. Individual computerized testing appointments may be scheduled by logging online to make an appointment.

Go to www.calhoun.edu/advising

EXEMPTIONS

1. A student has ACT or SAT scores at a minimum level (see chart below). ACT/SAT scores must be on file before an exception to the placement testing requirement will be approved. NOTE: Placement testing scores from ACT, SAT, or COMPASS must be no more than 3 years old.

2. An ACT English score of 20 or better or an SAT Verbal of 480 or better is necessary for placement in English 101, and exempts students from taking the placement test. A lower ACT score can be used for placement in a developmental English course.

An ACT mathematics score of 20 or better or an SAT mathematics score of 480 or better is necessary for placement in MTH 110 or MTH 112, and exempts students from taking the placement test. An ACT score of 18 can be used for placement in MTH 100. An ACT math score of 17 or below requires placement testing.

3. A student has transferred degree-creditable college level English and math courses with a “C” or better. Transcripts must be on file before an exception to the placement testing requirement will be approved.
are also officers (Vice President, Secretary and Campus Coordinator) located on the Huntsville campus. Special Note: (Bylaws are currently under review; changes or amendments to the Bylaws will be ratified by ¾ vote of the active, elected membership).

STUDENT GOVERNMENT ASSOCIATION
CONSTITUTION

PREAMBLE
The purpose of this Student Government Association Constitution is to provide a fair and just system of representation for every student at Calhoun Community College so that, through this representation, a direct line of communication will always be open from each student to Student Government officers and personnel, as well as from those officers and personnel to staff, faculty, and administration. These open lines of communication will foster a high degree of service to students and employees, as well as stimulate appreciation of the privileges and responsibilities of citizenship in a democratic society.

ARTICLE I NAME, PURPOSE, MEMBERSHIP
Section 1 Name
The name of this organization shall be the Calhoun Community College Student Government Association, hereinafter referred to as SGA.

Section 2 Purpose
The purpose of the SGA shall be to serve the college by representing the student body and its concerns by communicating these concerns to the students, faculty, and administrators through representation in the Planning Council and various other college committees. Furthermore, the purpose of the SGA shall be to present various opportunities for students to participate in educational, social, and cultural experiences not otherwise provided in the curriculum.

Section 3 Membership
The SGA shall be composed of all currently enrolled students. These students shall be represented by the elected Executive and Legislative branches.

ARTICLE II ADMINISTRATIVE DEPARTMENTS
Section 1 Branches
The SGA shall be composed of the Executive and Legislative branches.

ARTICLE III POWERS OF EXECUTIVE BRANCH

Section 1 Executive Members
All executive powers of the SGA shall be vested in these members: President – for Decatur, President – for Huntsville, Vice President – for Decatur, Vice President – for Huntsville, Secretary – Decatur, Secretary – Huntsville, Campus Coordinator – Decatur, and Campus Coordinator – Huntsville.

Section 2 Powers and Duties of the President
A. Administer and enforce the SGA Constitution, its by-laws, and student senate statutes.
B. Appoint committee chairpersons and committee members, and make a recommendation for the removal of a committee chairperson or committee member.
C. Instruct and require reports from executive officers and committee chairs.
D. Call and preside over bi-monthly meetings of the SGA and the Executive Branch.
E. Make recommendations for legislation to the Student Senate.
F. Serve, or appoint a member of the elected body of the SGA to serve, on the Discipline Committee, Student Activities Advisory Committee, and other appropriate institutional committees.
G. Keep regular, posted SGA office hours – three (3) to five (5) hours a week – approved by the SGA Advisor.
H. Not holding the Office of President in any other Calhoun Community College club or organizations.
I. Serve in all other proper and necessary capacities as assigned by the SGA Advisor.

Section 3a Powers and Duties of the Vice President
A. In the absence of the President, assume the powers and duties of the President.
B. In the event of the President’s resignation or removal from office, assume the office of the President until the next regularly scheduled election.
C. Serve in an advisory capacity to all SGA committees and require weekly, written reports from committee chairs on an as-needed basis.
D. Keep regular, posted SGA office hours – three (3) to five (5) hours a week – approved by SGA Advisor.

Section 4a Powers and Duties of the Secretary
A. Record and report the minutes of each meeting of the SGA and the Executive Branch.
B. Submit to the SGA President, SGA Advisor, and Dean for Student Affairs, bi-monthly typed written minutes of the SGA and Executive Branch meetings.
C. Serve as corresponding secretary for the Executive Branch.
D. Call or check roll (or make provisions for the task) at each meeting and activity and keep a permanent record of attendance.
E. Keep regular, posted SGA office hours — three (3) to five (5) hours a week — approved by the SGA Advisor.
F. Keep the SGA Constitution updated as it is amended.

Section 5 Powers and Duties of the Campus Coordinator
STUDENT HANDBOOK

A. Campus liaison between the SGA and the campus clubs and organizations.
B. Bi-monthly report to the SGA officers and Advisor.
C. Keep regular, posted SGA office hours - three (3) to give (5) hours a week - approved by the SGA Advisor.

ARTICLE IV POWERS OF LEGISLATIVE BRANCH

Section 1 Legislative Members

The legislative powers of the SGA shall be vested in
• Ten (10) representatives at the Decatur campus elected at large from the student body;
• Ten (10) representatives at the Huntsville campus elected at large from the student body;
• One (1) active member of each Calhoun club or organization, elected by the membership of that club.

Section 2 Powers and Duties of the Legislative Branch

A. Administer and enforce the SGA Constitution.
B. Propose amendments to the SGA Constitution.
C. Be responsible for attending all SGA meetings and participating in all SGA activities, unless excused by the SGA Advisor.

ARTICLE V QUALIFICATIONS FOR EXECUTIVE AND LEGISLATIVE BRANCHES

Section 1 Qualifications of Executive Branch

A. Any student running for SGA President must have prior Calhoun SGA experience.
B. Officers shall be students in good standing taking at least 12 semester hours. Each officer shall maintain a 2.5 or better overall grade point average during his or her term of office.
C. The Secretary and Campus Coordinator must have demonstrated computer skills.

Section 2 Qualifications for Legislative Branch

A. All senators of the student body shall be students in good standing taking at least 9 semester hours. Each senator shall maintain a 2.5 or better overall grade point average during his or her term of office.
B. First semester freshmen desiring to run for election shall do so, on the basis of high school grades.

ARTICLE VI ELECTIONS AND SUCCESSION

Section 1 Election of Executive Branch

A. All officers and two (2) senators of the SGA shall be elected and installed to assume office during the month of March.
B. Any qualified student may be placed on the official ballot by submitting to the SGA Advisor an application fourteen (14) days prior to the election with a 2.5 grade point average verified by the appropriate Admissions Clerk.

Section 2 Election of Legislative Branch

A. Eight senators of the SGA from the Decatur campus shall be elected and installed to assume office during the month of September.
B. Eight senators of the SGA from the Huntsville campus shall be elected and installed to assume office during the month of September.
C. Any qualified student may be placed on the official ballot by submitting to the SGA Advisor.

Section 3 Election Procedures

A. All elections shall be by secret ballot.
B. Election winners will be notified by the SGA Advisor.

Section 4 Succession

A. The President shall be succeeded by the Vice President of the student body.
B. The Vice President shall be succeeded by nominations from the executive board to be voted on by the SGA.
C. All other vacancies of officers shall be filled by election within the governing body by 2/3 vote of the members present. (See Article XI, Section 2.)
D. All senatorial vacancies shall be filled by the candidate with the next highest vote in the prior election. If the quorum of the original members isn't met, nominations will be taken from the floor and elected by a 2/3 vote. (See Article XI, Section 2.)
E. If there is a quorum of the original members, then no new senators will be elected after the fall semester.

ARTICLE VII CONTINUITY OF SERVICE

Section 1 Executive Branch

A. An Executive member in the SGA will be removed from office by a 2/3 vote of the governing body only after the cause has been deemed just by the Student Senate.
B. An executive member of the SGA will be removed from office for failure to uphold the oath of office.
C. Any disciplinary action taken against an executive member of the SGA by the Discipline Committee may be deemed just cause for removal from office.
D. An executive member of the SGA nominated for removal from office shall have the right to be informed in advance and be present at the meeting for the purpose of defending himself/herself.
E. Without a vote of the Senate, an executive member of the SGA will be removed from office for failure to attend meetings, scheduled activities, or failure to meet the GPA requirements. Excuses for absences must be obtained from the SGA President or SGA Advisor. Any more than three (3) unexcused absences from meetings or activities will be deemed just cause for immediate removal from office by the SGA Advisor or Dean for Student Affairs.
F. Legislative members can remove a committee chair or co-chair by a majority vote upon a recommendation from the SGA President or the SGA Advisor.
G. If a legislative member is removed, he/she must be replaced within two (2) weeks.
Section 2 Legislative Branch

A. A legislative member in the SGA will be removed from office by a 2/3 vote of the governing body only after the cause has been deemed just by the Student Senate.

B. A legislative member of the SGA will be removed from office for failure to uphold the oath of office.

C. A senator will be removed from office without a vote of the senate for failure to attend meetings, scheduled activities, or failure to meet the GPA requirements. Excuses for absences must be obtained from the SGA President or SGA Advisor. Any more than three (3) unexcused absences from meetings or activities will be deemed just cause for immediate removal from office by the SGA Advisor.

D. Any disciplinary action taken against a legislative member of the SGA by the Discipline Committee will be deemed just cause for removal from office.

E. A legislative member of the SGA nominated for removal from office shall have the right to be present at the meeting for the purpose of defending himself/herself.

ARTICLE VIII OATH OF OFFICE

Section 1 Oath of Office

I solemnly swear (or affirm) that I will faithfully execute the office (Name of Office), and will act always in the best interest of Calhoun Community College and will, to the best of my ability, preserve, protect, and enforce the SGA Constitution of Calhoun Community College.

Section 2 Upholding Oath of Office

Any elected or appointed officer shall uphold the oath of office or shall be dismissed from the SGA.

ARTICLE IX MEETINGS

Section 1 General Sessions

Bi-monthly meetings will be held in the SGA Meeting Room, Chasteen Student Center, Decatur campus, and in the SGA Office on the Huntsville campus.

Section 2 Executive Meetings

The Executive Branch of the SGA shall meet once a week for the purpose of planning.

Section 3 Special Meetings

Special meetings shall be called when deemed necessary.

ARTICLE X RULES OF ORDER

The rules contained in the current edition of Robert’s Rules of Order, Newly Revised shall govern the SGA in all cases in which these rules are not inconsistent with the by-laws and any special rules of order the SGA may adopt.
THE FOLLOWING IS A LIST OF CAMPUS ORGANIZATIONS AND CLUBS AND BRIEF DESCRIPTIONS OF THEIR FUNCTIONS.

4C Student Ministry - The purpose of this group is to empowering students and encouraging them along their journey to higher learning. By using biblical principles, we help students focus on life skills, such as time management, dreaming big, stewardship, and overcoming obstacles. Sponsor: Tessa Parrish 256-306-2554 or tkp@calhoun.edu

Asperger’s Support Group - This is a support group for students with, or students interested in, Autism Spectrum Disorders. Interested parties may contact Dawn Hale, 256-306-2630.

Allied Health Students Assn. – Gives students in the area of Allied Health a chance to meet, form new friendships, and learn more about the fields of Allied Health. Sponsor - Grant Wilson, 256-306-2950.

Bass Fishing Club - A club that provides opportunities for students to engage in bass fishing, compete in bass fishing tournaments, and promote bass fishing while having a positive influence on people on campus and throughout the community. Sponsor - Wes Torain, 256-306-2836.

Black Students’ Alliance – A one-of-a-kind group open to all students who want to get to know other students, talk about/plan activities, resolve questions or issues pertaining to Black students, respond to campus and community concerns, and enjoy college life together. Sponsors – Pamela Little, 256-306-2633; Ernest Williams, 260-2742; Mattie Burks, 256-306-2614 and Kermit Carter, 256-306-2613. Huntsville Campus -Felecia Ewing; 256-890-4798.

Blast Comics - is a club for people who are into creating stories, such as writings, comics, and animation. Sponsor - Dr. Susan LoCascio, 256-306-2757.

Books 101- Club designed to re-create an interest in reading at Calhoun. The club will also discuss and share opinions on plot-lines, characterization, and the writing style of books. Sponsors: Suzanne Turner, 256-890-4740, Parvathy Bhooshanon, 256-890-4786, and Dr. Jill Onega, 256-890-4991.

