*The new program curriculum was implemented in the PN program in Fall 2016 and in the RN program in Fall 2017.*
*2018 RN employment rate includes the students who graduated in Fall 2018. On the day of graduation, 79% were employed. The survey will be conducted again six months after graduation.

*2018 PN employment rate has decreased due to the changes made to the program curriculum. Most students who test for LPN certification are choosing to continue their education instead of pursuing employment.