Broadcasting Club- Calhoun Educational Television is dedicated to providing an outlet for Calhoun Community College students who wish to gain experience in, or experiment with the continuously evolving communications medium of television, and to serve as a forum for the community, which will inform, educate, and entertain. Sponsor – Wes Torain, 256-306-2965.

Calhoun Rowing Club - This club supports the participation in, development and growth of competitive rowing and sculling in the Tennessee Valley region of North Alabama and Calhoun Community College with local support from the Rocket City Rowing Club. Sponsor - Valerie Cox 256-260-2445.

The Centurions Club - To assist persons with disabilities to gain access to all programs and facilities at Calhoun Community College. Sponsor - Dawn Hale, 256-306-2630.

Child Development Club - This club is designed to promote a spirit of citizenship, leadership, and fellowship among the members of the CDC (Child Development Club), to encourage responsibility for maintaining the high ideals of the child development profession, and to encourage future participation in child development organizations upon graduation. Sponsor- Alice Yeager, 256-890-4807.

Criminal Justice Club - A club organized for students who are seeking a career in Criminal Justice and other related fields. Sponsor – James Stewart, 256-890-4795 or jstewart@calhoun.edu.

Campus Ministries - Baptist Campus ministries, Christian Fellowship, is a Christ-centered organization that offers students the opportunity to grow in leadership skills, discipleship, and personal relationships. Students will find worship, Bible study, music, food, fun, friends, mission trips and much more. Sponsor - Willie Alexander, walexander@alsbom.org; Huntsville Sponsor - Edwin Hocutt, 256-837-9140 or bcm@uah.edu.

Cornerstone Student Ministries - (Huntsville campus) - To promote the fellowship of Calhoun Christian students and to serve the Calhoun student body with acts of love and service. Contact: Angie Hood, ahood9734@calhoun.edu.

Decatur Anime Lounge - Our purpose is to create a social media club to give individuals a place to gather and partake in popular activities such as viewing anime, playing analog and digital games, role-playing games recruitment, and book club-like discussions on such topics as graphic novels and light novels of a series. The club will explore the Asian culture. Sponsor - Ernest Williams, 256-306-2742 or elw@calhoun.edu.

Dental Assisting Club - To promote the spirit of citizenship, leadership, and fellowship among the members of the organization, to encourage the responsibility for maintaining the high ideal of the Dental Assisting profession, to encourage future participation in the professional Dental Assisting organization upon graduation, and to provide dental assisting representation and communicate concerns to and from the College administration and faculty. Sponsor - Karen Chockley, 256-306-2812.

Disability Club - This club provides information and educates students and faculty about disabilities. The club provides fellowship to students with disabilities and for those without disabilities who have an interest in this area. The club serves as a liaison and/or student representative for the Student Government Association (SGA). Sponsor - Dr. Kermit Carter 256-306-2613 or klc@calhoun.edu.

Drama Club - auxiliary to theatre program whose purpose is to foster student interest in theatre arts by attendance at off-campus theatre performances. Sponsor-William Godsey, 256-306-2701, e-mail: wmg@calhoun.edu, Fine Arts.

E.M.S. Club - To promote citizenship, leadership, and fellowship among the members of the organization, to encourage responsibility for maintaining the high ideals of the E.M.S. profession, to encourage future participation in the professional E.M.S. organization upon graduation, and to provide E.M.S. student representation and communicate concerns to and from the College administration and faculty. Sponsors - Kenneth Kirkland, 256-306-2789 and Tyler Mosley, 256-306-2978.

E.M.S. Club - To promote citizenship, leadership, and fellowship among the members of the organization, to encourage responsibility for maintaining the high ideals of the E.M.S. profession, to encourage future participation in the professional E.M.S. organization upon graduation, and to provide E.M.S. student representation and communicate concerns to and from the College administration and faculty. Sponsors - Kenneth Kirkland, 256-306-2789 and Tyler Mosley, 256-306-2978.

F.A.C.T. (Final Academic Challenge Team) - Serves as a social media team to foster student interest in theatre arts by attendance at off-campus theatre performances. Sponsor-William Godsey, 256-306-2701, e-mail: wmg@calhoun.edu, Fine Arts.

The Centurions Club - To assist persons with disabilities to gain access to all programs and facilities at Calhoun Community College. Sponsor - Dawn Hale, 256-306-2630.
Calhoun Entrepreneurs Club - To promote entrepreneurship on Calhoun's campuses by gathering like-minded students and immersing them in experiences that develop their skill sets and enhance their abilities to start their own businesses. Contact: James Payne, 256-306-2684 or jmp@calhoun.edu or Like us on Facebook at www.facebook.com/calhounentrepreneursclub

Fiction Writing Club - This club will provide opportunities for students to improve their fiction writing and poetry craft by providing an environment in which they may freely give and receive rigorous, honest, and constructive criticism. Creative non-fiction writers are welcome as well. Sponsors — Dr. M. Caroline Prince (256-890-4993) and Ms. Susan Cooley Puckett (256-890-4786).

Gay Straight Alliance - An organization created to be a support system for the members of the GLBT (Gay, Lesbian, Bi and Transgendered) community and make Calhoun a more open and accepting place for those in that community. Sponsor - Susan LoCascio, 256-306-2757.

The Humanity Front - The purpose of this group is to share views on topics such as government, religion, culture, laws, etc. but with the idea of putting humanity first. Sponsor - Kenneth Hoffman, 256-306-2763 or khoffman2773@calhoun.edu.

Calhoun International Club (Huntsville Campus) - To serve as a means of promoting unity, success, and involvement for students. Sponsors - Lisa Callihan, 256-306-4994 or lcallihan@calhoun.edu; Dr. Divya Pradhan, 256-890-4995 or dpradhan800@calhoun.edu; Dr. Sivajah Somasundaram, 256-890-4753 or ssomasundaram@calhoun.edu; or contact: ccc.intl.club@gmail.com.

IT Club of Calhoun Community College (Huntsville campus) - To serve and provide information, instruction and experience to IT club members that will advance and help them with their computer skills. Sponsor - Dr. Charline Nixon, 256-890-4768.

La Vos/Spanish Club (Huntsville) - To provide educational opportunities outside of the classroom for those interested in the Spanish language and culture, to help students and the community understand and learn more about the Spanish cultures of Latin America, Spain, and the local Latino community. This club is also organized to expand knowledge and appreciation of the language, customs, history, cultures, and social life of Spanish speakers through events, and to provide a safe and sober environment for students to engage in oral usage of the Spanish language. Sponsor - Dr. Waymon Burke, 256-890-4737.

Live United - The purpose of this group is to stimulate an appreciation for the privileges and responsibilities of citizenship in a democratic society, promote leadership and fellowship; to provide students at Calhoun with opportunities to contribute to society by giving back to the communities in which they live through volunteer service and community projects; and to open lines of communication that will foster high degree of service to and for the community through volunteer service by students, Calhoun faculty, and staff. Sponsor - Dr. Kermit Carter, 256-306-2613 or klc@calhoun.edu.

MENC (Music Club) - acquaints students with the privileges, responsibilities, and leaders of the music profession. Sponsor- Jim Crawley, 256-306-2691.

Multidisciplinary Team Scholars Club (MOT Schol) (Huntsville) - Seeks to foster a scholarly multidisciplinary team (MDT) approach to examining social, health, and educational issues. Members will engage in academic exploration, technology-assisted meetings and workshops, technology-assisted group discussions and related activities, which will prepare them for employment or advanced studies in helping professions. Sponsor - Sara Sayle, 256-890-4795.

Native Americans Club - This club is for students who are of Native American descent or for students who are interested in learning about the varied cultures that make up the Native American Community of North America. It is dedicated to preserving Native American Heritage and educating the public at large about Native Americans and their rich cultural heritage. Sponsors: Keith Hallmark, 256-306-2652 and Dawn Hale, 256-306-2630. For meeting dates and times, please contact Dawn Hale at 256-306-2630.

Nursing Club - promotes citizenship, leadership and fellowship; encourages responsibility for maintenance of high ideals for the nursing profession; and encourages future participation in professional nursing organizations. Sponsors: David Welsh, 256-306-2988 or dwelsh@calhoun.edu and Debby Lee, 256-306-2803 or dll@calhoun.edu.

Optimist Club - This club provides hope and positive vision through the members. This club will bring out the best in children, our members, and our community. The club represents adults who are persons of good character from the business, social, and cultural life of the community. Sponsor: Doug Brazier 256-713-4827 or dbrazier@calhoun.edu.

Phi Theta Kappa - Phi Theta Kappa is the International Honor Society for Two-Year College Students. Students who are enrolled (part-time or full-time) at Calhoun, have at least a 3.5 cumulative GPA, and have already earned at least 12 semester hours creditable toward a two-year degree are invited at the beginning of each semester. Phi Theta Kappa focuses on activities and events relating to our four hallmarks: leadership, scholarship, service and fellowship. Each member is encouraged to be active in our organization in order to gain servant leadership experience, widen the scope of his or her knowledge, increase competitive scholarship opportunities and fellowship with other Phi Theta Kappa members in the chapter, state, nation and across the globe. Advisors - Necia Nicholas, (256) 306-2845, e-mail: nnicholas@calhoun.edu, and Ragan Chastain, (256) 890-4755, email: rbc@calhoun.edu. Meeting dates, times, and locations for both campuses will be announced at the beginning of each semester in the Phi Theta Kappa group in your Calhoun e-mail account.

Photography Club - The Calhoun Community College Photo Club meets monthly and features fun-filled activities for students with an interest in analog and digital photography. The club hosts special exhibits, seminars and gallery visits. Sponsor - Wes Torain, 256-306-2965 or wes@calhoun.edu.

Physical Therapist Assistant Club (PTA) - The club is open to all PTA students at Calhoun Community College for membership. The purpose of the club is to promote a spirit of citizenship, leadership, and fellowship among its members and encourage responsibility for maintaining the high ideals of the PTA profession. Sponsor – Tiffany Day, 256-260-2439, e-mail: tsd@calhoun.edu.
Calhoun Rowing Club - This club supports the participation in, development and growth of, competitive rowing and sculling in the Tennessee Valley region of North Alabama and the Calhoun Community College with local support of the Rocket City Rowing Club. Sponsor: Valerie Cox 256-306-2445 or vlc@calhoun.edu

Sigma Kappa Delta (SKD – English) - Sigma Kappa Delta is the National English Honor Society for students in two-year colleges and was created by Sigma Tau Delta, the International English Honor Society for university students. Those who qualify are inducted by invitation. The advantages of SKD include life-long recognition for academic excellence; a chance to qualify for scholarships and the opportunity to participate in activities that celebrate theatre, art, music, reading, and writing; and a chance to attend conferences both locally and nationally. Sponsors – Julie Sneed (256-306-2723) and Leigh Ann Rhea (256-306-2940). Call for meeting times and locations.

SkillsUSA - SkillsUSA is a national organization serving high school and college students who are enrolled in training programs in technical, skills and service occupations, including health occupations programs and tech prep. SkillsUSA has more than 300,000 members in 13,000 chapters and 53 state and territorial associations. SkillsUSA was established in 1965 and has served more than 9.5 million students. Sponsors: Nick Agrawal (256-890-4751), Mark Rose (256-306-2814), Nina Bullock (256-306-2813) and Tad Montgomery (256-306-2669).

Student Art Club - The purpose of the Student Art Club is to provide a creative environment for all Calhoun students who wish to pursue, develop and utilize their artistic abilities. Sponsors - Kristine Beadle (256-306-2703) and Kathryn Vaughn (256-306-2695).

Student Government Association - represents student views to the college administration and coordinates and carries out the Student Activities program. Officers and two senators are elected in March. Senators are elected in September. Applications to run for SGA may be acquired from the Student Activities Facilitator or SGA office. The SGA President, Vice President, Secretary, and 2nd Vice President and Campus Coordinator may be eligible for a scholarship, but awards must be made within scholarship policies at Calhoun. See your advisor for more information.

TRIO Club - Provides members an environment that fosters friendship and a spirit of understanding among all people for the diverse community in which we live: opportunities for community service; and the development of individual character and leadership skills. We seek to create a positive change in ourselves, our organization, and our community. To achieve these goals, all members are encouraged to take the initiative to lead and/or contribute to Calhoun Community College and their community. Sponsor - Letariel Jordan, 256-306-2366 or lej@calhoun.edu.

Warhawks (Hosts and Hostesses) - The Warhawks are Calhoun's official student hosts and hostesses. They represent the college at official functions, give campus tours, host student and faculty receptions, represent Calhoun Community College at various high school programs, and lots of other exciting activities. It's a great way to meet other students, faculty and administrators, and become involved in student activities. Some of the requirements for being a Warhawk are a positive attitude, a minimum GPA of 3.0, and enrollment in 12 credit hours per semester. Sponsors: Janet Kincherlow-Martin, 256-306-2561, Lanita Parker, 256-306-2615. Meets: Every Wednesday at 1:00 p.m., Math/Science Building President’s Conference Room.

Forming a New Club - anyone interested in forming a new club should see the Student Activities Facilitator, Kelly Hovater, 256-306-2640, in the Chasteen Student Center on the Decatur campus.
CAMPUS SECURITY/POLICE

We take your safety seriously. To ensure the continued health and safety of Calhoun students and employees, we must all consider our own security, as well as the security of others, a priority when on campus. Should a crime occur on campus, Calhoun strongly encourages you to report this crime immediately to the College’s Campus Security/Police Department by calling 256-306-2575. For emergencies only call 256-306-2911 on the Decatur campus or 256-890-4711 on the Huntsville campus. The office of the Director of Calhoun Police is located in building #6 across from the Machine Tool building on the Decatur campus.

Huntsville Police Department officers are located in the Administrative Office at the Huntsville campus.

Calhoun Community College is proud of its historically safe campus. In an effort to promote awareness and enhance safety, we would like to inform you of our campus crime disclosure report. Should you have any questions or suggestions regarding campus safety, please contact the campus police at 256-306-2574. If an emergency, call 256-306-2911.

STUDENT IDENTIFICATION CARDS

All students enrolled at Calhoun Community College are required to have in their possession a valid Student ID card for general identification purposes and to present it upon demand when requested by a school official. The Student ID card is valid for each semester of the student's attendance. Students ID cards are issued during the first two weeks of each semester for new and transferring students. Replacement ID cards for returning students can be made at a cost of $20.00. Replacement cost cannot be charged to student accounts and must be paid in cash. The ID card can be used for (1) book buying (campus bookstore only), (2) library book checkout when accompanied by a completed Library Borrower Application, (3) access to learning labs, (4) entrance into college-sponsored activities, (4) check cashing, and (5) student discounts. Student ID pictures are taken in room 201 of the Chasteen Student Center, and also the Huntsville campus. Check the Calhoun website for specific schedules each semester.

MOTOR VEHICLE REGISTRATION

All students driving any type of motor vehicle on campus must secure and properly affix an official college parking decals to the vehicle regardless of the location of classes. Parking decals are available at the switchboard at the Decatur campus or the Security Office at the Huntsville/Research Park campus. For students who have received disability access license plates or disability access placards for Disability Access Parking Privileges under Alabama law and who wish to use College disability access parking spaces, special disability access parking on the second floor of the Chasteen Student Center, Room 220G upon appropriate documentation by the respective student of having received Disability Access Parking Privileges. Decals may also be obtained at the Huntsville Campus Security Desk. In the interest of safeguarding designated disability access parking spaces from misuse by persons who are not properly entitled to use those spaces, the use of disability access parking spaces will be only permitted for those cards that display both a College disability access decals and either a disability access license plate or a disability access placard.

HANDICAP PARKING POLICY

Eligibility to access available handicap parking on campus requires that a student, faculty or staff member show proof that they are the legally
STUDENT HANDBOOK

registered recipient of the state issued handicap parking placard. A valid Calhoun ID along with a receipt, similar to a tag receipt from the Department of Motor Vehicles will be required to verify that the faculty, staff, or student is the registered user of the handicap placard or handicap tag and must be presented to the Disability Services Office. Students must also show a current (paid) schedule. The Calhoun handicap parking placard must be displayed on the rear-view mirror of the eligible vehicle when parked on campus. The handicap parking areas will be monitored. Fines for handicap parking violations are $50.00.

ABANDONED VEHICLES

If a vehicle is left unattended or is left in the same place for more than ten (10) days, the vehicle will be considered abandoned and will be towed at the owner's expense. If a vehicle is illegally parked (for example, blocking another vehicle that is legally parked), the illegally-parked vehicle will be towed at the owner's expense.

PARKING/TRAFFIC CITATION APPEALS COMMITTEE

This is a three-member committee made up of students appointed by the Student Government Association. It is charged with the responsibility of hearing and ruling on each case in which a student appeals having received a parking ticket. The committee meets each Friday at 11:00 a.m. in the Student Activities Office, Decatur campus. Parking appeals at the Huntsville campus should be made to the Dean of that campus.

RESTROOM POLICY

Restrooms are designated separately for men and women. Any individual found in the opposite gender's restroom will be subject to disciplinary action and criminal trespassing. There will be no loitering in restrooms on Calhoun's campuses.

WEAPONS POLICY

No person shall keep, use, possess, display, or carry any rifle, shotgun, handgun, knife, bow and arrow, or other lethal or dangerous weapons or devices capable of casting a projectile by air, gas or explosion, or mechanical means on any property or in any building owned or operated by Calhoun Community College or in any vehicle on campus. Realistic facsimiles of weapons are also not allowed.

If an instructor approves such items to be demonstrated for class purposes only, the instructor and student must obtain permission from Calhoun Police.

Any such person seen with or using such weapons on campus will be subject to disciplinary and criminal charges.

Pursuant to state board policy 511.01, Calhoun Community College adheres to the following:

Firearms are prohibited on campus or any other facility operated by the College. Exceptions to this policy are: Law enforcement officers legally authorized to carry such weapons who are officially enrolled in classes or are acting in the performance of their duties or an instructional program in which firearms are required equipment. If the off-duty officer is a student, he/she must notify campus police once a semester. A weapon is prohibited from any type of hearing for personal business.

TOBACCO-FREE POLICY

Calhoun Community College is committed to providing a safe and healthy environment for its employees, students and visitors. The College recognizes the right of persons to make their own decisions about their personal use of tobacco products away from the College. However, in light of findings of the U.S. Surgeon General that exposure to secondhand tobacco smoke and the use of tobacco products are significant health hazards, it is the intent of the College to establish a tobacco-free environment on its campuses and in its vehicles. Consequently, the use, distribution, or sale of tobacco products, including the carrying of any lighted smoking instrument, in College buildings or in or upon other College premises or inside College owned, rented or leased vehicles is prohibited.

For the purposes of this policy, a “tobacco product” is defined to include any lighted or unlighted cigarette (including electronic cigarettes), cigar, pipe, bidi, clove cigarette, or any other smoking product, as well as smokeless or spit tobacco, also known as dip, chew, snuff, or snus, in any form.

All College employees, students, visitors and contractors are required to comply with this policy, which shall remain in force at all times. Any College employee or student found to be in violation of the tobacco-free policy will be subject to a monetary fine. Tickets will be issued by campus police officers for violations of Calhoun's tobacco-free policy. Monetary fines will be imposed as follows:

STUDENT FINES

Any Calhoun student found to have violated this policy shall be subject to the following fines:

<table>
<thead>
<tr>
<th>Ticket</th>
<th>Fine</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st</td>
<td>$25.00</td>
</tr>
<tr>
<td>2nd</td>
<td>$25.00</td>
</tr>
</tbody>
</table>

All fines must be paid within seven (7) days of ticketing. Fines that are not paid within the seven (7) days shall automatically double in amount.

A student who has pending fine or fines may not register for classes nor have transcripts released until all fines are paid in full.

Any student wishing to appeal a fine arising from the finding of a tobacco-free violation under this policy may do so with the Dean for Student Affairs, Dr. Kermit Carter.

EMPLOYEE FINES

Any Calhoun employee found to have violated this policy shall be subject to the following fines:

<table>
<thead>
<tr>
<th>Ticket</th>
<th>Fine</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st</td>
<td>$25.00</td>
</tr>
<tr>
<td>2nd</td>
<td>$25.00</td>
</tr>
</tbody>
</table>

All fines must be paid within seven (7) days of ticketing. Fines that are not paid within the seven (7) days shall automatically double in amount.
Any employee wishing to appeal a fine arising from the finding of a violation of this policy may do so with the Vice-President for Instruction and Student Success.

With the exception of advertising in a newspaper, magazine, or similar publication that is not produced by Calhoun Community College, no tobacco-related advertising or sponsorship shall be permitted on Calhoun Community College property or at college-sponsored events. No tobacco-related advertising or sponsorship shall appear in any publications produced by the College or by any club or association authorized by Calhoun Community College. For the purposes of this policy, the term “tobacco-related” applies to the use of a tobacco brand or corporate name, trademark, logo, symbol or motto, selling message, recognizable pattern of colors or any other indicia of product identification identical to or identifiable with, those used for any brand of tobacco products or company which manufactures tobacco products.

The College President will develop administrative regulations and procedures as necessary to implement this policy, including provisions for notification, signage, disciplinary consequences, complaint procedures and enforcement.

Procedures will be developed to offer, promote prevention and education initiatives that actively support non-use and address the risks of all forms of tobacco use. The College will also endeavor to have information available for its students and employees on community programs or services related to helping persons stop the use of tobacco products.

TRAFFIC AND PARKING REGULATIONS

Every effort is being made to help students have a place to park while attending classes. Complete cooperation among drivers is requested. All students who drive motor vehicles on any of Calhoun Community College’s sites are responsible for knowing and abiding by parking/traffic regulations.

PARKING/TRAFFIC REGULATIONS

Students who are enrolled at Calhoun Community College are required to secure parking permits for their vehicles regardless of class location.

PARKING/TRAFFIC DECALS

1. Decals can be acquired at the switchboard in Chasteen Student Center at no charge. Permits also can be acquired from the security office at Huntsville/Research Park.
2. Decals must be hung on rear-view mirror of automobiles/trucks or affixed where visible on motorcycles.
3. Open Parking

White Decals – Employee
Dark Blue Decals – Student
Yellow Decals - Handicapped Persons (obtained from the ADA Office)

Student parking for the Huntsville campus is restricted to the open lots to the west and south of the building. Parking for the Decatur campus is restricted to the open lots that run north and south throughout the campus. No parking is allowed on either campus against the curbs, which are reserved for emergency vehicles.

4. If a student drives more than one vehicle on campus regularly, the student must have a decal for each vehicle.
5. In the event of car trouble or other extenuating circumstances, temporary decals may be obtained from Campus Police or Huntsville Campus Bookstore. Temporary permits must be obtained immediately upon arrival and displayed in vehicle.
6. Decals expire August 31 of each year.

HANDICAP PARKING POLICY

Eligibility to access available handicap parking on campus requires that a student, faculty or staff member show proof that they are the legally registered recipient of the state issued handicap parking placard. A valid Calhoun ID along with a state issued handicap registration form must be presented to the Disabilities Services Office when requesting a campus parking placard. The Calhoun handicap parking placard must be displayed on the dashboard of the eligible vehicle when parked on campus.

FINES

1. The following schedule of fee penalties will be applied to parking and traffic violations.
   a. Failure to properly display parking decals in vehicle ................ $10.00
   b. Speeding on campus ............................................... $10.00
   c. Running stop sign .................................................... $10.00
   d. Unauthorized parking in zones for disabled
      Decatur Campus .......................................................... $50.00
      Huntsville Campus ........................................................ $50.00
   e. Fire lane violations,
      Huntsville Campus ....................................................... $50.00
   f. Improper parking (example: taking up two spaces) ........... $10.00
   g. Other violations (example: obscured decal, entering or exiting in the wrong direction) ..................... $10.00

2. All fines must be paid within 7 days of ticketing. Fines that are not paid within the 7 days automatically double.
3. A student may not register for classes nor have transcripts released until all fines are paid.
4. Any student wishing to appeal a parking/traffic fine may do so by appearing before the S.G.A. Parking/Traffic Appeals Committee. This is a three-member committee made up of students appointed by the Student Government Association. It is charged with the responsibility of hearing and ruling on each case in which a student appeals having received a parking ticket. The committee meets on a scheduled basis in the Chasteen Student Center, Decatur campus. Parking appeals at the Huntsville Campus location should be made to the Dean of that campus.

ACCIDENTS

Any individual who is involved in an automobile accident while on campus must immediately report the motor vehicle accident to a campus police officer. Campus police may be contacted by calling one of the numbers listed below.
NEED ASSISTANCE?—CALL SECURITY

Decatur Campus
- Extension 2575 on campus, (or)
- Ask the Calhoun switchboard operator to contact Campus Police for you.

Huntsville Campus
- Contact the Huntsville/Research Park Office personnel (256-890-4701).

CAMPUS POLICE COURTESY SERVICES

The Campus Police/Security Office is available to assist with a jump for dead batteries or ignition keys locked inside the car anywhere on campus. The Campus Police/Security Office will not be liable for any damage to vehicles caused as a result of these courtesy services. Because of extensive liability regulations, the Department cannot assist with tire changing. To reach an officer, dial 256-306-2575 for the Decatur Campus and 256-890-4701 for Huntsville.

COLLEGE POLICIES AND REGULATIONS

NOTICE OF AVAILABLE ACCOMMODATIONS FOR STUDENTS, EMPLOYEES, AND APPLICANTS WITH DISABILITIES.

Calhoun Community College does not discriminate on the basis of disability in admitting students to, providing access to, or in the operations of its programs, services, or activities, or in its hiring or employment practices.

Questions, concerns, complaints, requests for information, or requests for the provision of reasonable accommodations to persons with disabilities should be directed to Calhoun Community College’s ADA Compliance Coordinator, whose name, address, e-mail, and phone number are shown below:

Dr. Kermit Carter
Dean for Student Affairs
Chasteen Student Center, Room 205
P.O. Box 2216
Decatur, Alabama 35609-2216 klc@calhoun.edu
Phone: 256-306-2613
Fax Number: 256-306-2948
Office Hours: 7:45 a.m. - 5:15 p.m., Monday-Thursday
7:45 a.m. - 11:45 a.m. - Friday

Students who need auxiliary aids for effective communication in participating in the programs and services of Calhoun Community College should make these needs known to the ADA Compliance Coordinator or designee. This notice is provided pursuant to the requirements of the Americans with Disabilities Act of 1990. It is also available in larger print, on audio tape, and in braille from the ADA Compliance Coordinator.

STUDENT CODE OF CONDUCT AND DISCIPLINARY PROCEDURES

STUDENT RESPONSIBILITIES

Conduct Expectations

The College assumes that entering students are adults who have developed mature behavior patterns, positive attitudes, and conduct above reproach. Students are treated in accordance with this belief. The College reserves the right to discipline any student whose on- or off-campus behavior is considered undesirable or harmful to the College.

Children are not allowed to attend classes with students or faculty. No minors should be left unattended in any building of Calhoun Community College.

No animal or pet may be brought on campus. Exceptions to this policy include guide dogs for the disabled, laboratory animals, and animals to be used for previously-approved instructional purposes or special programs.

DRUG POLICY

In compliance with the Drug Free Schools and Communities Act Amendment passed by the U.S. Congress in 1989, Calhoun Community College has adopted and implemented a program to prevent the use of illicit drugs and the abuse of alcohol by students and employees. This publication contains information concerning standards of conduct – legal sanctions, health risks, available treatment and disciplinary sanctions for violations of the policy.

DRUG POLICY STANDARDS OF CONDUCT AND ENFORCEMENT

Calhoun Community College is a public educational institution of the State of Alabama and, as such, shall not permit on its premises, or at any activity which it sponsors, the possession, use, or distribution of any alcoholic beverage or any illicit drug by any student, employee, or visitor. In the event of the confirmation of such prohibited possession, use, or distribution by a student or employee, Calhoun Community College shall, within the scope of applicable Federal and State due process requirements, take such administrative or disciplinary action as is appropriate. For a student, the disciplinary action may include, but shall not be limited to, suspension or expulsion. For an employee, such administrative or disciplinary action may include, but shall not be limited to, reprimand, or suspension or termination of employment, or requirement that the employee participate in and/or successfully complete an appropriate rehabilitation program. Any visitor engaging in any act prohibited by this policy shall be called upon to immediately cease such behavior. If any employee, student or visitor shall engage in any behavior prohibited by this policy which is also a violation of Federal, State, or local law or ordinance, that employee, student, or visitor shall be subject to referral to law enforcement officials for arrest and prosecution.
LEGAL SANCTIONS

In compliance with the Drug Free Schools and Communities Act Amendment passed by the U.S. Congress in 1989, Calhoun Community College has adopted and implemented a program to prevent the use of illicit drugs and the abuse of alcohol by students and employees. A brochure titled “Drug Policy: In Compliance with the Drug Free Schools and Communities Act Amendment, Calhoun Community College” concerning standards of conduct, legal sanctions, health risks, available treatment and disciplinary sanctions for violation of the policy can be found in the Albert P. Brewer Library, Decatur Campus, and the Huntsville Campus Library, the Office of the Dean for Student Affairs, and in offices of students services staff at the Decatur and Huntsville campuses.

CODE OF CONDUCT

All students of Calhoun Community College shall be expected to conduct themselves in an honorable, ethical fashion. However, in the event of proven misconduct, appropriate disciplinary action will be taken. The following sections address the Student Code of Conduct, as well as the College’s disciplinary procedures.

Misconduct Defined. A student shall be subject to disciplinary action by the College, up to and including dismissal, for misconduct on any property owned or controlled by the College, or off campus at any place which is authorized, sponsored, or conducted by the College or in parking lots adjacent to areas or buildings where College functions are being conducted. Such misconduct shall include the commission of, the attempt to commit, or the solicitation of any of the following offenses:

1. Any form of dishonesty, including cheating, plagiarism, or furnishing false information to the College.

   Cheating is defined, for academic purposes, to include, but not be limited to, the use of unauthorized aids (such as crib sheets or other items such as written materials; drawings; lab reports; discarded computer printouts, stored information, or programs); unauthorized assistance on take-home exams or projects; copying, or copying from, another student's work; soliciting, providing, and/or receiving any unauthorized aid or assistance (whether orally or in writing); or similar or equivalent acts contrary to the principles of academic honesty.

   Plagiarism is defined to include the act of using one's work, or as one's work, the work of another without clearly indicating that the work is someone else's and stating the source of the other's work.

2. Forgery, alteration, or misuse of College documents, records or identification.

3. *Intoxication from, or the use, display, or possession of, alcoholic beverages or any controlled substance (drug), as outlined by the Code of Alabama, unless the student has a valid prescription for the use of the respective controlled substance.

4. Use, possession, or distribution of firearms, ammunition, fireworks, or any type of explosive or incendiary device or material. Only duly constituted law enforcement officers may possess firearms on campus.

5. *Disorderly or disruptive conduct, including rioting, inciting to riot, assembling to riot, raiding, inciting to raid, and assembling to raid college properties. This offense also includes in-class behavior, which, in the opinion of the respective instructor, unduly disrupts the order of a class.

6. Lewd, indecent, obscene, or unduly offensive behavior or expression. This offense includes, but is not limited to, the usage of verbal or symbolic expressions, which would tend to be reasonably interpreted as insulting to one's race, gender, religion, age, national origin, or disability.

7. Participation in any form of gambling.

8. Unauthorized entry to College facilities.

9. Unauthorized possession, duplication or use of a key to College facilities, and/or interference with the use of or access to a College facility.

10. *Theft of, or intentional damage to, property of the College or to the property of any member of the College community or visitor to the College.

11. Intentional misuse of any College fire alarm or fire-fighting equipment.

12. *Actual or threatened physical abuse of any person including domestic violence, dating violence, sexual assault, or stalking (menacing), as defined under Alabama State Law, verbal abuse, threats of intimidation, harassment, and/or coercion, including hazarding or any other act, which would tend to endanger the health or safety of the College community or any person on campus.

13. *Failure to promptly comply with directions of College officials or law enforcement officers acting in the performance of their duties, furnishing false information to any College official, and/or failure to identify oneself to these persons when requested to do so.

14. The wearing of attire which, in the opinion of the administration of the College, is lewd or immodest to the extent that it would tend to disrupt the educational process and/or infringe upon the rights of any other student or employee of the College.

15. Violation of any College policy or regulation as published or referred to in the College catalog, student handbook, or College website, but not limited to, those governing the time, place and manner of public expression; the registration of student organizations; and use of or parking of motor vehicles on the campus.

16. Violation of any Federal, State, or local law or ordinance.

17. Disruption or obstruction of teaching, administration, disciplinary proceedings, other College activities, including its public service functions on or off campus, or of other authorized non-College activities when the conduct occurs on College premises.
18. Theft or other abuse of computer facilities and resources, including but not limited to
   a. Unauthorized entry into a file, to use, read, or change the contents, or by any other purpose.
   b. Unauthorized transfer of a computer file.
   c. Use of another individual's identification and/or password.
   d. Use of computing facilities and resources to interfere with the work of another student, faculty member or College Official.
   e. Use of computing facilities and resources to send obscene or abusive messages.
   f. Use of computing facilities and resources to interfere with normal operation of the College computing system.
   g. Use of computing facilities and resources in violation of copyright laws.
   h. Any violation of the College Computer Use Policy.

19. Abuse of the Student Code of Conduct System, including but not limited to
   a. Failure to obey the notice from the Dean or College official to appear before a meeting or hearing as part of a Student Conduct Proceeding.
   b. Falsification, distortion or misrepresentation of information before a Student Conduct Committee.
   c. Disruption or interference with the orderly conduct of a Student Conduct Committee proceeding.
   d. Attempting to discourage an individual's proper participation in, or use of, the student conduct system.
   e. Attempting to influence the impartiality of a member of a Student Conduct Committee prior to, and/or during the course of the Student Conduct Committee proceeding.
   f. Harassment (verbal or physical) and/or intimidation of a member of a Student Conduct Committee prior to, during, and after a student conduct code proceeding.
   g. Institution of a student conduct code proceeding in bad faith.
   h. Failure to comply with the sanctions(s) imposed by the Committee under the Student Code of Conduct.

*The commission of any of these particular offenses will subject the student to immediate, automatic disciplinary suspension or expulsion from the College, if the Dean for Student Affairs has probable cause to believe that the respective student committed such an offense. In such case, the Dean for Student Affairs will set a hearing for the earliest reasonable date after the alleged occurrence of the violation.

STUDENT DISCIPLINARY PROCEDURES

Students are guaranteed procedural due process in all cases involving formal discipline charges. College disciplinary procedures are designed to assure a student's right to procedural and substantive due process and to the fullest extent feasible, safeguard personal and confidential information concerning the student.

Disciplinary Action by Instructor. With regard to a matter of academic dishonesty in taking a college course, the College's respective faculty members are authorized to administer certain appropriate disciplinary action. If a given faculty member has substantive evidence of a student's having committed, attempted to commit, or solicited an act of cheating, plagiarism, or any other form of academic dishonesty, the faculty member shall have the authority to (1) impose a grade of "F" for the respective assignment or test; (2) impose an "F" for the respective course; (3) require that an assignment be redone or a test be retaken; (4) impose other similar sanctions designed to preserve academic integrity. The faculty member shall not have the right to suspend or expel a student. That authority is reserved for the Dean for Student Affairs and the College Disciplinary Committee. If the faculty member believes that the improper conduct should be subject to greater punishment, or additional punishment, then the case should be referred to the Dean for Student Affairs for disciplinary review.

In any situation where a student is alleged to have committed academic dishonesty of any nature, the faculty member making the allegation shall, within three (3) business days after the alleged wrongful act or the faculty member's first knowledge of the act, give the student written notice of the allegation and give the student the opportunity to respond to each allegation made. The student shall have a maximum of (3) business days to respond to any allegation made. No disciplinary grade imposed by a faculty member shall be considered final unless and until the student has been given written notice of the alleged wrongdoing and the opportunity to respond. It is not necessary that the student give a response for a grade to be finalized, only that the student has been given an opportunity to respond and that the instructor give due consideration to any response which is made. Each instructor shall keep a confidential file of any and all written allegations of academic dishonesty and all actions taken with regard to such allegations.

Any student against whom a sanction is imposed by a faculty member as a result of an allegation of academic dishonesty shall have the right to appeal the sanction to the Dean for Student Affairs. The appeal must be filed with the Dean within five (5) business days after the student is first made aware of the date that the decision has been made to impose a sanction and must include: (1) a copy of the faculty member's written allegation of academic dishonesty; (2) a statement of the sanction imposed; (3) the dates on which the student received the written allegation and on which the student responded to the allegation; (4) the nature of the student's response to the faculty member concerning the allegation; and (5) the rationale for the appeal of the sanction. The student shall have the option of admitting to the Dean the act of academic dishonesty and proposing an alternative sanction.

The Dean for Student Affairs shall, within fifteen (15) business days after receipt of the appeal, issue a report by which the Dean will (1) affirm the sanction; (2) overrule the sanction; or (3) modify the sanction. The Dean shall not overrule or modify any sanction imposed by a faculty member except where there is a compelling and substantial academic or legal reason for doing so.

The decision of the Dean shall be final and binding as to each party, and any grade affected by the Dean's decision shall be recorded so as to reflect the Dean's decision.

Disciplinary Action by Dean or Disciplinary Committee. With regard to all alleged violations of the Student Code of Conduct other than those handled at the faculty level, the Dean for Student Affairs shall have the
Recognizing the right of students to make disciplinary decisions at the administrative level and shall refer appropriate appeals to the College Disciplinary Committee who shall ensure that the fundamental elements of due process are followed through a fair and reasonable hearing. The Dean shall also have the discretion of referring a case to the Disciplinary Committee for the initial hearing. The Dean shall maintain appropriate records of all reports of student misconduct and all disciplinary proceedings.

Alleged violations of College regulations must be filed, within sixty (60) calendar days of their respective occurrence or the first discovery of their occurrence, in writing with the Dean in order to initiate a disciplinary review. Any student, faculty member, or staff member may register a complaint with the Dean. The Dean will then inform the accused in writing, will request a conference, and will render a decision to the student regarding the case in question. The decision will be one or more of the following:

1. Find the accused not guilty and dismiss the case.
2. Refer the student to a counselor for personalized assistance.
3. Find the student guilty as charged and apply the appropriate penalty stated under “Disciplinary Actions.”
4. Refer the case directly to the College Disciplinary Committee for a hearing and determination as to disciplinary action.

Upon communicating his/her decision to the student, the Dean will also explain the student’s right to appeal to the Disciplinary Committee any disciplinary action imposed by the Dean. If the student wishes to appeal a decision by the Dean, he/she must file a written request, stating the reason(s) for the appeal, with the Dean within 48 hours. The Dean will then have 48 hours to refer the case to the Disciplinary Committee along with his/her recommendation for disciplinary action. The Committee will schedule and conduct a hearing under the guidelines specified in “Hearing Procedures,” and will submit its decision in writing to the Dean and the accused student.

**College Disciplinary Committee.** Recognizing the right of students to be granted due process in all matters of a disciplinary nature, the College assures due process through the authority and activities of the College Disciplinary Committee.

The College Disciplinary Committee shall consist of three (3) members of the administration, faculty, library or counseling staff, appointed by the Dean for Student Affairs (at least two of the three should be teaching faculty) and two students appointed by the President of the Student Government Association in consultation with the Student Activities Facilitator. If the Committee is selected at a time when there is no sitting SGA President, or when the SGA President is unavailable, then the two students shall be selected by the Dean for Student Affairs. A faculty representative serving on the Disciplinary Committee shall be appointed to serve as Chair of the Committee.

The purposes of the Disciplinary Committee are as follows:

1. Hear charges and evidence concerning alleged student misconduct and direct action to be taken in cases appealed by students referred to the Committee by the Dean for Student Affairs.
2. Impose appropriate disciplinary action when such action is warranted by evidence presented in a disciplinary hearing.
3. Review and make recommendations to the Dean for Student Affairs on student disciplinary policies and procedures.

**HEARING PROCEDURES**

Each party to a disciplinary hearing shall be given prior written notice by the Chairperson of the Disciplinary Committee of the date, time, and place of the hearing. Whenever feasible, this notice shall be at least 72 hours in advance. The notice will be delivered in person or sent by certified mail. If the Committee determines that a party is intentionally avoiding service, the Committee may elect to hold the hearing in the absence of such party upon a majority vote of the Committee members.

**Attendance at Hearing**

1. Disciplinary Committee hearings shall be private and confidential and will be limited to persons officially involved. Persons present shall include Disciplinary Committee members, the Dean for Student Affairs or his/her designee, the student who is the subject of the hearing and his/her advisor, appropriate staff members, a recorder, and witnesses for both parties. Non-party witnesses will be present only when giving testimony. The Dean for Student Affairs, or his/her designee, shall be responsible for preparing and presenting the College’s case. NOTE: All references in these hearing procedures to the “Dean for Student Affairs” shall also apply to any designee of the Dean.
2. The student shall have the right to have one advisor, who may be, but does not have to be, an attorney, present during the hearing. The advisor may not address the hearing to give evidence on behalf of the student. In answering or asking questions, the student may seek advice from the advisor before proceeding.
3. In the event that a disciplinary hearing is scheduled for a student, and the student has been made aware of the date, time, and place, but fails to appear at the hearing, the hearing may be conducted in the student’s absence.
4. The hearing will be recorded by either a certified court reporter or on audio or videotape. The record of the hearing, including a copy of all evidence offered, whether admitted or not, will be filed in the office of the Dean for Student Affairs and will be kept confidential.

**Order of Hearing**

1. Opening remarks by the Chairperson of the Disciplinary Committee.
2. Review of charges and any action previously taken in the case by the Dean for Student Affairs.
3. Opening statement by Dean or his/her designee (not more than ten minutes).
4. Opening statement of not more than ten minutes by the accused student.

5. Presentations of evidence by the parties, including testimony and questioning of witnesses. Witnesses for the College will present testimony first. Following the testimony of all College witnesses, the student may call his/her witnesses. Both parties to the action and the members of the Disciplinary Committee have the right to question all witnesses. The Committee shall not have the authority to compel an accused student to testify against himself/herself, but the Committee may take into account the failure of the student to testify when deliberating the evidence.

6. Closing statement (not to exceed 20 minutes) by the student.

7. Closing statement (not to exceed 20 minutes) by the Dean for Student Affairs.

8. Deliberation by the Disciplinary Committee.

The Disciplinary Committee will conduct its deliberation in closed and confidential session and, after reaching its decision, will orally inform the parties of the decision. Each party will subsequently be provided a written rendition of the findings of the Committee.

Prior to beginning any hearing, the Disciplinary Committee shall make an assessment as to what would be a reasonable amount of time to be allotted for a hearing and may limit the time for any or all aspects of the hearing so as to conform to the allotted time.

Rules of Evidence

The evidentiary standard to be used by the Committee shall be the “Beyond a Reasonable Doubt” standard. That is to say that the Committee shall determine, strictly upon the evidence presented, whether it was more likely than not that the allegation(s) made against the accused student was (were) true in terms of which of the evidence was more credible and convincing to the reasonable mind.

The Committee shall inform the parties that the rules relating to the admissibility of evidence shall be similar to, but less stringent than, those which apply to civil trials in the courts of Alabama. Generally speaking, irrelevant or immaterial evidence and privileged information (such as personal medical information or attorney-client communications) shall be excluded. However, hearsay evidence and unauthorized documentary evidence may be admitted if the hearing chairperson determines that the evidence offered is of the type and nature commonly relied upon or taken into consideration by a responsible, prudent person in conducting his/her affairs.

In the event of an objection by any party to any testimony or other evidence offered at the hearing, the chairperson shall have the authority to rule on the admissibility of the evidence, and this ruling shall be final and binding.

DISCIPLINARY ACTION

The following disciplinary actions will be administered according to the severity of the infraction as determined by the Dean for Student Affairs and/or the Disciplinary Committee:

1. Disciplinary Reprimand. This may be an oral or written warning. It notifies a student that any further violation of College regulations may subject the student to more severe disciplinary actions.

2. Disciplinary Probation. This is designated to encourage and require a student to cease and desist from violating College regulations. Students on probation are notified in writing that any further misbehavior on their part will lead to more severe action.

Disciplinary Probation will be for the remainder of the existing semester and for all of the following semesters of attendance.

3. Disciplinary Suspension. This excludes a student from the College for a designated period of time, usually not more than two semesters. While on suspension, a student will not be allowed to take any course at the College. At the end of the designated period of time, the student must make formal reapplication for admission.

4. Class Suspension. A student may be suspended from attending one or more specified courses for improper behavior. Class suspensions are for the remainder of the semester, and the student will be assigned a letter grade of “F” for each course from which he/she is suspended.

5. Library Suspension. A student may be suspended from using the library for improper or disruptive behavior in the library. Library suspension will be for a period of time not to exceed the remainder of the semester.

6. Disciplinary Expulsion. This is the strongest disciplinary action. This category of severe penalty generally indicates the recipient may not return to the College. Disciplinary expulsion normally would be the least-used disciplinary action and would be applied only to students who are guilty of chronic misbehavior or a major breach of conduct. The College reserves the right, but has no duty, to lift the probation against re-enrollment upon its consideration of a written application for readmission evidencing that the student has demonstrated an ability and readiness to comply with all College rules and regulations. The College will not consider such a request until at least one year from the date of expulsion.

7. Payment of Damages. Charges will be assessed against a given student or students for the amount necessary to repair damage caused by student or students’ behavior.

Factual findings of the Disciplinary Committee shall be deemed correct and shall not be subject to appeal. Nor shall disciplinary actions imposed by the Disciplinary Committee be subject to appeal, except upon a written demonstration to the President of the College that the Committee: (1) was not formed in accordance with the above-described selection process or (2) acted blatantly contrary to the above-stated provisions for disciplinary action in terms of the type and/or severity of punishment imposed. In any case where the President determines that either of the two foregoing conditions was present, the President shall have the discretion of either affirming the disciplinary action, reversing the action, or dismissing in part and affirming in
part the subject disciplinary action.

A disciplinary suspension or expulsion shall not result in a notation on a student's permanent record. A notice that a student is currently on suspension or expulsion and ineligible to return to the College until a certain date shall be attached to the student's file. In the event that the student becomes eligible to re-enroll, the notice shall be removed.

INTELLECTUAL PROPERTY FOR STUDENTS

All student work submitted as a requirement for course credit is the intellectual property of that student and the student may use or publish his/her work without any authorization from the College.

The student must obtain written consent from the College in order to use or publish material of which the student is neither the author nor the collaborator.

COMPUTER USE POLICY

Students are expected to know the college's computer use policy and to follow said policy. Any student who violates that policy will be formally charged in writing by the Dean for Student Affairs.

COMPUTER TECHNOLOGY ACCEPTABLE USE POLICY

Individuals are Fully Responsible for their own actions while using Calhoun Community College's (Calhoun) “computer technology” (defined as Calhoun computers and computer-related equipment, programs, supplies, and network communications, including Internet access gained through Calhoun's computer network). Users must respect the privacy and rights of others, and the integrity of both the hardware and software being used. Accordingly, users must assume responsibility for making the best possible use of access privileges and for not abusing them. Employee questions concerning access, acceptable and unacceptable use, should be directed to the Director of Information Technology. Student questions should be directed to the appropriate instructor or the Campus Dean or designee.

Limited Access: Calhoun reserves the right to limit the access of any and all employees and students to certain software programs or directories. Each user is provided with a certain access level. A user may not access a computer without authorization or exceed authorized access. A user's activity is restricted to access of only those programs or directories in that user's respective access level. Likewise, a user may not obtain access to another level by means of another user's access. Any user who exceeds his/her respective level, assists another user to gain access to an otherwise inaccessible level, or allows another user to gain access to an otherwise inaccessible level will be held accountable for the violation of this policy. A user may not continue to enter an access level which was previously assigned to the user, but which has since been suspended or revoked.

No user may knowingly

- Use either Calhoun computer technology or personal technology to “break into” or “hack into” college or other computers and storage devices for the purpose of reading, copying, deleting, modifying or distributing data and/or information of others, or any other purpose;
- Give passwords, access codes or other security level access information to others;
- Share personal e-mail accounts.

Internet Access: Any employee or student access to the Internet through Calhoun's computer network is limited to the acceptable use as set out below. Likewise, any employee or student who accesses the Internet through Calhoun's computer network for an unacceptable use as defined above or causes an unacceptable result will be held accountable for the violation.

The use of the Internet must be in support of education, research, college-related service activities, or college administration and consistent with the mission of Calhoun Community College. Transmission of any material in violation of any federal or state regulation is prohibited. This includes, but is not limited to copyrighted material, threatening or obscene material, or material protected by trade secret. Any use of the Internet through Calhoun's computer network for political advertisement or political lobbying is also strictly prohibited.

Users of the Internet through Calhoun's computer network are expected to abide by the rules of network etiquette. Any swearing, vulgarity or other inappropriate language is prohibited. Users are also prohibited from revealing personal addresses or phone numbers of students or colleagues.

Users are hereby warned that electronic mail (e-mail) is not guaranteed to be private. People who operate the system do have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities.

Acceptable Use: It is acceptable to use Calhoun computer technology for purposes relating directly to education, educational research, college-related service activities, and administration of Calhoun.

Examples of acceptable use are

- Using the software/hardware only in the condition and settings provided by Calhoun. Users may not modify software settings to add or delete hardware components or modify software features, unless so instructed by appropriate college officials.
- Using the network for the purpose of instructional support. This may include class assignments, research, skill development, and/or the production of materials used in the educational process.

Unacceptable Use: It is unacceptable to use Calhoun computer technology for any illegal purpose or to interfere with or disrupt other users, services or equipment. Such unacceptable use includes, but is limited to, the following:

- Engaging in activities to damage or disrupt computer, computer system, network information, data or a program by such acts as virus creation and propagation, wasting system resources, or overloading networks with excessive data.
- Engaging in activities for the purpose of promoting personal gain and/
or profit or use of college technology for organizations other than Calhoun.

- Engaging in any activity which is in violation of the Code of Alabama (1975) §§36-25-1 through 36-25-30, as amended (the "State Ethics Law"), or which, in the opinion of the Calhoun administration, may be contrary to such law.

- Using any computer technology in a manner that violates patent protection or license agreements.

- Engaging in any activity that violates any and all copyright laws. Such activity may include utilizing Calhoun technology to copy and/or distribute copyrighted materials of any type that the user does not have a valid and legal right to copy.

- Engaging in any use that is illegal or results in the commission of any illegal activity.

- Using Calhoun computer technology to support or oppose any candidates or candidates for public office, or for any other political purpose. (Use of State property for political purposes is against Alabama law.)

- Transmitting messages of a romantic or sexual nature to any person or persons.

- Creating, displaying, transmitting or making accessible threatening, racist, sexist, offensive, annoying or harassing language and/or material.

- Knowingly accessing or transmitting information which contains obscene or indecent material as defined by law.

- Knowingly performing an act; which will interfere with the normal operation or use of computers, terminals, peripherals, or networks.

- Creating copies, or taking into the user's personal possession copies of Calhoun owned software and/or hardware technology such as computers, components, disks, or peripherals.

- Using another person's computer account or allowing someone else to use your account (e-mail, secure systems, etc.).

- Sharing personal e-mail accounts.

- Masking the identity of an account or machine in any manner misrepresenting your identity in e-mail or other electronic communication.

- Communicating any information concerning password, identifying code, personal identification number or other confidential information without the permission of its owner.

- Creating, modifying, executing or re-transmitting any computer program or instructions intended to obscure the true identity of the sender of electronic mail or electronic messages, collectively referred to as "Messages," including, but not limited to, forgery of Messages and/or alteration of system and/or user data used to identify the sender of Messages.

- Attempting to gain unauthorized access to any information facility, whether successful or not. This includes running programs that attempt to calculate or guess passwords, or that are designed and crafted to trick other users into disclosing their passwords, and any attempts to circumvent data protection schemes or uncover security loopholes. It also includes electronic eavesdropping or communication facilities.

**Access is a Privelege, Not a Right:** Calhoun reserves the right to deny the privilege of the use of any or all types of computer technology to individuals who violate this Acceptable Use Policy. Users may also be held accountable for violations of Federal and/or Alabama Laws (i.e., Computer-Related Crime, etc.). Violations of this policy may result in the termination or suspension of employment, suspension of computing privileges, disciplinary review, any other forms of employee or student discipline, and/or financial restitution to Calhoun for any damages and costs related to inappropriate or unacceptable use, and/or criminal or civil legal action. Calhoun reserves the right to monitor, modify and/or delete any material posted on the Student Announcements and/or student e-mail account that is deemed to be inappropriate, in poor taste and/or not in keeping with the educational values of the College. Calhoun reserves the right to modify or clarify this policy at any time.

**Computer Crimes:** The Alabama Computer Crime Act, codified at Code of Alabama (1975) §§1 3A-8-101 - 13A-8-103, makes it a crime for a person to damage, or without authorization to modify computer equipment, computer networks, and computer programs and supplies or without authorization to access, examine, or use computer data and programs, and provides for punishment up to a Class B Felony (imprisonment for 2-20 years and/or a fine up to $10,000 or double the damage or loss to the victim). Federal law also makes it a crime, without authorization, to access computers or computer networks devoted in part to Federal purposes. Any violation of such State or Federal laws respecting computers shall also constitute a violation of the Calhoun Computer Technology Acceptable Use Policy. Furthermore, this policy prohibits various actions (described above) which may or may not constitute a crime.

**STUDENT COMPLAINT PROCESS**

**Informal Student Complaint Process**

Calhoun Community College has a variety of procedures for dealing with student-related issues, including grade appeals, academic dishonesty violations, student discipline, harassment complaints, and Student Grievance procedures. One area not generally covered by other procedures concerns informal student complaints about faculty, staff or student conduct. The College respects the academic freedom of the faculty and will not interfere with the exercise of appropriate discretion concerning the content or style of teaching activities. Indeed, academic freedom is and should be of paramount importance. At the same time, the College recognizes its responsibility to provide students with a procedure for addressing complaints about faculty/staff treatment of students that are not covered by other procedures.

Wherever possible, complaints at Calhoun Community College are handled in an informal manner. Administrators, faculty, and staff maintain an “open-door” policy to discuss issues of concern for all students. Faculty and staff serve as a resource for individuals seeking assistance in resolving matters within the College community. Students are encouraged to first attempt to resolve complaints with the faculty or staff person. If unresolved, students should next speak to the departmental chairperson or supervisor of the faculty or staff member in an effort to resolve the matter. If still unresolved, the student should lodge their complaint with the Vice President for Instruction and Student Success. Students may also seek the assistance of the campus Student Advocate Office to facilitate an informal resolution. The chart on the next page details the initial area for assistance referral and subsequent contact areas. If students have any questions about the applicable area for assistance, they should consult with the chief
student affairs officer who will advise the student if some other procedure is applicable to the type of complaint they are seeking to resolve.

Formal Student Complaint Process

If an informal conference regarding a complaint fails to reach the outcome requested by the student, the student may initiate the formal process described below by timely filing a written complaint with the department chairperson or staff supervisor, or if the chairperson or supervisor is the subject of the complaint, with the person designated by the Vice President for Instruction and Student Success. (This person will be referred to as the “Fact Finder.”)

1. The complaint shall be filed within 30 calendar days of the alleged conduct unless there is good cause shown for delay, including but not limited to delay caused by an attempt at informal resolution. The complaint shall be as specific as possible in describing the conduct being complained about.

2. The Fact Finder shall promptly send a copy to the faculty member about whom the complaint is made, along with a letter stating that the filing of the complaint does not imply that any wrongdoing has occurred and that a faculty member must not retaliate in any way against a student for having made a complaint.

3. The Fact Finder shall meet with the complaining student and faculty or staff member, either separately or together, to discuss the complaint and to try to resolve it. If a resolution is not possible and there are factual issues in dispute, an investigation shall be conducted.

4. The Fact Finder shall separately interview the complaining student, the faculty member and other persons with relevant knowledge and information and shall also consult with the chief student affairs officer and, if appropriate, the College Student Advocate. The Fact Finder shall not reveal the identity of the complaining student and the faculty member to others except to the extent necessary to conduct the investigation. If the Fact Finder believes it would be helpful, he or she may meet again with the student and faculty member after completing the investigation in an effort to resolve the matter.

STUDENT GRIEVANCE PROCEDURES INVOLVING DISCRIMINATION, SEXUAL HARASSMENT, AND RIGHTS OF THE DISABLED

INTRODUCTION

Calhoun Community College promotes the exchange of ideas among all members of the college community including students, faculty, staff, and administration. An environment conducive to open exchange of ideas is essential to intellectual growth and positive change. However, the College recognizes that, at times, people may have differences which they are unable or unwilling to resolve themselves, and that employees and students must feel confident that the appropriate authorities will promptly address a valid complaint or grievance concerning the College.

Provided, however, that if a complaint is in the form of an alleged violation of Title IX of the Education Amendments of 1972, the student shall file the complaint with the Dean for Student Affairs using the grievance procedure adopted by the State Board of Education for Title IX grievances. That procedure can be found at Alabama Community College System Policy No. 620.0. In the event that there is a hearing on a Title IX grievance, the hearing procedure shall be the same as stated herein below.

Title IX provides that “No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance.” If the student is uncertain as to whether his or her complaint would be covered by Title IX, the student shall meet with the Dean for Student Affairs to make that determination.

ANTI-HARASSMENT POLICY

Calhoun Community College has a commitment to providing both employment and educational environments free of harassment or discrimination related to an individual’s race, color, gender, religion, national origin, age, or disability. Not only is such harassment or discrimination a violation of the policies of the Alabama Community College System, it is an institutional policy that any practice or behavior that constitutes such harassment or discrimination shall not be tolerated on any Calhoun campus or site, or in any division or department, by any employee, student, agent, or non-employee on any College property or while engaged in any College-sponsored activity. It shall also be a violation of this policy for a person to engage in such harassment or discriminatory practice or behavior through the use of any College-owned or College controlled communication process, system or device.

For these purposes, the term “harassment” includes, but is not necessarily limited to:

- Language, behavior, or other activity that has the intent or effect of unduly demeaning, embarrassing, or discomforting any person, or creating an environment that is unduly demeaning, embarrassing, or discomforting to any person or persons of reasonable sensitivity.

- Harassment of employees or students by persons who are not employees or students shall also be a violation of this policy. Any employee or student who
becomes aware of any such harassment shall report the incident(s) to the appropriate institution official.

Such discrimination may or may not be in the form of harassment, per se. However, as with incidents of harassment, any employee or student who becomes aware of the unduly adverse treatment of any person on the basis of that person’s race, color, gender, religion, national origin, age, disability, or any other impermissible factor, shall report such situation to an appropriate College official.

Sexual harassment is a form of misconduct that is considered under the law to be both harassment and discrimination which is illegal under Title VII of the Civil Rights Act of 1964 for employees and under Title IX of the Education Amendments of 1972 for students. Sexual harassment does not refer to such innocent conduct as occasional compliments on another’s appearance; it refers to behavior with sexual connotations that would have the effect of interfering with, or the tendency to interfere with, the work, educational, or social environment of its victims. Sexual harassment may involve the behavior of a person of either sex toward a person of the opposite or the same sex, and occurs when it consists of unwelcome sexual advances, unwelcome requests for sexual favors, or other unwelcome verbal or physical conduct of a sexual nature, when

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment or educational opportunities;
2. Submission to or rejection of such conduct is used as the basis for employment or academic decisions affecting that individual;
3. Such conduct has the purpose or effect of unreasonably interfering with an individual’s work or academic performance, or creates an intimidating, hostile, or offensive work or educational environment.

Sexual harassment may include, but is not be limited to, any of the following:

1. Physical assault, or attempted physical assault, of a sexual nature.
2. Direct propositions of a sexual nature;
3. Subtle pressure for sexual activity;
4. Threats or coercion used for the purpose of soliciting sexual favors;
5. Displaying pictures or other objects which are sexual in nature that would have the tendency to create a hostile or offensive environment and serve no legitimate business purpose;
6. Repeated conduct that has the effect of causing, or intent to cause, discomfort or humiliation, or both, that includes comments of a sexual nature or sexually explicit statements, questions, jokes, or anecdotes;
7. Repeated conduct that has the effect of causing, or the intent to cause, discomfort or humiliation in the form of (i) touching, patting, pinching, hugging, or brushing against another’s body; (ii) comments of a sexual nature about another’s clothing or appearance; or (iii) remarks about sexual activity or prior sexual experiences.

Any student who is the victim, or intended victim, of sexual harassment should report the matter to the office of the Dean for Student Affairs as soon as possible after the situation occurs. If the matter is determined by the Dean to involve sexual harassment, it shall also be reported to the President of the College and to the Vice Chancellor for Legal and Human Resources, who shall also be kept informed of the progress and results of the investigation of the complaint. Any subsequent adverse treatment incurred by the reporting party that appears to be retaliation of, or related to, the report of sexual harassment should also be brought to the attention of the office of the Dean for Student Affairs.

With further regard to relationships of a physical nature, Calhoun Community College employees determine the ethical and moral tone for this College through both their personal conduct and their job performance. Therefore, each employee must be dedicated to the ideals of honor and integrity in all public and personal relationships. Relationships between College personnel of different ranks which involve partiality, preferential treatment, or other improper use of position shall not be tolerated. Consensual amorous relationships that might be appropriate in other circumstances are inappropriate when they occur between an instructor and a student for whom he or she has responsibility, or between any supervisor and an employee where preferential treatment results. Furthermore, such relationships have the potential of undermining the atmosphere of trust on which the educational process depends. Implicit in the concept of professionalism is the recognition by those in positions of authority in their relationships with students or subordinate employees there is always an element of power. Therefore, it is incumbent on those with authority not to abuse the power with which they are entrusted.

In order to accommodate the resolution of such situations, Calhoun Community College offers the following grievance procedures as the appropriate course of action for settling disputes and resolving problems.

A. INITIAL STEPS

Any student of Calhoun Community College who has a grievance against another student or a member of the Calhoun faculty, staff, or administration concerning any form of discrimination (Title VI, Civil Rights Act of 1964), sexual harassment (Title IX of the Educational Amendments of 1972), or violation of the rights of the disabled (Sec. 504 of the Rehabilitation Act of 1973) should first attempt to resolve his/her situation with the individual involved. However, a student who believes herself or himself to have been subjected to sexual harassment is not required to first speak to or attempt to resolve the situation with the perpetrator of sexual harassment before filing a complaint. If for some reason resolution of the grievance is not possible, the student should make his/her grievance known to the immediate superior of the individual against whom the student has a grievance, and/or to the Dean for Student Affairs in order to seek an informal resolution to the problem. If, after the discussion between the student and the respective College official or representative it is determined that the complaint is valid, the College official or representative will take appropriate action to resolve the complaint using a formal “plan of resolution.”

If the student’s complaint requires a formal “plan of resolution,” a written report must be submitted to the Dean for Student Affairs. The report shall be submitted by the College official or representative within ten business days of the initial complaint and shall detail the complaint and the plan to resolve the complaint. If a student’s complaint cannot be resolved in the manner described above, an unresolved complaint shall be termed a “grievance.”

B. INTERIM RESOLUTION

If the Dean for Student Affairs should determine that the grievance is of a
nature that there should be imposed an interim resolution pending the outcome of the grievance procedure, the Dean for Student Affairs shall recommend such an interim resolution to the President or designee. The President or designee shall have the discretion to impose or not impose an interim resolution.

C. FORMAL GRIEVANCE PROCESS

A student who submits a complaint to the appropriate College official or representative in the manner described above and who is not informed of a satisfactory resolution or plan of resolution within ten business days after the complaint's initial submission shall have the right to file, within ten business days, a formal grievance statement. The written grievance statement shall be filed using Grievance Form A, which will be provided by the Grievance Officer and shall include the following information:

1. Date the original complaint was reported;
2. Name of the person to whom the original complaint was reported;
3. Facts of the complaint; and,
4. Action taken, if any, by the receiving official to resolve the complaint.

The grievance statement shall also contain any other information relevant to the grievance the Grievant wants to be considered by the Dean for Student Affairs. Any grievance must be filed within 45 calendar days of the occurrence of the alleged discriminatory act or the date of which the Grievant became aware that the discriminatory act took place.

The Dean for Student Affairs will notify the student or a member of the Calhoun faculty, staff or administration of the charge(s) against him/her within five business days of receiving the formal grievance statement. If after a reasonable attempt to notify the student, faculty member, staff member, or administrator of the charges against him/her, the Dean for Student Affairs is unable to do so, then the Dean for Student Affairs may suspend the student, or the President of the College or his/her designee may suspend with pay the faculty member, staff member, or administrator until a hearing is held and decision rendered.

The College shall have thirty (30) calendar days from the date of receipt by the Dean for Student Affairs of the grievance to conduct an investigation of the allegation(s), hold a hearing on the grievance, and submit a written report to the Grievant of the findings arising from the hearing. Grievance Form A shall be used to report both the grievance and the hearing findings.

D. INVESTIGATION PROCEDURE

The Dean for Student Affairs shall have the right to conduct such preliminary hearing(s) as the Dean for Student Affairs or designee shall deem necessary to complete his/her investigation. The Dean for Student Affairs shall conduct a factual investigation of the grievance allegations and shall research each applicable statute, regulation, and/or policy, if any. The Dean for Student Affairs shall determine, after completion of the investigation, whether or not there is substantial evidence to support the grievance. The factual findings in the investigation and the conclusion of the Dean for Student Affairs (Grievance Officer) shall be stated in a preliminary written report which shall be submitted to the Grievant and to the party or parties against whom the complaint was made and shall be made a part of the hearing record, if a hearing is subsequently conducted. Each of the parties shall have the opportunity to file written objections to any of the factual findings and, if there is a hearing, to make their objections part of the hearing record. If the Grievance Officer finds the grievance is supported by substantial evidence, he or she shall make a recommendation in the report as to how the grievance should be resolved. Upon the receipt of the Grievance Officer's preliminary report, the Grievant and the Respondent shall have three (3) business days to notify the Grievance Officer of the respective party's request for a hearing. The Dean for Student Affairs may, nevertheless, at his/her discretion, schedule a hearing on the grievance if to do so would be in the best interest of the College. In the event that no hearing is to be conducted, the Grievance Officer's report shall be deemed a final report and shall be filed with the President, with a copy to be provided to the Grievant.

E. HEARING PROCEDURE

In the event that the Dean for Student Affairs schedules a hearing, the Vice President or designee will appoint a qualified five-person committee. The Dean for Student Affairs shall serve as the nonvoting chairperson. A quorum shall consist of four members of the committee and the chairperson. Unless the President or Vice President determines otherwise, or both parties agree in writing for the hearing to be public, the hearing shall not be open to the public.

At the hearing, the Grievant and the Respondent(s) shall be read the grievance statement. After the grievance is read into the record, the Grievant shall have the opportunity to present such oral testimony and offer such other supporting evidence as he/she shall deem appropriate to his/her claim. Each Respondent shall then be given the opportunity to present such testimony and offer such other evidence as he/she deems appropriate to the Respondent's defense against the grievance. In the event that the College, or the administration of the College at large, is the party against whom the grievance is filed, the President shall designate a representative to appear at the hearing on behalf of the College.

Any party to a grievance hearing shall have the right to retain, at the respective party's own cost, the assistance of legal counsel or other personal representative. However, the respective attorney or personal representative, if any, shall act in an advisory role only and shall not be allowed to address the hearing body or question any witness. In the event that the College or its administration at large is the Respondent, the College representative shall not be an attorney or use an attorney unless the Grievant is also permitted to be assisted by an attorney or other personal representative.

A student does not forfeit any of his/her constitutional rights upon his/her admission into Calhoun Community College, nor does a faculty member, staff member, or administrator forfeit his/her constitutional rights upon employment with Calhoun Community College. The Committee shall not have the authority to compel any witness to testify. However, insofar as it is not contrary to law, the Committee may take into account the refusal of a witness to testify when deliberating the evidence. With regard to a College employee, the President shall have the authority to direct the employee to testify at a hearing if, in the discretion of the President, such testimony could be material to an accurate determination of the facts in the case.

The hearing shall be recorded by either a court reporter or on audio or video tape or by other electronic recording medium. In addition, all items offered into evidence by the parties, whether admitted into evidence or not, shall be marked and preserved as part of the hearing record.
F. REPORT OF FINDINGS AND CONCLUSIONS

Within five (5) working days following the hearing, there shall be a written report from the chairperson on the findings of the hearing committee (with a copy forwarded to the President, the Grievant, and each Respondent). The report shall contain at least the following:

1. Date and place of the hearing;
2. The name of each member of the hearing committee;
3. A list of all witnesses for all parties to the grievance;
4. Findings of facts relevant to the grievance;
5. Conclusions of law, regulations, or policy relevant to the grievance;
6. Recommendations(s) arising from the grievance and the hearing thereon.

G. RESOLUTION OF GRIEVANCE

In the event of a finding by the Committee that the grievance was supported, in whole or in part, by the evidence presented, the Dean for Student Affairs shall meet with the Grievant, the Respondent(s) and the appropriate College representative(s) and attempt to bring about a reasonable agreed-upon resolution of the grievance. If there is no mutual resolution, the President shall impose a resolution of the grievance which shall be final and binding.

H. APPEAL PROCEDURE

The President of Calhoun Community College shall be the appeal authority in upholding, rejecting, or modifying the recommendations of the Grievance Committee. The President shall not be bound in any manner by the recommendation(s) of the hearing committee, but shall take it (them) into consideration in imposing his/her decision. The charged student, faculty member, staff member, or administrator may file a written request with the Vice President for Instruction and Student Success of the College and Dean for Student Affairs requesting that the President of the College review the decision of the Grievance Committee. The written request must be filed within 15 calendar days following the party's receipt of the hearing report. If the appeal is not filed by the close of business on the fifteenth day following the party's receipt of the report, the party's opportunity to appeal shall have been waived. If the appeal does not contain clear and specific objections to the hearing report, it shall be denied by the President. The President of the College shall issue his/her opinion to accept, reject, or modify the decision of the Grievance Committee within 15 calendar days of the initiation of the appeal process. If the decision of the Grievance Committee does not satisfy the complainant and should the grievance allege discrimination (Title VI), sexual harassment (Title IX), or violation of the rights of the handicapped (Sec. 504), the complainant may file a written grievance with:

1. The Alabama Community College System pursuant to Alabama Community College System policies and procedures, with respect to Title IX violations;
   a) If, after exhausting all available institutional processes, a student's complaint remains unresolved, the student may appeal to the Alabama Community College System using the System's official Student Complaint Form available at (calhoun.edu/ACCSComplaint) or at the ACCS website (www.accs.cc). Students may submit completed complaint forms by printing the form, signing it, and then either (1) scanning it and e-mailing it to complaints@accs.edu or (2) mailing it to: Alabama Community College System Attention: Office of the Vice Chancellor

EXCEPTION

When a complainant or grievant complains of, asserts the existence of, or indicates the possibility of sexual harassment violation of law, Calhoun Community College policy, or standards of appropriate conduct, the President may, in his/her discretion, determine that the matter will not be resolved through procedures set forth above, but will be reasonably, appropriately, and promptly investigated and resolved by the College pursuant to such process as the President determines in accordance with the College's objective of maintaining a work and educational environment free from sexual harassment.

Violence Against Women Campus SaVE Act

In March of 2013, the campus sexual violence elimination act was passed by Congress as part of the reauthorization of the Violence Against Women Act (Campus SaVE Act). The new law is aimed at increasing transparency by expanding the types of sexual violence incidents that must be disclosed in the annual security report (ASR) submitted by colleges and universities. The new law represents a regulatory emphasis on specific categories of sexual abuse suffered by members of the college community.

Policy Statement

Calhoun Community College is committed to providing a safe learning environment that allows individuals to fully maximize their educational potential. Therefore, any form of domestic violence, dating violence, sexual assault, or stalking as defined under Alabama State Law, is strictly prohibited. Furthermore, the use of intimidating or abusive behavior that is directed at bullying (menacing) individuals with the intent of victimizing them is prohibited. The College will provide preventive educational programs that are designed to promote the awareness of rape, acquaintance rape, domestic violence, dating violence, sexual assault, and stalking.
Bystander Intervention

Effective intervention is the community responsibility of every person. Individuals are encouraged to speak out against attitudes that promote sexual violence and become more supportive of survivors. There are five stages to effective bystander intervention: 1) notice the problem, 2) understand that the problem demands action, 3) feel responsibility to act, 4) choose what form of assistance to provide, and 5) respond.

Steps for Reporting Offenses

Any sexual offense crime committed on campus should be reported directly to Campus Police by dialing 256-306-2575 or 2575 from any extension on the Decatur campus, and 256-890-4711 or 4711 from any extension on the Huntsville campus. Any person reporting a sexual offense crime should take immediate steps to preserve the evidence. All incidents will be investigated and a report will be filed by the investigating officer; victims will be notified of their options to notify law enforcement. In the event of a sexual crime, assistance is available through the Student Affairs Office for making referrals to counseling services.

Campus Sexual Assault Victim Bill of Rights

• Victims shall be notified of their options to notify law enforcement when reporting a crime of domestic violence, dating violence, or stalking
• Reasonable changes to academic and campus work situation
• Referrals to counseling, assistance in notifying law enforcement
• Same opportunity as accused to have others present at disciplinary hearing
• Unconditionally notified of outcome of hearing, sanctions, and terms of sanctions in place
• Speak (or choose not to speak) to anyone regarding the outcome
• Name and identity information kept confidential (FERPA)

REFERENCE

Title VI of the Civil Rights Act of 1964, “No person in the United States shall on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.”

Title IX of the Educational Amendments of 1972, “No person in the United States shall on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance.”

Section 504 of the Rehabilitation Act of 1973 as amended in 1974, “No otherwise qualified handicapped individual in the United States, as defined in Section 706 (6) of this title, shall, solely by reason of his handicap, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.”

Title IX Section 304 of the Campus Sexual Violence Elimination Act (Campus SaVE Act), requires institutions of postsecondary education eligible to participate in federal student aid programs to adopt and disclose in their Annual Security Report a summary of a policy regarding sexual assault (an existing requirement of the Clery Act) and other intimate partner violence defined to include stalking, dating violence, sexual violence, or domestic violence.

It is the official policy of the Alabama State Department of Education, including Postsecondary institutions under the control of the State Board of Education, that no person in Alabama shall, on the grounds of race, color, disability, sex, religion, creed, national origin, or age, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program, activity, or employment.

STUDENT SERVICES

PHILOSOPHY

The belief of each member of the Student Services staff at Calhoun Community College is that every student should have the opportunity to reach his or her maximum potential. Dedicated to this belief are the functions which comprise Student Services: Admissions and Records, Advising, Career Services, Freshman Orientation, Judicial Services, Recruitment, Retention Services, Service Learning, Services for Persons with Disabilities, Student Support Services, Student Financial Aid, Student Activities, and Testing Services.

The message from the Student Services Division to students and area residents is, “Calhoun cares about you.”

Included below is information related to programs and services not already described in other sections of this handbook.

ACADEMIC TESTING AND ASSESSMENT CENTER

Calhoun Community College Testing and Assessment Center is open Monday-Thursday. For more information and hours of availability, please contact 256-306-2520. The Assessment Center provides WorkKeys assessments and assists academic faculty in providing academic credit testing. Student testing is available on a first come-first served basis. WorkKeys assessments are by appointment only.

ADVISING CENTERS

Academic advising for students at Calhoun Community College occurs in the Advising Centers.

Also available in the Advising Centers is access to the Alabama Articulation Program (also called STARS - Statewide Transfer and Articulation Reporting System). STARS is a computerized articulation and transfer planning system designed to inform students who attend Alabama community colleges about degree requirements, course equivalents, and other transfer information pertaining to specific majors at each state funded four-year institution and ensures transfer of all two-year college credits if a pre-described course of study is followed. STARS is an efficient and effective way of providing students, counselors, advisors, and educators with accurate information upon which transfer decisions can be made. Students who are interested in receiving STARS information should log on to the STARS home page at http://stars.troy.edu. Students who do not have internet access are welcome to visit one of the Advising Centers.
CAREER SERVICES

The Career Services Center provides various services free of charge for Calhoun students and alumni. Choosing a college major or career goal can be a daunting task; therefore, current or returning students are encouraged to take advantage of the free FOCUS 2 career assessment to help determine their best individual pathway. This assessment can be found at www.calhoun.edu/focus. To ensure Calhoun students are exceptionally prepared for the workforce, the Career Services Center offers resume and interview assistance for upcoming graduates or alumni. Events such as student workshops and career fairs are held throughout the year and are advertised through the website and campus media. Additional resources can be found on the career services website, and students are welcome to make an appointment to speak with a career coach by emailing careerservice@calhoun.edu.

EMERGENCIES

In case of medical emergencies, the College’s Security/Police Department arrange for the student, at his/her expense, to be transported by ambulance to a nearby emergency room for treatment.

FINANCIAL AID

Financial aid is available at Calhoun Community College in a variety of forms. Students needing assistance with college expenses should communicate with personnel in the Office of Student Financial Services at the following address:

Office of Student Financial Services
Calhoun Community College
P.O. Box 2216
Decatur, AL 35609-2216

FINANCIAL AID PROGRAMS AVAILABLE at Calhoun Community College include the following:

1. Alabama Student Assistance Grants
2. Federal Work-Study
3. Federal Pell Grants
4. Federal Direct Student Loan
5. Dorothy B. Johnson Loan Fund
6. Federal Supplemental Educational Opportunity Grants
7. Veterans’, Service Members’, and their Dependents’ Benefits
8. Workforce Investment Act (WIA)
9. Scholarships
   a. Academic
   b. Calhoun Foundation
   c. Performing Arts
   d. Senior Adult Program
   e. Scholarships for Disadvantaged Nursing Students (SDS)

GRADUATION

It’s so easy to apply for graduation at Calhoun. Even if you plan on transferring to pursue another degree, receiving your Associate’s degree from Calhoun Community College is valuable and a great start to your academic career. To apply for graduation, you simply complete the graduation application and survey, which can be found at our website, www.calhoun.edu, under Admissions and “other forms.” You can also come into the Admissions and Records Office on either campus and we can help you fill out the forms.

INTRAMURAL SPORTS

An Intramural Sports program is offered through the Physical Education Department during the fall and spring semesters. Students currently enrolled in the College are eligible to participate. Contact the Physical Education Department for more information.

MUSE

*Muse*, an annual journal that highlights student poetry, prose, art, photography, and student opinions, is a project of the Language Arts Department. The chairperson of the Humanities Division appoints a committee to oversee the product. Funding for *Muse* is provided through the Language Arts budget.

MATHEMATICS TUTORING AND LEARNING CENTER – DECATUR CAMPUS

The Mathematics Tutoring and Learning Center is located on the first floor of the Science and Mathematics Building, Room 120. The Math TLC will service all levels of Mathematics from developmental to upper level. The purpose of the lab is to provide free tutoring and to assist Mathematics students with class, lab, and homework assignments. The lab has approximately 48 computers for Mathematics students to use and is staffed by a full-time lab coordinator, lab assistant, and several part-time lab assistants. The hours of the lab are 8:00 a.m. to 8:00 p.m. Monday through Thursday and 8:00 a.m. to 11:45 a.m. on Friday. For more information, please call the Math TLC at 256-260-2445 or the Mathematics Division Office at 256-306-2739, or visit our web site at www.calhoun.edu/mathscience/.

MATHEMATICS LAB – HUNTSVILLE CAMPUS

The Mathematics Lab is located on the main floor in room 133. The purpose of the Mathematics Lab is to provide free tutoring and to assist Mathematics students with class, lab, and homework assignments. The lab has approximately 34 computers for Mathematics students to use and is staffed by a Coordinator and several part-time lab assistants. The hours of the lab may vary from semester to semester. For more information, please call 256-890-4733 or the Mathematics Division Office at 256-306-2739, or visit our web site at www.calhoun.edu/mathscience/.

SERVICE LEARNING

The Office of Student Affairs is responsible for the administration and implementation of Calhoun’s Service Learning Program. The College has established partnerships with many community agencies for the purpose of placing Calhoun students in service learning project assignments on a semester-by-semester basis. A listing of these agency agreements is available on the website. The Dean for Student Affairs serves as the liaison between the College and all community agencies. The Dean is the primary person responsible for developing and maintaining agency agreements, along with faculty participation in the Service Learning Program. Several courses now offer service learning as an option.
Should you have questions about the program, please contact the Dean for Student Affairs at (256) 256-306-2613.

SERVICES FOR PERSONS WITH DISABILITIES

Calhoun Community College provides environmental and programmatic access for persons with documented disabilities as defined in Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. Any student, who desires information about or assistance in arranging needed services for a disabling condition should contact the office of Services for Special Student Populations, located on the second floor of the Chasteen Student Center on the Decatur campus.

SERVICES FOR SPECIAL STUDENT POPULATIONS

Calhoun Community College has established a central office to coordinate matters pertaining specifically to the needs, problems, and/or concerns of minority students including Black, Hispanic and international students, displaced homemakers, single parents and others desiring special attention. Persons desiring information or assistance are invited to contact this office. The office is located on the second floor of the Chasteen Student Center.

STUDENT ADVOCATE

The Student Advocate Office was created to help students and potential students solve college-related problems by providing individual attention to each issue. It is important that these problems be handled in a direct, expeditious, and friendly manner. If a student or potential student has tried without success to resolve a problem on campus, he or she should contact the Student Advocate Office.

The Student Advocate Office is open the following dates/times:

Decatur campus: Monday - Thursday 7:45 a.m. until 5:15 p.m. and Friday 7:45 a.m. until 11:45 a.m.

Huntsville campus: Every first Monday and second Tuesday of each month, 8:30 a.m. until 4:30 p.m.

For more information or to schedule a meeting, stop by the office located on the first floor (room 100 107) of the Chasteen Student Center, Decatur campus, or room 313 at the Huntsville campus. You may also call 256-306-2870 or e-mail the office at stadvocate@calhoun.edu.

STUDENT SUPPORT SERVICES

Student Support Services, also called the TRIO Emerging Scholars program, works to increase the postsecondary persistence and graduation rates of low-income, first generation college students and students with disabilities and to facilitate these students’ transition from one level of higher education to the next. Activities and services offered by the Emerging Scholars program include, but are not limited to tutoring, academic advising, mentoring, financial aid, career and personal counseling, transfer counseling, cultural events, and grant aid. The program is housed in the Chasteen Student Center on the Decatur campus. Services for the program are also provided at the Huntsville campus.

WELLNESS CENTER

The Wellness Center offers a variety of cardiovascular machines: computerized treadmills, stairmasters, stationary bicycles, Nordic Track machines, and Reebok Body Trec elliptical machines. The center also offers a variety of strength training equipment: Nautilus equipment, Universal weight machines, and free weights. Full dressing rooms and shower facilities are available. Students have access to the Wellness Center by enrolling in a variety of Physical Education courses:

Fundamentals of Fitness, General Conditioning, and Personal Fitness. If not enrolled in a physical education class, students may purchase a Wellness Center membership for $25 per semester. This fee can be paid in the Calhoun Business Office. To verify membership, please bring payment receipt to the Wellness Center. Hours of operation vary each semester. Contact the Physical Education Department for additional information.

CAMPUS/SITE INFORMATION

DECATURE CAMPUS

Calhoun’s Decatur campus offers classes from 8:00 a.m. until 9:45 p.m., Monday through Thursday, and limited classes 8:00 a.m. - 11:45 a.m. Friday. Most student support offices are open from 7:45 a.m. until 6:00 p.m., Monday through Thursday, and 7:45 a.m. - 11:45 a.m. Friday. The Decatur campus includes classroom buildings; Brewer Library; labs for technologies, sciences, and allied health; physical education facilities and the Wellness Center. Directions and information are available on the Calhoun website at www.calhoun.edu.

Evening classes are available for students who prefer to attend classes in the late afternoon or evening. These working and motivated students are considered a vital part of Calhoun Community College. The evening program is governed by the same policies and procedures as day classes. Student services and academic requirements are also the same for all students at the college.

HUNTSVILLE CAMPUS

For students who wish to take Calhoun classes in the Huntsville area, Calhoun offers courses each semester at its Huntsville campus located in Cummings Research Park at 102 Wynn Drive. The Huntsville campus provides day and evening classes in most general education subjects. Weekend classes are also offered on Fridays, Saturdays, and Sundays. Students wishing further information about classes available at the Huntsville campus should call (256) 256-890-4747. Huntsville offices are open Monday - Thursday, 7:45 a.m. - 9:45 p.m. and Friday, 8:00 - 11:45 a.m.

LIMESTONE CORRECTIONAL FACILITY

Calhoun Community College offers certain technical/vocational programs for inmates at the Limestone Correctional Facility at Capshaw. Available only to the incarcerated who have appropriate educational credentials, programs include Carpentry, Design Drafting, Horticulture, Masonry, Upholstery, and Welding. Adult literacy and Adult Basic Education classes are offered, which can lead to passage of the GED test. For further information about the Limestone Correctional Facility programs, contact the Director for LCF Calhoun, (256) 216-2207.

SYSTEM OVERVIEW

Governed by the Alabama Community College System Board of Trustees, the ACCS consists of 22 comprehensive community colleges and three technical colleges; Marion Military Institute; and extensive workforce development initiatives, including the Alabama Industrial Development Training Institute and the Alabama Technology Network.

Approximately 300,000 people are served annually by all of the entities in the system, including ATN, workforce development, and adult education. Of those served, approximately 124,000 are enrolled in credit courses.

The Alabama Community College System’s commitment to access is characterized by statewide geographical locations, open enrollment, and low-cost tuition, as well as a variety of programs and services that remove barriers to college entrance, education pathways and workforce training opportunities. In addition, thousands of citizens statewide enjoy access to our facilities for community activities and enrichment programs.

The Alabama Community College System is committed to providing a unified system of institutions delivering excellence in academic education, adult education, and workforce development.

The Alabama Community College System provides:

• General education and other collegiate programs at the freshman and sophomore levels to prepare students for transfer to four-year institutions to complete baccalaureate degrees, as well as an upper division university that provides selected baccalaureate programs.

• Adult Education that focuses on improving individuals’ skills, productivity and training with GED preparation and testing, basic skills, and English as a Second Language.

• Workforce development initiatives that provide customized, flexible, short-term training programs that are responsive to industry needs – from highly specialized training to programs that help prepare entry-level employees to meet growing demands.

MISSION

To provide a unified system of institutions dedicated to excellence in delivering academic education, adult education, and workforce development.

VISION

To develop an educated, prosperous population by providing an affordable pathway to help citizens of any walk or stage of life succeed through quality education and training; a community college system where education works for all.

VALUES

• Integrity
• Excellence
• Accessibility
• Accountability
• Diversity
